Report of the Port Health Inspector

by

T.D. BRYAN, B.Sc., M.B., D.P.H.

MALDON PORT HEALTH AUTHORITY

To the Mayor, Aldermen and the Councillors of the Borough of Maldon.

Mr. Mayor, Ladies and Gentlemen,

I have to present my 11th Annual Report on the sanitary conditions of the Port of Maldon, covering the year ending 31st December, 1964.

Both the number of ships using Maldon and the tonnage carried continues to increase and recent developments suggest that this trend will continue.

The inspection of shell fish and their regular sampling has continued throughout the year and results have been satisfactory.

Although no passengers have passed through the Port it has been necessary to inspect members of ships crews and advise on their treatment. The recent regulations concerning long-stay immigrants suggests that this type of work will continue to increase.

I am,  
Mr. Mayor, Ladies and Gentlemen,

Your obedient Servant,

T.D. BLOTT.

Medical Officer of Health.
