GUISBOROUGH
URBAN DISTRICT COUNCIL

REPORT
for the Year 1969

of the Medical Officer of Health

T. M. B. ROHAN,
M.B., B.Ch., B.A.O., D.P.H.

TO THE CHAIRMAN AND MEMBERS
OF THE
GUISBOROUGH URBAN DISTRICT COUNCIL

Mr. Chairman and Gentlemen,

I beg to submit my Annual Report for the year 1969, the contents and arrangements of which are in accordance with the regulations of the Ministry of Health.

During the year there were 147 deaths in the district, diseases of the heart and circulation accounting for the majority of these with deaths from cancer being second.

The numbers of children attending the clinic continued at a high level, and immunisation figures for the district were satisfactory. I would like here to emphasize the importance of immunizing children against every disease for which protection is available; there are still a few parents who fail to use the services offered for the protection of their children.

During the year a comprehensive programme of Health Education was started in the Schools. It is hoped that the results of this might be seen in future years.

I would like, in conclusion, to thank the Heads of Departments for their co-operation at all times. I am especially grateful to Mr. Pallister, Surveyor and Public Health Inspector, and to Mr. Ward, Additional Public Health Inspector for their help in all matters concerning the health of the District. Finally I wish to acknowledge the great help and hard work of Mr. Nuttall and Mrs. Tucker in the District Health Office.

I am, Gentlemen,

Your obedient servant,

T. M. B. ROHAN
