THE WORST CASE EVER SEEN.

"Florence Villa, Fairfield-road, Clapton, November 17, 1835."

"Sir,—It is with great pleasure I write to inform you of the wonderful cure effected by your Blood Mixture. I had been afflicted with ulcerated legs and knee for fourteen years, the legs being covered with ulcers. I had been under many doctors, and into two hospitals, without receiving any benefit. I was on crutches for twelve months, and quite gave up all idea of ever being cured. Seeing your advertisement, I thought I would try the Blood Mixture; and after taking three large bottles and using half-a-dozen pots of your salve, I am now restored to perfect health and my legs are quite well. It is now two years since they were bad, and no signs of them breaking out again. It is a great miracle they ever got well, for it was pronounced to be the worse case ever seen. You may make whatever use you like of this as I think it cannot be too widely known.—Yours faithfully.

"JANE SWINNERTON."

ANY TIMES WISHED MYSELF DEAD.

"22, St. John's Woodsterrace London N.W. March 14, 1833."

"1 am thankful to Providence for the wonderful cure your Blood Mixture has effected on me. I was surprised after taking half the first bottle how well I felt; and after I had taken one large bottle the wounds on my legs healed. I only wish I had tried the mixture before. I should have saved five years of continued suffering. I used to feel all the changes of the atmosphere in my bones, but that is entirely gone; in fact, I feel like snew man. I began to think I should never get well, for I had attended St. Mary's Hospital and Welbeck-street Dispensary under Dr. Norman, Dr. Adam Clark, Dr. Allchin, head physican of Westminster Hospital, and several eminent doctors. My sufferings were simply horrible, and I have many times wished myself dead. After taking the mixture for ten days people that knew me were astonished at my appearance. I
