Washington Urban District Council

ANNUAL REPORT

of the

**Medical Officer of Health
and Senior Public Health Inspector**

For the Year 1972

Dr. J. L. SIDDLE

Medical Officer of Health

E. SOADY,

M.A.P.H.I., Senior Public Health Inspector

WASHINGTON URBAN DISTRICT

Members of Council and Health Committee, 1972

CHAIRMAN OF COUNCIL :

Alderman M. ALLON.

CHAIRMAN OF HEALTH COMMITTEE :

Councillor Mrs. V. SMITH.

GREAT USWORTH WARD

Councillor R. COATES, 14, Garsdale Avenue.

Councillor C. MCILROY, c.c., 34, The Drive.

Councillor J. WHITEMAN, 24, Beech Grove.

Councillor Mrs. V. SMITH, 121, Donvale Road.

Councillor T. WANLESS, 78, Coach Road Estate.

SPRINGWELL WARD

Councillor J. R. COXON, 5, Westfield Crescent.

Councillor Mrs. S. GRANT, "Lenric", Fell Road.

USWORTH COLLIERY WARD

Councillor T. LOWDEN, 68, Tyne Gardens.

Councillor J. K. MURRAY, 517, Coach Road Estate.

Councillor F. C. PARKIN, 5, East View.

Councillor J. WALKER, 2, South Avenue.

Councillor P. WALMSLEY, 20, Penshaw View.

Councillor J. MARSHALL, 37, Manor Park.

WASHINGTON WARD

Councillor T. M. FINNIGAN, c.c., 42, Urban Gardens.

Councillor G. F. HASKETT, 63, Park Avenue.

Councillor T. RODDY, 105, Barmston Way.

Councillor D. Sleightholme, 27, Raeburn Avenue.

WASHINGTON STATION WARD

Alderman M. ALLON, 101, Glebe Crescent.

Councillor M. BLAND, 21, Gainsborough Avenue.

Councillor R. MCGLEN, 8, Queensway.

Councillor K. PYLE, "Torpenhow," The Green.

Councillor T. W. PARDON, 4, Fatfield Road.

Area in acres	6,613 acres
Registrar General's Estimate of Resident Population, mid-1972	26,090
Number of Inhabited Houses (1st April, 1972), according to Rate Books	9,554
Rateable Value (1st April, 1972)	£891,099
Sum represented by a 1p Rate	£28,076

CHAIRMAN OF HEALTH COMMITTEE:

Councillor Mrs. V. SMITH.

Officials :

MEDICAL OFFICER OF HEALTH:

Dr. J. L. SIDDLE.

DEPUTY MEDICAL OFFICER OF HEALTH:

Dr. T. A. SHAW.

SENIOR PUBLIC HEALTH INSPECTOR:

E. SOADY, M.A.P.H.I.

PUBLIC HEALTH INSPECTOR:

C. L. GARDNER, M.A.P.H.I.

HEALTH DEPARTMENT,
COUNCIL CHAMBERS,
WASHINGTON.

*To the Chairman and Members of the
Washington Urban District Council.*

MR. CHAIRMAN AND MEMBERS,

I herewith present my Annual Report for the year 1972.

Dr. T. A. Shaw acted as Medical Officer of Health for the first half of the year, and continued as Deputy to myself for the rest of the year.

There was a further increase in population during the year, with the Birth Rate showing an increase, whilst the Death Rate decreased.

The Infant Mortality Rate showed a marked decrease from last year, and is almost half that for England and Wales.

Although 1972 was a "measles" year, and there was a considerable increase in the number of measles notifications, there was a decrease in the total number of infectious diseases notified.

Despite periods of difficulty in manning the Meals-on-Wheels service, it has continued to operate satisfactorily, as have the luncheon clubs. Two further clubs were set up during the year, making a total of four clubs now operating throughout the district.

During the year, 33 applications for rehousing on medical grounds were investigated and recommendations made to the Housing Committee.

I would like to express my thanks to the General Practitioners in the District; the Hospital Consultants and Dr. Crone and his staff at the Public Health Laboratory for their continued help and co-operation.

Finally, I would like to express my thanks to the Chairman and Members of Council; the Chief Officers and members of staff for their help and support.

J. L. SIDDLE,
Medical Officer of Health.

COUNCIL CHAMBERS,
DECEMBER, 1973.

Health Services

Administered by the County Council and the Ministry of Agriculture, Fisheries and Food.

The following Health Services are administered by Durham County Council as the responsible Local Health Authority under the National Health Service Act :—

Ambulance.

Home Nursing.

Home Helps.

Preventive measures against Smallpox, Poliomyelitis, Diphtheria, and Tuberculosis.

Child Welfare and Maternity.

School Medical.

Welfare of the Aged.

Welfare of the Blind and Handicapped.

Health Visitors.

The County Council are also responsible for the administration of Part III of the National Assistance Act, 1948.

FOOD AND DRUG INSPECTORS are appointed by, and work under the direction of, the County Council.

VETERINARY INSPECTORS appointed by, and working under the direction of, the Ministry of Agriculture being responsible for conducting routine examinations of the cow population throughout the County in order to maintain and raise the standard of health of said cows.

Vital Statistics

Births and Birth Rate

The net number of live births (as corrected by the Registrar General for outward and inward transfers) during 1972 was 552, compared with 483 for 1971.

Sex and Legitimacy are shown thus :—

LIVE BIRTHS—

	Total	Male	Female	
Legitimate....	520	268	252	} Giving a Birth Rate of 21.2 per 1,000 of the estimated population.
Illegitimate	32	16	16	

To exactly compare the Birth Rate in Washington Urban District with that for England and Wales as a whole, it must be multiplied by a comparability factor of 0.89, giving a rate of 18.9 as compared with 14.8 for England and Wales.

The following table shows (i) the total number of births, (ii) the number of males born, (iii) the number of females born, (iv) the Birth Rate per 1,000 population, and (v) the total increase of population (i.e., the excess of births over deaths) for 1972, as compared with the years 1963-72 :—

Year	Total Births	Males	Females	Rate per 1,000	Total Increase
1963	390	194	196	20.00	209
1964	398	212	186	20.3	217
1965	359	192	167	18.17	140
1966	330	177	153	16.61	100
1967	411	219	192	20.51	203
1968	388	199	189	18.32	186
1969	385	203	182	17.58	153
1970	435	224	211	19.6	222
1971	483	249	234	19.9	251
1972	552	284	268	21.2	339

Still Births

During 1972 there were 6 still births in the district.

STILL BIRTHS—

	Total	Male	Female	
Legitimate....	6	4	2	} Giving a Still Birth Rate of 11.0 per 1,000 total (live and still births).
Illegitimate	—	—	—	

The Still Birth Rate for 1972 for England and Wales is 12.

Deaths and Death Rate

The Registrar General reports that after correction for outward and inward transfers, 213 residents of the Washington area died during 1972, being 113 males and 100 females.

Locally-compiled figures show that there were 91 deaths registered as having occurred within the district, being 46 males and 45 females.

One hundred and twenty-two persons, being 67 males and 55 females, normally resident in the district, died outside the area. There were, therefore, 122 inward transfers.

Of the 122 residents who died outside the area, 117 died in hospital, and 5 in private homes.

The Death Rate for 1972, corrected for outward and inward transfers and including deaths from all causes and at all ages, was 8.2 for Washington Urban District, compared with 9.5 in 1971.

In order to compare the local figure with that for England and Wales, the former must be multiplied by a comparability factor of 1.40, giving a Death Rate for Washington of 11.5, whilst that for England and Wales is 12.1.

Total Deaths under Five Years (corrected locally)

During 1972, 6 children, all being females, died before attaining the age of five years, as compared with 12 in 1971.

Therefore, 2.81 per cent. of the total deaths were of children under five years of age, as compared with 5.17 per cent. in 1971.

Maternal Mortality

There were no deaths among women from puerperal sepsis, pregnancy, or abortion.

Comparisons between England and Wales and Washington

The maternal mortality per 1,000 total live and still births, based on deaths which are primarily classed as due to diseases of pregnancy, childbirth, and the puerperal state, is shown in the following table :—

	ENGLAND AND WALES		WASHINGTON URBAN DISTRICT	
	Nos.	Rate	Nos.	Rate
Maternal Causes, excluding Abortion	86	0.12	0	0.000
Due to Abortion	25	0.03	0	0.000
Total Maternal Mortality ..	111	0.15	0	0.000

Death Rate of Infants under One Year

During 1972 there were 5 female children, who died in the area before attaining the age of one year. This is equivalent to an infantile mortality rate of 9.0 per 1,000 live births, compared with 17.0 for England and Wales.

In 1971 there were 11 children who died under one year of age, yielding an infantile mortality rate of 23.0 (per 1,000 total births).

The following table shows the death rates for infants under one year of age, according to the total number of live births and legitimacy for the years 1963-72 :—

Year	All Infants per 1,000 Live Births	Legitimate Infants per 1,000 Legitimate Live Births	Illegitimate Infants per 1,000 Illegitimate Live Births
1963	15.38	15.62	0.00
1964	17.6	18.13	0.00
1965	16.7	14.16	166.66
1966	27.27	28.66	0.00
1967	26.76	28.13	0.00
1968	15.46	16.21	0.00
1969	13.00	14.00	0.00
1970	16.00	17.00	0.00
1971	23.00	24.00	0.00
1972	9.00	6.00	63.00

The following table shows in detail the number and causes of deaths in infants during the first year of life, and also the deaths at the various ages.

Infant Mortality during the year ended 31st December, 1972

Cause of Death	Ages of Children			Total
Hydrocephalus	25 mins	1
Cardio Respiratory Failure	3 days	1
Bronchopneumonia	11 months	1
Intra Cranial Haemorrhage	5 mins	1
Prematurity	6 hours	1
				<hr/> 5 <hr/>

Since the total deaths in the district at all ages was 213, then 2.34 per cent. of the total were children under one year of age. Of these infants 0.46 per cent. were one week old or older.

Death Rate of Infants Under One Week

During 1972 there were 4 infants who died before attaining the age of one week. This is equivalent to an early neo-natal Mortality Rate of 7.0 per 1,000 total live births.

There were 6 still births during 1972 in the district, which is equivalent to a perinatal Mortality Rate of 18.0 per 1,000 total live and still births.

Causes of Death in Washington Urban District during 1972

CAUSES OF DEATH				Males	Females

Causes of Death

TUBERCULOSIS

There were no deaths from pulmonary tuberculosis during 1972.

COMPARATIVE TABLE

Year	No. of Deaths from Pulmonary Tuberculosis in Washington U.D.	Death Rate per 1,000 Population from Pulmonary Tuberculosis England and Wales	Death Rate per 1,000 Population from Pulmonary Tuberculosis in Washington U.D.	No. of Deaths from Non-Pulmonary Tuberculosis in Washington U.D. B.C.G. VACCINATION

The following table shows the number of B.C.G. Vaccinations carried out at the various schools throughout the district.

This is a form of preventative medicine which is most essential in Urban Districts, and it means that at least 80 per cent. of these children vaccinated are now, for a number of years, protected against tuberculosis.

SCHOOL	No. Consenting	No. Skin-Tested	% Skin-Tested	No. Positive Readings	No. Negative Readings Vaccinated	% Positive Readings Vaccinated	No. Absent at Time of Reading	Negative Reactors not vaccinated for medical reasons
St. Roberts R. C. Comprehensive	246	235	95.5	14	203	—	12	6

Washington Comprehensive	231	213	92.2	5	180	2	15	14

HEART DISEASE AND DISEASE OF THE CIRCULATORY SYSTEM

This includes :—

	Males	Females
Chronic Rheumatic Heart Disease	—	1
Hypertensive Disease	1	3
Ischaemic Heart Disease	43	24
Other Heart Disease	5	1
Other Circulatory Disease	2	3
Total	<u>51</u>	<u>32</u>

Therefore in 1972 there were 83 deaths due to the above-named causes—that is, 38·96 of the total deaths, or a death rate of 3·18 per 1,000 population. The percentage of total deaths in 1971 was 30·92 and the death rate 3·74.

COMPARATIVE TABLE

Year	Total Deaths All Causes	Deaths due to Heart Disease	DEATH RATE PER 1,000 POPULATION		Percentage Total Deaths due to Heart Disease
			All Causes	Heart Disease	
1962	174	69	9·053	3·59	39·6
1963	181	73	9·28	3·74	40·33
1964	181	64	9·23	3·26	35·35
1965	219	81	11·08	4·099	37·44
1966	230	87	11·58	4·38	37·83
1967	218	81	10·38	4·04	37·16
1968	202	70	9·54	3·31	34·65
1969	232	75	10·6	3·46	32·32
1970	213	67	9·6	3·02	31·45
1971	232	91	9·5	3·74	30·92
1972	213	83	8·2	3·18	38·96

CANCER

This includes all malignant growths and diseases.

During 1972 there were 38 deaths certified as being due to malignant growths, being 17 males and 21 females. Of these, 8 were due to cancer of lungs and bronchi and 9 to cancer of stomach, 3 breast, 1 uterus, 4 intestine, and 13 to other malignant growths.

	England and Wales	Washington Urban District
Death Rate (per 1,000 population) cancer of lungs and bronchi	0.646	0.306
Death Rate (per 1,000 population) other cancer	1.781	1.149

The following table shows the number of deaths in the area due to cancer, and the mortality rate from this disease in 1972 compared with the preceding 10 years :—

Year	NUMBER OF DEATHS			Mortality Rate per 1,000 Population
	Male	Female	TOTAL	
1962	11	16	27	1.404
1963	15	17	32	1.666
1964	18	18	36	1.835
1965	17	19	36	1.822
1966	36	17	53	2.668
1967	27	27	54	2.695
1968	27	12	39	1.842
1969	29	21	50	2.277
1970	29	28	57	2.507
1971	29	23	52	2.137
1972	17	21	38	1.455

Mass Radiography

No survey was carried out by the Unit in the Washington area during 1972.

Medical Examinations

During the year, 80 medical examinations were carried out under the Sickness Pay Scheme and for superannuation purposes.

Notifiable Disease during the year 1972

The incidence of infectious diseases, other than tuberculosis, as notified in the district during the period under consideration, the number of cases which received treatment in hospital, and the number of deaths from such infectious diseases are shown in the following table :—

DISEASES	Total Cases Notified	Cases Admitted to Hospital	Total Deaths
Smallpox
Scarlet Fever	11
Diphtheria
Enteric F. (incl. Paratyphoid)
Acute Meningitis	1	1
Puerperal Pyrexia
Erysipelas
Pneumonia	20

Annual Report of the Senior Public Health Inspector

Water Supply

The supply of water to the Urban District is controlled by the Sunderland and South Shields Water Company. Water is supplied throughout the entire district from the Company's Derwent Pipeline.

The supply to the area is satisfactory in quality and quantity.

The water does not appear to have a plumbo solvent action.

Samples of mains supply water submitted for bacteriological examination during the year were found to be satisfactory, there being no evidence of contamination.

The fluoride content of the water has varied from 0.45 to 0.5 p.p.m.

All the dwelling houses within the Urban District are supplied from public mains as follows:—

Direct to houses	10,593
By means of stand-pipe in yard or wash-house	2

Examination of a typical sample of water from the Derwent Pipeline showed that the water was of a slightly alkaline nature and total hardness was expressed as 55.4 parts per million.

Sewerage and Sewage Disposal

The sewage of the district is discharged into the River Wear at three points: one near Barmston Forge and two at Washington Staithes. The waste matter at Barmston only is treated at the new sewage disposal works, before being allowed to flow into the river. The laying of new sewers is continuing throughout the district to cater for New Town development.

River and Streams

No unfavourable reports on the condition of the various water-courses throughout the district were received during the past year.

Closet Accommodation

At the end of the year the various types in use within the Urban District were as follows :—

	1968	1969	1970	1971	1972
Water Closets	8,437	8,574	9,017	10,673	11,648
Ash Closets	Nil	Nil	Nil	Nil	Nil
Elsan Closets	6	Nil	Nil	Nil	Nil

Clean Air Act, 1956

As yet no "smoke controlled areas" have been declared within the Urban District. Some areas of the district, however, are virtually smokeless because of the policy adopted by the Washington Development Corporation in relation to new buildings.

Swimming Baths

There are no public swimming baths in the Urban District.

Rodent Control

Throughout the year treatments for rat and mice infestations were carried out in accordance with recommended Ministry practice.

A summary of the work carried out on surface infestations is shown in the following table.

	TYPE OF PROPERTY	
	Non-Agricultural	Agricultural
Properties other than Sewers :		
1. Number of properties in district	11,460

Housing

1. Closing and Demolition of Houses

A. FORMAL ACTION:

(1) Number of houses demolished during the year as a result of Clearance Schemes or other formal action Nil
(2) Number of houses closed but not demolished as a result of formal action Nil
(3) Number of houses in Clearance Areas and individual unfit houses, demolition of which temporarily postponed Nil
(4) Number of houses in use as temporary accommodation Nil

B. INFORMAL ACTION:

(1) Number of houses permanently discontinued as dwellings as a result of informal action and not included above Nil
--	-----------

2. Reconditioning and Repair

Number of houses made fit during the year by procedure under Housing Acts (excluding temporary accommodation) or Public Health Acts:—

(a) As a result of informal action 19
(b) By owners as a result of statutory notice Nil
(c) By Local Authority in default of owners Nil

3. New Houses completed during the Year

(a) By Local Authority 84
(b) By any other Housing Authority 456
(c) By private persons 385

4. Local Authority Housing

The following is a Summary of the Permanent Dwelling-houses, including number of Apartments erected by the Local Authority up to 31st March, 1973.

WARD	SIZE OF HOUSE OR TYPE						Total
	1BR	2BR	3BR	4BR	A.P.	S.P.	
Washington	120	293	49	29	491
Washington Station	8	60	243	66	38	415
Springwell	26	129	16	171
Usworth Colliery	138	499	232	76	155	168	1,268
Great Usworth	337	981	94	48	1,460
TOTAL	146	1,042	1,878	76	380	283	3,795

5. Improvement Grants

	Discretionary	Standard
Applications submitted during 1972	135	2
Applications rejected during 1972	4	—
Applications cancelled by applicants	—	—
Total number of applications approved since inception of scheme	585	121
Total number of applications rejected since inception of scheme	31	5
Total number of grants paid since inception of scheme	488	112

Inspection and Supervision of Food and Food Premises

(a) Milk Supply

During the year regular samples of milk were taken and submitted to the Public Health Laboratory, Havelock Hospital, Sunderland, for examination. All but 5 samples taken satisfied the Methylene Blue and Phosphatase tests.

There are no pasteurisation plants within the area, milk being supplied to retailers from dairies outside the district.

(b) Inspection of Meat and Other Foods

No licences were issued during the year with regard to premises for the slaughtering of animals for human consumption.

Unsound foodstuffs, involving the issue of 285 certificates, were surrendered as unfit for human consumption during the year and consisted of the following:—

Meat	126½ lb.
Chickens	57 „
Gammon	40 „
Bacon	8 „
Tinned Meat	936½ „
„ Vegetables	2,815 „
„ Fruit	5,352¾ „
„ Soup	463½ „
„ Fruit Juice	148½ „
„ Milk Puddings	107¼ „
„ Custard	64¾ „
„ Milk	40¾ „
„ Syrup	30 „
Cheese	102½ „
Butter	40½ „
Biscuits	19 „
Honey	14 „
Cereal	13 „
Beetroot	11½ „
Others	63¾ „

Frozen Meat	124	„
„ Vegetables	160 $\frac{1}{2}$	„
„ Fish	277 $\frac{1}{4}$	„
„ Pastry	52 $\frac{3}{4}$	„
„ Chickens	16 $\frac{3}{4}$	„
„ Dinners	195	
„ Sweets	20	trays
„ Pies	6	
Other Frozen Foods	52	lb.

(c) Ice Cream

Number of Producers Registered	2
Number of Retailers Registered	57

Apart from the ice cream sold by the two registered producers, most of the ice cream is of the pre-packed type, which is delivered to the small retail shops where it is stored in refrigerators. Control of motor vans retailing in the district is satisfactorily maintained.

Sampling

The following list gives details of samples taken in the Urban District by the County Council Weights and Measures Inspectors under the Food and Drugs Act, 1955.

- 4 Milk
- 5 Beer
- 3 Pork Luncheon Meat
- 2 Mixed Vegetables
- 3 Instant Coffee
- 3 Baked Beans in Tomato Sauce
- 1 Blackcurrant Jam
- 2 Lemon Curd
- 1 Curry Sauce Mix
- 1 Mint Sauce Mix
- 1 English Mustard
- 1 Instant Hot Oat Breakfast fortified with Vitamins
- 1 Instant Mashed Potato
- 1 American Lard
- 2 Cornflour
- 1 Creamed Rice Milk Pudding
- 2 Demerara Sugar
- 1 Ginger Marmalade
- 1 Cooking Oil
- 1 Lemon Squash with Pure Natural Honey
- 1 Benerva Compound Vitamin Tablets
- 1 Vitamin Capsules B.P.C.
- 1 Halibut Liver Oil Capsules B.P.
- 1 Nicotinic Acid Tablets B.P.

- 1 Multivite Pellets
- 1 Ascorbic Acid Tablets B.P., 100 mg
- 1 Blackcurrant Syrup B.P.C.
- *2 Opened Tin of Corned Beef
- *1 Blackcurrant Pie Filling
- *1 Strawberry Pie Filling
- *1 Apple Pie Filling
- *1 Strawberries in Heavy Syrup with Added Colour
- 1 Granny Smith Apple Juice
- 1 Raspberry Flavour Cordial
- 1 Dark Brown Sugar
- 1 Stoned Raisins
- 1 Australian Sultanas
- 1 Currants
- *1 Blancmange Powder
- *1 Icing Sugar
- *1 Stone Milled Curry Powder
- *1 Rose Hip Syrup
- *1 Milk Shake Syrup - Lime Flavour
- *1 Prunes
- *1 Dried Live Yeast
- *1 Quick Dried Carrots
- *1 Quick Dried Cabbage
- *2 Quick Dried Apple Flake
- *1 Currant Cookies
- *3 Quick Dried Bilberries
- *1 Fresh Cream Sponge Cake
- *1 Pasties
- 1 Ice Cream
- 1 Almond Marzipan
- 1 Ground Cassia
- 1 Curry Powder
- 1 Pork and Beef Sausages
- *1 Black Pudding
- *1 Blackcurrant Health Drink
- *1 Sweet Jordan Almonds
- *1 Bitter Lemon Drink
- *1 Vanilla Flavour Dessert
- *1 Strawberry Flavour Dessert
- *1 Mixed Pickles
- *1 Margarine
- *1 Bilberries in Syrup
- *1 Chop Suey with Sweet and Sour Sauce
- *1 Ham Roll with Egg
- *1 Cooked Young Chicken in Jelly
- *1 Honey Coated Puffs of Wheat
- *1 Opened Bag of Coconut
- *1 Dried Apricots

* Informal

One sample of corned beef was unfit for consumption because of metallic contamination.

Food Hygiene (General) Regulations, 1970

The number of food premises subject to the above regulations, grouped in categories of trade carried on in them, is as follows:—

CATEGORY OF TRADE	Number of Premises	Number Complying with Regulation 16	Number Subject to Regulation 19	Number Complying with Regulation 19
General Dealers	55	54	55	55
Fruiterers	6	6	6	6
Butchers	12	12	12	12
Bakers	5	5	5	5
Wet and Fried Fish Shops	13	13	13	13
Confectioners	20	19	19	19
Canteens	28	28	28	28
Cafés and Snack Bars	4	4	4	4
Off-Licences	5	5	5	5
Licensed Premises	27	27	27	27
Warehouses	3	3	3	3
Other Food Premises	4	4	4	4
Totals	182	180	181	181

Food and Drugs Act, 1955

FOREIGN MATTER AND MOULD IN FOOD.

Five complaints of foreign matter and one of mould in foods were received during the year. Legal proceedings were instituted in two cases, resulting in a fine of £42.00 and a conditional discharge.

FACTORIES ACT, 1961

Part 1 of the Act

1. Inspections for purposes of provisions as to Health (including inspections made by Public Health Inspectors)

PREMISES	Number on Register	Number of		
		Inspections	Written Notices	Occupiers Prosecuted

Scrap Metal Dealers Act, 1964

Under the provisions of the above Act every local authority is required to maintain a register of persons carrying on business in their area as scrap metal dealers.

For the purpose of the Act a scrap metal dealer is defined as anyone who carries on a business which consists wholly or partly of buying and selling scrap metal.

Six persons are registered with this authority under the Act.

Petroleum (Consolidation) Act, 1928

Licences to store petroleum spirit under the above Act were issued in respect of 32 installations throughout the district. Quantities of petroleum spirit stored range from 100 gallons to 8,000 gallons.
