June, 1960.

### To the Chairman and Members of the Maldon Rural District Council

Mr. CHAIRMAN, MADAM AND GENTLEMEN,

I present for your consideration my Annual Report for 1959.

The increase in the number of infectious diseases notified during the year as compared with the previous year is due largely to an epidemic of measles.

The silent social revolution which is turning our district into a suburban area gathered momentum during the year. Urbanisation makes the need for close co-operation between the County Council as Planning authority, and our Council as Health authority, a matter of necessity.

Pressure from outside interests often creates a situation where lack of planning and lack of health services flourish side by side in a shanty town environment. There is a great demand for seaside caravans and week end chalets within easy reach of North London and Metropolitan Essex, and the land owners round the coast find that catering for this need is the most certain and profitable of all the crops their land could grow.

Whilst the County authorities endeavour to restrict development to certain areas, they are not always successful, and areas such as Maylandsea and the Stone seem destined to grow with or without the blessing of the planners.

If we are to avoid the unplanned slums which Disraeli so aptly described in "Sybil" a hundred years ago, then plans must be made now for servicing such areas and if necessary altering our ideas about planning.

Planning will not succeed unless the public are convinced of its need and here public health departments have a vital role in educating public opinion.

In Public Health it is unwise to depart from basic principles, and the present policy of centralising responsibility for dealing with radiation hazards is such a departure from basic principles.

A well educated public is the best safeguard of the nation's health and the public have learnt to rely on their local health committee and its advisers for guidance in health matters.

In the long run the failure to place some degree of responsibility for radiation hazards on local Medical Officers will be shown to be the wrong policy. Meanwhile local health authorities must beware of seeming to endorse the practices of so called experts who too often are proved wrong by events, and they should not join liaison committees unless they insist on taking an active and knowledgeable part in the deliberations of such bodies.

This Council can be proud of its activities to promote the district's health during 1959.

They have planned to provide more old persons' dwellings so as to enable many to enjoy the eventide of life amongst old friends and neighbours instead of in remote institutions.

A full refuse collection has been successfully introduced.

Plans for extensive sewering at Wickham Bishops and Bradwell have been carried forward with vigour, and a cesspool emptying service is under active consideration.

This forward looking attitude will undoubtedly enable the health problems of the silent revolution to be met with confidence.

Your Senior Public Health Inspector and your Surveyor have borne the brunt of the work of forwarding these schemes and in the preparation of this report for which I thank them.

I am also indebted to the Chairman and to many Members of the Council for their help and advice during the year.

I have the honour to be, Madam and Gentlemen,

Your obedient Servant,

T. D. BLOTT.

### PREVALENCE OF AND CONTROL OVER INFECTIOUS DISEASES.

### Notifiable Diseases (other than Tuberculosis) during 1959.

Four hundred and sixty-seven cases of notifiable diseases (exclusive of Tuberculosis) came under observation compared with one hundred and thirty-six for the previous year.

Notifiable Disease		Total Cases	Under 1	1-2	2—3	3	4-5	5-10	10—15	15-20	20-35	35—45	45—65	65 and over	Cases admitted to Hospital

### GENERAL PROVISION OF HEALTH SERVICES FOR THE AREA.

Hospital treatment for patients in the area is the responsibility of the Regional Hospital Boards.

The Children's Department of the Essex County Council is responsible for the welfare of children and young persons in the area.

### AMBULANCE FACILITIES

These are provided by the Essex County Council and the Ambulance Station for the area is in Spital Road, Maldon.

CLINICS AND TREATMENT CENTRES (provided by the County Council).

### Tuberculosis Dispensary:

St. Peter's Hospital, Maldon; each Friday, 2-5 p.m.

### Maternity and Child Welfare Centres:

Mayland	Henry Samuel Hall	4th Thursday in each month 2.30 p.m.	
Bradwell- on-Sea	Village Hall	1st Wednesday in each month 2 p.m.	
	Baptist Chapel School Room	4th Monday in each month 2.30 p.m.	
Tollesbury	Institute	1st and 3rd Tuesdays in each month 2 p.m.	
Wickham Bishops	Church Room	2nd Wednesday in each month 2 p.m.	
Althorne	Village Hall	3rd Wednesday 2 p.m.	
	Village Hall		

### Maternity and Child Welfare Centres-contd.

Cold Norton	Village Hall	4th Tuesday in each month 2 p.m.	Doctor in attendance
Tillingham	Village Hall	2nd Thursday in each month 2.30 p.m.	Doctor in attendance
Mundon	Victory Hall	1st Thursday in each month 2 p.m.	Doctor attends alternate months
Heybridge	Waring Hall	2nd and 4th Tuesdays in each month 2.30 p.m.	Doctor attends 2nd Tuesday
Maldon	Health Centre	Every Friday 2 p.m.	Doctor attends 1st, 3rd, and 5th Fridays
*Woodham Walter	Women's Institute Club Room	Last Thursday in each month 2.30 p.m.	Doctor in attendance on 5th Thurs.
ALTERN ! CV			

\*This Clinic has the Medical Officer in attendance only when there are 5 Thursdays in the month and the Clinic is held on that Thursday instead of 3rd Thursday.

Goldhanger	Village Hall	3rd Thursday in each month 2 p.m.	Doctor in attendance
Tolleshunt D'Arcy	Village Hall	1st Thursday in each month 2.30 p.m.	Doctor in attendance
Woodham Mortimer	Village Hall	2nd Thursday in each month 2—4 p.m.	No doctor in atttendance
Latchingdon	Village Hall	4th Wednesday in each month	Doctor attends all sessions

Ante-Natal Clinics

Health Centre. 3rd and 5th Tuesday in Wantz Chase, Maldon each month 10 a.m.

Doctor in attendance

Women's Welfare Clinic:

Health Centre, 3rd and 5th Tuesday Doctor in Wantz Chase, Maldon 10 a.m.

attendance

School Clinics:

Orthopaedic After Treatment Centre

Health Centre, Wantz Chase,

By appointment

Maldon

Minor Ailments Clinic Health Centre,

Wantz Chase,

1st, 3rd & 5th Fridays 9.30 a.m.—12 noon. Doctor in attendance

Maldon

St. Peter's Hospital, Maldon By appointment

Speech Therapy

Eye Clinic

Health Centre. Wantz Chase,

By appointment

Maldon

Dental Clinics are also held at the Maldon Health Centre and other places in the district as and when required.

For operative treatment for the removal of Adenoids and enlarged Tonsils arrangements have been made by the Essex County Education Committee at the following hospitals:-

Chelmsford and Essex, Chelmsford; St. John's, Chelmsford and Essex County, Colchester.

Family Planning Clinic:

Coval Lane Clinic Chelmsford

Tuesday evenings.

Treatment Centres for Venereal Diseases:

These are situated at Chelmsford and Colchester Hospitals Oldchurch County Hospital, Romford, and a number of London General Hospitals.

### PROFESSIONAL NURSING IN THE HOME.

- (a) General Nursing—this is under the supervision of the County Council.
- (b) Infectious Diseases. No arrangements have been made by the District Council.

Home Helps. Application should be made to the Area Medical Officer of Health at 75, Springfield Road, Chelmsford. (Tel. No. Chelmsford 4891).

LABORATORIES. Public Health Laboratory Service, Chelmsford & Essex Hospital, London Road, Chelmsford.

During the year no action was taken under Section 47 of the National Assistance Act, 1948, which deals with the removal to suitable premises of persons in need of care and attention.

Section 50 of the National Assistance Act, 1948, made the district council responsible for the burial or cremation of the body of any person who had died or been found dead in their area, where no suitable arrangements for the disposal of the body have been or are being made otherwise than by the authority.

No action was taken under the Act during 1959 and since the passing of the Act 12 burials have been carried out.

#### PUBLIC CLEANSING

### Nightsoil.

A weekly nightsoil collection from all parishes in the area is carried out by private contractors.

#### Refuse.

A weekly refuse collection is carried out by contractors in the Parishes of Southminster and Tollesbury and a fortnightly collection on all the main roads in the other Parishes.

The more outlying properties have a monthly tin and bottle collection by direct labour.

### Prevention of Damage by Pests Act, 1949.

The Council operates a rat destruction scheme and employs a full time rat catcher.

Work is carried out on farms, domestic premises and Local Authority undertakings such as tips, sewage works and sewers throughout the whole of the Rural District.

During the year 1,603 visits were made by the rat catcher on treatment work. In addition to the treatment work, inspections are regularly carried out throughout the area.

### SANITARY INSPECTION OF THE AREA.

The following table, prepared by the Sanitary Inspector is a classified statement of the number of premises visited, the defects or nuisances discovered, and the action and result of action taken in regard to these.

14

Smoke Abatement. No cause for action occurred throughout the year.

**Swimming Baths and Pools.** There is a small open-air salt-water pool at Tollesbury from which samples are regularly taken during the swimming season. All the samples taken during the year gave satisfactory results.

Knackers' Yards. There is one in the district, situated in the parish of Purleigh.

Movable Dwellings. During the year 5 licences to site movable dwellings were granted under Section 269 of the Public Health Act, 1936.

Houseboats. During the year 14 licences to moor or place houseboats were granted under the Essex County Council Act, 1952, Part VII. These are situated in the parishes of Althorne, North Fambridge, Latchingdon and Tollesbury.

Bakehouses. There are 7 in the district, situated in the following parishes:—Goldhanger 1, Tillingham 1, Tolleshunt D'Arcy 1, Tollesbury 2, and Wickham Bishops 2.

Regular inspections are carried out. On each inspection the conditions were found satisfactory.

### FOOD AND DRUGS ACT, 1955

### INSPECTION AND SUPERVISION OF FOOD.

### Milk Supply.

There are 24 distributors of milk in the district which are supervised by the District Council.

### Unfit Food.

During the year the following food-stuffs have been examined, condemned and surrendered as unfit for human consumption:—

 $100 \ge 24$ lb. boxes Concordia brand Santa Clara Californian prunes.

226 x 22 kilo boxes Californian prunes.

 $360 \times 11\frac{1}{2}$  kilo boxes Chilean prunes.

117 x 25 lb. boxes South African prunes.

4 lbs. chilled beef.

### Meat Inspection.

There are licensed in the District five slaughterhouses. A regular inspection is made of all animals killed and the following table shows the number killed throughout the year and the amount of meat condemned as unfit for human consumption.

## Carcases and Offal Inspected and Condemned in whole or in part during 1959.

	Cattle Excluding Cows	Cows	Calves	Sheep and Lambs	Pigs	Horses
Number killed (if known)	612	406	15	1,931	1,932	ī.

### WATER SUPPLY.

A piped water supply from the mains owned by the District Council was available to 96 per cent of the population. The figures for each parish are set out in the table below.

The supply is augmented from two local works :--

Springs at Warren Bottom and Jacobs Well, Woodham Walter.

Springs at Asheldham.

The supplies from these two works are chlorinated.

Under the Southend Waterworks Act and the South Essex Waterworks Act, the District Council has certain legal rights to be supplied by these companies with a bulk supply of water. The following table gives details of the water supplied to the District for the year ending 31st March, 1960:—

Source of Supply	Total Gallons	Average Daily
South Essex Waterworks Co Southend Waterworks Co Lexden and Winstree R.D.C	144,694,000 69,589,000	395,000 190,000
Chelmsford	18,000	-
Total Amount Purchased	214,301,000	585,000
Own Supplies— Asheldham	6,492,000	18,000
Warren Bottom, Woodham Walter Jacobs Well, Woodham Walter	34,220,000 26,212,000	94,000 71,000
Total	66,924,000	183,000
Total supplied from all Sources	281,225,000	768,000

The total amount of water supplied for the previous year was 233,505,000 gallons. During 1959-1960 there were 797 meters in use for non-domestic purposes.

Daily consumption per head per day on an estimated population of 16,500 (this figure includes the labour camp at the Nuclear Power Station, Bradwell-on-Sea) was:—

Domestic Trade		gallons
Total	 _	gallons

Absent 100 ml.

### Report

This sample is clear and bright in appearance and is free from metals. It has, however, a reaction slightly on the acid side of neutrality on account of which it will tend to show corrosive characteristics. The hardness of the water is moderate and it contains no excess of mineral or saline constituents in solution. Its organic quality and bacterial purity are of a high standard.

These results are indicative of a pure and wholesome water, suitable for public supply purposes except that a higher pH would be desirable from the aspect of avoiding corrosion of metals.

### SOUTH ESSEX WATERWORKS COMPANY

### Report

This sample is practically clear and bright in appearance, faintly alkaline in reaction and free from metals apart from a negligible trace of aluminium. The hardness of the water is very moderate and it contains no excess of mineral or saline constituents in solution. Its organic quality is very satisfactory and it conforms to the highest standard of bacterial purity.

These results are considered satisfactory and indicative of a pure and wholesome water suitable for public supply purposes.

Cl. Welchii Reaction:

Absent 100 ml.

### Report

This sample is clear and bright in appearance and is free from metals. It does show, however, a slightly acid reaction due to content of free carbon dioxide with very low alkalinity. On this account it will show corrosive and possibly plumbosolvent characteristics. The hardness of the water is moderate and it contains no excess of mineral or saline constituents in solution. It conforms to the highest standard of organic quality and is of very satisfactory bacterial purity.

These results are indicative of a water which is pure and wholesome in character and suitable for public supply purposes, apart from the disadvantage of corrosive characteristics.

### DRAINAGE AND SEWERAGE

### Goldhanger

Work is practically completed on the construction of the sewage works and the laying of the sewers for this village.

### Wickham Bishops and Great Totham

Surveys, plans and levels have now been completed and the report is ready for submission to the Ministry.

### Tillingham

Work is in hand on the survey and levels for re-sewering and new disposal works for this village.

### Bradwell-on-Sea

A scheme is now in preparation for the sewering of the village and new sewerage works.

### PUBLIC HEALTH ACT, 1936-SECTION 47.

### Southminster and Tollesbury.

During the period covered by this report, conversions of pail closets to water closets were carried out at 23 properties, and the Council under the above Section paid 50% towards the cost of conversions at 19 properties.

### HOUSING

### Statistics for the Year, 1959.

(ii) By other bodies and persons ... ... 66

The following table classifies the houses erected and owned by the District Council into Parlour and Non-Parlour types.

PARISH		Parlour Type	Non-Parlour Type	Totals
Althorne		_		_
Asheldham		5	2	7
Bradwell-on-Sea		12	6	18
Braxted, Great		12	6	18
Braxted, Little			4	4
Cold Norton		_	10	10
Dengie		_	8	8
Fambridge North		1		_
Goldhanger		8	58	66
Hazeleigh		_	6	6
Langford		_	_	_
Latchingdon		32	48	80
Mayland		_	12	12
Mundon		10	12	22
Purleigh		8	37	45
St. Lawrence			_	_
Southminster		54	43	97
Steeple		10	12	22
Stow Maries		6	12	18
Tillingham	19100	30	26	56
Tollesbury		48	20	68
Tolleshunt D'Arcy		46	16	62
Tolleshunt Knights		_	10	10
Tolleshunt Major		6	11	17
Totham, Great		61	33	94
Totham, Little		4	7	11
Ulting		_	_	_
Wickham Bishops		31	26	57
Woodham Mortimer		12	6	18
Woodham Walter		14	12	26
Totals		409	443	852

The total includes six Coastguard cottages (parlour) re-erected on a new site in Bradwell-on-Sea and buildings at Asheldham and Southminster converted into six dwellings, nine cottages (non-parlour) purchased by the Council at Wickham Bishops, and eighteen agricultural cottages (parlour) at Asheldham (4), Southminster (4), Steeple (6), Tolleshunt D'Arcy (4), 26 houses at Tillingham and 20 houses at Latchingdon (built for and occupied by employees of The Central Electricity Generating Board employed at Bradwell Generating Station).

### Housing Act, 1936, Section 11, and Housing Act, 1957 Section 17.

During the year 5 Demolition Orders were made and 1 undertaking given that the house would not be used for human habitation until it has been made fit for that purpose.

Thirteen properties were demolished, 7 of these being the subject of Demolition Orders.

# Housing (Financial Provisions) Act, 1958 as amended by

House Purchase and Housing Act, 1959.

### Improvement Grants

Properties reconditioned and modernised by the provision of amenities such as bathrooms, hot and cold water supplies, drainage work, etc.:
