SWALE RURAL DISTRICT COUNCIL

Council Offices,  
"Whitehall,"  
48/50 Bell Road,  
Sittingbourne,  
Kent.

July, 1967

To the Chairman and Members,  
Swale Rural District Council.

Mr. Chairman and Gentlemen,

I beg to submit my Annual Report on the Health and Sanitary Circumstances of the Rural District for 1966.

Generally the vital statistics remain fairly constant over the years.

The Infant Mortality rate shows a considerable increase over the National figure, however it must be understood that when dealing with small numbers a few deaths will cause a disproportionate increase in the rate.

There were 445 cases of notifiable diseases during the year of which 386 were Measles and six cases Pulmonary Tuberculosis. Nine cases of all forms of Pneumonia died during the year and these were the only deaths attributed to Infectious Diseases. The one case of Diphtheria is dealt with in the body of the report.

As will be seen from the report the improvement of tenanted properties by discretionary grants has been well maintained.

The work of the Public Health Department proceeds smoothly and an enormous amount is carried out by persuasion.

I must acknowledge the work of Mr. Dunning, your Chief Public Health Inspector, who is invaluable to me as you are aware that five other districts claim my attention.

SOCIAL CONDITIONS

I wish to record my thanks to the Chairman and Members of the Public Health Committee for their keenness and courtesy.

CLIMATOLOGY

Easy country and at 1574.75: in the previous year.

The total rainfall for the year was 32.37 inches and the figure recorded at Highbury Water Works for 1966 was 34.29 inches. Recordings show a considerable increase on the average rainfall over the past ten years. Your obedient Servant,

J. T. MURPHY

Year.

The temperature and rainfall as recorded month by month at Highbury Sewage Works, Highbury Water Works and Johnson House, Bittlingbourne can be seen in Appendix 'B' and Appendix 'C'.

2. AREA

The acreage for the Swan Area is 25,015 acres - approximately 97 square miles.

3. POPULATION

The estimated mid-year population for the district as given by the Registrar General was 22,170 - an increase of 370 on the estimate for the previous year.

4. NUMBER OF INHABITED HOUSES

The number of inhabited houses at the end of 1966 was 7,422 as compared with 7,322 at the end of 1965 - an increase of 100.

SECTION I

SOCIAL CONDITIONS

1. CLIMATOLOGY

The total rainfall for the year at Faversham was 32.37 inches and the figure recorded at Highsted Water Works for 1966 was 34.29 inches. These recordings again show a considerable increase on the average rainfall over the past ten years viz. 26.6 inches at Faversham and 27.69 inches at Highsted.

The weather for 1966 was somewhat warmer but wetter than in the previous year.

The temperature and rainfall as recorded month by month at Faversham Sewage Works, Highsted Water Works and Johnson House, Sittingbourne can be seen in Appendix 'B' and Appendix 'C'.

2. AREA

The acreage for the Swale Area is 62,013 acres - approximately 97 square miles.

3. POPULATION

The estimated mid-year population for the district as given by the Registrar General was 22,170 - an increase of 330 on the estimate for the previous year.

4. NUMBER OF INHABITED HOUSES

The number of inhabited houses at the end of 1966 was 7,422 as compared with 7,352 at the end of 1965 - an increase of 70.

There were 38 houses built by the Council and 112 constructed privately (total 150), a considerable decrease from last year's total of 258.

5. RATEABLE VALUE

£598,189 as compared with £574,751 in the previous year.

6. SUM REPRESENTED BY A PENNY RATE

The estimated figure for the year was given as £2,458.

	Place of Birth	Male	Female
1. Pulmonary Tuberculosis	Hospital	21	-
2. Pneumonia	Hospital	-	1
3. Tracheo-bronchitis	Hospital	-	1
4. Congenital Heart Disease	Hospital	-	4
5. Congenital Deafness	Hospital	-	1
6. Meningitis	Hospital	-	1
7. Congenital Malformation of the Heart (Inter-ventricular Septal Defects)	Hospital	-	2
8. Congenital Hypoplastic Agenesis and Aplasia of the Aorta	Hospital	-	7
9. Fracture of the Skull	Hospital	-	1

SECTION II

VITAL STATISTICS

REPORTABLE VALUE

MOTHERS AND INFANTS

1. LIVE BIRTHS

Live Births

	M	F	Total
Legitimate ... ..	174(193)	201(192)	375(385)
Illegitimate ... ..	10( 11)	7( 13)	17( 24)
	184(204)	208(205)	392(409)

(a) Birth Rate - The crude birth rate for the year at 17.7 per 1,000 shows a decrease of 1.0 on the figure for 1965. The corrected birth rate was 18.8 per 1,000 which also shows a decrease of 1.0. The rate for England and Wales was 17.7 - a decrease of 0.3. The falling birth rate has now reached its lowest level since 1961.

2. ILLEGITIMATE LIVE BIRTHS

There were 17 illegitimate live births in 1966 which gives a rate of 4.3% as compared with 5.9% last year - a decrease of 1.6%.

3. STILL BIRTHS

Still Births

	M	F	Total
Legitimate ... ..	-(5)	1(2)	1(7)
Illegitimate ... ..	-(-)	1(-)	1(-)
	-(5)	2(2)	2(7)

The total live and still births was 394.

4. INFANT DEATHS (Deaths under 1 year)

(a) Infant Mortality Rates - The total infant deaths was 11 which gives a rate of 27.9 per 1,000 - an increase of 13.2.

There was one illegitimate infant death during 1966 which means the rate of legitimate infant deaths per 1,000 legitimate live births was 26.6 and the rate of illegitimate infant deaths per 1,000 illegitimate live births was 58.8.

The following tables show the causes of infant deaths that occurred during the year (Table I) and the number of infant deaths and the rate per 1,000 live births for the past 21 years. (Table II).

TABLE I

Causes of Death	Place of Death	Male	Female
1. Pulmonary Atelectasis due to Exomphalos. Congenital Septal Defect of Heart	Hospital	12 hours	-
2. Atelectasis Extreme Prematurity (30 weeks)	Hospital	-	1 day
3. Pneumonia Trachio Oesophageal fistula Duodenal Atresia	Hospital	-	1 day
4. Congenital Heart Disease	Hospital	-	4 days
5. Bronchopneumonia	Hospital	1 week	-
6. Congestive Cardiac Failure	Hospital	2 weeks	-
7. Meningitis Meningocele	Hospital	-	1 month
8. Congenital Malformation of the Heart (Interventricular Septal Defects)	Home	-	2 months
9. Pulmonary Oedema Bronchitis	Home	2 months	-
10. Congenital Hypoplastic Anaemia and Agranulocytosis (Chediak-Higashi Syndrome)	Hospital	-	7 months
11. Fracture of the Skull	Queendown Warren, Hartlip	-	9 months

The Infant Mortality rate for England and Wales was 18.9 per 1,000 live births and was the lowest ever recorded in this country.

TABLE II

Year	No. of Deaths	Rates
1946	18	46.4
1947	21	47.8
1948	9	23.0
1949	8	21.8
1950	6	16.7
1951	5	15.6
1952	6	18.5
1953	4	13.7
1954	6	18.1
1955	5	17.5
1956	9	30.2
1957	4	13.9
1958	5	16.7
1959	3	10.0
1960	4	14.4
1961	4	12.4
1962	9	23.0
1963	5	12.6
1964	6	15.5
1965	6	14.7
1966	11	27.9

(b) Neo-natal Mortality Rate (Deaths under 4 weeks per 1,000 total live births) - There were 6 deaths under 4 weeks old and this gives a neo-natal rate of 15.3 per 1,000 total live births.

(c) Early Neo-natal Mortality - This is the number of deaths under 1 week per 1,000 total live births. There were 4 deaths under 1 week and this gives a rate of 10.2 per 1,000 total live births.

(d) Perinatal Mortality Rate - This is the number of still births and deaths under 1 week per 1,000 total live births. This figure is 6 for 392 births making a rate of 15.3.

(e) Maternal Mortality - No death under this heading was recorded during the year.

5. EXCESS OF BIRTHS OVER DEATHS

The excess of births over deaths was 156 for the year 1966 - a decrease of 45 on last year's figure (201).

6. DEATHS

(a) The number of deaths occurring in or assigned to the area during 1966 was 236, of which 126 were males and 110 were females, compared with the figures for 1965 of 208, 97 and 111 respectively.

The following statement shows the age and sex distribution of the deaths that occurred in 1965.

	Und 1	1-	5-	15-	25-	35-	45-	55-	65-	75+	Total
Males	4	1	1	4	1	-	9	20	34	52	126
Females	7	-	-	1	-	3	3	11	23	62	110
Total	11	1	1	5	1	3	12	31	57	114	236

(b) The crude death rate at 10.6 per 1,000 of the population shows an increase over that of 1965 which was 9.5 per 1,000. The corrected death rate for the Swale area is 10.8 per 1,000 as compared with that for England and Wales which is 11.7 per 1,000 - 0.2 higher than that for 1965.

(c) Table III shows the number of deaths and death rates since 1946 and Table IV shows the causes of death during 1966 as classified by the Registrar-General under 36 headings based on the Abbreviated List of the International Statistical Classifications of Disease, Injuries and Causes of Death.

TABLE III

Births and Deaths 1946 - 1966

Year	No. of Births	No. of Deaths	Excess of Births over Deaths	Crude Birth Rate	Crude Death Rate
1946	336	219	117	21.9	12.4
1947	439	228	211	24.4	12.7
1948	391	219	172	20.3	11.4
1949	367	227	140	19.3	11.9
1950	359	241	118	18.8	12.6
1951	320	211	109	16.3	10.8
1952	325	193	132	16.3	9.8
1953	291	211	80	14.5	10.5
1954	331	208	123	16.4	10.3
1955	286	178	108	14.1	8.8
1956	298	203	95	14.7	10.0
1957	287	189	98	14.1	9.3
1958	300	186	114	14.7	9.1
1959	298	205	93	14.6	10.1
1960	278	194	84	13.5	9.5
1961	323	235	88	15.7	11.5
1962	392	235	157	18.5	11.1
1963	396	246	150	18.3	11.4
1964	388	229	159	18.0	10.6
1965	409	208	201	18.7	9.5
1966	392	236	156	17.7	10.6

SECTION III

INFECTIOUS AND OTHER DISEASES

1. Total number of Infectious Diseases notified during the year, the number admitted to Hospital or Sanatorium and the number of deaths attributed to each of the diseases in the Registrar-General's classification of deaths is given in Table V.

TABLE V

Disease	Cases Notified	Removed to Hospital or Sanatorium	Deaths
Diphtheria ... ..	1( -)	1	-
Dysentery ... ..	3( -)	-	-
Erysipelas ... ..	1( -)	-	-
Measles ... ..	386(197)	2	-
Pneumonia ... ..	3( 2)	1	9
Scarlet Fever ... ..	24( 8)	-	-
Tuberculosis Pulmonary .	6( 2)	6	-
Whooping Cough ... ..	21( 2)	-	-
	445(211)	10	9

2. Table VI shows the age groups affected by the diseases notified.

TABLE VI

AGE GROUPS DISTRIBUTION - INFECTIOUS DISEASES

Disease	Und 1	-5	-10	-15	-25	-35	-45	-55	Over 55	Total
Diphtheria .....	-	-	-	-	1	-	-	-	-	1

	12	198	201	19	7	1	2	1	4	445

A boy aged 15 years visited his doctor complaining of sore throat. Swabs were taken and the laboratory report stated that Diphtheria Mitis germs were present.

On examination two days later the boy did not appear ill but however swabs were taken from patient and all contacts and he was admitted to Hospital for observation. All the specimens proved negative and the boy was discharged.

TUBERCULOSIS

No cases of Non-Pulmonary Tuberculosis were notified during 1966 but there were 6 cases of Pulmonary Tuberculosis - an increase of 4 on the previous year. There were 6 admittances to hospital during the year and these were to Keycol Sanatorium, Bobbing.

TABLE VII

AGE GROUPS OF NEW CASES OF TUBERCULOSIS NOTIFIED DURING 1966

Age Group	Type	Male	Female	Total
0 - 1	-	-	-	-
1 - 4	Pulmonary	-	1	1
5 - 9	-	-	-	-
10 - 14	Pulmonary	-	1	1
15 - 19	-	-	-	-

	56(58)	46(46)	13(13)	6(6)	121(123)

\*This figure refers to patients on the register who have not necessarily died from Tuberculosis.

IMMUNISATION AND VACCINATION

(i) Diphtheria, Whooping Cough and Tetanus - From the figures supplied by the County Medical Officer it would appear that 269 children received the primary immunisation against Diphtheria and Tetanus while 402 received re-inforcing inoculations. Primary inoculations against Whooping Cough were 261 while 260 re-inforcing inoculations were given.

The triple vaccine against Diphtheria, Whooping Cough and Tetanus is now extensively used.

(ii) Smallpox Vaccination - Due to the amendment to the County Council's Proposals approved as from 1st January, 1963 the only information now available is that 173 children aged 1 year received a primary vaccination.

TABLE X

POLIOMYELITIS, DIPHTHERIA, WHOOPING COUGH AND TETANUS IMMUNISATION

The table below shows the Poliomyelitis, Diphtheria, Whooping Cough and Tetanus Immunisation figures for 1966 based on the returns submitted to the Ministry of Health.

Year of Birth	Poliomyelitis Immunisation		Diphtheria and Tetanus Immunisation (in combination)		Whooping Cough, Diphtheria and Tetanus Immunisation (in combination)

SECTION IV

GENERAL PROVISION OF HEALTH SERVICES

Local Authority Health Services under the National Health Service Act are administered by the Kent County Council as the Local Health Authority. Those services include the care of Mothers and Young Children; the provision of Midwives; Home Visiting and Home Nursing; Vaccination and Immunisation; Prevention of Illness; Care and After-Care and the Domestic Help Service. Mental Welfare and the treatment and care of Tuberculosis patients is provided by the Regional Hospital Board.

SCHOOL HEALTH SERVICES

Through the courtesy of the County Medical Officer, the following is a summary of the returns for the year 1965, for the Area comprised of the Boroughs of Faversham and Queenborough; the Urban Districts of Sheerness and Sittingbourne and Milton, and the Rural Districts of Sheppey and Swale.

(a) MEDICAL INSPECTIONS

Number of children inspected (periodic) ... ..	3,151
Number of Special Inspections ... ..	211
Number of re-inspections ... ..	1,292
Number of children found at periodic inspections to require treatment ... ..	701
Percentage requiring treatment ... ..	22.2%

No. of Pupils Inspected	Routine School Medical Inspections			
	Physical Condition of Pupils Inspected			
	Satisfactory		Unsatisfactory	
	No. (2)	% of Col. 1 (3)	No. (4)	% of Col. 1 (5)
(1)				
3,151	3,147	99.8	4	0.2

(b) MINOR AILMENTS (EXCLUDING UNCLEANLINESS)

Skin

Ringworm - Scalp	...	...	...	...	...	...	...	...	...	12
- Body	...	...	...	...	...	...	...	...	...	-
Scabies	...	...	...	...	...	...	...	...	...	-
Impetigo	...	...	...	...	...	...	...	...	...	-
Other skin diseases	...	...	...	...	...	...	...	...	...	-

Other

Eye Defects (External and other, but excluding errors of refraction, squint and cases admitted to hospital	...	...	...	...	...	...	...	...	...	13
Ear Defects	...	...	...	...	...	...	...	...	...	26
Miscellaneous (e.g. minor injuries, bruises, sores, etc)	...	...	...	...	...	...	...	...	...	11

(c) DEFECTIVE VISION AND SQUINT

Errors of refraction (including squint) ... ..	967
Other defects or diseases of the eyes (excluding those recorded in Group 1) ... ..	-
Number of pupils for whom spectacles were prescribed ... ..	497

(d) DENTAL INSPECTION

Number of pupils inspected by the Authority's Dental Officers	3,827
Number found to require treatment ... ..	2,714
Number offered treatment ... ..	2,409
Number actually treated ... ..	1,134
Number of attendances made by pupils for treatment ... ..	4,509
Fillings:	
Permanent teeth ... ..	2,606
Temporary teeth ... ..	459
Number of teeth filled:	
Permanent teeth ... ..	2,419
Temporary teeth ... ..	432
Extractions:	
Permanent teeth ... ..	356
Temporary teeth ... ..	1,100
Administration of general anaesthetics for extraction ... ..	669
Other operations:	
Permanent and temporary teeth ... ..	648

(e) INFESTATION WITH VERMIN

Total number of examinations of pupils in schools by the school nurse or other authorised persons ... .. 11,391

Total number of individual pupils found to be infested ... 93

Number of individual pupils in respect of whom cleansing notices were issued under Section 54 (2) Education Act, 1944 6

NATIONAL ASSISTANCE ACT, 1948 - Sections 47 and 50

These sections provide for the removal of persons in need of care and attention to suitable accommodation and for the burial of the dead where no satisfactory arrangements have otherwise been made. I am pleased to report that no action under these sections was necessary during the year.

NATIONAL ASSISTANCE (AMENDMENT) ACT, 1962 - Meals on Wheels

Unfortunately this excellent scheme has not increased in 1966 and the only parish where this service is available is Bredgar.

SECTION V

SANITARY CIRCUMSTANCES OF THE AREA

1. Water Supply

The district is well served by water mains and only 8 houses have no main supply.

The Medway Water Board are responsible for supplies in the parishes of Bobbing, Iwade, Hartlip, Lower Halstow, Newington and Upchurch and the remaining parishes are served by the Mid Kent Water Company.

Six samples of treated water submitted to bacteriological examination were found to be quite satisfactory.

Fluoride has not been added to the water supplies in the Swale area.

2. Sewerage and Sewage Disposal

Lower Halstow and Boughton. The enlargement of these works was completed during the year.

Painters Forstal. A scheme for sewerage Painters Forstal area is being prepared.

3. Public Cleansing

This service is administered by the Engineer and Surveyor who has supplied the following information.

(a) Refuse Collection House refuse collection is proceeding satisfactorily with no major changes in operation. The one man truck system of collection is still proving most satisfactory and most operators are maintaining a good standard of production. During 1967 it is proposed to abandon the large 'Paxit' vehicle and substitute this with one three-ton truck and one five-ton truck, the latter being manned by a driver and loader.

Large items of refuse continue to be collected and a very steady use of this service is being maintained. In most cases a nominal charge is made for items which are not strictly household refuse but if a higher charge were made, there would undoubtedly be an increase in indiscriminate tipping throughout the District which, added to the amount already carried out, would increase the cost of this service in dealing with it in any other way.

The land adjoining the tip at Cryalls Lane has been seriously littered with unauthorised tipping of vehicles and articles of every description but this will be cleared up during 1967 when the Council are in full possession of the land.

The Track Marshall used at the tip had to be overhauled during the year and this resulted in difficulties of spreading during the time it was away but normal operations were quickly resumed. Deliveries of spoil from outside sources were very intermittent during the year and covering material had to be imported.

(b) Cesspool Emptying During the year pressure has been felt on this service and some periods of delay have been experienced. With greater use of the part-time vehicle however it is hoped to contain these delays to a minimum.

With tipping now limited however almost entirely to the Council's Disposal Works time lost in travelling is a major factor and each new house erected without main sewerage adds to the problem.

#### 4. Public Conveniences

Three of the parishes in the district have this amenity - Newington, Doddington and Green Street. At Newington the building was erected by the Council. At Doddington and Green Street suitable arrangements were made by the Council with the owners and tenants of the public houses "The Chequers" and "The Swan" for the use of sanitary accommodation at these houses by the public.

The Council have met many difficulties and frustrations in their negotiations and proposals for a public convenience at Boughton but efforts are continuing.

## 5. Rodent Control

One man is engaged full time on this work carrying out surveys to locate infestations and then poisoning to remove them. There is no charge for work at private houses but occupiers of business premises are required to pay the estimated cost of the treatment before it is started. Owners or occupiers are encouraged to disinfect their own premises and are helped with advice when it is requested.

In May 74 manholes out of the 756 on various lengths of sewer in the district were test baited to find out if they were infested with rats. Some takes were recorded at 10 of these and manholes each side of those affected were included in a poisoning treatment.

Unfortunately your Rodent Operator was away sick in October and had not returned when the year ended.

## 6. Disinfection and Disinfestation

(i) During the year 35 visits were made investigating cases of infectious disease. It was not found necessary to disinfect any rooms.

(ii) There is very little work necessary on disinfestation of vermin and this year only 8 visits were made giving advice and guidance on the treatment of 2 premises.

## 7. Inspection of the District

A summary of visits made during the year is given in Appendix 'D'.

The table below summarises the rodent control work done during the year.

	Type of Property	
	Non-Agricultural	Agricultural
1. Number of properties in Local Authority's District .....	7,691	723
2. (a) Number of properties inspected as a result of Notification .....	484	10
(b) Number of properties inspected which were found to be infested by:		
(i) Rats	333	7
(ii) Mice	6	-
3. (a) Number of properties inspected during Survey .....	523	73
(b) Number of properties inspected which were found to be infested by:		
(i) Rats	350	11
(ii) Mice	2	-

SECTION VI

FOOD AND FOOD INSPECTION

Food Supplies

Co-operation by the shop keepers has enabled a reasonable standard to be provided and maintained in the food premises of the area. There were twelve informal notices served during the year and eight of these had been complied with by the end of 1966.

Unsound Food

Meat from the slaughterhouses found to be unfit for human consumption is moved in locked containers for processing. Tinned and other foodstuff is destroyed and buried.

Food Premises in the Area

The following table shows details of premises in the area subject to the Food Hygiene (General) Regulations, 1960 in trades carried on and whether they comply with Regulations 16 and 19. (Regulation 16 requires the provision of personal washing facilities and Regulation 19 requires facilities for washing food and equipment).

Carcasses submitted for treatment by refrigeration .....	1	-	-	-	-	-
Generalised and totally condemned .....	-	-	-	-	-	-

Food and Drugs

The administration of the part of the Act concerning the quality and nature of articles for sale is administered by the County Council Weights and Measures Department, County Hall, Maidstone. I am indebted to Mr. A. Cyril Fox, the Chief Inspector for the following summary of work carried out in this area.

KENT COUNTY COUNCIL

FOOD AND DRUGS ACT, 1955

Details of samples taken by the County Sampling Officers within the SWALE RURAL DISTRICT during the year ended 31st December, 1966

SECTION VII

HOUSING

Clearance of Unfit Houses

This year 37 houses have been demolished and 9 closed compared with 29 demolished and 3 closed last year. A total of 63 people in 30 families were displaced and re-housed by the Council.

Improvement Grants

This work is administered by the Engineer and Surveyor and continues to make a very valuable contribution to the improvement of the standard of housing in the district.

It is very pleasing to note that over three quarters of the houses improved by discretionary grants were for letting.

Discretionary Grants

A total of 21 applications covering 30 dwellings of which 5 were owner/occupied and 25 tenanted, were approved during the year. The cost of work involved was £29,643 and grants of £11,910 were approved.

Standard Grants

A total of 31 applications covering 35 dwellings of which 23 were owner/occupied and 12 were tenanted. There were two conversions of two houses into one. Grants of £5,955 were approved.

Houses in Clearance Areas and Unfit Houses elsewhere

A. Houses Demolished

<u>In Clearance Areas</u>	Houses Demolished	Displaced during year	
		Persons	Families
1. Houses unfit for human habitation ... ..	-	15	6
2. Houses included by reason of bad arrangement ...	-	-	-
3. Houses on land acquired under Section 43 (2) Housing Act, 1957 ...	-	-	-
<u>Not in Clearance Areas</u>			
4. As a result of formal or informal procedure under Section 17 (1) Housing Act, 1957 ... ..	37	30	19

B Unfit Houses Closed

	Houses Closed	Displaced during year	
		Persons	Families
5. Under Sections 16 (4), 17 (1) and 35 (1) Housing Act, 1957 ...	9	18	5
6. Under Sections 17 (3) and 26 Housing Act, 1957	-	-	-
7. Parts of buildings closed under Section 18, Housing Act, 1957 ... ..	-	-	-

C. Unfit Houses made fit and Houses in which defects were remedied

	By Owner	By Local Authority
8. After informal action by local authority ... ..	32	-
9. After formal notice under (a) Public Health Acts	4	-
(b) Sections 9 and 16 Housing Act, 1957	-	-
10. Under Section 24, Housing Act, 1957 ... ..	1	-
11. Under Section 27, Housing Act, 1957 ... ..	1	-

Rent Act, 1957

No applications for Certificates of Disrepair were received during the year.

New Houses

A total of 150 houses were built during the year. Of this figure 112 were built by private enterprise and 38 by the Council, as compared with last year's total of 258 (189 by private enterprise and 69 by the Council).

Hop Pickers Camps

The number of huts in use seems to have found a level as about 300 were again in use this year and these would accommodate about 1,000 to 1,200 pickers. Problems in this sphere have diminished proportionately with the reduction in numbers of pickers.

Caravans

There are two main sites for residential use in the district:- one at Upchurch for 90 vans and one at Graveney for 24 vans. The only site for holiday use is a small one of 6 at Graveney. A further 20 vans are on 17 sites spread throughout the area.

Factories

SECTION VIII

SHOPS AND FACTORIES

Offices, Shops and Railway Premises

Visits in connection with the administration of this Act were maintained and 92 premises were on the register at the end of the year. Quite a number of the premises now being dealt with just come within the definitions and obtaining compliance with all the requirements in these circumstances does call for a great deal of tact and patience.

Registrations and General Inspections

Class of Premises	Number of premises registered during the year	Number of registered premises at end of year	Number of registered premises receiving a general inspection
Offices	-	21	5
Retail Shops	3	60	6
Wholesale shops and warehouses	-	-	-
Catering establishments open to the public, canteens	1	10	3
Fuel storage depots	-	1	-
Totals	4	92	14

Shops Act, 1950

The welfare of shop assistants is safeguarded by the provision of the Offices, Shops and Railway Premises Act, 1963 and there are therefore far less visits under this Act than previously. In fact only 1 informal notice was issued and this was duly complied with.

Factories

The table below shows the details of inspections made during the year.

Sections 110 and 111

There were 9 outworkers employed in the making or adapting of wearing apparel and 6 on fuse stringing or packing.

Premises (1)	Number on Register (2)	Number of		
		Inspections (3)	Written Notices (4)	Occupiers Prosecuted (5)
1. Factories in which Sections 1, 2, 3, 4 and 6 are to be enforced by local authorities .....	17	-	-	-
2. Factories not included in (1) in which Section 7 is enforced by the local authority .....	54	27	1	-
3. Other premises in which Section 7 is enforced by the local authority (excluding outworker's premises) .....	19	-	-	-
