W A T E R S U P P L Y.

Quality. The supply is hard. Galvanised Iron, Polythene and Copper service pipes are used and no difficulty is experienced due to plumbo-solvent action. Permanent Chlorination Plants (Chloramine Process) are in continuous operation.

Quantity No shortage was experienced in 1962.

ESTIMATED RISK OF LOSS FROM TYPHOID

(a) Number of Dwellings	-	2,005	-	-	1	-
(b) Population	-	5,928	-	-	6	-

Number of Houses (including isolated farms)
relying on a private well supply.

...TWO.....

DRAINAGE AND SEWERAGE.

Extensions and Improvements during the year.

No extensions or improvements were carried out during the year.

Sewage and Trade Waste Disposal Scheme.

The Sewage and Trade Waste Disposal Plant continues to work satisfactorily, but as a result of discharge of Trade Waste in excess of the quantities for which the works were designed, it may be necessary for extensions to be carried out, and the Council's Consulting Engineers are investigating the matter and a report has been received which is now being considered by the Health Committee and the two Factories.

FOOD POISONING.

No outbreak of food poisoning occurred in the Borough during the year.

NATIONAL ASSISTANCE ACT, 1948.

Section 47. Removal to suitable premises of persons in need of care and attention.
No action was taken under this section during the year.

REGISTERED COMMON LODGING HOUSES.

No registered common lodging houses within the Borough, therefore no action necessary during the year.

Piped supplies - results of samples taken for analysis:-

SEWAGE AND DRAINAGE

Extensions and improvements during the year.

No extensions or improvements were carried out during the year.

House and Trade Waste Disposal Schemes.

The House and Trade Waste Disposal Schemes continued to work satisfactorily, but as a result of discharge of Trade Waste in excess of the quantities for which the works were designed, it may be necessary for extensions to be carried out, and the Council's Consulting Engineer has investigated the matter and a report has been received which is now being considered by the Health Committee and the two Parishes.

FOOD POISONING

No outbreak of food poisoning occurred in the Borough during the year.

NATIONAL ARSENAL ACT, 1924.

Section 47. Removal to suitable premises of persons in need of care and attention.
No action was taken under this section during the year.

REGISTERED COMMON LODGING HOUSES

No registered common lodging houses within the Borough, therefore no action necessary during the year.

HOME HEALTH SERVICES.

It should be noted that the provision of Home Health Services is the responsibility of the County Council and not of the Local Authority in this area.

Two full-time and one part-time Nurses are responsible for the nursing in the area and in addition for the nursing of one neighbouring Village, in general, their work consists principally of:-

1. Visiting the sick of all ages in their homes and giving such general attention and especial treatments as are required.
2. Ante-Natal care of Midwifery and the conduct of domiciliary midwifery with and without a doctor.
3. Work on conjunction with the School Medical Schemes.
4. Infant Welfare Work and routine visits to children of pre-school age.
5. Domiciliary visits for the purpose of giving insulin, liver extract, and other injections.
6. Routine visits to elderly house bound people.

The principle increase in work has occurred in Ante-Natal, Midwifery and Infant Welfare Departments and it is not found that the giving of routine or other injections is a heavy call.

HEALTH OF CHILDREN.

There is an Infant Welfare Clinic which is held on the first, third and fourth Wednesdays in the month, the Medical Officer of Health attending the first two sessions.

A voluntarily "Moral Welfare Society" operates in the area and pays particular attention to cases where there is a threatened break-up in the family or children are in need of supervision, and their parents advice. No scheme is administered by the Local Authority.

ANTE-NATAL CARE.

Ante-Natal care is provided by the patients own Doctor under the provisions of the National Health Act and, in addition, the District Nurses hold regular weekly Ante-Natal Clinics.

Instruction in relaxation classes is given by the District Nurses and at clinics regularly held at Butleigh Hospital by qualified Physiotherapists.

SMOKING AND LUNG CANCER.

No action taken.

DOMICILIARY HEALTH SERVICES.

See Home Health Services above.

HOME HEALTH SERVICE

It should be noted that the provision of Home Health Services is the responsibility of the County Council and not of the local authority in this area.

The full-time and one part-time nurses are responsible for the nursing in the area and in addition for the nursing of one half-day visiting nurse, in general, their work consists principally of:-

1. Visiting the sick at all ages in their homes and giving such general attention and special treatment as are required.
2. Ante-natal care of midwifery and the conduct of domiciliary midwifery with and without a doctor.
3. Work in conjunction with the School Medical Officers.
4. Infant Welfare Work and routine visits to children of pre-school age.
5. Domiciliary visits for the purpose of giving insulin, liver extract, and other injections.
6. Routine visits to elderly home-bound people.

The principal increase in work has occurred in Ante-natal, Midwifery and Infant Welfare Departments and it is not found that the giving of routine or other injections is a heavy call.

HEALTH OF CHILDREN

There is an Infant Welfare Clinic which is held on the first, third and fourth Wednesdays in the month, the Medical Officer of Health attending the first two sessions. A voluntary "Infant Welfare Society" operates in the area and pays particular attention to cases where there is a threatened break-up in the family or children are in need of supervision, and their parents advice. No scheme is administered by the local authority.

ANTE-NATAL CARE

Ante-natal care is provided by the patients own doctor under the provisions of the National Health Act and, in addition, the District Nurses hold regular weekly Ante-natal Clinics. Instruction in relaxation classes is given by the District Nurses and at clinics regularly held at Buntingford Hospital by qualified Physiotherapists.

SMOKING AND LUNG CANCER

No action taken.

COMMUNITY HEALTH SERVICES

See Home Health Services above.

H O U S I N G.

Action taken during year:-

- (1) Number of houses included in Clearance Areas for which Orders are still to be made. Nil
- (2) Number of Houses in Clearance Areas which have been patched for temporary accommodation under Section 48 of the Housing Act, 1957. Nil
- (3) Number of Houses closed or demolished under Section 42 of the Housing Act, 1957 (Clearance Areas). Nil
- (4) Number of houses demolished or closed (a) under Section 17 of the Housing Act, 1957. (individual unfits) 3
(b) for other purposes (road improvements etc.) 3

Up to the end of 1962 action has been taken under Section 16 of the Housing Act, 1957, in respect of 119 houses, and in all cases the Owners gave written undertakings in accordance with the Act not to relet them for human habitation when they became vacant. At the end of the year 4 of these dwellings remained occupied. Five dwellings have been reconstructed and brought back into use as dwellings. Fifty-two houses have been demolished.

Negotiations were completed during the year for the purchase of houses and land on the North side of Hill Head, involving $2\frac{1}{2}$ acres, and, in due course, the area will be cleared for redevelopment when possession of all houses and land has been obtained.

IMPROVEMENT GRANTS.

A. Discretionary.

Number of applications and houses dealt with by Local Authority during year:-

(1) Received		(2) Approved	
Applications.	No. of Dwellings.	Applications.	No. of Dwellings.
3	3	3	3

NOTE - Number of applications approved in respect of Owner/Occupiers during year.

Average cost per dwelling approved during year.

Amount of grant payable by Local Authority.
