1. Mr. Mayor  
2. Library

TO THE MAYOR, ALDERMEN, AND BURGESSES, OF THE  
BOROUGH OF GLASTONBURY.

MEDICAL OFFICER OF HEALTH AND PUBLIC HEALTH INSPECTOR'S  
REPORT FOR 1961.

Mr. Mayor, Aldermen and Councillors,

I have the honour to present to  
you my Annual Report for the year 1961. This is in accordance with  
Circular M.O.H. 1/62

VITAL STATISTICS.

POPULATION: Register General's Estimate

5,796 (1961 Census)  
5,770 in 1961.  
5,440 in 1960.

| <u>LIVE BIRTHS.</u> | <u>M.</u> | <u>F.</u> |
|---------------------|-----------|-----------|
| Legitimate          | 39        | 52        |
| Illegitimate        | 1         | 1         |

Live Birth Rate.  
per 1,000 of the estimated  
resident population.  
15.99 in 1960. 16.11 in 1961.

| <u>STILL BIRTHS.</u> | <u>M.</u> | <u>F.</u> |
|----------------------|-----------|-----------|
| Legitimate           | 2         | 2         |
| Illegitimate         | 1         | -         |

Still Birth Rate.  
per 1,000 Live and Still  
Birth Rate. 51.02

TOTAL OF LIVE  
AND STILL  
BIRTHS.

|              |    |    |
|--------------|----|----|

WATER SUPPLY.

Quality. The supply is hard. Galvanised Iron, Polythene and Copper service pipes are used and no difficulty is experienced due to plumbo-solvent action. Permanent Chlorination Plants (Chloramine Process) are in continuous operation.

Quantity. No shortage was experienced in 1961.

Note: The above figures of the number of the population supplied from public water mains is based on the 1901 Census figure of 2,784 population.

Number of houses (including isolated farms) relying on a private well supply. Two

## SEWERAGE AND DRAINAGE

Estimated cost of improvements during the year.

No expenditure on improvements was carried out during the year.

London and Trade Waste Disposal Board.

The London and Trade Waste Disposal Board continues to work satisfactorily, but as a result of discharge of Trade Waste in excess of the quantities for which the works were designed, it may be necessary for extensions to be carried out and the Council's Consulting Engineer has been instructed to investigate the matter and report.

## WATER POLLUTION

No outbreak of local poisoning occurred in the Borough during the year.

## NATIONAL ANTI-POLLUTION ACT, 1906

Section 57. Removal to suitable premises of refuse in need of care and attention. No action was taken under this section during the year.

## REGISTERED COMMON LAMING HOUSES

No registered common lodging houses within the Borough, therefore no action necessary during the year.

### HOME HEALTH SERVICES.

It should be noted that the provision of Home Health Services is the responsibility of the County Council and not of the Local Authority in this area.

Two full-time and one part-time Nurses are responsible for the nursing in the area and in addition for the nursing of one neighbouring Village, in general, their work consists principally of:-

1. Visiting the sick of all ages in their homes and giving such general attention and especial treatments as are required.
2. Ante-Natal care of Midwifery and the conduct of domiciliary midwifery with and without a doctor.
3. Work in conjunction with the School Medical Schemes.
4. Infant Welfare Work and routine visits to children of pre-school age.
5. Domiciliary visits for the purpose of giving insulin, liver extract, and other injections.
6. Routine visits to elderly house bound people.

The principle increase in work has occurred in Ante-Natal, Midwifery and Infant Welfare Departments and it is not found that the giving of routine or other injections is a heavy call.

### HEALTH OF CHILDREN.

There is an Infant Welfare Clinic which is held on the first, third and fourth Wednesdays in the month, the Medical Officer of Health attending the first two sessions.

A voluntarily "Moral Welfare Society" operates in the area and pays particular attention to cases where there is a threatened break-up in the family or children are in need of supervision, and their parents advice. No Scheme is administered by the Local Authority.

### ANTE-NATAL CARE.

Ante-Natal care is provided by the patients own Doctor under the provisions of the National Health Act and, in addition, the District Nurses hold regular weekly Ante-Natal Clinics.

Instruction in relaxation classes is given by the District Nurses and at clinics regularly held at Butleigh Hospital by qualified Physiotherapists.

### SMOKING AND LUNG CANCER.

No Action taken.

### DOMICILIARY HEALTH SERVICES.

See Home Health Services above.

Since the War, up to the end of 1961 a total of 351 new dwellings have been completed by the Local Authority, 223 by Private Enterprise and 53 units of accommodation have been provided by conversion, adaptation or reconstruction, making provision for 627 families in all.

Up to the end of 1961 action has been taken under Section 16 of the Housing Act, 1957, in respect of 118 houses, and in all cases the Owners gave written undertakings in accordance with the Act not to relet them for human habitation when they became vacant. At the end of the year 6 of these dwellings remained occupied. Five dwellings have been reconstructed and brought back into use as dwellings. Fifty-two Houses have been demolished.

Negotiations were opened during the year for the purchase of houses and land on the North side of Hill Head, for the purpose of demolition of the houses and redevelopment of the area, involving 2½ acres.

IMPROVEMENT GRANTS.

A. Discretionary.

MEMORANDUM FOR THE RECORD  
DATE: 10/10/50

1. The following is a summary of the results of the investigation conducted by the Public Health Service, Bureau of Laboratories, on the specimens submitted for examination on 10/10/50.

| Specimen     | Number of<br>Specimens | Number of<br>Positive Results |                  |
|--------------|------------------------|-------------------------------|------------------|
|              |                        | Specimens                     | Positive Results |
| Specimen 1   | 1                      | 1                             | 1                |
| Specimen 2   | 1                      | 1                             | 1                |
| Specimen 3   | 1                      | 1                             | 1                |
| Specimen 4   | 1                      | 1                             | 1                |
| Specimen 5   | 1                      | 1                             | 1                |
| Specimen 6   | 1                      | 1                             | 1                |
| Specimen 7   | 1                      | 1                             | 1                |
| Specimen 8   | 1                      | 1                             | 1                |
| Specimen 9   | 1                      | 1                             | 1                |
| Specimen 10  | 1                      | 1                             | 1                |
| Specimen 11  | 1                      | 1                             | 1                |
| Specimen 12  | 1                      | 1                             | 1                |
| Specimen 13  | 1                      | 1                             | 1                |
| Specimen 14  | 1                      | 1                             | 1                |
| Specimen 15  | 1                      | 1                             | 1                |
| Specimen 16  | 1                      | 1                             | 1                |
| Specimen 17  | 1                      | 1                             | 1                |
| Specimen 18  | 1                      | 1                             | 1                |
| Specimen 19  | 1                      | 1                             | 1                |
| Specimen 20  | 1                      | 1                             | 1                |
| Specimen 21  | 1                      | 1                             | 1                |
| Specimen 22  | 1                      | 1                             | 1                |
| Specimen 23  | 1                      | 1                             | 1                |
| Specimen 24  | 1                      | 1                             | 1                |
| Specimen 25  | 1                      | 1                             | 1                |
| Specimen 26  | 1                      | 1                             | 1                |
| Specimen 27  | 1                      | 1                             | 1                |
| Specimen 28  | 1                      | 1                             | 1                |
| Specimen 29  | 1                      | 1                             | 1                |
| Specimen 30  | 1                      | 1                             | 1                |
| Specimen 31  | 1                      | 1                             | 1                |
| Specimen 32  | 1                      | 1                             | 1                |
| Specimen 33  | 1                      | 1                             | 1                |
| Specimen 34  | 1                      | 1                             | 1                |
| Specimen 35  | 1                      | 1                             | 1                |
| Specimen 36  | 1                      | 1                             | 1                |
| Specimen 37  | 1                      | 1                             | 1                |
| Specimen 38  | 1                      | 1                             | 1                |
| Specimen 39  | 1                      | 1                             | 1                |
| Specimen 40  | 1                      | 1                             | 1                |
