ANNUAL REPORT

Mr. Chairman and Gentlemen,

I have the honour of presenting my Annual Report respecting the health and sanitary conditions of your District for the year ending 31st. December, 1940.

In accordance with the suggestion of the Ministry of Health, and in the interests of economy the Report has been made as brief and concise as possible.

It will be readily understood that routine work has often to take second place to the serious and urgent health problems arising during the course of the War. Every effort is made to safeguard the public health as far as possible in these times.

I have the honour to be,

Your obedient Servant,

John Young, M.B., Ch.B., D.P.H.
Camb.

Medical Officer of Health.
