LOWESTOFT PORT HEALTH AUTHORITY

ANNUAL REPORT FOR THE YEAR 1970

Port Medical Officer of Health: Dr. A.C. GEE

Chief Port Health Inspector: H. CORMACK

Deputy Port Health Inspector: F.G.S. HILL

CHARACTER OF PORT

The outer harbour consists of the Waveney Dock, Hamilton Dock, and Trawl Dock and the inner harbour is formed by Lake Lothing from the Bridge to Nutford Lock.

The outer harbour is used for the landing of white fish and herrings and for the fuelling and icing of the fishing fleet. The inner harbour is used for ship building, repairs, and servicing of shipping and general commercial use.

Improvements were carried out to the roadway behind the Fish Market during the year and the contractors commenced work on a new bridge to replace the Swing Bridge.

MEDICAL SERVICES

The Port Medical Officer is frequently asked for medical advice regarding injured or sick seamen aboard vessels making for the port. Details of these cases come to the shipping agents concerned, by radio telephone.

Foreign seamen are seen by the Port Medical Officer and either sent to hospital or the master of the vessel given instructions regarding suitable treatment. Seamen on local boats, who live in the district are referred to their own family doctors.

The Royal National Mission to Deep Sea Fishermen has a modern hostel for fishermen in the town, to which a local general practitioner is attached for any medical services that may be required.

WATER SUPPLY

Mains water is supplied throughout the docks, metered supplies are provided to every office and fish merchants stands. Additional supply points are provided for the watering of trawlers and for the cleansing of the fish market.

MARKET CLEANSING

The fish markets are hosed down daily using mains water and this work has been efficiently carried out all through the year by the employees of the Docks Board.

FISH LANDINGS FOR THE YEAR

1899 landings were made by trawlers during the year. Five trawlers joined the fleet from other ports. Twelve trawlers left the port and of these four were sold for breaking up.

The quantities and values of fish landed during 1970 are as follows:

	Cwts.	Value(£s)
Brill	250	3,576
Catfish	1946	7,382
Cod	81948	452,534
Conger Eels	2	9
Dabs	2560	12,615
Dogfish	15008	63,758
Gurnards	2121	5,248
Haddock	32939	129,181
Hake	614	7,213
Halibut	37	774
Lemon Soles	4638	79,282
Ling	787	1,828
Mackerel (Trawl)	23	150
Monkfish	536	3,838
Plaice	380431	2,640,889
Pollock	136	511
Roes	276	1,947
Saithe	617	1,417
Skates/Rays	5316	27,063
Soles	3549	144,273
Turbot	11702	253,365
Whiting	1765	5,413
Witches	199	1,311
All others	576	2,232
	<u>547976</u>	<u>3,845,809</u>

IMPORTED FOOD

Regular importations of canned meat, canned cream, frozen meat and offal were received at the shipping company warehouse and were inspected prior to release for distribution to inland storage depots.

INSPECTIONS

1,498 inspections of trawlers were made during the year in connection with the sanitary conditions aboard ship, water supply and the cleanliness of fish rooms.

The attention of the owners was drawn to the following matters:-

Unsatisfactory cleanliness of fish holds	117
Galleys and cabins in need of cleansing and painting	8
Water tanks in need of cleansing	17
W.C. pans requiring renewal	2
Dirty bedding	18
Food lockers requiring cleansing and painting	35

As in previous years the owners gave instructions for these conditions to be remedied immediately after notification.

FISH INSPECTION

All white fish landed was inspected daily before the commencement of the fish auction sales. The general quality of fish was excellent and there were very few occasions when condemnations of fish took place.

RODENT CONTROL

233 inspections were made in connection with the issue of certificates under the Prevention of Damage by Pests (Application to Shipping) (Amendment No.2) Order, 1956.

VERMIN

Crew accommodation was disinfested for the following causes:

Lice ...	5
Scabies ...	1
Fleas ...	1

CONCLUSION

It is once again our pleasure to place on record our appreciation of the ready and willing co-operation which has at all times been accorded to the Public Health Department by the Docks Manager and his staff, the District Fisheries Officer, H.M. Customs and Excise Officers, and the various sections of the fishing industry.

SECTION I - STAFF
