SECTION B.

General Provision of Health Services in the Area.

Staff.

I have the assistance and co-operation of the Public Health Inspector, Mr. R. S. Porter, who holds the Certificate of the Royal Sanitary Institute as Inspector of Meat and other Foods, and of Mrs. J. E. Johnson as Public Health Clerk.

Laboratory Facilities.

The Worcestershire County Council Laboratories are available for the chemical examination of water, milk and foodstuffs, and the work is carried out by the County Analyst.

All clinical bacteriology is carried out by the Public Health Laboratory, situated at Worcester Royal Infirmary.

Ambulance Facilities.

For Infectious Diseases an ambulance is provided by the Regional Hospital Board, and operates from Hayley Green Hospital.

For other cases an ambulance service is provided by the County Council, and operates from Kidderminster.

Nursing at Home.

There are four District Nurses in the area, who also practise as Midwives and act as Health Visitors. Two other District Nurses and one Health Visitor also deal with portions of the Area.

Infant Welfare Centres.

There are six Infant Welfare Centres in the area — at Far Forest, Wolverley, Cookley, Chaddesley Corbett, Blakedown and Gorst Hill, where immunisation and vaccination is carried out.

The Welfare Centre at Wribbenhall is also used by residents of the Area.

Hospitals.

The Kidderminster and District General Hospital is available for all residents in our Area, but some patients are admitted direct or transferred to All Saints' Hospital, Bromsgrove, which is most difficult of access to their relatives.

For Infectious Diseases the Isolation Hospital at Hayley Green is available.

Tuberculosis.

This work is the responsibility of the Regional Hospital Board, who arrange sanatorium treatment where possible. Dispensaries are held every Tuesday at 6-30 p.m., Wednesday at 10 a.m., and Thursday at 2 p.m. at the Kidderminster General Hospital, where Dr. R. Cronin attends.

The County Council are responsible for prevention and after-care and this work is administered locally by the After-Care Sub-Committee of the Divisional Area Committee.

Venereal Disease.

The Regional Hospital Board arrange for treatment and follow-up of these cases at the Kidderminster General Hospital.

SECTION C.

Sanitary Circumstances of the Area.

Water.

The Council own approximately 90 miles of water pipes, and the water in the Rural District is supplied by :

- (1) The Council's Borehole at Cookley.
- (2) The City of Birmingham Elan Aqueduct.
- (3) The Stourbridge Water Board.
- (4) The East Worcestershire Water Board.
- (5) The South Staffordshire Waterworks Company.
- (6) Kidderminster Corporation.

The supply is satisfactory both in regard to quality and quantity.

The Public Health Inspector submitted 28 samples of water from the six main sources for chemical and bacteriological examination. All the samples were satisfactory.

WATER SUPPLIES TO PREMISES IN THE RURAL DISTRICT

Totals	2,721	8,163	691	2,073	508	1,524

The above figures are approximate. Included in the 691 houses supplied from standpipes are several areas of bungalow development, and camping sites.

It is with great satisfaction that I can report that the Sewerage Scheme for Chaddesley Corbett has been authorised and a tender accepted. Work will commence in January, 1959.

The Wolverley and Cookley Sewerage Scheme has proved to be a great boon to the inhabitants and very few properties remain to be connected.

4.—Housing Act, 1936. Part IV.—Overcrowding.

No case of serious overcrowding has come to light during the year.

Prevalence of and Control over Infectious and Other Diseases. Immunisations against Diphtheria.

There has been a small increase in the number of children under five years being immunised and it is hoped that this trend will continue.

A further 122 children under five years and 19 children from 5 to 15 years of age were given primary courses of treatment and 89 were given booster doses.

No cases of diphtheria were notified.

Vaccination against Smallpox

During the year 90 children under one year, 6 children from one to four years, 1 child from five to fifteen years, and 8 persons over fifteen years were given primary vaccination. Twelve children from two to fifteen and 26 persons over fifteen were re-vaccinated.

Notifications.

The notifiable infectious diseases (other than Tuberculosis) which occurred during the year 1958 are set out in the following table.

Disease	AGE IN YEARS							Total No. of Cases	No. of Cases Admitted to Hospital	No. of Deaths
	0-	1-	3-	5-	10-	15-	25 and over

65 and over	-	-	-	-	-	-	-	-
Totals	5	4	-	-	-	-	-	-

It was not necessary to take any action under the Public Health Act (Prevention of Tuberculosis Regulations) 1925, or under Section 172 of the Public Health Act, 1936.

Conclusion.

The Council's scheme for sewerage the village of Chaddesley Corbett is about to commence and this should bring about a great improvement in the sanitary conditions. One happy result of the completion of this scheme will be the disappearance of the efficient but unpleasant weekly collection of night soil.

I should like to thank the Chairman and Members of the Council and all Officials for their help and co-operation during the year.

I am, Gentlemen,

Your obedient servant,

R. W. MARKHAM,

Medical Officer of Health.

KIDDERMINSTER
RURAL DISTRICT COUNCIL

ANNUAL REPORT

OF THE

PUBLIC HEALTH INSPECTOR

FOR

1958

ANNUAL REPORT

OF THE

PUBLIC HEALTH INSPECTOR.

To the Chairman and Members of the
KIDDERMINSTER RURAL DISTRICT COUNCIL.

Gentlemen,

I have much pleasure in submitting my Annual Report on the Sanitary Administration within the Rural District for the year ended 31st December, 1958.

MEAT, MILK AND OTHER FOODS.

Meat.

Four slaughterhouses have been in use during the year.

CARCASSES INSPECTED AND CONDEMNED.

	Cattle exclud'g Cows	Cows	Calves	Sheep and Lambs	Pigs
Number killed	188	2	34	1,001	519
Number inspected	179	2	26	821	501
ALL DISEASES EXCEPT TUBERCULOSIS :

Carcasses of which some part or organ was condemned ...	37	2	Nil	38	21
Percentage of number inspected affected with disease other than Tuberculosis	21.2	100	Nil	4.6	4.1
TUBERCULOSIS ONLY :					
Whole carcasses condemned ...	Nil	Nil	Nil	Nil	Nil
Carcasses of which some part or organ was condemned ...	4	Nil	Nil	Nil	11
Percentage of number inspected affected with Tuberculosis ...	2.2	Nil	Nil	Nil	2.2

Meat and Edible Offals Condemned.

Pneumonia	96 lbs.
Tuberculosis	178 lbs.
Injury	258 lbs.
Total	632 lbs.

Milk.

There has been no trouble arising from pasteurised supplies which are supervised by the County Authorities.

The premises used for the sale of milk have been conducted in a satisfactory manner.

Other Foods.

The following details show the position with regard to food premises :

Type	No.	Registered Section 14 F. & D. Act	Inspections
General Provisions	47	—	51
Cafes	11	—	31
Hotels and other licensed premises	33	—	90
Works Canteens	1	—	5
Dairies	21	—	67
Mobile Canteens	1	—	7
Ice Cream Manufacturers	1	1	7
Ice Cream Retailers	30	30	39

The general standard of cleanliness at food premises continues to be very high. Again the improvement is most obvious in licensed premises.

Supervision of one-day fixtures, such as race meetings, etc., has been maintained and the co-operation of the promoters has been very satisfactory.

Ice Cream.

Having only one small manufacturer of ice cream, the vast majority of ice-cream sold in the district comes from large concerns in other areas. This ice-cream is almost invariably supplied to the customer in cartons or wrappings.

It has not been necessary to draw attention to any infringements during the year.

SLAUGHTER OF ANIMALS ACT, 1933.

Number of unexpired licences in force	23

PUBLIC CLEANSING.**Refuse Collection and Disposal.**

This service is carried out by three lorries. One S.D. Freighter with a crew of three, one 3-ton Bedford Eagle lorry with a crew of three, and a Contractor's lorry manned by two men.

The S.D. Freighter covers the parishes of Wolverley, Cookley, Churchill and Blakedown and Broome and gives a fortnightly service to these built up areas. The Bedford deals with the parishes of Chaddesley Corbett, Stone and Rushock and gives a fortnightly service. The parishes of Rock, Upper Arley, Kidderminster Foreign and Ribbesford are dealt with by the Contractor.

The following are the details of the number of loads dealt with :

Tipped at Wolverley	1,703 loads
Tipped at Trimpley	271 "
Tipped at Rock	287 "
					<hr/> 2,261 loads <hr/>

All these tips are regularly sprayed with D.D.T. and other insecticides and little nuisance has arisen from flies, crickets, etc.

Night Soil Collection.

A weekly collection of night soil is made from Chaddesley Corbett Village. The work is done by a local contractor, who uses a motor lorry provided with suitable bins for the carriage of the night soil. No complaints have been received with regard to the manner in which this work is done. The tenants of the houses concerned are to be congratulated on the way in which they cope with the situation and there has been no cause to draw their attention to any matter during the year.

The Council's proposed Sewerage Scheme for the village will render this service unnecessary, but as a temporary measure the system is as efficient as possible.

Number of pail closets emptied per week : 87.

WATER SUPPLY.

The Rural District is very well supplied with water from several sources. Bacteriological samples are regularly taken and when necessary chemical analyses are made. Details of samples taken are as follows :

				Fit	Unfit	Total
<i>Public Supplies Mains</i>						
Cookley Borehole	8	—	8
Elan Valley	6	—	6
Stourbridge Water Board	1	—	1
South Staffs. Water Board	8	—	8

RATS AND MICE DESTRUCTION ACT, 1919.**Infestation Order, 1943.**

Appended herewith is a summary of the work carried out during the year.

Number of infestations dealt with at private houses ...	287
Number of infestations dealt with on business premises	6
Number of other infestations dealt with	14
Number of complaints received	93

Sewers.

Acting on the instructions of the Ministry of Agriculture and Fisheries, the sewers at Blakedown and Wolverley were test baited during the year with satisfactory results.

Worcestershire Agricultural Executive Committee.

The co-operation between this Committee and ourselves has been excellent, and our thanks are due to all concerned.

Worcestershire Planning and Advisory Committee.

I am pleased to be able to report that this Committee has done very useful work during the year.

HOUSING.

The Council having always had an excellent housing record, it is disappointing to report that only two houses were completed during the year.

This has been due to the financial situation, but it is to be hoped that progress can be resumed in the near future.

PETROLEUM ACTS.

Your Public Health Inspector also undertakes the duties of Petroleum Inspector, and the following figures are of interest :

Number of Premises licensed for Storage :

Private	5
Business Premises	45
For Re-sale	10
Total								60
Total fees received								£34 17s. 6d.

It was not necessary to draw the attention of any Licencee to any serious infringements of the Acts.

CONCLUSION.

In conclusion, Gentlemen, may I express my thanks for the interest and support given by the whole of the Council during the year.

I would also express my appreciation of the willing co-operation which I have received from the Clerk, Mr. J. H. Swann, the Surveyor, Mr. A. S. Northover, the Rating Officer, Miss I. M. Mountford, and the whole of the Council's staff.

I am, Gentlemen,

Your obedient servant,

R. S. PORTER,

Public Health Inspector.
