WARBERRY COURT,
TORQUAY.

Dear Dr Bedford Perce,

I have noticed
in the newspapers recently
an account of an alleged
medical discovery with
reference to paralysis of the
brain or general paralysis
which so far as I could
judge referred to the disease
from which Mr. Seatcherd
is suffering.

No doubt you will

have read of it.

My object in
writing is to enquire whether
this in any way throws
new light on her case or
renders possible any new
method of treatment with
the object of promoting her
recovery. Believe me

Yours very sincerely

R. Bampf. Hopkins
