Have been thinking
of his things but soon
wd. be glad to have them
removed - & hoped to have
come over soon - but
then before then. Unfortun-
ately my eldest son wif
died suddenly - father, etc

and I had to go down to
him at Chichester and
have only just returned. Under
the circumstances I think
it will be best to have all
the things sent to Carlisle
and then stop there here -
as just at present I cannot
very well get away again. I
do not know what time in my
next difference in his condition
but to - certain extent over
change subverted him and

he is left here at my risk for
a time.

I have arranged with
D. Mackenzie of Dunfermline

it is but for him to

also prepare him for it.

My Dear Sir,

Mr. Allison, Lealby

here today to see me
regarding his son
who is at present
under J. Case. -

I am a partner in the
Lealby Medical practice
in this County. I

are married (no family)
a house as very pretty,
house surrounded by
2 acres of ground I
take as a relief-just
from time to time as
a hobby apart from my
general work.

I am extremely sorry to
trouble you - but many
I ask if Mr. Allen
is quite suitable for
testimony in a private

house such as I have?
His father assures me
that he is in no way
dangerous to himself
or others. I am therefore
quite prepared to receive
him if you are assured
of this point -
I presume he can draw
out with me as he
does the general
public noticing any
thing wrong with him.

Dear Dr. Pinner

Thanks for your
letter - I am sure Herbert
is quite happy in his
teachings - I know there
difficulty of dealing with
him - in point of his
thoughts he had certainly
deteriorated - but of course
he has such a wide dist.

how about suitable for him

for this was a long time

but I know the difficulty
I have written the Superintendent
of the pickets to see if he
knows of any suitable quarters -
I thought perhaps might be
of some young Scotch doctor
across the border who would like
the work - I have - friend

a doctor who is so so but
he is at Kewick and I
think a suitable place is
suitable - Besides he is
a member of a family and
Hubert knows and he
might not like that.

Dear S. - Piem

Thanks for your
letter - of course if you
think Hubert taking home
we could arrange for a few
weeks at a farm house or
other suitable place if you
know of one, and if you
think well, I know of my son
with a young medical man
as you suggest. And in the
mean time I shall look out for
something more permanent in

this side of the county. His
sister wd. like to have him
within reach for one day.

Dear Dr. Paine

Thanks for your letter -
which I have been considering.
Which the question of taking

some reconsideration - When
I sent him to look of course
I was in looking the trouble
might be of a more
remediable character than
I am likely now to be other

inconvenient to have him
so far away. He saved from
a time so crowded & he could
not was reluctant to make
any change, but now that
a change has become necessary
if it is now possible
to take him more in this
neighborhood. Of course this
will necessitate enquiring and in
the mean time perhaps it will
be best for him to stay where

he is. Did not think him
so satisfactory last time I
visited him - tho' I still
know the difficulty of dealing
with him. Was not aware
until my last visit that
there were then patients in one
house and concluded it is
one of those that has annoyed
him. Quite strong in back
he had it to himself - or at
least that there was only
ordinary lodgers - I will

I thank you very much

when he returns, I will

Dear Dr Price.

I hope you will forgive
my writing to you, but I am
so unhappy & worried about
my mother, partly because I
am so afraid you are going
to take her back to the
Retreat, & that always
seems to upset her so, as
he quite realizes, that he
is in a lunatic Asylum.

Of course, to my mind he
seemed better the other day,
less restless & talked quite
sensible conversation; but
then I do not know any
thing about mental cases,
but I am so thankful when
he seems fairly happy &
settled, & I know he hates
the Retreat. I quite hope to
go over & see him again this
week, probably on Saturday.

I do hope you will not misunderstand
this letter & think that I
am trying to interfere, but
I thought I might write &
hope you will understand.
If it were possible, I should
like to have rooms near my
brother sometime, so as to be
more with him.

Yrs sincerely

Laura Allison

Dear Bedford Curie,

I saw William -
he seemed very fit & never
ceased talking. He still
persists that the wrong
line has been taken with
him all along in putting
him under restraint -

He considers myself &
Evelyn responsible for
it. He seems quite con-

present attendant - I had

no chance of getting

at any special 'delusions'.

With kindest regards.

Dear Dr. Price

I was over seeing
Hubert a week ago &
found him very much
improved - certainly as
I thought the best I had
seen him. It has
occurred to me whether
it wd. not be possible now
to take a step in advance

and disease with a
constant attendant, which
presence & ful rather
disturbs him - and
really seems unnecessary.
His land lady c. communicates
with her if there was
need, & there might be
a visit periodically to
ascertain how he was going

on. The sister of one
plea evidently suits
him - she seems to have
no desire to move - but
the man constantly
next door seems now to
be rather more than in
needful & tends to imitation.
I'd like to have seen him
on the matter.
