SECTION XVMEDICAL INSPECTION OF ALIENS

This section is applicable only to ports which are approved for the landing of aliens and applies, in this instance, to the International Hoverport, Pegwell Bay, Ramsgate.

The Hoverport commenced operations on 2nd April 1969 and conveys passengers and cars from Ramsgate to Calais, and return. No merchandise is carried.

(i) Medical Inspection of Aliens

In order to cope with the potential arrival of Aliens or Commonwealth Immigrants who may require medical examination, at the request of H.M. Immigration, an arrangement with local medical practitioners was entered into whereby all incoming flights were covered on a stand-by rota, the practitioner attending the Port Medical Office only if required. All incoming flights were attended by one of the four State Registered Nurses employed part-time. Both systems worked satisfactorily, and the following medical practitioners were appointed Medical Inspectors under the Aliens Order 1953 and Commonwealth Immigrants Act 1962:-

BRIANT, Dr. B.A.
WATSON, Dr. A.K.I.
VALENTINE, Dr. P.
