Dear Sir

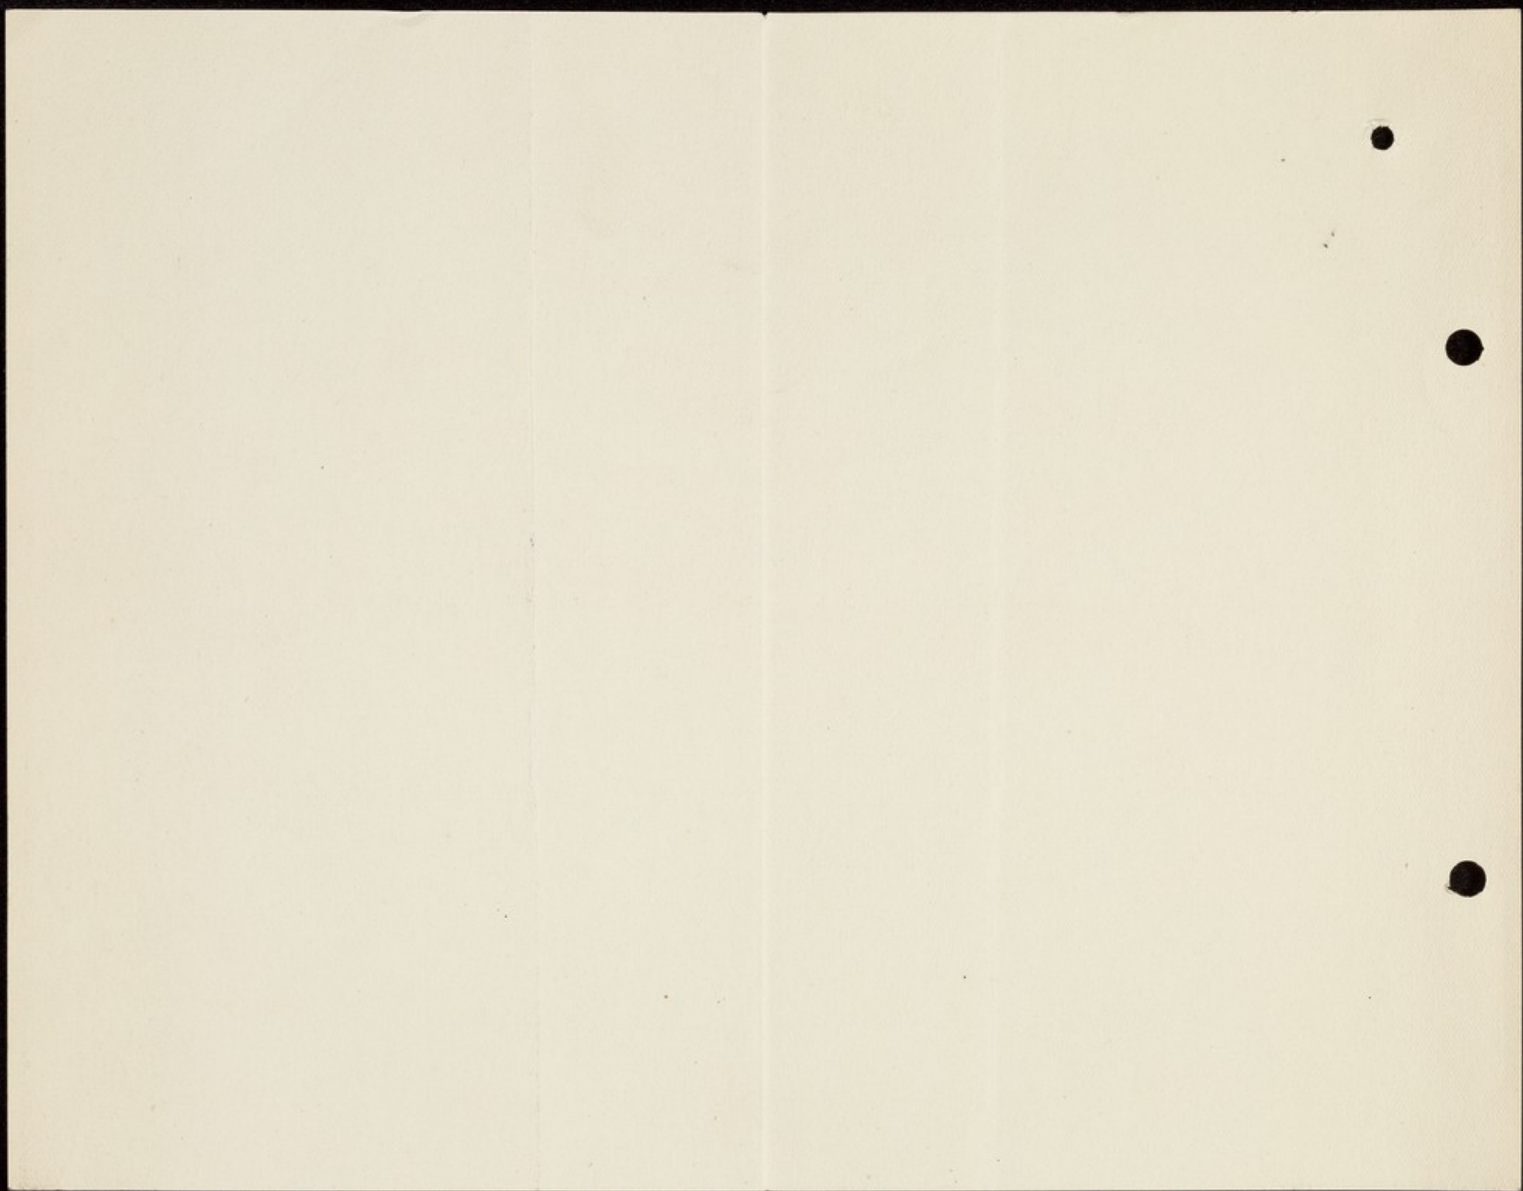

I enclose documents
relating to Miss Lucy
Lebb.

I might mention for your
information, that the friend
referred to in my certificate
is Mrs Adeline Rose. Miss
Lebb was told by a neighbour
the circumstances of Capt Bee
dying of Typhoid.

Also the teeth having been
knocked out of her head, is
connected with Mrs Lebb having
been struck in the mouth and
one tooth nearly knocked out by a
muscle thrown by Miss Lebb.
With kind regards

I remain

Yours truly
Charles Hall.

Dear Madam

Mr Henry Bromet
Solicitor here kindly advised
me to write you respecting my
Daughter about a year ago
she had an attack of Hysteria
and weak nerves has been under
treatment part of the time since
then I am seen by several Dr
but they could not pronounce her
Insane in fact people here who
conversed with her would say
they saw nothing wrong but
when I crossed her she was very
headstrong and I myself
delicate she became behind

my control although she managed
the shopping and little affairs as
well as myself. but the Dr. advised
me to allow her to leave home for a
time she is now at the Retreat
in York signed for a month
her time expires a week on Monday
I find it too expensive as our
means are small so ask you
kindly to forward me your terms
as the last week will quickly
pass may I ask an answer
to this as soon as convenient
as I am anxious to get her
settled a little longer from
home. I may state she is 3-1

years of age always been well
and healthy until this break down
of the nerves she signed for
the Retreat for the month as
Voluntary Boarder but has been
certified as she could have
wished to come home and
they could not have compelled
her to remain had she not
been certified, she is sensible
on most points but has delusions
and talks at random. I
am afraid I shall weary you
with my explanation but
wish you to understand her
a little she is the only child
and I am alone we have
