Liverstock movements ceased at the end of last year.

Principal ports from which ships arrive: Belmont, Lonsdale, Dublin and Ashford.

A roll on/off oil service to Belmont for commercial vehicles is in operation.

SECTION IV - Ireland Bay Traffic

SECTION V - Water supply

No change

Tabulation under

	No. of Ships involved	No. of samples taken	No. satis- factory	No. unsatis- factory	TOTAL
Distribution aboard ships	4	16	16	-	16
Storage aboard ships	-	-	-	-	-

SECTION VI - Public Health (Ships) Regulations, 1970

No change - except

4. Mooring Stations (Regulations 22 and 30)

Situation of stations, any standing directions issued under these Regulations.

- (a) Inner Mooring - for cases of smallpox and typhus
Present arrangements unsatisfactory - negotiations proceeding.
- (b) Outer Mooring - for cases of cholera, yellow fever and plague
(at Lune Deep).

SECTION VII - Smallpox from foreign ports.

1. Name of Isolation Hospital to which smallpox cases are sent from the district.
Regional Hospital Board will make arrangements.
2. Arrangements for transport of such cases to that hospital by ambulance giving the name of the Authority responsible for the ambulance and vaccinal state of ambulance crews.
A special motor ambulance is available with attendants.
3. Name(s) of smallpox consultant(s) available.
Dr. A.G. Ironside, Monsall Hospital, Manchester.
4. Facilities for laboratory diagnosis of smallpox.

Either the suspect would be immediately removed to the hospital designated by the Regional Hospital Board and the laboratory investigation undertaken from there, or the material would be sent to the laboratory chosen by the smallpox consultant, probably Liverpool.

SECTION VIII - Venereal Diseases

No change

SECTION IX - Cases of Notifiable and other infectious diseases on ships.

TABLE D

Nil return.

SECTION V - Water supply

No change

Tabulation under

	No. of ships involved	No. of samples taken	No. of satisfactory factory	No. of unsatisfactory factory	TOTAL
Distribution aboard ships	4	16	16	-	16
Storage aboard ships	-	-	-	-	-

SECTION VI - Public Health (Ship) Regulations, 1970

No change - except

1. Mooring Stations (Regulations 22 and 30)

Situation of stations, any standing directions issued under these Regulations.

- Inner Mooring - for cases of smallpox and typhus
- Outer Mooring - for cases of cholera, yellow fever and plague (at Jumeirah).

SECTION VII - Smallpox

- Name of Isolation Hospital to which smallpox cases are sent from the district.
Regional Hospital Board will make arrangements.
- Arrangements for transport of such cases to that hospital by ambulance giving the name of the authority responsible for the ambulance and vaccination state of ambulance crew.
A special motor ambulance is available with attendants.
- Name(s) of smallpox consultant(s) available.
Dr. A.G. Ironside, Regional Hospital, Manchester.
- Facilities for laboratory diagnosis of smallpox.
Either the suspect would be immediately removed to the hospital designated by the Regional Hospital Board and the laboratory investigation undertaken from there, or the material would be sent to the laboratory chosen by the smallpox consultant, probably Liverpool.

SECTION VIII - Venereal Diseases

No change

SECTION IX - Cases of Notifiable and other infectious diseases on ships.

TABLE D

Nil return.

SECTION X - Observations on the occurrence of malaria
in ships.

Nil return.

SECTION XI - Measures taken against ships infected with or
suspected of plague.

None needed

SECTION XII - Measures against rodents in ships from
foreign ports

1. Procedure for inspection of ships for rats.

Ships with expired certificates sent to Barrow.

2. Arrangements for the bacteriological or pathological examination of rodents with special reference to rodent plague, including the number of rodents sent for examination during the year.

Submitted to pathologist ordinarily employed by the Public Health Authority. Usually the pathologist attached to the Public Health Laboratory, Preston. No rodents sent.

3. Arrangements in the district for deratting ships, the method used, and, if done by a commercial contractor, the name of the contractor.

Not carried out.

4. Progress in the rat-proofing of ships.

Not carried out.

TABLE E

Rodents destroyed during the year in ships from foreign ports.

Not known.

TABLE F

Deratting certificates and Deratting Exemption Certificates issued during the year for ships from foreign ports.

Nil.

SECTION XIII - Inspection of ships for nuisances

TABLE G

Inspections and Notices

Number of informal notices served	Nil
Remedied	Nil
Vessels boarded - no action necessary	

SECTION XIV - Public Health (Shell-fish) Regulations 1934 and 1948

No change - except

An application was received late in the year to take mussels from the area and subject them to a sterilisation process. This is currently receiving the attention of the Minister.
