HEALTH DEPARTMENT,  
WOODVILLE TERRACE,  
GRAVESEND.

MR. MAYOR, MR. CHAIRMAN, LADIES AND GENTLEMEN,

I have much pleasure in presenting to you my Annual Report on the health of Gravesend for the year ended 31st December, 1960.

The Registrar General's estimate of the population is now 49,110. 1,040 live births were registered, the birth rate was 20.12 compared with 18.26 for last year. The death rate was 11.53 and the infant mortality rate 12.5.

Special attention has been given to housing work and a brief summary will be found on pages 26 and 27.

We have been concerned in regard to the pollution of the atmosphere. Investigations have been extended, and following a preliminary survey, a scheme for a smoke control area was submitted to the Minister. This matter is referred to on page 42.

In conclusion, may I express to the Chairman and to every member of the Health Committee my appreciation for the keen interest they have always shown in the work of the Health Department and for their unfailing support throughout the year. My thanks are due also to my staff for their continued enthusiasm and co-operation.

I am, Mr. Mayor, Mr. Chairman, Ladies and Gentlemen,

Your obedient Servant,

H. S. DAVIES,

*Medical Officer of Health*

(b) Individual children between 1 and 5 years	..	1,225
(c) Total number of attendances of all children under 5 years	.. ..	18,495

For the year 1959 the figures were:-

(a) 714	(b) 1,069	(c) 16,681
---------	-----------	------------

## LADIES' VOLUNTARY COMMITTEE

The Ladies' Voluntary Committee continue to serve at the three Welfare Centres in the town and their work is greatly appreciated.

## ANTE-NATAL CLINICS

Ante-Natal clinics are held once a week at Windmill Street and Whitehill Welfare Centres and the first and third Friday in each month at "The Nest" Welfare Centre. A doctor is in attendance at each session.

In all, 290 expectant mothers attended the clinics. The total attendances for the year were 434.

## WOMEN'S WELFARE CLINIC

Married women requiring advice are referred to the Gynaecological Clinic at Gravesend and North Kent Hospital, by their private medical practitioners. This clinic is held on Tuesday afternoons at 4 p.m.

## DENTAL TREATMENT

Dental treatment for expectant and nursing mothers, children under five years and school children is provided at the Dental Clinic, Manor Road.

The clinic is open at the following times:-

Monday	A.M.	9.0 to 10.30
Tuesday	A.M.	9.0 to 12 noon
Wednesday and Thursday	P.M.	1.30 to 4.30

Windmill Street	Wednesday and Friday	9 a.m. to 10 a.m.
Whitehill, King's Farm	Tuesday	9 a.m. to 10 a.m.

## REGISTRATION AND SUPERVISION OF NURSING HOMES

There are no Nursing Homes registered by the Borough Council. A Nursing Home, mainly for old people, is supervised by the Kent County Council under Section 37 of the National Assistance Act, 1948.

## ARRANGEMENTS MADE FOR THE DISCOVERY OF UNREGISTERED HOMES

1. The returns from the local Registrar are examined to check the addresses at which births and deaths occur.
2. Health Visitors and the staff are asked to keep a look out for unregistered homes.

## MORAL WELFARE

The Gravesend branch of the Rochester Diocesan Council for Moral Welfare has continued its important work in helping young people in trouble, loneliness or moral danger. They have a concern for the unmarried mother and her child, and for parents in perplexity. Temporary shelter was given to women and girls in immediate need.

This is a work which deserves more interest and support than it is at present receiving.

## WELFARE OF OLD PEOPLE

The Gravesend and District Old People's Welfare Committee have always realised the value of home visiting. They have found that much can be done to relieve the loneliness of old people and to help them maintain a brighter outlook. This is especially true in the case of many who rarely feel well enough to go out by themselves. The home visitors also make recommendations in regard to coach outings. A large number of old people from Gravesend and District have enjoyed visits to the seaside and the country.

## THE GRAVESEND AND DISTRICT SOCIAL CLUB FOR THE HARD OF HEARING

The work of this organisation continues to increase in usefulness. The programme is very varied; the mime group continues to be a fruitful and rewarding activity and the lip-reading classes are well supported and of the greatest use to members.

REMOVAL TO SUITABLE PREMISES OF PERSONS IN NEED OF CARE AND ATTENTION  
(Section 47, National Assistance Act, 1948, and Amendment Act, 1951)

A Magistrates' Order was obtained in the case of an old lady for whom hospital admission was urgently necessary both on her own account and on public health grounds. The Order was not used, however, and we found no difficulty in getting her away.

A Magistrates' Order was obtained in the case of a blind man of 53 years who was living in insanitary conditions. This patient refused persistently and firmly and the Order had to be carried out.

Mr. K. McIntyre, Chief Public Health Inspector, has supplied the statistics relating to Public Health Inspection, Housing, Food, Factory Inspection and Atmospheric Pollution.

## SECTION "C"

### SANITARY CIRCUMSTANCES OF THE AREA

#### WATER SUPPLY

#### PUBLIC DRINKING SUPPLIES

The Medway Water Board supply water to the Borough.

The water has been satisfactory -

(a) in quantity

(b) in quality

The water is hard and there is no evidence of plumbo-solvent action.

Ten dwelling houses are supplied from public mains by means of stand pipes.

#### BACTERIOLOGICAL EXAMINATION

Samples were taken at regular intervals and were all reported to be satisfactory, with the exception of two. Subsequent samples were taken and reported to be satisfactory.

Number of samples taken:-

Raw water	..	..	10
Treated water	..	..	52
			<hr/>
			62

#### CHEMICAL ANALYSIS

One sample of treated water and one untreated were taken and were reported to be satisfactory.

Note:- Tabulated summaries of all water samples taken and results of examination are shown on pages 43, 44, 45 and 46.

## CORPORATION BATHING POOL

The Open-air Bathing Pool opened in 1938 has accommodation for 1,200 bathers. The main pool is 150 feet long by 75 feet wide and has two shallow areas and a diving pit. The 400,000 gallons of water in the pool are filtered, aerated and sterilised. Wide surrounds and large areas are provided for sun-bathing, whilst a spectators' terrace surrounds the site. On the first floor of the building a Cafe and Spectators' Gallery are provided, affording a splendid view of the whole site. There is also a Children's Paddling Pool, 50 feet by 50 feet, with its own surround, separated from the main pool by a terrace.

During the 1960 season the following persons used the Pools:-

Bathers and Spectators	..	..	..	91,095
Schoolchildren	..	..	..	25,855
Season Ticket Holders	..	..	..	15,824
Club Members	..	..	..	5,168
National Sea Training School	..	..	..	399
				<hr/>
				138,341
				<hr/>

## HYGIENIC ARRANGEMENTS AT BATHING POOL

The Medical Officer of Health has continued to keep the hygienic arrangements at the Pool under supervision. "Breakpoint Chlorination", which was put into operation in 1948 appears to be working efficiently.

## BACTERIOLOGICAL EXAMINATION OF BATHING POOL WATER

Twelve samples were taken. See tabulated summary on page 46.

## SLIPPER BATHS

The Slipper Baths at the Corporation Bathing Pool were opened in January, 1949.

There are separate section for males and females - 7 baths being allocated to males and 3 to females.

This service is working very satisfactorily and is much appreciated by the residents of the town. The attendances for the year 1960 were as follows:-

Males	..	..	14,337
Females	..	..	2,747
			<hr/>
			17,084

## FACTORIES ACTS, 1937-1959

The Council has the duty to enforce certain provisions of Parts I, IV and VIII of the Factories Act, 1937.

Administrative arrangements include the following:-

### Part I - Health (General Provisions)

- (1) Registration of all factories.
- (2) Inspection of sanitary conveniences in all factories.
- (3) Inspection with regard to cleanliness, overcrowding, temperature, ventilation and drainage of floors in all factories in which mechanical power is not used.

### Part IV - Basement Bakehouses

- (1) The quinquennial examination of basement bakehouses and the renewal or cancellation of Certificates of Suitability.

### Part VIII - Home Work

- (1) Examination of lists, supplied to the Council by employers of outworkers in certain specified trades.
- (2) Notification of name and place of employment of any home worker employed outside the Borough to the Council in whose district his employment is situated.
- (3) Inspection of premises in which the outworker pursues his occupation.

The provisions of the Act, so far as they affect local authorities, have been enforced.

#### THE RAG FLOCK AND OTHER FILLING MATERIALS ACT, 1951

Two premises are registered within the district and these have been kept under supervision.

#### PET ANIMALS ACT, 1951

Four premises are licensed within the district and 54 visits of inspection were made.

#### CESSPOOL AND PAIL SYSTEM

There are still premises in the Eastern and Southern parts of the Borough where the drainage discharges into cesspools.

The Health Department is responsible for this work but the actual emptying of cesspools is carried out on behalf of the Department by the Borough Engineer's Department, a combined road gully and cesspool emptying machine being used for the purpose.

During the year 9,203 tons of sewage were removed, requiring 823 emptyings, compared with 9,803 tons requiring 982 emptyings during the previous year.

Pail closets are still used at 8 dwelling houses in the Borough.

## HOUSE AND TRADE REFUSE REMOVAL AND DISPOSAL

### (a) COLLECTION

Refuse collected during the year amounted to 13,848 tons, compared with 13,813 tons the previous year, these amounts being ascertained by test weighing.

### (b) DISPOSAL

All refuse is disposed of by controlled tipping. The tip is a disused chalk pit in Vale Road, Northfleet and is operated by the Northfleet Urban District Council.

It is used jointly by Gravesend, Northfleet and Swanscombe, and the operating costs are borne by each authority on a proportionate basis according to population.

## SALVAGE

Salvaged materials collected and sold during the year were as follows:-

	Weight			Value £
	T.	C.	Q.	
Waste paper	453	8	0	3,595
Miscellaneous	1	2	0	8
	<u>454</u>	<u>10</u>	<u>0</u>	<u>3,603</u>

## DISINFECTION OF PREMISES

Disinfection of rooms and bedding where necessary for the prevention of infectious diseases was carried out at 20 premises.

## PUBLIC CONVENIENCES

The Health Department is responsible for the staffing and cleansing of public conveniences in the Borough.

Conveniences at 13 licensed premises are also cleansed by Health Department employees in consideration of the fact that they are available for the use of the general public at all times.

Conveniences attached to other licensed premises have been kept under supervision.

## RODENT CONTROL

All infested premises notified to the Health Department or discovered during the course of inspection during the year were dealt with. The cost of disinfection at business premises by the Council's Rodent Officer is charged to the occupiers, but the work at dwelling houses is carried out free.

The following report summarises the work carried out by the Rodent Officer during the year 1960:-

Number of properties inspected	..	292
Number of properties found to be infested by:		
(a) Rats	..	92
(b) Mice	..	153

Particulars of Samples Adulterated or otherwise giving rise to Irregularity

A sample of cream doughnuts contained fat other than butter fat. A notice exhibited by the vendor was considered to be misleading, but this notice was amended.

The Public Analyst reported that fat had been abstracted from six samples of milk. The samples were taken in course of delivery and arrangements were made for "Appeal to cow" samples to be taken at the farm. These samples showed similar results.

Complaints:

Complaints were received as follows and investigated:-

- (1) Foreign matter in a bottle of milk. A letter of caution was sent to the distributor.
- (2) Cooked sausage discoloured and containing foreign matter. A letter of caution was sent to the manufacturer.
- (3) Foreign body in a loaf of wrapped sliced bread. A letter of caution was sent to the manufacturer.
- (4) A portion of bacon unfit for food, purchased at a market stall. Its condition was found to be due to "bone taint" and a warning letter was sent to the vendor.
- (5) Roast pork unfit for food. Letters of caution were sent to the manufacturer and the vendor.
- (6) Piece of metal in a loaf of wrapped sliced bread. This matter was taken up with the manufacturers and a reasonable explanation was given.
- (7) Blowfly in a tin of peas. The matter was taken up with the manufacturers.

## TUBERCULOSIS DEATHS AND DEATH RATE

There were 9 deaths registered from Pulmonary Tuberculosis. This gives a death rate of .18 per 1,000 population for all forms of tuberculosis.

The following table compares the figures for 1960 with those of previous years:-

Year	Pulmonary		Non-Pulmonary		TOTAL Rate per 1,000 Pop.

## MASS RADIOGRAPHY

The last survey was carried out in 1959 and we hope to have a further visit from the unit in 1962.

## TUBERCULOUS PATIENTS ADMITTED TO HOSPITALS AND SANATORIA

Thirteen patients suffering from pulmonary tuberculosis and three patients suffering from non-pulmonary tuberculosis were admitted during the year. There has been a continued improvement in obtaining early admission to hospital and sanatoria, and the delay in obtaining admission for patients needing thoracic surgery has been considerably reduced.

## INNOCULATION AGAINST TUBERCULOSIS

A substantial number of children have been vaccinated with B.C.G.

## LEGAL PROCEEDINGS (TUBERCULOSIS)

No action was necessary during the year under the Public Health (Prevention of Tuberculosis) Regulations, 1925, or under Section 172 of the Public Health Act, 1936.

## VENEREAL DISEASES

Dr. C. D. Routh, the Medical Officer in charge of the Gravesend Clinic, has kindly supplied the following statistics:-

## CLEANLINESS, GOOD HEALTH AND ELIMINATION OF VERMINOUS CONDITIONS

The Health Visitors and Public Health Inspectors have been active in their educative work in regard to cleanliness and freedom from vermin.

## ERADICATION OF VERMIN

The work of disinfection of Council houses is carried out by the Local Authority, infested rooms being sprayed with an insecticide.

Premises belonging to private owners are also disinfested on request and the cost of the work is charged to the persons concerned.

Twenty-five houses were disinfested by the Health Department during the year.

## BOROUGH MORTUARY

The Mortuary, situated in Swan Yard, provides facilities for six bodies and there is a well equipped post-mortem room.

During the year, 116 bodies were received and 115 post-mortem examinations performed.

## CORONER'S INQUESTS

The term "smoke" is used to denote all fine suspended impurity collected by the test filter, and the figure is expressed as milligrams per 100 cu. metres.

The figure for sulphur dioxide is expressed in "parts per 100 million parts of air".
