## THOUSANDS OF MEN AND WOMEN

Of all ranks and in every part of the known world, have testified to the remarkable curative and health-giving properties of Mr. C. B. HARNESSES' ELECTROPATHIC BELT. A large number are published in the Medical Battery Company's "Book of Testimonials," copy of which may be had on application. A few extracts are given below, but our readers are invited to call if possible at the ELECTROPATHIC AND ZANDER INSTITUTE, 52, OXFORD STREET, LONDON, W., and personally inspect the originals of the thousands of unsolicited Testimonials and Press Reports received.

### A BARRISTER'S OPINION.

*F. Arthur Sibly, Esq., Barrister-at-Law, N.A., LL.M. (Cambridge), writes:—*"I have only been waiting until my complete recovery to give a testimony to the wonderful effect of your Electropathic Belt treatment. When I first consulted you, I had almost resigned hope of being anything but a complete invalid all my life. At that time my vital energy was so slow that I was quite incapacitated for work of any kind. From the time I put myself in your hands my improvement was rapid. I have now regained all the vigour both of body and of mind, and am COMPLETELY RESTORED TO HEALTH."

### A SOUTH LONDON DOCTOR

*Writes:—* August 23, 1895.—"Dear Sir,—I have now worn your Electropathic Belt just a fortnight, and am more than gratified at the change in my health since I began to wear it. I suffered from lassitude, sluggish liver, constipation, indigestion, and more or less insomnia, and as a natural result felt nervous and irritable. One of the first effects I experienced was feeling in better spirits with myself and my surroundings, and now I may say the whole of the above symptoms are removed. I have already begun to recommend it to my patients. Wishing you every success.—Yours faithfully, C. D. G." (Name and facsimile copy of testimonial may be had on application.)

### SCIATICA CURED IN A WEEK.

*Sciatic pain since the first week of wearing your Electric Belt. It has more than met my expectations.*

### Mr. W. H. SMITH'S OPINION.

*He writes as follows:—* "Dear Sir,—In May last I commenced to wear one of your Electropathic Belts for a disorder of the liver and nervous dyspepsia, and my health has very much improved since. A surgeon in this town tells me he wants to get one of your belts for himself.—Yours truly, W. H. SMITH, Park Avenue, Oswestry, S.W., May 25, 1895, writes:—Having

### A GRATEFUL CLERGYMAN.

*The Rev. Wm. John Edge, late Vicar of Holy Trinity, Upper Tooting, S.W., May 25, 1895, writes:—* "Having for some three years or more suffered from Sciatica, which at length became almost intolerable, I was advised to purchase one of Mr. Harnesse's Electropathic Belts on the 15th of August last, which from that day forward I have persistently worn without intermission except at night. The Sciatica has left me, and not only has never returned, but I may say with truth that, as far as my feelings are concerned, I am not conscious of the existence of a Sciatic Nerve! This deliverance from almost perpetual pain, which at times amounted to torture, I cannot but ascribe to your Electropathic Belt, and I feel bound thus to give public expression to my gratitude." *Rev. WILLIAM JOHN EDGE, Upper Tooting, S.W.*

### "THE FAMILY DOCTOR."

*In an Editorial notice, Sept. 8, 1895, says:—* "The valuable and ingenious inventions of Mr. Harnesse, and the elaborate and beautifully fitted operating and consulting rooms, at the Company's extensive 'Electropathic' and Zander Institute, at the corner of Rathbone Place, Oxford Street, are indeed a wonderful example of the rapid strides made during the last few years in the science of Medical Electricity."

### DR. ANNA KINGSFORD

*writes, in an article published in the "Lady's Pictorial,"—* "Mr. C. B. Harnesse's pamphlet is written with considerable skill and ingenuity. There can be no doubt of the fact that scientifically directed treatment by electricity is destined to hold a prominent place in medical therapeutics. The disorders of women, being specially under the influence of nervous disturbance, are, as a rule, particularly amenable to electrical treatment. Hysteria and melancholy depression, as well as neuralgic pain, headache, and 'weak back' yield to such treatment when all ordinary remedies fail."

### REYNOLDS' NEWSPAPER,

*Dec. 2, 1895, says:—* "A gentle and continuous current of electricity is kept up all the time Harnesse's Electropathic Belt is worn. In a large number of cases this is sufficient to achieve the desired result."

### NERVOUSNESS IN MEN.

Seriously on the increase.

It is extraordinary how many men suffer nowadays both in mind and body from a multitude of ailments resulting simply from weak nerves, consequent upon overwork, worry, and other debilitating causes. Doctors have tried for years past, and are still trying, to find some drug which will cure the many distressing symptoms of nervous exhaustion, but the best they have been able to do in this direction up to the present is to afford slight temporary relief in some simple form of the disease. The consulting Physician and Electrician at one of our principal London hospitals is glad to say, made a move in the right direction. After finding that as we are practically useless for the relief of nervous sufferers, he says:—

"There is no doubt Electricity is one of the most powerful nerve tonics we possess. No agent so quickly restores the depressed condition of the system resulting from illness. In all states of mental depression as from long mental strain or overtaxed bodily powers, general galvanism has proved a refreshing and most invigorating tonic."

### Dr. ANDREW WILSON'S OPINION.

*Writing in "Health," he says:—* "The Medical Battery Company's Belts have been frequently recommended in this paper as a genuine electrical appliance which the public may purchase with safety and satisfaction. In these days of quackery it is highly satisfactory to find such an antiseptic so successfully carried out in their commodious premises, 52, Oxford Street, London, W."

### Dr. CHAS. LEMPRIERE.

*Dr. C. Lempriere, Senior Fellow, St. John's College, Oxford, was completely cured of RHEUMATIC FEVER by wearing one of these Electropathic Belts. In a long letter of gratitude he states that he considers them "the best preventative as well as the best curative."*

### A MAJOR'S RHEUMATISM CURED.

*Major Fakenham, Longford House, Armagh, February 23, writes:—* "The Electropathic Belt has completely cured me of the rheumatic gout, from which I had suffered such intense agony for nearly two years, and I now feel as strong and active as I have ever felt in my life."

### A NERVOUS MAN RESTORED to Health.

*F. G. Anstey, Esq., 190, Queens Gate, London, S.W., writes:—* "Words fail to express my gratitude to you for the benefit I have derived from the use of your Electropathic Belt appliances, for now I feel like a new creature and better than I have done for years. My nerves are much better and I have none of that languid feeling which used to make my life a burden. I have strongly recommended your treatment to several of my friends, and I only wish I had heard of it sooner, for I might have been spared years of suffering."

### A LADY'S SUFFERINGS CURED.

*Miss Mary Newcombe, Balby, Doncaster, writes:—* "I received almost immediate relief from the pains in my back, and during the two months I have worn your appliance, my system has been regular without the slightest pain or uneasiness that I have before suffered. My appetite is improved, and my general health is considerably better since the application of your Electropathic belt."

### Miss FANNY KING,

*S. Thomas' Rectory, Haverfordwest, Wales, March 21st.—* "I must return thanks for the Electropathic Belt I purchased from you, which I have worn continuously since last August; it has cured me of Nervousness and Debility, and life is now worth living. Allow me again to express my gratitude, and to say that I would not be without one under any consideration."

52,  
OXFORD  
STREET,  
LONDON,  
W.

To prolong Life and permanently enjoy Good Health, wear HARNESSES' ELECTROPATHIC BELT.

**BEFORE IT IS TOO LATE** let us advise our readers not to ruin their constitution with quack medicines and poisonous drugs which, although possibly affording slight temporary relief in certain common ailments, do serious mischief to the entire system, and frequently sow the seeds of fatal diseases. If people wish to prolong their lives and enjoy good health, they should adopt simple and natural means—such as by wearing one of Mr. Harnesse's Electropathic Belts. These genuine appliances give wonderful support to the various organs of the body, they are very comfortable and pleasant to wear, and the mild continuous currents of electricity which they imperceptibly generate, speedily and naturally invigorate the debilitated condition, assist digestion and assimilation, giving strength to every nerve and muscle of the body, and effectually preventing the excruciating rheumatic pains which so many people are unfortunately subject to in this country, where the climate is so changeable. It seems, and it is, a simple remedy but it is as sure as it is simple. Remember that we have received thousands of Testimonials and Press Reports similar to the few extracts above quoted on application to

### CAUTION TO DRUG-TAKERS.

and the multitude of unsolicited testimonials we have received from all classes of society, amply prove that we do not exaggerate when we say that Harnesse's Electropathic Belts have completely cured thousands of men and women in all parts of the known world, most of whom had obtained no relief whatever from medicine, and many of them had actually been pronounced by their Family Doctors as positively "incurable." The following is a list of some of the ailments that have been effectually cured by simply wearing one of these genuine Electropathic appliances: Nervous Exhaustion, Neuritis, Sleeplessness, Melancholia, Loss of Appetite, Indigestion, Constipation, Spasms, Flatulence, Torpid Liver, Rheumatism, Gout, Sciatica, Lumbago, "Weak Back," Kidney Complaints, Hysteria, Internal Weakness, Poorness of Blood, Feeble Circulation, Heartburn, &c. This is not a rash statement, but an actual fact, which can be verified by referring to the Book of Testimonials published at 52, Oxford St., London, W., by the proprietors, the Medical Battery Co., Ltd. Those who cannot call should write for copies which will be sent free by post together with descriptive illustrated medical pamphlet.
