No. 2240, Elizabeth Margaret Beatrice Jones, admitted Nov. 4, 1904, died Nov. 3, 1907, aged 56. This patient committed suicide when paying a visit to her cousins, the Misses Barstow, Garrow Hill.

Although she was deemed to be suicidal and was under the special care of Nurse E.G. Dunbar she succeeded in locking herself in a W.C. and hung herself to a pipe below the cistern. When the door was broken open about ten minutes later life appeared to be extinct, and artificial respiration continued for half an hour was of no avail.

The circumstances attending the death were investigated by the Coroner, and four members of the Committee attended the inquest. The Jury brought in a verdict of suicide whilst of unsound mind, exonerating all connected with the case from blame.

The whole subject has been again reviewed by this Committee. We concur in the verdict of the Jury and have come to the conclusion that no serious blame attaches to any member of the staff.

We have also considered a letter from the Commissioners in Lunacy and are of the opinion that it is desirable that definite instructions should be drawn up regulating the liberty which may be allowed to patients when beyond the grounds.

The Superintendent is directed to put in force without delay the following regulation, and to send a copy of this minute to the Commissioners in Lunacy.

THE RETREAT,
YORK

You will have received a letter from Mr. Sapte respecting Miss Jones who is a patient here. She was admitted on Nov. 4, 1904 and was then actively suicidal and has been so on and off ever since. She is a patient who is subject to periodic attacks of confusion and when at her worst she can hardly speak and is given to attacking the nurses in a blind unreasoning way. These attacks soon pass off and she is able to occupy herself. She paints nicely and is able to take an interest in many things and we have found that the supervision may safely be relaxed, ^{sometimes} although the patient still talks of suicide and asks for poison and makes pretence of cutting her throat. She persistently begs to stay at a little cottage belonging to her near York, which I have not felt justified in permitting although some time back she went for some weeks to a farmhouse in the country with nurses until one of her attacks came on. The case is not a very easy one, but I should quite expect after a time she may again recover. I should gather she is ^{not} never worse now than she was when at St. Andrews some years ago.

They pay us 4 guineas a week, and I fancy her income would permit of a little more being paid if needful.

Yours very truly,

A list of the patients in each department, who require "special care" is to be approved each week by the Medical Superintendent or his deputy. This list will include all patients who are deemed to be suicidal, dangerous, likely to escape, as well as any other patients whose mental or bodily condition is such that special care is needed.

No patients are to be permitted to visit their relatives and call on their friends or acquaintances without the sanction of the Medical Superintendent or his deputy and no patient requiring "special care" is to be permitted to pay any visit or attend any place of worship or visit any cafe, restaurant or place of amusement without the express sanction of the Medical Superintendent or his deputy on each occasion.

Dear Dr. Pierce,

Miss E.M.B. Jones.

I have now obtained the consent of the Lunacy Commission-
ers to the removal of Miss Jones to the Hospital at Chesham, and I
enclose the Consent and Order in duplicate. I have today sent to
Mr. Bowditch the Notice of Admission to be delivered to the Commis-
sioners after the transfer, and have requested him to arrange with
you for the transfer of the patient. Will you please, therefore,
do what is necessary? I shall be glad to hear from you as soon
as the transfer has been effected.

Dear Dr Pierce,

We have received a
note from the relatives of your

Mr Scowcroft desires me to say
that he is as a rule reluctant
to have transfers but under the
circumstances, and as you

recommend, he will be pleased

We shall be obliged if you

if so we should have to ask you
to defer the transfer for two

Mr Scowcroft would have

written himself only he went

Mr Mould has resigned all

present.

Dear Sir,

A cousin of mine, Miss Elizabeth Margaret Beatrice Jones, is at present resident at The Retreat, York. I am acting as Receiver under Section 116 of the Lunacy Act. Miss Jones has been at The Retreat for three years. She is of the age of 55½ years, and she was previously in confinement at St Andrew's Hospital, Northampton, between the years 1883 and 1891. Dr Bedford Pierce, of The Retreat, has now advised me that it would be advisable for Miss Jones to have an entire change, and as your Institution is well known in this Office, I venture to ask whether you would be prepared to take Miss Jones. I am informing Dr Pierce that I am communicating with you, and he will no doubt, if you apply to him, let you have full particulars of the case from the medical point of view. After you have communicated with Dr Pierce, if you are agreeable to taking up the case, I shall be glad to know what will be your terms. It will, of course, as you are aware, be necessary for me, prior to the transfer, to obtain the approval of the Lunacy Commissioners.

I am, Dear Sir,

Dear Dr Pierce,

Miss E.M.B. Jones.

I enclose a cheque for £67-II-0 in payment of Miss Jones' disbursements to the 30th ulto, and of one quarter's board to 31st December. This latter amount will, of course, have to be adjusted should Miss Jones be removed from the Retreat before the date named.

With regard to the removal question, it is possible that you may have some better idea than myself as to the Institution to which Miss Jones should be removed. My own view, as already stated, is to remove her to Northampton. I have, however, heard of other Institutions. There is one, I believe, at Tue Brook, Liverpool, and another one in the neighbourhood of Stafford, both of which, I believe, are spoken highly of. You will probably know them. It is possible that the Liverpool air might suit Miss Jones.

I shall esteem it a favour if you will let me have your advice on the subject, and if you will also let me know what formalities have to be gone through on a patient's exchange of residence.

Miss E.M.B. Jones.

I thank you for your letter of the 24th inst, and regret to hear that you think it is desirable Miss Jones should have a change from The Retreat. Personally, I am quite satisfied that Miss Jones obtains every attention and freedom at The Retreat that her state of mind permits her to receive, and though I have no doubt you find her frequent relapses discouraging, I venture to remind you that she was seven years under the care of St Andrew's Hospital before she was permitted to have her freedom. I should, therefore, much prefer that Miss Jones should remain at The Retreat, but if you insist upon her removal, I must make arrangements for her to be sent to St Andrew's, Northampton. I am not prepared to send Miss Jones to Virginia Water. In a letter I have today received from Miss Jones, she herself suggests that she might get more freedom if she went to St Andrew's. I am much afraid from her letter that she has recently given you a great deal of trouble.

I have received here & the change

been here a month could I
not be set quite free so that I

could go abroad if I went for a
week or so & Holthy first & you
could be so kind as to allow
Morse & me to go with me
there? Do you think this place
will be feasible - Of course I shall
be glad to do anything you think
fit. I almost think my best place
will be to store my things & live
up the cottage & go & live
abroad but I could decide

that when I got there - We could
easily get to Holthy from here
without going into York -

We bicycled to a mud-at-castle
road yesterday but did not

see very much of the grounds.

Getting the daily papers has been
a great joy to us - With kind

regards to Mrs. Price & yourself

Thanks & your kindness
in sending me here - & the

to implore you & allow me

So direct from here to Heltz
with Nurse Dunbar who has been

I should be rid of the always
haunting feeling that I

I am most anxious to go

of course I should have to arrange

Dear Sir,

Miss E.M.B. Jones.

I thank you for your letter of yesterday, which does not, however, quite answer the question which was raised by my letter of the 11th inst. As you are probably aware, it is Dr Bedford Pierce's intention to allow Miss Jones out on trial for a month during the current quarter, and what I wished to know was, whether, in addition to providing her maintenance expenses outside the Hospital, I should still have to continue the payment of £4-4-0 a week to the Hospital, notwithstanding Miss Jones' absence. Miss Jones will, of course, after her trial, return to the Retreat. Will you please let me hear from you?

Dear Pierce

I have seen Miss
Jones' friends - I told them
I could not come to any
decision with regard to
her admission until I
had heard from you.
We have so many actively
suicidal patients at
the present time that

I am unwilling to add
to the number and I
must therefore decline
to receive Miss Jones.
Mrs. Stephens.

She was admitted in
January last 2^d attack
duration of present attack
6 months prior to admission.
She is depressed with
ideas of unworthiness.
Constantly asks for

poison but has made
no suicidal attempt.
She is constantly picking
her face but she can
dress herself and she
is fairly tractable.
I shall write again when
I receive the Consent &
Order and as you wish
I shall send our nurses
with Mrs. Stevens.

the ship, and escape from all control. She will require very careful watching from the time she leaves the Asylum - Dr. Pierce is fully alive to all this, and the responsibility is really with him. As to finance, I do not think it will be necessary for me to accept your kind offer of help, as I do not expect the expense would be quite as great as that attaching to Dr. Pierce's proposal - Certainly her mind is set on Holby, & it might do her good to let her have her way, at any rate for a little while - I am, therefore, quite prepared to fall in with any scheme you & Dr. Pierce

Dear Miss Barston,

Many thanks for your kind note. As you can easily imagine, the problem of what is best to be done for Lisette is a matter which gives me much anxious thought. The idea of removing her to Virginia Water came from Lisette herself, who within the last fortnight asked to be sent there.

say that I think the Retreat compares
very favorably with the other Institution,
and is much more home-like. Under
these circumstances, personally I should
prefer Dr. Pierce to continue to have the
custody of Lisette, at any rate until he
has quite decided that he can do no
more good. As regards your proposal,
I have no objection to offer to Lisette
going to her cottage or anywhere else
that Dr. Pierce thinks proper, but I think
it right to say that, in my opinion,
Lisette's one wish is to give her nurses
Dr. Pierce seemed to me from his letters to
have almost given up all hope of being
able to render her any permanent benefit,
and so I consulted the Lunacy Commissioners
who advised me that the best thing I
could do would be to send her where she
wished to go, viz. to Virginia Water. As,
however, I did not intend to let Lisette
go there without seeing for myself what
sort of a place it was, my wife and I
went down there to reconnoitre - I must

think proper to adopt, and can
only thank you for your kind
help in interesting yourself in
the matter.

Yours sincerely

Dear Dr Pierce,

I thank you for your letter of the 3rd inst. I carefully considered your suggestion, which, financially, would have been a matter of difficulty, as I have in hand barely £50 more than is necessary to keep Miss Jones for the next three months.

As a Receiver under Section II6, I doubted whether I had the power to use Miss Jones' funds for what was practically an experiment, and I, therefore, thought it well to consult the Commissioners in Lunacy on the matter. They advise that, looking at Miss Jones' present state of health, a month would hardly be a sufficient time in which any permanent benefit would accrue to the patient, and they did not consider that she was in a suitable condition to be taken into a private house.

The Commissioners appeared to be of the opinion that a transfer of the patient might be beneficial, and they advised me that, as Miss Jones had expressed a desire to go to Virginia Water, she had better be sent there. I propose, therefore, to make the necessary arrangements for her removal at an early date.

I am very much obliged to you for all the kindness and trouble you have expended upon Miss Jones, and I think that her removal will relieve you of much anxiety.

Yours very truly,

Fitz Roy Sapte.

Dear Dr. Pierce,

I thank you for your letter of the 20th inst. I have
this considered your suggestion, which, I think, would have
been a matter of difficulty, as I have in hand nearly 500 more than
is necessary to keep in stock for the next three months.

As a receiver, under Section 11, I doubt whether I
had the power to take Jones' name from what was practically an
experiment, and I, therefore, thought it well to consult the Com-
missioners and the Board of Health, and they have since, looking at

Mrs. Jones' present state of health, decided it would hardly be a
suitable time in which to permit her to return to the
patient, and they did not consider that she was in a suitable con-
dition to be taken into a private house.

The Commissioners agreed to be of the opinion that
a transfer of the patient might be beneficial, and they advised
me that, as Mrs. Jones had expressed a desire to go to Virginia
Water, and had better be kept there. I suppose, therefore, to
make the necessary arrangements for her removal at an early date.

I am very much obliged to you for all the kindness
and trouble you have expended upon Mrs. Jones, and I think that
her removal will relieve you of much anxiety.

Yours very truly,

Wm. H. W. D. C.

Dear Dr Pierce,

I am much obliged to you for your letter, and all the repeated trouble you are taking in Miss Jones' case.

I wrote to Miss Barstow last night informing her that I was quite prepared to fall in with any arrangement you and she chose to make, and if you think that Miss Barstow's idea of sending her to Holtby is not feasible, I have no objection to offer to your ~~to try~~ trying the farmhouse for a month.

I went to see the Institution at Virginia Water on Saturday, and can only say that I think The Retreat compares very favourably with it. The Retreat seemed to me much more homelike than the other Institution. I think, therefore, it will be well for you to retain the custody of Miss Jones, at any rate, until you have satisfied yourself that you cannot do her any more benefit.

I shall, of course, be anxious to know how Miss Jones fares under the new experiment, and shall be grateful to you for any news of her.

Dear Dr Pierce,

Mother's business when from

I thank you for your letter of yesterday, which crossed mine to you. I am very sorry that you are having so much trouble with Miss Jones, and I am afraid you must find her very difficult to manage. I do not for a moment suppose that Miss Jones would be any happier at Virginia Water or elsewhere, but I am quite prepared to approach the Lunacy Commissioners with a view to her removal to another Institution, if you advise that such a course is likely to be beneficial. Owing to the absence of my senior partner, Mr Moore, I should not be able to attend personally to her removal until, at any rate, the end of next month, but, if you think proper, arrangements could, in the meantime, be made for her reception at another place. Have you any knowledge of the Virginia Water institution, and, if so, will you kindly let me have any particulars you know? I do not even know the name of the principal Medical Officer, or the full name and address of the institution. Perhaps you can kindly supply me with these. I should, personally, be inclined to remove her to Northampton, where she was before, but I am quite prepared to be guided by you both as to whether she should be removed from your institution or not, and also as to the institution to which she should be removed.

Regretting the trouble you are having,
Yours very truly,

Dear Dr Pierce,

Miss E.M.B. Jones.

I am much obliged to you for your letter. In common with most ladies, Miss Jones appears desirous of purchasing a machine that is too high for her. I understand that Lea & Francis make machines 21", 23" & 25". Miss Jones desired a 24" inch frame, which I am sure is too high for her, and I think it is extremely doubtful as to whether a 23 inch frame will not also be too high. Perhaps Dr Mackenzie will be so kind as to endeavour to persuade her not to buy too high a bicycle.

Dear Dr Pierce,

Miss E.M.B. Jones.

I beg to enclose a cheque for £59-13-3, in payment for Miss Jones' maintenance &c to April. Please acknowledge the receipt.

From her recent letters, Miss Jones appears to be in a happier state of mind, and it occurs to me to suggest whether, in your judgment, it would be conducive to her benefit if she were allowed to have a certain amount of pocket money. I shall be much obliged, therefore, if you will consider this, and, if you approve, let Miss Jones from time to time have such sums as you think proper, and charge them to the Account.

I trust you have quite recovered from your recent illness.

With kind regards,

Believe me,

Yours very truly,

Dear Dr Pierce,

Miss E.M.B.Jones.

I am much obliged to you for your letter of the 14th inst, and am sorry I have not been able to reply to it earlier through pressure of business.

I am sorry Miss Jones continues to give so much trouble. I am afraid the nurses must find her a very wearisome patient.

The question of letting her out on trial is, of course, a very serious matter, and one as to which it is not my province to interfere. From my own knowledge of her former case, I think you are acting wisely in being extremely cautious in placing credence on her statements as to her future conduct. It does not, however, appear to me, judging from her condition, to be necessary to take any steps in this matter at present.

I will see about getting her a new bicycle, and have one sent up to her, unless you think it would be better for her to get one in York. I think she is rather keen on having a Lea & Francis of the best quality. It might amuse her to buy it herself, and, if so, I will send you a cheque for the amount, if you will let me know what it is.

May I trouble you to sign the enclosed Certificate,
