RIVER BLYTH PORT HEALTH AUTHORITY

ANNUAL REPORT

of the

Port Medical Officer of Health

for YEAR 1966

WATERLOO HOUSE,
WATERLOO ROAD,
BLYTH.

January, 1967.

To the Chairman and Members of the River Blyth Port Health Authority.

Ladies and Gentlemen,

Once again it is my privilege to place before you the Annual Report on the work of the Port Health Administration for the Port of Blyth, for the year 1966.

As in preceding years this report is presented in accordance with the instructions issued by the Minister of Health—Form Port 20, and Circular 33/52. Detailed information will be found in the Sections I to XVI.

The total number of vessels which arrived during the year was 2,164 including Fishing Vessels. This is slightly below last year's figure. Foreign Vessels trading Foreign and Coastwise numbered 545 including Fishing Vessels, which is an increase on last year. The number of arrivals direct from Foreign Ports was substantially the same.

The amount of Coal and Coke shipped from the Port during the year was 3,303,304 tons; this also includes Bunker Coal.

The reduction in coal shipments has been mainly due to the increased consumption by the Power Station and the seven weeks seamen's strike in the early summer when there was very little export at all.

Imports discharged at the Port were: Timber 29,022 loads, Iron 4,389 tons, Roofing Tiles 1,084 tons, Fertiliser 2,110 tons and Sundries 2,608 tons.

PUBLIC HEALTH (SHIPS) REGULATIONS, 1952

The above Regulations became operative from the 1st October, 1952, and deal with the Infectious Diseases, now to be known as Quarantinable Diseases, sanitary control of ships and persons, Deratting Certificates, etc. Certificates issued will be found in the appropriate Tables.

INSPECTION OF VESSELS

The work dealing with nuisances and defects (structural and otherwise) will be found in the appropriate tables included in the report.

I again record with pleasure the kind assistance received from time to time from the Blyth Harbour Commission, River Pilots, H.M. Customs Officers, Immigration Officer, also the Ministry of Transport Surveyors for their help and co-operation with the staff of the Port Health Authority.

R. J. P. R. CAMPBELL, M.B., Ch.B.,
Medical Officer of Health.

RIVER BLYTH PORT HEALTH AUTHORITY

MEMBERS OF AUTHORITY AT 31st DECEMBER, 1966

Chairman: COUNCILLOR J. HUDSPITH

Vice-Chairman: COUNCILLOR A. H. PAYNE

ALDERMAN A. RUTHERFORD, J.P.

COUNCILLOR J. HAIG

ALDERMAN MRS. L. M. SUMMERS

COUNCILLOR M. A. MCGUCKIN

ALDERMAN A. WALTON, J.P.

COUNCILLOR MRS. A. M. MOCKETT

COUNCILLOR E. BREADIN

COUNCILLOR MRS. M. PURVES

COUNCILLOR G. COLPITTS

COUNCILLOR MRS. M. E. THOMPSON

SECTION I—STAFF

Table A

SECTION III

Character of Shipping and Trade during the year 1966

Table C

		British	Alien	Common-wealth
Passenger Traffic ...	Number of Passengers INWARDS ...	10	14	Nil
	Number of Passengers OUTWARDS ...	21	19	3
	Passengers on Temporary Shore Leave...	Nil	Nil	Nil

There is no regular passenger traffic at this Port (See table for Aliens).

Cargo Traffic ...	Principal Imports ...	Mining Timber ...	18,050 tons
		Other Timber ...	10,972 "
		Iron ...	4,389 "
		Roofing Tiles ...	1,084 "
		Fertiliser ...	2,110 "
		Sundry ...	2,608 "
	Principal Exports ...	Coal and Coke (Cargo) ...	3,284,318 "
		Coal (Bunkers) ...	18,986 "
		Fuel Oil (Bunkers) ...	3,707 "
		Sundry ...	1,877 "
		Barley ...	17,274 "

Fish landed was valued at £25,565.

Principal Ports from which Ships arrive:—

FOREIGN PORTS—

BELGIUM	...	Antwerp, Brussels, Ghent, Ostend, Zeebrugge.
DENMARK	...	Aalvik, Copenhagen, Esbjerg, Marstal, Svendborg, Veijle.
FAEROES	...	Klaksvik, Thorshavn.
FINLAND	...	Kemi, Lapaluoto, Lovisa, Mo-i-Rana, Ramvik, Toppila, Vasa, Ventspils, Yxpila.
FRANCE	...	Nantes, Rouen.
GERMANY	...	Brake, Bremen, Cuxhaven, Elmshorn, Flensburg, Hamburg, Haren-Ems, Itzehoe, Oldenburg, Rendsburg, Stade, Ulsnis.
GREECE	...	Piraeus.
HOLLAND	...	Amsterdam, Appingdam, Delfzijl, Groningen, Harlingen, Hoogkirk, Joure, Katwijk, Leeuwarden, Scheveningen Voorthuizen, Ymuiden, Zaandam, Zwartsluis.
ICELAND	...	Reykjavik.
ITALY	...	Rome.
NORWAY	...	Bergen, Haugesund, Odda, Oslo, Trollhatten, Wismar.
PANAMA	...	Panama.
POLAND	...	Gdansk, Gdynia, Stettin, Swinouisce, Wladyslawawa.
PORTUGAL	...	Leixoes, Lisbon, Setubal.
SPAIN	...	Aguilas, Barcelona, Bilbao, Cartagena, Valencia.
SWEDEN	...	Bjornholm, Goteborg, Halmstad, Karlskrona, Karlstad, Kristinstad, Kristinhamn, Nykoping.
U.S.S.R.	...	Leningrad.

SECTION IV

Inland Barge Traffic

There is no barge traffic at the Port.

SECTION V

Water Supply

Samples have been taken regularly from points on the West Staithes, North and South Sides, South Harbour and B.C.H. Waterboat. Of the 75 samples taken from the Port, 1 after bacteriological examination was found to be unsatisfactory. Of the 45 samples taken from vessels in the Port, 1 was found to be unsatisfactory.

In all cases where Unsatisfactory Reports have been received, remedial measures have been taken and check samples taken later have shown the supply to be satisfactory. In instances where unsatisfactory reports have come from vessels, the fresh water tanks have been cleaned out and in some instances the fresh water systems thoroughly overhauled, with satisfactory results in all cases.

SECTION VI

Public Health (Ships) Regulations, 1952

No change.

SECTION VII

Smallpox

1.—The Northern Regional Hospitals Board have made arrangements for the admission of Smallpox cases to the Langley Park Isolation Hospital, Co. Durham (Telephone No.: Chester-le-Street 3207). The Doctor in Charge of this hospital will be Dr. Gavin Millar, of Green Ridge, Farnley Mount, Durham. His Telephone No. is 2395.

2.—The Northumberland County Council are responsible for the ambulance service. Dr. A. Donaldson, the Medical Officer for the Blyth and Bedlington Local Authorities, is responsible for the vaccinal state of the ambulance crews.

3.—NAME OF SMALLPOX CONSULTANT AVAILABLE:—

DR. WILSON MINNS,
South Rigg, Humshaugh,
Hexham.
Home Telephone No.:
Humshaugh 317.

4.—FACILITIES FOR LABORATORY DIAGNOSIS OF SMALLPOX. Laboratory facilities are provided at the General Hospital, Westgate Road, Newcastle upon Tyne, 4

SECTION VIII

Venereal Disease

No change.

SECTION IX

Cases of notifiable and other Infectious Diseases on ships.

Table D

Category	Disease	Number of Cases during the year		Number of ships concerned
		Passengers	Crew	
Cases landed from ships from Foreign Ports	Nil	Nil	Nil	Nil
Cases which have occurred on ships from foreign ports, but have been disposed of before arrival	Nil	Nil	Nil	Nil
Cases landed from other ships	Nil	Nil	Nil	Nil

SECTION X

Observation on the occurrence of Malaria in Ships

No cases of Malaria have been reported during the year.

SECTION XI

Measures taken against Ships infected with or suspected of Plague

Inquiries as to the prevalence of rats are made on all ships in Port (whether in possession of Deratting Certificates or Deratting Exemption Certificates or not) and a systematic inspection is carried out on all ships arriving directly or otherwise from foreign ports.

A systematic search for evidence of infestation is carried out on all vessels.

SECTION XII

Measures against Rodents in Ships from Foreign Ports

1.—On arrival at the Port vessels are examined and if there is any evidence of rats notice is at once served on the Master. The Port Health Authority have their own official Rodent Operator. Particular attention is given to vessels arriving directly or indirectly from infected areas.

2.—Rats when caught are examined and facilities are provided by the Public Health Laboratory, Newcastle upon Tyne, for detailed bacteriological examination of any specimens when necessary.

3.—For some years now there has been no instance of a major infestation of rats on any vessel to the extent of requiring wholesale fumigation. If any such instance occurred, the shipping agents would arrange for the fumigation to be carried out by one of the approved firms mentioned below. The whole process would be supervised by Officers of the Authority.

In the case of fumigation by Hydrogen Cyanide or Methyl Bromide, strict precautions have to be observed to safeguard all the persons involved and the whole process carried out in accordance with the Regulations.

Contractors approved for the carrying out of the above services in this Port are:—

MESSRS. CONTRA PEST SERVICES LTD.,
Rekendyke Lane,
South Shields.
Tel. No.: South Shields 63388.

MESSRS. RENTOKIL LABORATORIES LTD.,
556 Regent Street,
South Shields.
Tel. No.: South Shields 4921.

4.—In the Construction of modern vessels considerable progress has been made in the provision of rat-proof compartments. Bulkheads and partitions are usually steel, and with a minimum of timber, it is difficult for rodents to find harbourage. Modern Naval Architecture is coping with the problem satisfactorily.

Table E
Rodents destroyed during the year in Ships from Foreign Ports

Category	Number
Black Rats	—
Brown Rats	—
Species not known	—
Sent for examination	—
Infected with Plague ...	—

The total number of brown rats recovered from the Quayside after poison baits have been put down was 419.

All rats recovered are examined and where any abnormalities are noted are sent to the Public Health Laboratory, Newcastle upon Tyne, for further detailed examination.

Table F
Deratting Certificates and Deratting Exemption Certificates issued during the year 1966 for Ships from Foreign Ports

TOTAL	...	2,164	Do.	248	—

SECTION XIV

Public Health (Shell-fish Regulations) 1934 and 1948

No change.

SECTION XV

Medical Inspection of Aliens

This is not an approved Port for the landing or inspection of Aliens.

The number of Aliens who arrived at the Port was 14 (See Table C, Section III).

SECTION XVI

Miscellaneous

Mortuary—No change.

Food Inspection—

The export of Barley this year increased almost six-fold with promise of much more quantities for the ensuing year. Most of this goes for animal feeding but a certain amount of Barley was imported for use by the local breweries. Strict supervision is given to these cargoes and every precaution is taken in respect of possible rodent or other contamination.

Prevention of Damage by Pests Act, 1949

Prevention of Damage by Pests (Application to Shipping) Order, 1951

Thirteen Rodent Control Certificates were issued during the year.

The charges for the issue of Deratting and Deratting Exemption Certificates were increased from 1st September, 1961, so that some coasting vessels have requested to be issued with Rodent Control Certificates. This latter type of Certificate is not valid outside British waters.

VESSELS FOUND HAVING STRUCTURAL OR SANITARY DEFECTS

	Structural Defects		Sanitary Defects		TOTAL
	Foreign	Coastwise	Foreign	Coastwise
