I

SAMFORD RURAL DISTRICT COUNCIL

ANNUAL REPORT

of the

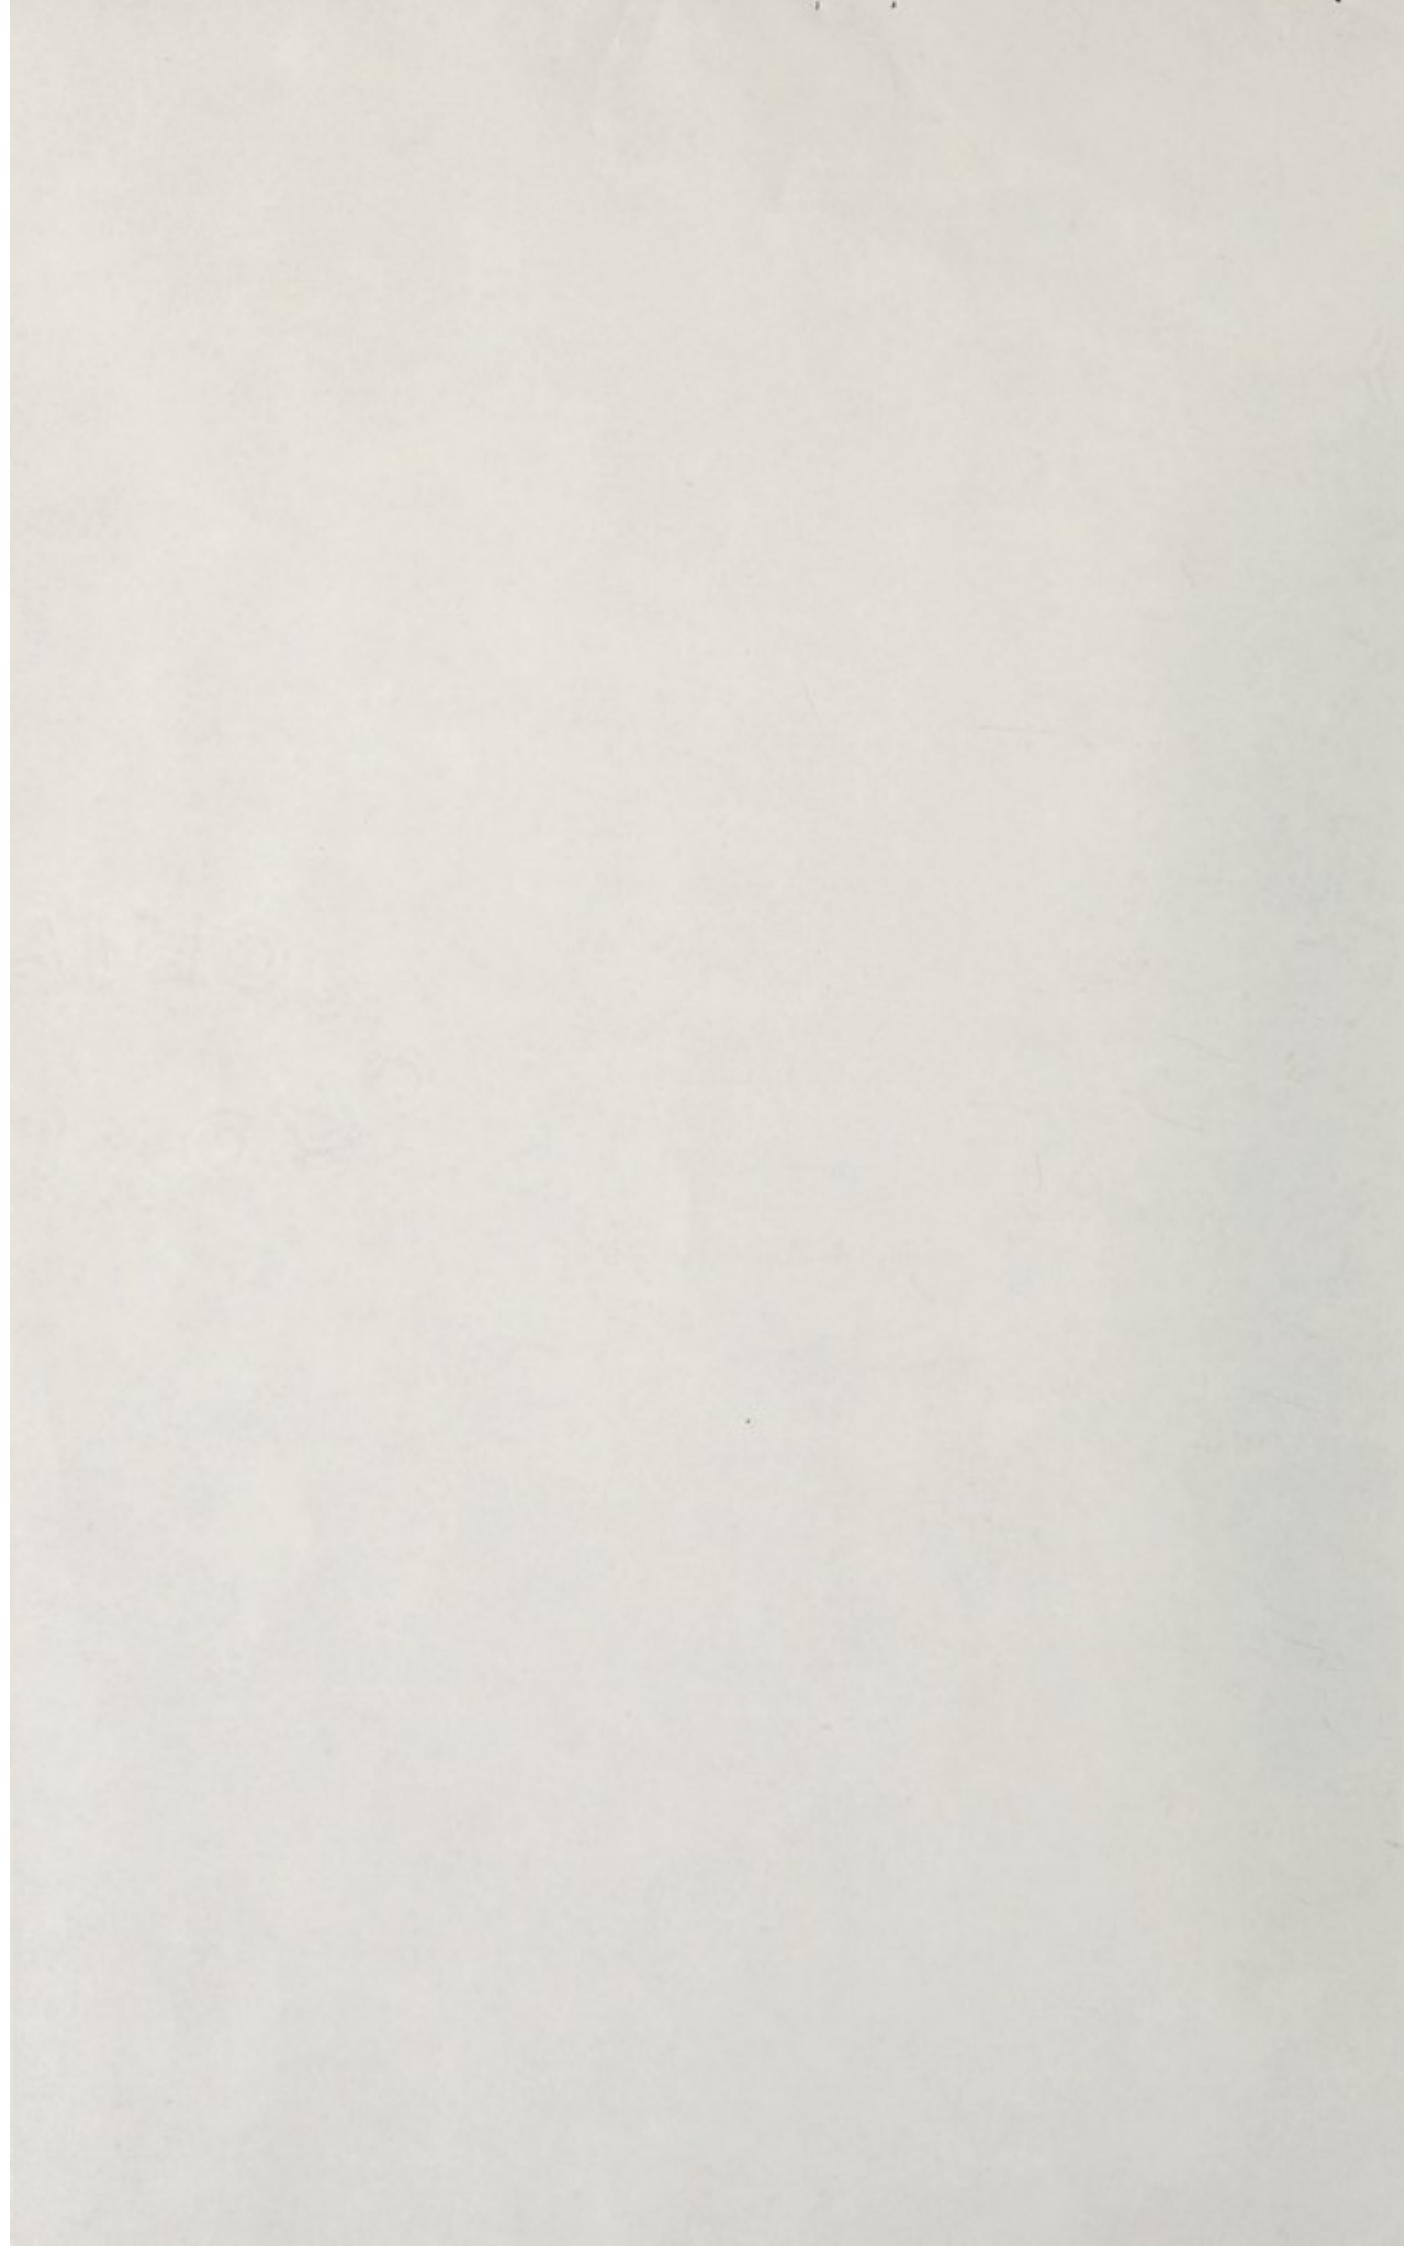

MEDICAL OFFICER OF HEALTH

and the

PUBLIC HEALTH INSPECTOR

for the

YEAR 1967.

Mr. Chairman, Ladies and Gentlemen,

I have the honor to present to you the PUBLIC HEALTH OFFICERS OF THE AUTHORITY for the year 1967.

There has been a new departure on this occasion and for the first time the

Kathleen M. Harding Medical Officer of Health
M.D., D.P.H., A.K.C.

W. L. Brown
M.R.S.H., M.A.P.H.I. Senior Public Health
Inspector

J. E. Pardoe
A.R.S.H., M.A.P.H.I. Additional Public Health
Inspector

The year under review has been a difficult one for the Public Health Department. As a result a very heavy burden was placed upon Mr. Brown, and I am most grateful to him for the efficient way in which he kept the department running during this very difficult time.

The statistics contained in this report show that 1967 was a healthy year for Cardiff, and there has been no great cause for anxiety. Much of the credit for this happy state of affairs is due to the Public Health Department, and there is no doubt in my mind that people are becoming more and more knowledgeable in matters concerned with health and the prevention of illness. Also they do not hesitate to seek medical advice when anything seems to be wrong.

The Public Health Department and the staff are also responsible for the satisfactory state of health in this Rural District. Much of their work is routine and painstaking and not very spectacular, but it does much to promote good health and to prevent suffering and disease.

I should like to conclude by expressing my thanks to the Chairman and Members of the Public Health Committee for their support and encouragement during the past year.

I am also most grateful to the staff of the Public Health Department, and to the Clerk, Officers, and other staff of the Council for help and assistance.

I am,

Yours faithfully,

K. M. HARRIS

Medical Officer of Health.

Mr. Chairman, Ladies and Gentlemen,

I have the honour to present the Annual Report of the Medical Officer of Health for the year 1967.

There has been a new departure on this occasion and for the first time the Annual Reports of the Medical Officer of Health and the Public Health Inspector have been combined to form one comprehensive report. It was considered that this new arrangement would enable the various figures and statistical tables to be more readily comprehended.

The year under consideration has been a difficult one for the Public Health Department. In August, Mr. John Pardoe, the Additional Public Health Inspector, became ill and we were without his services for the remainder of the year. As a result a very heavy burden was placed upon Mr. Brown, and I am most grateful to him for the efficient way in which he kept the department running during this very difficult time.

The statistics contained in this report show that 1967 was a healthy year for Samford, and there has been no great cause for anxiety. Much of the credit for this happy state of affairs is due to the Public themselves, and there is no doubt in my mind that people are becoming more and more knowledgeable in matters concerned with health and the prevention of illness. Also they do not hesitate to seek medical advice when anything seems to be amiss.

The Public Health Department and its staff are also responsible for the satisfactory state of health in this Rural District. Much of their work is routine and painstaking and not very spectacular, but it does much to promote good health and to prevent suffering and disease.

I should like to conclude by expressing my thanks to the Chairman and Members of the Public Health Committee for their support and encouragement during the past year.

I am also most grateful to the staff of the Public Health Department, and to the Clerk, Officers, and other staff of the Council for help and assistance.

I am,

Yours faithfully,

K. M. HARDING

Medical Officer of Health.

1. GENERAL STATISTICS

Area	45,029 acres
Estimated Population (Registrar General's figures)	19,880
Inhabited houses	5,992
Rateable value at 31st March, 1968	£631,683
Sum represented by a penny rate 1968	£2,414

2. VITAL STATISTICS

(a)

Live Births

	<u>M.</u>	<u>F.</u>	<u>Total</u>
Legitimate	138	121	259
Illegitimate	8	6	14
	146	127	273

Crude Birth Rate per 1,000 population (Samford)	13.70
Comparability factor	1.51
Standardised Birth Rate =	
Crude rate x comparability factor	22.68
Live Birth Rate - England and Wales	17.20
Ratio of local adjusted birth rate to national rate	1.20

(b)

Still Births

REPORT OF THE PUBLIC HEALTH INSPECTOR

(in accordance with Circular 1/68 Ministry of Health dated 2nd January, 1968)

SERVICES UNDER THE PUBLIC HEALTH ACTS.

"Para 4" Water Supply.

1. (a) PUBLIC SUPPLIES

The sources of the water used in the public mains are:-

- (i) The two borewells at the Water Treatment Station at Lower Raydon.
- (ii) The borewell at Wenham Airfield.
- (iii) Wells at Stoke-by-Nayland - The Melford R.D.C. (Supplying Shelley Priory).
- (iv) Ipswich Borough Public Supply (Elton Park).
- (v) In an emergency, water from the South Essex Waterworks Company.

17 routine samples have been taken and analysed during 1967 - All results of analyses state that the waters are of excellent quality.

1. (b) PRIVATE SUPPLIES

14 samples were taken during the year, 12 of which were found to be satisfactory.

The two unsatisfactory samples were dealt with as follows:-

- 1 Shallow well abandoned and house connected to the public mains
- 1 Shallow well cleaned out, deepened and chlorinated. Subsequent samples proved to be satisfactory.

The private supply of the Royal Hospital School, Holbrook has been sampled regularly during the year and copies of the reports sent to the responsible department. All proved to be excellent for quality.

1. (c) * Includes Shotley (H.M.S. Ganges) 1,898; Tattingstone (St. Mary's Hospital) 130 and Woolverstone (London County Council Grammar School) 418.
The number of dwelling houses and population receiving a public supply are:-

	Direct to the Houses	By means of stand- pipes.	Population (est.) Supplied.		Direct to the Houses	By means of stand- pipes.	Population (est.) Supplied
Arwarton	45	8	176	Holton St. Mary.	67	4	202
Belstead	76	8	236	Raydon	140	2	403
Bentley	186	36	630	Shelley	16	2	51
Brantham	498	18	1,459	Shotley	596	23	3,650*

Higham	56	-	158	Woolverstone	88	-	667*
Hintlesham	158	31	536				
Holbrook	311	17	930	TOTALS	5,188	304	18,016

1. (d) FLUORIDE CONTENT

(Kindly supplied by the Ipswich Corporation Water Undertaking)

Raydon Pumping Station No. 1 Bore 0.45 p.p.m., No. 2 Bore 0.60 p.p.m.
Wenham Auxiliary Pumping Station 0.60 p.p.m.

1. (e) PREVENTITIVE MEASURES AGAINST WELL WATER CYANOSIS

Number of notifications from County Council = 49

Number receiving mains supply presumed safe = 48

Sampled and found unsafe (doubtful) = 1

"Para 5" SEWERAGE AND SEWAGE DISPOSAL

2. (a) Existing Sewers

Parishes of:- Brantham, Capel St. Mary, Copdock, East Bergholt, Holbrook, Shotley, Sroughton, Washbrook.

2. (b) Sewers under construction

Parishes of:- Chelmondiston, Hintlesham.

2. (c) Schemes prepared

Parishes of:- Bentley, East End (East Bergholt).

2. (d) Schemes in course of preparation

Parishes of:- Holton St. Mary, Raydon, Stratford St. Mary, Stutton.

2. (e) No schemes being prepared

Parishes of :- Arwarton, Belstead, Burstall, Chattisham, Freston, Harkstead, Higham, Shelley, Tattingstone, Wenham, Wherstead, Woolverstone.
(These parishes to be reviewed when economic circumstances permit)

"Para 8" SERVICES UNDER THE FOOD AND DRUGS ACT 1955.

3. (a) MILK SUPPLIES

Examination of Milk Samples. (Supplied by East Suffolk County Council)

Statutory	18
Chemical Analysis	10
Biological	50
Antibiotics	63
<u>Inspections.</u> Milk Distributors	47

3. (b) The Liquid Egg (Pasteurisation) Regulations 1963.

There are no pasteurisation plants in the District

3. (c) Food Hygiene (General) Regulations 1960.

(i) The number of food premises, by type of business in the District

(ii) The number of visits made

(i) <u>No. of Premises</u>		(ii) <u>No. of Visits</u>	<u>Defects Found</u>	<u>Defects Removed</u>
3	Bakehouses	8	2	2
16	Butchers' shops & mobile shops	34	5	4
19	Cafes, canteens etc.	23	3	3
5	Fish fryers & mobile shops	12	2	2
51	Grocers shops & mobile shops	70	22	20
55	Ice-cream premises	58	3	3
50	Licensed premises	8	2	2
16	Milk distributors, etc.	47	3	2
1	Knackers yard	4	1	1
<hr/> 216		<hr/> 264	<hr/> 43	<hr/> 39

3. (d) Poultry Inspection.

There are no poultry processing plants in the District.

4. HOUSING, PUBLIC HEALTH AND OTHER RELATED WORKS.

Brief outline of the work carried out during the year:-

4. (a) Housing Acts, 1957 - 64

No. of houses inspected	157
No. found unsatisfactory in any respect	104
No. rendered fit by:-	
(i) Informal action	75
(ii) Formal action	1
(iii) Repair of unfit houses	1
No. demolished or closed:	
(i) Demolition Order	4
(ii) Informal action	1
(iii) Closing Order	1
(iv) Undertakings not to re-let	3
No. of families rehoused from unfit houses	5
New houses erected	
(i) By Local Authority	4
(ii) By Private Enterprise	276
No. of properties improved by Improvement Grants	
(i) Discretionary	5
(ii) Standard	78

4. (b) Public Health Acts, 1936 - 61.

Complaints received and investigated 52
Resolved by:

- (i) Formal action -
(ii) Informal action 46

4. (c) Offices, Shops and Railway premises Act, 1964.

Number of premises on the Register 43
Number of visits made 53

4. (d) Caravan Sites and Control of Development Act, 1960.

Number of caravan sites licensed 28
Number of visits made 62

4. (e) Animal Boarding Establishments Act, 1963.

Number of establishments licensed 5
Number of visits made 10

4. (f) Petroleum Regulations 1928 and 1936.

Number of premises licensed 79
Number of visits made 38

4. (g) Prevention of damage by Pests Act, 1949.

Number of premises treated for rats and mice:
(i) Dwelling Houses 1,160
(ii) Other premises 245

4. (h) Refuse Collection and Disposal.

The "back-door" collection of refuse commenced on 3rd April this year.
Frequency of collection - weekly in all parishes.
Method of disposal is by controlled tipping at two refuse tips, one at Chelmondiston and one at Sproughton.

4. (i) Salvage Collections for 1967.

Annual table of tonnages collected and prices realised.

The following table shows in detail, the quantity and prices realised for the various items of salvage collected and sold during 1967. The table for 1966 is also shown for comparison.

	1967		1966	
	Tons Cwt.	£. s. d.	Tons Cwt.	£. s. d.
Waste Paper - Mixed	161. 14.	1,326.19. 4.	162. 14.	1,428.13. 6.
Waste Paper - Newspapers	115. 17.	1,042.10. 6.	121. 15.	1,095.14. 3.
Waste Paper - Fibreboard	80. 6.	807. 4.11.	69. 16.	715. 9. 0.
Scrap Iron - Heavy	7. 1.	38.12. 9.	4. 16.	26. 8. 0.
Scrap Iron - Light	8. 9.	8. 9. 0.	11. 10.	11.10. 0.
Brass	2.	2. 9. 5.	2.	2.17. 4.
Aluminium	6.	4. 2. 2.	4.	3. 0. 3.
Rags	8. 4.	82. 2. 5.	8. 5.	82. 9.11.
Sacking	2. 4.	13. 0. 2.	1. 19.	11.15. 1.
String and Rope	9.	1.17. 0.	10.	2. 1. 0.
Stock in hand	384. 12.	3,327. 7. 8.	381. 11.	3,379.18. 4.
	25. 12.	212.11. 8.	15. 3.	129.15. 8.
TOTAL	410. 4.	3,549.19. 4.	396. 14.	3,509.14. 0.

It is pleasing to record that, despite the drop in prices for waste paper in particular, the tonnage and income for the salvage collection is still rising, albeit slowly, each year.

Competition from itinerant dealers and others is still keen, especially in the scrap metal field. The householders, and the men, are therefore to be congratulated in doing such a fine job, and in keeping up such a sustained effort year in year out.
