**IMPORTANT.**

As the *raison d'être* of the  
**PALL MALL  
ELECTRIC ASSOCIATION,  
LIMITED,**  
21, Holborn Viaduct,  
London, E.C.  
is, primarily, to develop Curative  
Electricity, and thus to popularise  
a safe, certain and agreeable  
remedy for the multifarious ills  
that flesh is heir to, and not to  
accumulate wealth at the expense  
of the afflicted, as is too much  
the custom now-a-days, the  
Pall Mall Electric Association,  
Limited, hereby undertake to  
allow a liberal discount to  
Hospitals, and Charitable Institutions,  
and to Ministers of all  
denominations who desire to assist  
poor members of their congregations  
to obtain these celebrated  
appliances.

**NO ACID

**A Praiseworthy Effort**

IS NOW BEING MADE BY THE  
**PALL MALL  
ELECTRIC ASSOCIATION,  
LIMITED,**  
21, Holborn Viaduct,  
London, E.C.,  
to rescue from quackery the  
important subject of *Curative  
Electricity* which has been too  
long the sport of ignorant quacks  
and itinerant vendors of, so called  
electric belts, made up of pieces of  
old crinoline steel temporarily  
magnetised, which speedily lose  
any power they ever possessed, and  
thus disappoint the expectations  
of those who are induced to  
purchase them. The Pall Mall Electric  
Association, Limited, numbers  
amongst its members some of the  
leading Electricians of the day, so  
that all their productions may be  
relied upon as scientifically correct  
and thoroughly genuine.—

**A FEW GENUINE TESTIMONIALS, Selected from the many hundreds that are constantly being received.**

**From Messrs. ROBERTS & Co.,**  
Chemists,  
76, New Bond Street, London;  
and Paris, &c.  
Please send us the Electropathic Belt.  
It is for an important personage at Marlborough  
House, and we have recommended it to the  
intended wearer. WE HAVING GREAT CON-  
FIDENCE IN ITS CURATIVE POWERS.

**From Messrs. WEBSTER & Co.,**  
Ink Manufacturers,  
47, Farringdon Street, E.C.  
GENTLEMEN, 24th November, 1882.  
Since getting your Electric Belt the  
other day, I have felt utterly relieved from  
that great faintness described to you, being a  
long sufferer from Indigestion and Stomach  
Cough. These ailments have entirely left me,  
which I cannot but attribute to the wonderful  
properties of your Goods. This I send to you  
with the sole object of, that it may be of use  
in recommending others to use it. You can  
use this in any way.  
Yours truly, J. WEBSTER.

**From F. BYRNS, Esq.,**  
29/11/82. 10, Storey's Gate, St. James's Park.  
It affords me the greatest possible pleasure  
to speak in the highest terms of your Belt.  
You know my case as already stated to you,  
and since wearing your appliances I feel entirely  
a new man. I have not now the slightest  
symptoms of Asthma, from which I had suffered  
from my youth, and I cannot find words to  
express my delight at being so entirely changed.  
You may make whatever use you like of this  
testimony of the efficiency of this Belt. I would  
recommend all who suffer in like manner to  
give it a trial.

**From GEORGE WEBB, Esq.,**  
1/12/82. 18, Langdale Road,  
Hill Street, Peckham.  
I have worn the Belt I received from you  
ever since, and feel like a different person. I  
had a very weak back, and often suffered from  
headaches and cold feet, but since wearing it  
my feet are warm, and my head feels more  
light and comfortable than it has done for years.  
I have persuaded my wife to have something  
similar for herself—she has weak lungs and  
heart, and is very susceptible of cold. Let me  
know which of your appliances would be applic-  
able to her case, and also the price.

**PLEASE FORWARD THE EXACT SIZE ROUND THE WAIST WHEN ORDERING THE "ELECTROPATHIC BELT."**

The Consulting Electricians of the Pall Mall Electric Association, attend daily for consultation (free) from 10 to 1, and from 3 to 5, at the PRIVATE CONSULTING ROOMS of the Pall Mall Electric Association, Limited, 21, Holborn Viaduct, E.C.  
An experienced lady is also in attendance daily.

On receipt of Post Office Order or Cheque for 21/-, made payable to C. B. HARNES, Managing Director, The Pall Mall Electric Association, Limited, 21, Holborn Viaduct, London, E.C., will forward, post free, to any part of the United Kingdom, the ELECTROPATHIC BELT, as represented above, for either a lady or a gentleman; and will guarantee it to be superior in curative properties to any Belt advertised by other firms at double or treble the price. Postage cannot be paid beyond the limits of the United Kingdom, as the low price charged will not admit of it—residents abroad or in the Colonies must therefore remit 2s. 6d. extra to secure the prompt execution of their orders. If you are suffering from any slight derangement, with the cause of which you are acquainted, send at once for an ELECTROPATHIC BELT, and obtain relief; but if you have any reason to fear that your case is serious or complicated, you are recommended to write for a private "Advice Form" and a copy of Testimonials, which will be forwarded, post free, on application to THE PALL MALL ELECTRIC ASSOCIATION, LIMITED, 21, Holborn Viaduct, London, E.C.; the Consulting Medical Electrician will then personally advise you, free of charge, as to what treatment will be most suitable to your case, and you will thus avoid the risk of disappointment which the indiscriminate self-selection of appliances often entails on those who are unacquainted, alike with the cause of their sufferings and the nature of the remedy they desire to apply.

**CAUTION.**—Attention is particularly directed to the fact that the "ELECTROPATHIC BELT" is the outcome of many months of patient labour and experimenting on the part of the Directors of the Pall Mall Electric Association, Limited. Every possible improvement that ingenuity could suggest has been adopted, and it is now offered to sufferers as the most comfortable, the most effectual, and the cheapest adaptation of Curative Electricity ever invented. Do not be misled by the advertisements of peripatetic vendors of rubbishing appliances, in which there is nothing Electric but the name. Beware of unscrupulous and unprincipled imitators.

An Eighty-page Treatise, entitled "*Electropathy: or, Dr. Scott's Guide to Health,*" post free on application.  
Send for Circular of Dr. SCOTT'S ELECTRIC HAIR BRUSH, Cures Headache at once.  
Note only Address—**THE PALL MALL ELECTRIC ASSOCIATION, LIMITED, 21, Holborn Viaduct, London, E.C.**

This Association gives notice that it will spare no expense to prosecute any persons infringing their Patent Rights, Registration, or Copyrights of which this Advertisement is one.  
If further advice is required kindly fill up and return the "Private Advice Form" on the other side of this circular. Advice Free.

1.—The Consulting Medical Electrician of the Association, advises in every case, on behalf of the Association, without charge, and will be greatly assisted in forming a clear idea of the patient's requirements by receiving the particulars indicated under the different headings stated as explicitly as possible. Compliance with these suggestions will often prevent delay and disappointment.

2.—During a prolonged experience in the treatment of intricate and obscure affections, often of the most delicate character, he has frequently found that nervous delicacy has deprived him of full information; he would therefore recommend correspondents to communicate freely, and without reserve, every communication with which he is favoured being regarded as strictly confidential. In some instances, special permission is given to use a statement respecting successful treatment.

3.—A letter has often been of more service to the patient and value to the

practitioner than a personal consultation, enabling the writer to state unreservedly minute details, which might be overlooked by nervous patients in the natural agitation and diffidence of an interview.

4.—The interest which former patients evince in favour of Electropathy has proved sufficient to inspire confidence in others. By this means its reputation has been so far extended that the "Electropathic" treatment as introduced by THE PALL MALL ELECTRIC ASSOCIATION, LIMITED, has obtained a well established reputation, and is superseding all other methods of combating disease.

5.—Explain any point not included in the foregoing inquiries, but which should be known as a condition of, or helping towards, successful treatment.

6.—Future reference by letter to this case should have its folio number prefixed.
