SECTION IV - Inland Barge Traffic

Nil

SECTION V - Water Supply

No change

SECTION VI - Public Health (Ships) Regulations, 1952/1963

No change

SECTION VII - Smallpox

1. Name of Isolation Hospital to which smallpox cases are sent from the district.

Regional Hospital Board will make arrangements.

2. Arrangements for transport of such cases to that hospital by ambulance giving the name of the Authority responsible for the ambulance and vaccinal state of ambulance crews.

A special motor ambulance is available with attendants.

3. Name(s) of smallpox consultant(s) available.

Dr. A. G. Ironside, Monsall Hospital, Manchester.

Digitized by the Internet Archive
in 2018 with funding from
Wellcome Library

<https://archive.org/details/b30029521>

4. Facilities for laboratory diagnosis of smallpox.

Either the suspect would be immediately removed to the hospital designated by the Regional Hospital Board and the laboratory investigation undertaken from there, or the material would be sent to the laboratory chosen by the smallpox consultant, probably Liverpool.

SECTION VIII - Venereal Diseases

No change

SECTION IX - Cases of notifiable and other infectious diseases on ships

TABLE D

Nil return

SECTION X - Observations of the occurrence of malaria in ships

Nil return

SECTION XI - Measures taken against ships infected with or suspected of plague

None needed

SECTION XII - Measures taken against rodents in ships from foreign ports

1. Procedure for inspection of ships for rats.

Ships with expired certificates sent to Barrow.

2. Arrangements for the bacteriological or pathological examination of rodents, with special reference to rodent plague, including the number of rodents sent for examination during the year.

Submitted to pathologist ordinarily employed by the Public Health Authority. Usually the pathologist attached to the Public Health Laboratory, Preston. No rodents sent.

3. Arrangements in the district for deratting ships, the method used, and if done by a commercial contractor, the name of the contractor,

Not carried out.

4. Progress in the rat-proofing of ships.

Not carried out.

TABLE E

Rodents destroyed during the year in ships from foreign ports

Not known

TABLE F

Deratting certificates and Deratting Exemption Certificates issued during the year for ships from foreign ports

Nil

4. Facilities for laboratory diagnosis of malaria.

Either the suspect would be immediately removed to the hospital designated by the National Hospital Board and the laboratory investigation undertaken from there, or the material would be sent to the laboratory chosen by the malaria consultant, preferably Liverpool.
