WALTHAM HOLY CROSS URBAN DISTRICT COUNCIL

To the Chairman, and Members of the Waltham Holy Cross

Urban District Council.

Mr. Chairman, Ladies and Gentlemen,

I have pleasure in presenting to you the Annual Report, including the Chief Public Health Inspector's Report for the year ending 31st December, 1964.

VITAL STATISTICS

There was very little infectious disease in the District during the year.

The birth rate was lower than for the previous year and there were less deaths from Cancer and Bronchitis. The health of the District is, therefore, considered to have remained very satisfactory.

DISPOSAL OF RADIO-ACTIVE WASTES

The Experimental Research and Development Establishment of the Ministry of Aviation at Waltham Abbey is authorised to discharge radio-active substances into the main drainage system, up to a maximum amount not exceeding two millicuries of activity per week. The amount discharged during the year was nil.

Adequate controls and records continue to be maintained to ensure the continued safety of workmen and the general public.

WILSON HALL CROSS STREET DISTRICT BOARD

To the Chairman and Members of the Wilson Hall Cross

In concluding, I would again like to record my appreciation to the Staff of the Public Health Department for their continued help and co-operation, and the Chairman and Members of the Public Health Committee for their support during the year.

H. FRANKS, M.B. B.S., B.Hy., D.P.H.,

MEDICAL OFFICER OF HEALTH.

SECTION B

GENERAL PROVISIONS OF THE HEALTH SERVICES IN THE AREA

PUBLIC HEALTH OFFICERS of the Local Authority (See Page 1).

LABORATORY FACILITIES. A Ministry of Health Laboratory operates at St. Margaret's Hospital, Epping. Milk, water and ice cream samples are examined at the Counties Public Health Laboratories, Thresh House, Verulam Street, Gray's Inn Road, London, W.C.1. Milk samples for biological examination are examined by the Public Health Laboratory Service, Chelmsford.

AMBULANCE FACILITIES. Transport of the sick and injured and maternity cases is the responsibility of the Essex County Council and is free of charge.

In cases of accident or emergency, an ambulance is obtained by dialling 999 on any Waltham Cross telephone. Where there is no dialling system it is sufficient to lift the receiver and ask for an ambulance to be sent to the place required, or to deliver the message personally to the Fire Station, Romeland, Waltham Abbey. Calls of a non-urgent nature are only accepted from responsible persons in the service, e.g. doctors, nurses, etc.

HOSPITALS. The hospitals serving the area are administered by the North-East London Regional Hospital Board.

CHILD WELFARE. The Essex County Council (Forest Area) is the Welfare Authority for the district. Clinics are held at the following times at "The Cedars", Sewardstone Road, Waltham Abbey -

CHILD WELFARE CENTRE: Every Tuesday and Friday at 2 p.m.

SCHOOL CHILDREN (Minor Ailments): 2nd and 4th Tuesday in each month at 10.a.m.

No charge is made.

ANTE-NATAL CLINIC: Every Monday at 2 p.m.

WOMEN'S WELFARE: 1st Monday. By appointment only.

RELAXATION CLASS FOR EXPECTANT MOTHERS: Every Wednesday afternoon.

(By appointment only).

SPEECH THERAPIST: By appointment only.

UPSHIRE VILLAGE HALL (WEIGHING CENTRE): Alternate Thursdays at 2.30. p.m.

CHILD WELFARE CENTRE, BREACH BARNES CARAVAN SITE: 1st and 3rd  
Wednesday at 2.p.m.

- (f) SCHOOL HEALTH SERVICE. The Education Authority is the Essex County Council. School nurses inspect the children regularly, and there is a medical inspection at each school not less than once per year. Advice and treatment are provided at the Combined Treatment Centre at the appropriate sessions as listed above.
- (g) TUBERCULOSIS SERVICE Tuberculosis Dispensary at Honey Lane Hospital, Waltham Abbey, every Monday at 2.p.m. for new patients.

During the year the Care Association for the area covering the Chigwell, Epping, Waltham Abbey and Ongar Districts continued to function. The Association assists cases awaiting admission to sanatorium in various ways and arranges also for admission of child contacts to convalescent homes. It concerns itself also with the after care of patients by assistance in obtaining materials for occupational therapy and, whenever possible, suitable employment for those fit to work. The Association is supported by voluntary contributions and receives also a grant from the County Council. The Honorary Secretary is Mrs. B. Hands, 52, Dacre Gardens, Chigwell.

- (h) DISTRICT NURSES', HEALTH VISITORS', MIDWIVES' SERVICES AND HOME HELPS are provided by the Essex County Council, and administered locally by Forest Area Health Sub-Committee of the Council.

The Area Medical Officer is Dr. F.G.Brown, M.B.,B.Ch.,D.P.H., Municipal Offices, Woodford, E.18, from whom the following statistics have been received -

VISITS PAID BY HEALTH VISITORS.

REPORT OF THE CHIEF PUBLIC HEALTH INSPECTOR

(SECTIONS C, D & E)

Mr. Chairman, Ladies & Gentlemen,

I have much pleasure in presenting my 25th Annual Report on the work effected by this Department with particular reference to the year 1964. All matters pertaining to public health were dealt with as expeditiously as possible.

Slum clearance and meat inspection claimed precedence over other activities.

Mr. E. Salway joined the Staff on the 13th July and has proved himself an efficient and capable Meat Inspector.

I take this opportunity of expressing my thanks to the Council, Members of the Public Health Committee, The Medical Officer of Health and all other colleagues for their invaluable co-operation and assistance during the year.

W.H. Meynell, M.R.S.H., M.A.P.H.I.,

Chief Public Health Inspector.

REPORT OF THE CHIEF PUBLIC HEALTH INSPECTOR

(SECTIONS C, D & E)

Mr. Chairman, Ladies & Gentlemen,

I have much pleasure in presenting to you the annual report on the work effected by this Department with particular reference to the year 1966. All matters pertaining to public health were dealt with as expeditiously as possible.

Your attention and best inspection are invited to the various other activities.

Mr. E. Solberg joined the Staff on the 13th July and has proved himself an efficient and capable health inspector.

I take this opportunity to express my thanks to the Council, Members of the Public Health Committee, The Medical Officer of Health and all other colleagues for their invaluable co-operation and assistance during the year.

W. H. Reynolds, M.B.S.E., M.A.P.H.I.

Chief Public Health Inspector.

SECTION C.

SANITARY INSPECTION OF THE AREA.

The number of inspections made during the year was 3,753; details regarding the nature of these inspections are given in the following tables.

The Department received 172 complaints covering a variety of subjects; all were dealt with satisfactorily.

Summary

Number of dwelling houses inspected for housing defects (Under the Public Health and Housing Acts) ... ..	397
Number of dwelling houses inspected for other than housing defects ... ..	23
Number of premises other than houses inspected ... ..	869
Miscellaneous visits ... ..	2464
	<hr/>
	3753
	<hr/>

Included in the above tables are the following classified visits -

1. Camping Sites ... ..	32
2. Cattle Market ... ..	52
3. General Market ... ..	52
4. Petroleum Acts ... ..	51
5. Licensed Premises ... ..	33
6. Shops ... ..	478
7. Hawkers ... ..	41
8. Nurseries ... ..	73
9. Factories ... ..	85
10. Piggeries ... ..	22

11.	Rats and mice	...	...	...	...	...	19
12.	Slaughterhouses	...	...	...	...	...	1274
13.	Dairies	...	...	...	...	...	15
14.	Drainage	...	...	...	...	...	66
15.	Atmospheric Pollution	...	...	...	...	...	171

Details of inspection of food premises and factories are given in the appropriate sections of this Report.

#### INSPECTION OF DWELLING HOUSES

Number of dwelling houses inspected for defects (under the Public Health and Housing Acts)	...	397
Number of dwelling houses rendered fit in consequence of informal notices	....	5
Statutory notices served under the Public Health Act, 1936	...	1

#### PETROLEUM ACTS AND REGULATIONS

Licences granted during 1964	...	36
------------------------------	-----	----

51 visits were made to ensure that the requirements of the Acts were being observed.

Two licences were discontinued during the year. In each case the tank was filled with water, capped and sealed.

#### PREVENTION OF DAMAGE BY PESTS ACT, 1949

The sewers were test baited as required by the Ministry of Agriculture, Fisheries and Food. The method of baiting heavily in parts of the system when "takes" were registered was continued with satisfactory results.

Systematic inspection of the area was made for the presence of rats and mice. The work of disinfection was effected where necessary; a free service being given to domestic premises and a charge being made for business premises.

During the year complaints were received of wasps, ants, flies and mosquitoes. The Department was able to deal effectively with most of these but the fly remains a problem.

Works effected under the Act to the 31st December, 1964, are as follows:-

	<u>TYPE OF PROPERTY</u>				
	<u>Local Authority</u>	<u>Non-Agricultural</u> <u>Dwelling Houses</u> <u>(inc. Council Houses)</u>	<u>All other (inc. Business Premises)</u>	<u>Total of Cols. 1, 2 &amp; 3.</u>	<u>Agricultural</u>
1. No. of properties in Local Authority's District	38	3,311	594	3943	132
2. No. of properties inspected as a result of notification	-	33	10	43	3
No. of such properties found to be infested by:					
(a) Common rat					
(Major)	-	-	-	-	-
(Minor)	-	28	8	36	3
(b) Mice					
(Major)	-	-	-	-	-
(Minor)	-	1	1	2	-
3. No. of properties inspected in the course of survey under the Act	37	1,323	168	1528	62
No. of such properties found to be infested by:					
(a) Common rat					
(Major)	-	-	-	-	-
(Minor)	17	130	29	176	12
(b) Mice					
(Major)	-	-	-	-	-
(Minor)	2	5	11	18	2
4. Total inspections including re-inspections	113	2014	366	2493	133
5. Total treatments carried out.	19	164	47	230	17

CARAVAN SITES AND CONTROL OF DEVELOPMENT ACT, 1960.

Number of sites for which licences have been issued by the	
Local Authority ... ..	14
Number of caravans ... ..	540
Number of campers during 1964 (approx.) ... ..	1,500

Work was completed as per Schedule in both the Breech Barns and Woodbin Close Caravan sites. On the former site some inconvenience was caused by lack of water pressure. A larger supply pipe was installed and the difficulty remedied.

32 visits were made during the year.

ATMOSPHERIC POLLUTION

The Council continued its participation in the Essex County Council's Scheme for recording pollution of the atmosphere.

Daily readings of the volumetric instrument are taken in the Department. The deposit gauge and lead peroxide instruments are submitted to the County Public Health Laboratories, Thresh House, Verulam Street, Gray's Inn Road, London, W.C.1. for examination and analysis at monthly intervals.

Despite the Minister's undertaking that Crown premises would co-operate in the implementing of the Clean Air Act, 1956, the Eastern Electricity Board Power Station at Brinsdown continues to be a major source of pollution in this area.

One wonders why more definite steps are not taken to prevent discharge of sulphur dioxide into the atmosphere. The medical profession assures us that this irritant is a causative factor in bronchitis and other chest illnesses. When I posed the question recently I was told that cost was the governing factor. One would assume that the health of the community is the most valuable asset the nation possesses and that every possible precaution should be taken to preserve it.

Why should sulphur from industrial, domestic and other sources be allowed to injure the health of the public at large without any serious attempt being made to stop it.

### LICENSED PREMISES

33 visits were made to licensed premises and conditions were found to be satisfactory.

### SEWERAGE.

The area is sewered in the main to an outfall at the Old Sewerage Works in Brooker Road. From there it is pumped under the River Lea and thence by gravity to the Middlesex Works at Deephams.

In addition the Sewardstonbury area is drained to a small but satisfactory works in Sewardstonebury; one from a small area in the Fox and Hounds district is drained to Chingford, and one farm to the Epping and Ongar Rural District.

### REFUSE COLLECTION AND DISPOSAL

Collection is made weekly from all properties in the area by three modern S.D. vehicles.

Problems of disposal are always with us, but one wonders whether individual tipping is the answer. What happens when there are no more holes to be filled?

Two years ago I suggested that tipping be controlled on the basis of a Regional Board. I believe a meeting was held, but have not heard of any practical proposals to further this point.

### CESSPOOLS

Cesspools are emptied quarterly by Contract.

### ROADS

Council maintained streets are scavenged and gullies emptied by direct labour.

### SALVAGE

Waste paper is collected and sold to a paper pulping firm. Rags and metal are also collected and sold.

PUBLIC CONVENIENCES.

Conveniences are provided for both sexes at the "Kings Oak", High Beech (during the summer months), at the Town Hall and Farm Hill Road. Unfortunately these properties suffer seriously from wilful damage.

If the general public would report any damage which they witness, legal action could be taken and matters thereby, we hope, improved.

WATER SUPPLY.

The district is within the Metropolitan Water Board's area of supply. There are outlying parts of the district which do not receive the benefit of this supply and depend solely on water from shallow wells.

The extension of the water main in the "Wake Arms" area was completed during the year.

At Claverhambury, the Clapton Stadium Limited supply their dwelling houses and kennels, together with an adjoining dairy farm, with water obtained from an artesian well.

Samples of water have been obtained from wells in various parts of the district, and also from the public mains and swimming pool. The swimming pool is privately owned, water being supplied by the Metropolitan Water Board. Favourable reports were received from the Analyst in each case.

Samples were also obtained from the swimming pool at

- (1) "Warlies"
- (2) The portable pool at Waltham Abbey Primary School

Both were reported upon favourably.

AGRICULTURE (SAFETY, HEALTH AND WELFARE PROVISIONS) ACT, 1956

73 visits were made to ascertain conditions prevailing on the nurseries. Some premises were satisfactory, in others it was necessary to request that some works be put in hand to comply with the requirements of the Act.

A prosecution was taken against one offender and a penalty of £5. 0. 0. imposed.

PET ANIMALS ACT, 1951. There is only one licence under this Act.

ANIMAL BOARDING ESTABLISHMENTS ACT, 1963.

6 licences were issued in the year.

OFFICE, SHOPS & RAILWAY PREMISES ACT, 1963.

The Act came into operation on the 1st May, 1964; Registration being the first requirement. Despite national and local publicity there was very slow response. It became necessary to distribute the forms by hand and advise on their completion. At the end of the year 100 premises were registered comprised as follows:

Offices ... ..	30
Retail Shops ... ..	54
Wholesale Shops and Warehouses ... ..	3
Catering Establishments ...	13
	<hr/>
TOTAL	100

REGISTRATION (SAFETY, HEALTH AND WELFARE) ACT, 1962

73 visits were made to ascertain conditions prevailing on the premises. Some premises were satisfactory, in others it was necessary to request that some work be put in hand to comply with the requirements of the Act. A prosecution was taken against one offender and a penalty of Rs. 100 was imposed.

There is only one licence under this Act.

ANIMAL INDUSTRY REGULATIONS ACT, 1967

Licences were issued in the year 1967. The Act came into operation on the 1st July, 1967, registration being the first requirement. Capital national and local bodies have very few responsibilities. It is deemed necessary to distribute the forms by post and advise on their completion. At the end of the year 1967, licences were issued as follows:

Office ...	10
Local Bodies ...	10
Wholesale Dealers ...	10
Other ...	10
<b>TOTAL</b>	<b>40</b>

MEAT AND OTHER FOODS

Slaughterhouse Act, 1958.

There are three licensed slaughterhouses in the area, they are:

1. Enfield Highway Co-operative Society Ltd.,  
Brooker Road, Waltham Abbey, Essex.
2. Farmer Butcher (Waltham Abbey) Limited  
10, Sun Street, Waltham Abbey, Essex.
3. City Meat Wholesalers Limited,  
Waltham Abbey Abattoir, Sewardstone, E.4.

The following animals were slaughtered during the year -

	90	Bulls
	1,835	cows
	16,071	steers
	1,171	Heifers
	4,504	calves
	25,923	swine
	36,695	sheep and lambs
	36	goats
	1	deer
	<hr/>	
TOTAL	86,326	

The total number of animals slaughtered increased by 26,016.

The following were surrendered as being unfit for human consumption -

2	bullock carcasses
16	sheep carcasses
13	calves carcasses
9	pig carcasses
9	cow carcasses
7	part cow carcasses
589	cow livers
145	part cow livers
179	cow kidneys
63	cow lungs
11	cow hearts

CYSTICERCUS DOVIS

Systematic examination of all carcasses revealed the following affected by parasite -

- 12 bovine heads
- 1 part bovine carcass
- 27 bovine heads and tongues
- 1 bovine head tongue and skirt
- 1 bovine head and skirt
- 16 bovine hearts
- 3 cows heads

All meat surrendered is disposed of to reputable contractors who sterilise the unfit meat in steam digesters. The resulting product is utilised in industry. All other foods are rendered innocuous by boiling and used for pig food; where this is not practicable the articles are burnt.

SLAUGHTER OF ANIMALS ACT, 1933 - 1954.

There are fifty nine slaughtermen licensed under the Act.

FOOD AND DRUGS ACT, 1955.

All premises where food is prepared were inspected. The following articles were surrendered as being unfit for human consumption -

- 1 - 12 oz. tin luncheon meat.
- 2 - 1 lb. 12 oz. tin tomatoes.
- 1 - 7 $\frac{3}{4}$  oz. tin salmon.
- 1 - 7 oz. tin salmon.
- 1 - 15 oz. tin fruit salad.
- 1 - 1 lb. 3 oz. tin peas.

Foods are sampled by the Weights and Measures Officer of the Essex County Council, and he supplies me with reports thereon.

The following samples were reported upon during 1964 -

Milks (4) .... . Genuine

FOOD HYGIENE (GENERAL) REGULATIONS, 1960.

All premises affected by the Regulations were visited during the year, 1,770 visits in all being made. Satisfactory conditions were found to prevail.

It became necessary to take legal action against Essex County Council in respect of contravention of the above Regulations, which occurred at Waltham Abbey County Primary School Canteen.

Fines totalling £60. were imposed on the County Council together with 6 guineas costs.

Prosecution was taken against a firm of butchers from Hornchurch who supplied bovine liver which was heavily infested with liver fluke and cirrhosis. The liver was supplied to Essex County Council Primary School at Waltham Abbey. The Magistrates imposed a fine of £25.0.0. and 5 guineas costs.

CHEMICAL AND BACTERIOLOGICAL EXAMINATION OF FOOD.

The Essex County Council deals principally with matters coming under this heading. I am informed that all samples taken for examination in the area were found to be satisfactory. In addition 39 samples of milk, 52 samples of ice cream and 63 samples of ice lollies were submitted for examination.

The samples were submitted to the Counties Public Health Laboratories, Thresh House, Verulam Street, Gray's Inn Road, London, W.C.1. through the Essex County Council Bacteriological Service.

Examination of ice cream samples is in accordance with the Ministry of Health's Provisional Grading system. Samples submitted were graded as follows:

<u>Grades</u>	<u>Samples</u>
1	36
2	11
3	3
4	2

Fourteen samples of milk were submitted for biological examination at the Chelmsford and Essex Hospital.

Samples are obtained at the request of the County Medical Officer of Health and are paid for by the County Council.

Samples of milk were submitted as follows -

Tuberculin Tested/Pasteurised/Hom. ... ..	1
Pasteurised ... ..	12
T.T./Pasteurised .... ..	1
C.I./Pasteurised ... ..	7
Sterilised ... ..	2
Biological examination ... ..	14
Untreated ... ..	2

All were reported upon as negative.

FACTORIES ACT, 1937.

There are 83 factories on the Register. 85 visits were made during the year. Conditions were found to be generally satisfactory in these premises which visits were made.

There are 59 outworkers in the area.
