Wisbech (0945) 5121

1. The first part of the report deals with the general situation of the country and the progress of the work during the year. It also mentions the results of the various expeditions and the collections made.

2. The second part of the report describes the various expeditions and the collections made. It mentions the names of the participants and the results of the work.

3. The third part of the report deals with the results of the various expeditions and the collections made. It mentions the names of the participants and the results of the work.

4. The fourth part of the report describes the various expeditions and the collections made. It mentions the names of the participants and the results of the work.

5. The fifth part of the report deals with the results of the various expeditions and the collections made. It mentions the names of the participants and the results of the work.

6. The sixth part of the report describes the various expeditions and the collections made. It mentions the names of the participants and the results of the work.

7. The seventh part of the report deals with the results of the various expeditions and the collections made. It mentions the names of the participants and the results of the work.

SECTION II - Amount of shipping entering the district during the year

TABLE B

<u>Ships from</u>	<u>Number</u>	<u>Tonnage</u>	<u>Number inspected</u>		<u>Number of ships reported as having, or having had during the voyage, infectious disease on board</u>
			<u>By the M.O.H.</u>	<u>By the P.H.I.</u>	
Foreign ports	283	65,876	Nil	119	Nil
Coastwise	71	24,565	Nil	12	Nil
Total	354	90,441	Nil	131	Nil

SECTION III - Character of shipping and trade during the year

TABLE C

Passenger traffic	(Number of passengers inwards: Nil Number of passengers outwards: Nil)
Cargo traffic	(Principal imports: Grain, fertilisers, timber, coal, petroleum Principal exports: Bricks, grain, pulses)
Principal ports from which ships arrive	Amsterdam, Antwerp, Bremen, Gdansk, Hamina, Karlsham, Leningrad, Rotterdam, Wismar

SECTION IV - Inland barge traffic

Numbers and tonnage using the district and places served by the traffic:

None during the year.

SECTION V - Water supply

(1) Source of supply for

(a) the district: Wisbech and District Water Board and East Elloe Rural District Council - public supplies

(b) shipping: Wisbech and District Water Board

(2) Reports of tests for contamination for

(a) the district: 21 tests - all satisfactory

(b) shipping:

	<u>No. of ships involved</u>	<u>No. of samples taken</u>	<u>No. satisfactory</u>	<u>No. unsatisfactory</u>	<u>Total</u>
Distribution aboard ships	Nil	Nil	-	-	Nil
Storage aboard ships	Nil	Nil	-	-	Nil

(3) Precautions taken against contamination of hydrants and hosepipes:

The hydrants and hosepipes used in the supply of water to ships are kept cleansed as far as possible and, when not in use, are stored so as to avoid contamination.

(4) Number and sanitary condition of water boats and powers of control by the Authority:

There are no water boats.

SECTION VI - Public Health (Ships) Regulations, 1970

(1) List of infected areas (Regulation 6)

Arrangements for the preparation and amendment of the list, the form of the list, the persons to whom it is supplied and the procedure for supplying it to those persons:

The list is kept by the Public Health Inspector, who makes amendments thereto as notified to him by the World Health Organisation. It is drawn up in a form which sets out the information provided by the World Health Organisation. The list is supplied annually to the Customs office and to the Pilot Master, the latter being requested to pass details thereof to the pilots. Any amendments to the list are also notified to the Customs office and the Pilot Master.

(2) Radio messages

(a) Arrangements for sending permission by radio for ships to enter the district (Regulation 13):

Ships are contacted by radio from the pilot cutter or from Sutton Bridge.

(b) Arrangements for receiving messages by radio from ships and for acting thereon (Regulation 14(1)(a) and (2)):

Contact is made via coastal radio telephone.

(3) Notifications otherwise than by radio (Regulation 14(1)(b))

Arrangements for receiving notifications otherwise than by radio and for acting thereon:

Not applicable.

(4) Mooring stations (Regulations 22 to 30)

Situation of stations and any standing directions issued under these Regulations:

The pilot station is in the Wisbech Deep. Any ship known or suspected to have infectious disease on board must remain there until permission for it to move is given.

(5) Arrangements for

(a) Hospital accommodation for infectious diseases (other than smallpox - see Section VII):

Cases of infectious disease would be dealt with by local hospitals.

(b) Surveillance and follow up of contacts:

Arrangements made by the Public Health Inspector.

Wellcome Library

<https://archive.org/details/b30286414>

- (c) Cleansing and disinfection of ships, persons, clothing and other articles:

Arrangements made by Public Health Inspector.

SECTION VII - Smallpox

- (1) Name of isolation hospital to which smallpox cases are sent from the district:

Smallpox Hospital, Ipswich.

- (2) Arrangements for transport of such cases to that hospital by ambulance, giving the name of the Authority responsible for the ambulance and the vaccinal state of the ambulance crews:

In the event of there being a suspected case, the Officer in Charge of the Ambulance Station, Ipswich, telephone number Ipswich (0473) 56407, would be contacted. He would make all necessary arrangements for the ambulance and be responsible for ensuring that any necessary vaccination or disinfection of the ambulance crew was carried out.

- (3) Names of smallpox consultants available:

	<u>Telephone No.</u>	
	<u>Office</u>	<u>Home</u>
Dr. J. D. Kershaw	Colchester (0706) 5101	Colchester (0706) 73176
Dr. W. A. Oliver	Norwich (0603) 23111	Norwich (0603) 53535
Dr. G. Nisbet	Peterborough (0733) 2489	Peterborough (0733) 2896
Dr. R. A. Leader	(0394) 41275	Ipswich (0473) 55388

- (4) Facilities for laboratory diagnosis of smallpox:

In the event of laboratory diagnosis being required, reference would be made to the Department of Bacteriology, University of Birmingham, The Medical School, Birmingham 15.

SECTION VIII - Venereal Disease

Information as to the location, days and hours of the available facilities for the diagnosis and treatment of venereal disease among merchant seamen under international arrangements, including in-patient treatment and the steps taken to make these facilities known to seamen:

- (a) Clinic at West Norfolk and King's Lynn General Hospital, King's Lynn:

Males - Tuesdays and Fridays	6 p.m. to 7.30 p.m.
Females - Tuesdays and Wednesdays	3 p.m. to 4.30 p.m.

- (b) Clinic at the Memorial Hospital, Peterborough:

Males - Mondays and Wednesdays	5.30 p.m. to 7 p.m.
Females - Tuesdays	10.30 a.m. to 12 noon
Thursdays	5.30 p.m. to 7 p.m.

The position in regard to in-patient treatment is the same at both hospitals. Although no accommodation is kept permanently reserved for the treatment of in-patients, facilities are made available and cases admitted as and when necessary. All medical practitioners in the district are supplied with the foregoing information, which is also publicised by way of a poster. Ship-brokers and ships' agents operating in the port are notified of the facilities available, so they can give the information to the masters and crews.

SECTION IX - Cases of notifiable and other infectious diseases on ships

TABLE D

<u>Category</u>	<u>Disease</u>	<u>Number of cases during year</u>		<u>Number of ships concerned</u>
		<u>Passengers</u>	<u>Crew</u>	
Cases landed from ships from foreign ports	-	Nil	Nil	Nil
Cases which have occurred on ships from foreign ports but have been disposed of before arrival	-	Nil	Nil	Nil
Cases landed from other ships	-	Nil	Nil	Nil

SECTION X - Observations on the occurrence of malaria in ships

No cases of malaria have occurred.

SECTION XI - Measures taken against ships infected with or suspected for plague

There were no ships infected with, or suspected for, plague.

SECTION XII - Measures against rodents in ships from foreign ports

(1) Procedure for inspection of ships for rats:

The Port Health Inspector, as a normal measure, makes an inspection of ships from foreign ports. Should the presence of rats be found or suspected, he would take any necessary action.

(2) Arrangements for the bacteriological or pathological examination of rodents, with special reference to rodent plague, including the number of rodents sent for examination during the year:

Any case coming under this heading would be sent to the Public Health Laboratory, Tennis Court Road, Cambridge. No rodents were sent for examination during the year.

(3) Arrangements in the district for deratting ships, the methods used and, if done by a commercial contractor, the name of the contractor:

Infested vessels are directed to the nearest "approved port".

(4) Progress in the rat-proofing of ships:

TABLE E

Rodents destroyed during the year in ships from foreign ports

<u>Category</u>	<u>Number</u>
Black rats	Nil
Brown rats	Nil
Species not known	Nil
Sent for examination	Nil
Infected with plague	Nil

TABLE F

Deratting certificates and deratting exemption certificates issued during the year for ships on arrival from foreign ports

This is not directly applicable as the port is not an "approved port" or a "designated approved port", but there is an agreement whereby the Port Health Inspectors of the Borough of Wisbech act as the agents of King's Lynn Borough Council in the issue of deratting exemption certificates for the port of Wisbech.

<u>Number of deratting certificates issued</u>				<u>Total</u>	<u>Number of deratting exemption certificates issued</u>	<u>Total certificates issued</u>
<u>After fumigation with HCN</u>	<u>After fumigant</u>	<u>After trapping</u>	<u>After poisoning</u>			
Nil	Nil	Nil	Nil	Nil	22	22

SECTION XIII - Inspection of ships for nuisances

TABLE G

Inspections and notices

<u>Nature and number of inspections</u>		<u>Notices served</u>		<u>Result of serving notices</u>
		<u>Statutory notices</u>	<u>Other notices</u>	
Routine	131	Nil	Nil	-
Total	131	Nil	Nil	-

SECTION XIV - Public Health (Shellfish) Regulations, 1934 and 1948

There are no shellfish beds within the jurisdiction of the Authority.

SECTION XV - Medical inspection of aliens and Commonwealth immigrants

This is not an approved port for the landing of aliens and Commonwealth immigrants and the Section is therefore not applicable.

SECTION XVI - Miscellaneous

Arrangements for the burial on shore of persons who have died on board ship from infectious disease:

Arrangements would be made in accordance with Section 162 of the Public Health Act, 1936.

(SGD) M. DOREEN C. MARTIN

Port Medical Officer of Health

Section 10 - Number of persons with infectious diseases

During the year 1914 the following persons were

This is not strictly applicable as the port is not an approved port or a designated port, but there is an agreement whereby the Port Health Inspectors of the Borough of Weymouth act as agents of the Local Board Council in the issue of leaving exemption certificates for the port of Weymouth.

Total	Number of persons with infectious diseases	Total	Number of persons with infectious diseases	Total	Number of persons with infectious diseases
1914	1914	1914	1914	1914	1914

Section XII - Inspection of ships for infectious diseases

TABLE II

Inspection and action

Total	Number of persons with infectious diseases	Total	Number of persons with infectious diseases	Total	Number of persons with infectious diseases
1914	1914	1914	1914	1914	1914

Section XIII - Number of persons with infectious diseases, 1914 and 1915

There are no statistics kept within the jurisdiction of the

Section XIV - Medical inspection of ships and passengers

This is not an approved port for the landing of aliens and commonwealth immigrants and the Section is therefore not applicable.

Section XVI - Miscellaneous

Arrangements for the burial of persons who have died on board ship from infectious diseases:

Arrangements would be made in accordance with Section 101 of the Public Health Act, 1914.
