SECTION VII - Smallpox

- (1) Name of Isolation Hospital to which smallpox cases are sent from the district:

Smallpox Hospital, Ipswich.

- (2) Arrangements for transport of such cases to that hospital by ambulance, giving the name of the Authority responsible for the ambulance and the vaccinal state of the ambulance crews:

In the event of there being a suspected case, the Officer in Charge of the Ambulance Station, Ipswich, telephone number Ipswich 56407, would be contacted. He would make all necessary arrangements for the ambulance and be responsible for ensuring that any necessary vaccination or disinfection of the ambulance crew was carried out.

- (3) Names of smallpox consultants available:

	<u>Office</u>	<u>Telephone No.</u>	<u>Home</u>	
Dr. J. D. Kershaw	Colchester	5101	Colchester	73176
Dr. W. A. Oliver	Norwich	23111	Norwich	53535

SECTION X - Observations on the occurrence of malaria in ships

No cases of malaria have occurred

SECTION XI - Measures taken against ships infected with, or
suspected for, plague

There were no ships infected with, or suspected for, plague

SECTION XII - Measures against rodents in ships from foreign ports

- (1) Procedure for inspection of ships for rats:

The Public Health Inspector, as a normal measure, makes an inspection of ships from foreign ports. Should the presence of rats be found, or suspected, he would take any necessary action.

- (2) Arrangements for the bacteriological or pathological examination of rodents, with special reference to rodent plague, including the number of rodents sent for examination during the year:

Any case coming under this heading would be sent to the Public Health Laboratory, Tennis Court Road, Cambridge. No rodents were sent for examination during the year.

- (3) Arrangements in the district for deratting ships, the methods used and, if done by a commercial contractor, the name of the contractor:

The deratting of ships is the responsibility of the Public Health Inspector, who uses the fumigation method and/or poison bait method.

- (4) Progress in the rat-proofing of ships:

TABLE E

TABLE F

Deratting certificates and deratting exemption certificates
issued during the year for ships from foreign ports

This is not directly applicable as the port is not an "approved port" or a "designated approved port", but there is an agreement whereby the Port Health Inspectors of the Borough of Wisbech act as the agents of King's Lynn Borough Council in the issue of deratting exemption certificates for the port of Wisbech.

During the year nineteen deratting exemption certificates were issued for ships from foreign ports.

SECTION XI - Research on the control of ship-borne diseases

1. Introduction

There were no other information or suggestions received.

SECTION XII - Research on the control of ship-borne diseases
