MAGNETIC CURATIVE APPLIANCES.

MAGNETINE, whether for softness, lightness, flexibility, or wonderful curative power, stands unrivalled amongst curative appliances.

Messrs. DARLOW & CO., feel it right therefore to warn the public against articles vended by some of their late servants (closely resembling **MAGNETINE** in name and appearance) which are made of greatly inferior materials, of varying powers, and not flexible.

For the protection of the public, Messrs. DARLOW & Co. have introduced *inflexible* magnets into a *flexible* article which they call

"MAGNETOLINE."

made up in superior "SPECIAL POWER" appliances at the prices quoted, which are FIFTY PER CENT. less than those charged by other vendors.

Magnetine, which is unapproachable, remains the same in price as heretofore.

Illustrated 32 page pamphlet, post free on application.
