SECTION B.

General Provision of Health Services in the Area.

Staff.

I have the assistance and co-operation of the Public Health Inspector, Mr. R. S. Porter, who holds the Certificate of the Royal Sanitary Institute as Inspector of Meat and other Foods, and of Mrs. J. E. Johnson as Public Health Clerk.

Laboratory Facilities.

The Worcestershire County Council Laboratories are available for the chemical examination of water, milk and foodstuffs, and the work is carried out by the County Analyst.

All clinical bacteriology is carried out by the Public Health Laboratory, situated at Worcester Royal Infirmary.

Ambulance Facilities.

For Infectious Diseases an ambulance is provided by the Regional Hospital Board, and operates from Hayley Green Hospital.

For other cases an ambulance service is provided by the County Council, and operates from Kidderminster.

Nursing at Home.

There are four District Nurses in the area, who also practise as Midwives and act as Health Visitors. Two other District Nurses and one Health Visitor also deal with portions of the Area.

Infant Welfare Centres.

There are six Infant Welfare Centres in the area — at Far Forest, Wolverley, Cookley, Chaddesley Corbett, Blakedown and Gorst Hill, where immunisation and vaccination is carried out.

The Welfare Centre at Wribbenhall is also used by residents of the Area.

Hospitals.

The Kidderminster and District General Hospital is available for all residents in our Area, but some patients are admitted direct or transferred to All Saints' Hospital, Bromsgrove, which is most difficult of access to their relatives.

For Infectious Diseases the Isolation Hospital at Hayley Green is available.

Tuberculosis.

This work is the responsibility of the Regional Hospital Board, who arrange sanatorium treatment where possible. Dispensaries are held every Tuesday at 6-30 p.m., Wednesday at 10 a.m., and Thursday at 2 p.m. at the Kidderminster General Hospital, where Dr. R. Cronin attends.

The County Council are responsible for prevention and after-care and this work is administered locally by the After-Care Sub-Committee of the Divisional Area Committee.

Venereal Disease.

The Regional Hospital Board arrange for treatment and follow-up of these cases at the Kidderminster General Hospital.

SECTION C.

Sanitary Circumstances of the Area.

Water.

The Council own approximately 90 miles of water pipes, and the water in the Rural District is supplied by :

- (1) The Council's Borehole at Cookley.
- (2) The City of Birmingham Elan Aqueduct.
- (3) The Stourbridge Water Board.
- (4) The East Worcestershire Water Board.
- (5) The South Staffordshire Waterworks Company.
- (6) Kidderminster Corporation.

The supply is satisfactory both in regard to quality and quantity.

The Public Health Inspector submitted 35 samples of water from the six main sources for chemical and bacteriological examination. All the samples were satisfactory.

Totals	2,772	8,316	691	2,073	508	1,524

The above figures are approximate. Included in the 691 houses supplied from standpipes are several areas of bungalow development, and camping sites.

Work on the long-awaited Sewerage Scheme for Chaddeley Corbett started in February and it is expected that the disposal plant will commence operations early next year.

Improvements in sanitary conditions due to the completion of the Wolverley and Cookley Sewerage Scheme are proceeding very satisfactorily. Of the very few properties which are not connected the outstanding case is the village school at Wolverley. Pressure has been brought to bear on the governing body and it is expected that this will be dealt with in the near future.

4.—Housing Act, 1936. Part IV.—Overcrowding.

No case of serious overcrowding has come to light during the year.

Prevalence of and Control over Infectious and Other Diseases.

Immunisations against Diphtheria.

Despite our efforts many children remain un-immunised at least until school age and parents must be made to realise the serious risk of the return of diphtheria as a killing disease if they do not take advantage of the protection provided.

Ninety-three babies under one year, 29 children from one to four years and 34 children from five to fourteen years of age were given courses of treatment and 118 were given booster doses.

No cases of diphtheria were notified.

Vaccination against Smallpox

During the year 91 children under one year, 3 children from one to four years, 0 children from five to fifteen years, and 4 persons over fifteen years were given primary vaccination. One child from two to four years, 5 children from five to fifteen and 13 persons over fifteen years were re-vaccinated.

Notifications.

The notifiable infectious diseases (other than Tuberculosis) which occurred during the year 1959 are set out in the following table.

Disease	AGE IN YEARS							Total No. of Cases	No. of Cases Admitted to Hospital	No. of Deaths
	0-	1-	3-	5-	10-	15-	25 and over

Totals	3	1	1	-	1	-	-	-

It was not necessary to take any action under the Public Health Act (Prevention of Tuberculosis Regulations) 1925, or under Section 172 of the Public Health Act, 1936.

Conclusion.

The services provided by the Council have proved to be very satisfactory, but there are still areas where urgent improvements will be required in the future.

I should like to thank the Chairman and Members of the Council and all Officials for their help and co-operation during the year.

I am, Gentlemen,

Your obedient servant,

R. W. MARKHAM,

Medical Officer of Health.

KIDDERMINSTER
RURAL DISTRICT COUNCIL

ANNUAL REPORT

OF THE

PUBLIC HEALTH INSPECTOR

FOR

1959

ANNUAL REPORT

OF THE

PUBLIC HEALTH INSPECTOR.

To the Chairman and Members of the

KIDDERMINSTER RURAL DISTRICT COUNCIL.

Gentlemen,

I have much pleasure in submitting my Annual Report on the Sanitary Administration within the Rural District for the year ended 31st December, 1959.

MEAT, MILK AND OTHER FOODS.

Meat.

Four slaughterhouses have been in use during the year.

CARCASSES INSPECTED AND CONDEMNED.

	Cattle exclud'g Cows	Cows	Calves	Sheep and Lambs	Pigs
Number killed	176	3	30	976	501
Number inspected	168	3	25	791	469

Meat and Edible Offals Condemned.

Moribund and badly bled	29 lbs.
Distomatosis	36 lbs.
Pneumonia	151 lbs.
Tuberculosis	169 lbs.
Injury	260 lbs.
Total	<u>645 lbs.</u>

Milk.

The premises used for this trade which come under the jurisdiction of the Council have given no cause for complaint.

Other Foods.

The following details show the position with regard to food premises :

Type	No.	Registered Section 14 F. & D. Act	Inspections
General Provisions	47	—	103
Cafes	11	—	116
Hotels and other licensed premises	33	—	71
Works Canteens	1	—	4
Dairies	21	—	68
Mobile Canteens	1	—	7
Ice Cream Manufacturers	1	1	18
Ice Cream Retailers	30	30	59

The general high standard of food premises has been maintained.

The close supervision of the arrangements for one-day fixtures and the good co-operation from those responsible has continued during the year.

Ice Cream.

Having only one small manufacturer of ice cream, the vast majority of ice-cream sold in the district comes from large concerns in other areas. This ice-cream is almost invariably supplied to the customer in cartons or wrappings.

It has not been necessary to draw attention to any infringements during the year.

PUBLIC CLEANSING.**Refuse Collection and Disposal.**

This service is carried out by three lorries. One S.D. Freighter with a crew of three, one 3-ton Bedford Eagle lorry with a crew of three, and a Contractor's lorry manned by two men.

The S.D. Freighter covers the parishes of Wolverley, Cookley, Churchill and Blakedown and Broome and gives a fortnightly service to these built up areas. The Bedford deals with the parishes of Chaddesley Corbett, Stone and Rushock and gives a fortnightly service. The parishes of Rock, Upper Arley, Kidderminster Foreign and Ribbesford are dealt with by the Contractor.

Consideration will have to be given next year to the acquisition of further land for tipping.

The following are the details of the number of loads dealt with :

Tipped at Wolverley	1,878 loads
Tipped at Rock	309 „
					<hr/> 2,187 loads <hr/>

All these tips are regularly sprayed with D.D.T. and other insecticides and little nuisance has arisen from flies, crickets, etc.

Night Soil Collection.

The commencement of work on the Sewerage Scheme in the village of Chaddesley Corbett brings nearer the end of the old-established system of night soil collection. Whereas the contractor has always carried out his duties satisfactorily, no one will be sorry to see the cessation of his activities.

WATER SUPPLY.

The Rural District is very well supplied with water from several sources. Bacteriological samples are regularly taken and when necessary chemical analyses are made. Details of samples taken are as follows :

<i>Public Supplies Mains</i>					Fit	Unfit	Total
Cookley Borehole	9	—	9
Elan Valley	6	—	6

Appended herewith is a summary of the work carried out during the year.

Number of infestations dealt with at private houses ...	407
Number of infestations dealt with on business premises	9
Number of other infestations dealt with	12
Number of complaints received	83

Sewers.

Acting on the instructions of the Ministry of Agriculture and Fisheries, the sewers at Blakedown and Wolverley were test baited during the year with satisfactory results.

Worcestershire Agricultural Executive Committee.

The co-operation between this Committee and ourselves has been excellent, and our thanks are due to all concerned.

Worcestershire Planning and Advisory Committee.

I am pleased to be able to report that this Committee has done very useful work during the year.

HOUSING.

Although only four houses were completed during the year, it is pleasing to report that a further 46 are in course of erection and it is hoped that a larger number will become available in a future programme.

PETROLEUM ACTS.

Your Public Health Inspector also undertakes the duties of Petroleum Inspector, and the following figures are of interest :

Number of Premises licensed for Storage :

Private	5
Business Premises	42
For Re-sale	11
Total								58
Total fees received								£29 5s. 0d.

It was not necessary to draw the attention of any Licencee to any serious infringements of the Acts.

CONCLUSION.

In conclusion, Gentlemen, may I express my thanks for the interest and support given by the whole of the Council during the year.

I would also express my appreciation of the willing co-operation which I have received from the Clerk, Mr. J. H. Swann, the Surveyor, Mr. A. S. Northover, the Rating Officer, Miss I. M. Mountford, and the whole of the Council's staff.
