KINGSBRIDGE URBAN DISTRICT COUNCIL

ANNUAL REPORT
OF THE
MEDICAL OFFICER OF HEALTH
FOR THE YEAR 1960

Medical Officer of Health: R. B. WALKER, M.R.C.S., L.R.C.P., D.P.H.

Deputy Medical Officer of Health: W. H. COWPER, M.B., B.CH., B.A.O.

Surveyor and Public Health Inspector: L. J. HILL,
A.M.I.MUN.E., M.R.S.H.

MR. CHAIRMAN, LADY AND GENTLEMEN,

I beg to present the Report on the health of the district for the year 1960.

STATISTICS AND SOCIAL CONDITIONS OF THE AREA

Area (in Acres)—1,147½.

Population—The Registrar-General's estimate of the resident population—3,100.

Number of inhabited houses at 31st March 1960 according to the Rate Book—1,066.

Number of unoccupied houses—23.

Rateable Value as at 1st April 1960—£48,000.

Sum represented by a Penny Rate—£207.

The town of Kingsbridge is the market centre of an agricultural and highly attractive country district, and its inhabitants are mainly engaged in commerce.

The social conditions are generally favourable to health and longevity.

VITAL STATISTICS

Live Births :

		Total	M.	F.
Legitimate	...	45	25	20
Illegitimate	...	2	1	1
		—	—	—
		47	26	21

Birth Rate per 1,000 of the estimated resident population : 15.16%

Still Births ... — — —

Rate per 1,000 total (live and still births): 15.16%

Deaths 68 35 33

Death Rate per 1,000 of the estimated resident population : 21.93%

Deaths from Maternal causes (heading 30 of the Registrar-General's Short List):

	Deaths	Rate per 1,000 Total (Live and still births)
*Pregnancy, Childbirth, Abortion ...	—	—

Death Rate of Infants under 1 year of age :

All Infants per 1,000 live births ... 21.18%

Legitimate Infants per 1,000 legitimate live births 21.18%

Illegitimate Infants per 1,000 illegitimate live births —

Deaths from Cancer (all ages) ... 9

Deaths from Measles (all ages) ... —

Deaths from Whooping Cough (all ages) ... —

GENERAL PROVISIONS OF HEALTH SERVICES FOR THE AREA

The Public Health Officers of the Authority are a Medical Officer of Health (also Medical Officer of Health of Plympton Rural District, Kingsbridge Rural District and Salcombe Urban District).

Deputy Medical Officer of Health (occasional).

One full-time Surveyor and Public Health Inspector.

LABORATORY FACILITIES. The Public Health Laboratory Service provides a service at the South Devon and East Cornwall Hospital, Plymouth, for the investigation of communicable diseases and the examination of milk, water supplies, ice cream and foodstuffs, etc.

PERSONAL HEALTH SERVICES. The Devon County health handbook gives details of the various services provided in the district by the County.

NOTIFIABLE DISEASES (OTHER THAN TUBERCULOSIS) DURING THE YEAR 1960

Disease			Total Cases Notified	Admitted to Hospital	Deaths
Measles	50	—	—
Scarlet Fever	1	—	—
			51	—	—

TUBERCULOSIS

NEW CASES AND MORTALITY DURING 1960

Age Periods	New cases				Deaths			
	Respiratory		Non-Respiratory		Respiratory		Non-Respiratory

55—65 years	—	—	—	—	—	—	—	—
65 years and upwards	—	—	—	—	—	—	—	—
Totals	—	—	—	—	—	—	—	—

SANITARY CIRCUMSTANCES OF THE AREA

WATER SUPPLY. Although the local Water Board was deeply occupied with various schemes for re-grouping and re-organisation these semi-political and administrative problems had no effect on the continued supply of water to the area.

During 1960 the quantity and quality remained at the former highly satisfactory levels, and although, because of the international situation, questions were raised about possible dangers to public health arising from the contamination of the supply by radio active fall-out or other nuclear means, from the information available to me I am satisfied that the public is, at present at any rate, facing no danger in this respect.

DRAINAGE AND SEWERAGE. There were no large extensions to the system during the year nor were any untoward problems encountered.

I feel that, while on the whole the system is satisfactory it would not be waste of time if consideration could be given at some appropriate time in the future, to the question of improving the method of disposal.

HOUSING. My remarks for 1959 regarding the housing demand apply equally to 1960 and although the demand is small in proportion it is steady, and an amount of work on slum clearance awaits the building of new houses to provide the necessary alternative accommodation.

Toward the end of the year I am advised that the progress on the design of the new estate was slowed because of differing points of view between the Planning Authority, the Council and the Ministry, but I look forward confidently to much better progress in the future.

The first scheme for the modernisation of older council houses was completed and is highly successful. This policy is a good one and I fully endorse the wisdom of the Council in continuing this work with further schemes.

PUBLIC CLEANSING. This weekly collection of refuse remains as before but this year I was glad to see a modern dustless vehicle of the most advanced type in full use.

This innovation was, and is, a vast improvement on the previous "side loader" vehicle and has resulted in an improved service.

FOOD

1. The numbers of types of food premises in the area are as follows:

Greengrocer, 5; Grocer, 14; Butcher, 5; Restaurants, 5; Wet Fish Shops, 1; Fried Fish Shops, 2; Baker, 4.

In addition to the above, one person maintains premises for the reception, cleaning and preparation for sale of wet fish and thereafter sells from a properly constructed vehicle.

2. The number of food premises registered under Section 16 of the Food and Drugs Act, 1955, is as follows :

Manufacture of Icecream	1
Storage of Icecream for sale	25
Preparation or manufacture of Sausages, etc.	4
Number of Dairies registered under the Milk and Dairies Regulations, 1954 ...	3

3. The number of inspections of food premises in the year was 42. This number does not include re-visits where found necessary. The general standard of food premises in the town is good.

4. THE METHOD OF DISPOSAL OF CONDEMNED FOOD : In the rare cases where large amounts are required to be disposed of, this is done through a recognised firm specialising in the preparation of fertilizers, etc. In other cases, goods are removed by the refuse collection gang and buried at the disposal site.

5. It was not necessary during the year for any special examination of a stock or consignment of food to be undertaken.

APPENDIX

Carcases and Offal inspected and condemned in whole or in part :

	Cattle Excluding Cows	Cows	Calves	Sheep and Lambs	Pigs	Horses
Number killed (if known)	218	—	—	633	1	—
Number inspected	186	—	—	496	1	—
All diseases except Tuberculosis and Cysticerci						
Whole carcasses condemned			Nil			
Carcases of which some part or organ was con- demned	20			12		
Percentage of the number inspected affected with disease, etc.	10.75			2.42		
Tuberculosis only : ..			Nil			
Cysticercosis			Nil			

NUISANCES, Etc.

Number of complaints received :

(a) alleging nuisances	17
(b) alleging housing defects	236
(c) other complaints	9
Nuisances proved	5
Minor housing repairs dealt with	202
Other complaints remedied	3
Informal letters sent	6
Statutory Notices	4
Total number of inspections in connection with erection of new houses and conversions	78
Total number of inspections in connection with Public Health	93

FACTORIES ACT, 1937 and 1948

PREScribed PARTICULARS ON THE ADMINISTRATION OF THE FACTORIES ACT, 1937 and 1948

PART I OF THE ACT

1. INSPECTIONS for the purposes of provisions as to health (including inspections made by the Public Health Inspector).

Premises	No. in Register	Inspect'ns	Number of Written Occupiers Notices	Prosec'd
(1)	(3)	(4)	(5)	(6)
(i) Factories in which Sections 1, 2, 3, 4, and 6 are to be enforced by Local Authorities	5	2	—	—
(ii) Factories not included in (i) in which Sec. 7 is enforced by the Local Authority	42	11	—	—
(iii) Other Premises in which Sec. 7 is enforced by the Local Authority (excluding out - workers' premises)	—	—	—	—
TOTAL	47	13	—	—

I am,

Your obedient Servant,

R. B. WALKER,

Medical Officer of Health.

October, 1961.
