Dinnick, Hygienic and Medical Port Health Authority, Salcombe. Address and Telephone Number of Mr. A.L.C. Cox, the Deputy Medical Officer of Health.

SECTION II - Amount of sickness entering the district during the year.

TABLE B

Ships from	Number	Foreign	Number reported		Number of ships reported as having or having had during the voyage, infectious diseases on board.
			by the Medical Officer of Health.	by the Public Health Inspector.	
Foreign Ports + Channel	101	127	-	-	-
Channel	127	127	-	-	-
TOTAL	228	254	-	-	-

SECTION III - Comparison of ships on and from during the year.

TABLE C

CARGO TRAFFIC	Principal Imports - Nil.
PASSENGER TRAFFIC	Number of passengers - 111.
	Number of passenger omnibuses - Nil.
	Number of passenger omnibuses - Nil.

PRINCIPAL PORTS from which ships arrive - Channel Islands, North and West coast of France and Coastwise yachts.

Character of shipping - 23 yachts arrived from the Channel Islands; 39 from the North and West Coast of France; and one from Sire. 323 coastwise yachts; and 4 R.A.S.C. vessels. 1 yacht from Corunna.

It is estimated that about 700 persons landed from the yachts. 34 direct from other ports.

SECTION IV - Inland Barge Traffic

NIL

SECTION V - Water Supply

- (1)(a) South Devon Water Board.
 - (1)(b) South Devon Water Board.
 - (2) Frequent analyses are made - results entirely satisfactory.
 - (3) Hydrants protected by chambers and covers. All obsolete ones have been replaced. Hosepipes sterilised by chlorox solution. The water point for supplying the water boat at Whitestrand Quay was in the nature of a standpipe, and this necessitated a long length of hose to supply the boat. This new arrangement has proved to be most satisfactory.
 - (4) Sanitary conditions satisfactory. Inspected by Customs Officer, Medical Officer of Health and Public Health Inspector. Tanks cleansed and sterilised at the beginning of the season and afterwards when found necessary. Water samples taken were satisfactory.
-

SECTION VI - Public Health (Ships) Regulations, 1952

- (1) Weekly Records of Quarantinable Diseases issued by the Ministry of Health filed and available for reference. Copy of the list of Seaports in which a confirmed or suspected case of a quarantinable disease has occurred is forwarded to the Customs Officer.
 - (2) It is understood that any ships wishing to land passengers would wireless their Agents who would inform the Customs Officer. No passenger vessel arrived at Salcombe during the period under review, and none arrived from infected ports.
 - (3) The Signal Stations at Prawle and Start would receive or send messages, visual or radio.
 - (4) The approved mooring station is The Range, situated outside the Bar between Jone's Wall and Queen's Head.
 - (5)(a) The City Isolation Hospital, Plymouth..
 - (5)(b) If a case of Infectious Disease is landed from a vessel, all persons on board are regarded as contacts, and are kept under surveillance throughout the incubation period during their stay in port. When contacts land, their names and addresses are taken, and these particulars are forwarded to the Medical Officer of Health of the District to which they are proceeding so that they may be kept under observation until the quarantine period has elapsed.
 - (5)(c) When a case of Infectious Disease is removed from a ship, the quarters on board are disinfected by Formalin. Cleansing and disinfection of persons clothing and other articles can be carried out in the City of Plymouth by arrangement with the Medical Officer of Health.
-

SECTION VII - Smallpox

- (1) The Smallpox Hospital (Smallpox Hospital, Liskeard, Cornwall), in the Plymouth Clinical Area.
- (2) The Plymouth Ambulance Service, Greenbank, Plymouth. Telephone No:- Plymouth 64101.
- (3) Dr. W.A. Lister, 7, The Crescent, Plymouth. Telephone No:- Plymouth 65701 and Devonport 40).

(3) (Continued)

Dr.D.F.Johnstone, The Scott Isolation Hospital, Plymouth, or in his absence, his Deputy must be informed immediately and invited to come and see the case. Telephone No:- Plymouth 64311.

(Ministry of Health Panel of Practitioners designed to assist the Medical Officer of Health in the diagnosis of Smallpox).

- (4) The Virus Reference Laboratory, Central Public Health Laboratory, Colindale Avenue, London, N.W.9.

Ministry of Health Medical Memorandum, 1957.

A Memorandum has been prepared enumerating the measures to be carried out in the event of the occurrence of Smallpox in the District. This has been circulated to all concerned and a copy has been sent to the Ministry of Health (15th July, 1952).

SECTION VIII - Venereal Disease

Plymouth, South Devon and East Cornwall General Hospital Group.

Special Treatment Centre.

South Devon and East Cornwall Hospital, Freedom Fields, Plymouth.

SECTION XIV - Public Health (Shell-Fish) Regulations,
1934 and 1948

The Kingsbridge and Salcombe Estuary receives the whole of the sewage from the townships of Kingsbridge and Salcombe in an untreated state, and consequently, special measures are necessary in regard to shell-fish.

Shell-fish. Under the Public Health (Shell-fish) Regulations, the taking of Cockles, Winkles, Limpets or Mussels from any part of the Kingsbridge Estuary inside Salcombe Bar for the purpose of sale for human consumption is prohibited unless they are :-

- (i) Subjected to a satisfactory process of cleansing at an Establishment which is for the time being approved by the Minister of Health for the purpose; or
- (ii) Relaid in pure water for such period and in such places as may from time to time be approved for the purpose by the said Authority; or
- (iii) Subjected to a process of sterilisation by steam under pressure for at least six minutes in an apparatus which is for the time being approved by the said Authority.

NOTE: With reference to para (ii), this method of purification is not considered suitable under local conditions.

OYSTER LAYING IN THE ESTUARY

Not yet resumed.

SECTION XV - Medical Inspection of Aliens (applicable only
to ports approved for the landing of aliens)

Not applicable.

SECTION XVI - Miscellaneous

There is a Mortuary in Shadycombe Cemetery, Salcombe. Agents make their own arrangements for the interment of the dead. Where deaths have occurred from any of the five major diseases, cremation is advised.

W.T. Smales

FEBRUARY, 1961.

Medical Officer of Health.

SECTION XIV - Public Health (Shell-Like) Regulations
1934 and 1935

The Kingdome and Salomons Islands have the whole of the average from the
compliance of Kingdome and Salomons in an untreated state, and consequently,
special measures are necessary in regard to shell-like.

Shell-Like

Under the Public Health (Shell-Like) Regulations, the taking of
shell-like, whether in its natural state or in any form of the Kingdome
Islands, is prohibited for the purpose of sale for human
consumption. It is prohibited unless they are:-

- (i) Subjected to a satisfactory process of cleansing at an
establishment which is for the time being approved by the
Minister of Health for the purpose; or
- (ii) Held in pure water for each period and in such places as may
from time to time be approved for the purpose by the said
Authority; or
- (iii) Subjected to a process of sterilization by steam under pressure
for at least six minutes in an apparatus which is for the time
being approved by the said Authority.

NOTE: With reference to para (ii), this method of purification is not considered
suitable under local conditions.

SECTION XV - THE SEWAGE

Not yet revised.

SECTION XVI - Medical Investigation of All Cases (Shell-Like) only
to be approved for the purpose of sale

SECTION XVII - Miscellaneous

There is a necessity in the Kingdom of Salomons, to make their own
arrangements for the treatment of the dead. These deaths have occurred from any
of the five major diseases, or from a variety of causes.

Medical Officer of Health

February, 1935
