Public Health Department,
Highfield House,
Carlton Road,
Worksop.

July, 1963.

To the Chairman and Members of the Worksop Rural District Council.

MADAM, LADIES AND GENTLEMEN,

I have the honour to submit for your consideration the annual health report for the year ended 31st December, 1962, together with the vital statistics relative to that period.

The population figure of 18,060 represents an increase of 80 over the corresponding figure for last year.

The birth rate is 20.0 per thousand of the population. The figure for England and Wales is 18.0

The death rate at 10.8 per thousand of the population is below that for England and Wales (11.9).

The infant mortality rate at 33.6 per thousand live births, is above that for England and Wales (21.4).

The report includes information on the Health Services provided in the area by the Nottinghamshire County Council, and for this information I am indebted to the County Medical Officer.

I am,

Your obedient Servant,

M. B. McCANN,

Medical Officer of Health.

PREVALENCE OF, AND CONTROL OVER, INFECTIOUS AND OTHER DISEASES.

Measles.

During the year 39 cases of measles were notified.

Scarlet Fever.

Nine cases of scarlet fever were notified and the disease continues to be mild in type.

Whooping Cough.

No case of whooping cough was notified during the year. The number of children immunised against the disease was 268.

Food Poisoning, Enteric Fever.

There was no case of food poisoning notified during the year.

Dysentery.

Ninety-three cases of dysentery were notified during the year.

Tuberculosis.

There were twelve cases of pulmonary and one of non-pulmonary tuberculosis notified during the year.

B.C.G. Skin Testing and Vaccination (excluding Bircotes).

Tuberculin testing followed by B.C.G. vaccination was offered to children in the 11th year age group and upwards:

The	number	of	children	skin tested	was	92
The	number	of	children	positive		 16
The	number	of	children	negative		 72
The	number	of	children	vaccinated		72

Diphtheria.

There were no cases of diphtheria during the year.

The total number of children immunised against the disease was 273.

Poliomyelitis.

There were no cases of poliomyelitis during the year.

Poliomyelitis Vaccination.

The number of persons who received two injections during the year was 161.

The number of persons who received three doses of oral vaccine was 418.

Smallpox.

The number of persons vaccinated against smallpox was 1,294.

Infant Mortality.

There were twelve deaths under one year giving an infant mortality rate of 33.6.

Table I.
Comparative Infant Mortality Rates.

Year	Worksop Rural District	England & Wales
1956	17.6	23.8
1957	17.8	23.0
1958	31.6	22.5
1959	13.0	22.0
1960	32.6	21.7
1961	9.4	21.4
1962	33.6	21.4

The causes of death are analysed in Table II.

HOME HELP SERVICE.

The demand for Home Help in the Worksop Rural District increases as the amenities of the service become more widely known.

Home Helps are available for households where domestic help is needed owing to the presence of anyone who is sick, lying-in, an expectant mother, mentally defective, aged or a child not over compulsory school age.

The work undertaken by these women does not include nursing or midwifery duties, and they are not used as "sitters-in," but they do the ordinary domestic work usually undertaken by the mother of a family, which may include cleaning, cooking, washing, care of children, mending and shopping. The charge for the service is 3s. 9d. per hour except where the patient is unable to afford that amount, when the County Council's Scale of Assistance is applied. Home Helps are paid by the County Council and necessary travelling expenses are reimbursed.

Cases needing help should be reported to the Home Help Service, 61 Carlton Road, Worksop—Telephone: Worksop 2884, where the service is administered by the District Organiser and an Assistant.

NURSING IN THE HOME.

The names and addresses of the District Nurses residing in the Worksop Rural District are as follows:—

Name	Address	Tel. No.	Available for
E. Dyson	Willow Dene, Styrrup Road, Harworth	Tickhill 288	Harworth and

SCHOOL MEDICAL SERVICES.

School and dental clinics are held as given hereunder:—
School Clinics.

Bircotes—Scrooby Road—

Tuesdays 9-30 a.m. to 12 noon. Fridays 9-30 a.m. to 12 noon.

Medical Officer attends Fridays.

Langold—Temporary School Buildings, Firbeck Crescent— Fridays 9-30 a.m. to 12 noon.

Medical Officer attends alternate Fridays.

Dental Clinics.

Bircotes—Child Welfare Centre, Scrooby Road—

Treatment by Appointment as follows:

Wednesday 9-00 a.m. to 12 noon. 1-30 p.m. to 4-00 p.m.

VENEREAL DISEASES.

The Sheffield Regional Hospital Board is responsible for the control and treatment of Venereal Diseases throughout the area. Special Clinics are available as follows:—

Mansfield—held at Mansfield and District Hospital.

Monday 2-0 p.m. to 4-0 p.m. Female

10-0 a.m. to 12 noon. Male

3-45 p.m. to 5-45 p.m. Male

Wednesday 4-0 p.m. to 6-0 p.m. Female

Worksop-held at Watson Road Clinic.

Wednesday 10-0 a.m. to 12 noon. Male & Female

Friday 10-0 a.m. to 12 noon. Male & Female

Doncaster—held at Royal Infirmary.

Monday 9-0 a.m. to 12 noon. Male

2-0 p.m. to 4-0 p.m. Male

4-0 p.m. to 7-0 p.m. Female

Thursday 9-0 a.m. to 12 noon. Female

2-0 p.m. to 4-0 p.m. Female 4-30 p.m. to 7-0 p.m. Male

Saturday 9-0 a.m. to 12 noon. By appointment

Gainsborough—held at John Coupland Hospital.

Friday 6-0 p.m. to 7-0 p.m. Male & Female

Sheffield—held at the Royal Infirmary.

Monday 2-0 p.m. to 7-0 p.m. Female and

Children

5-0 p.m. to 7-0 p.m. Male

Thursday 5-0 p.m. to 7-0 p.m. Male, Female &

Children

Sheffield—held at the Jessop Hospital.

Tuesday 4-0 p.m. to 6-0 p.m. Female and Children

Thursday 4-0 p.m. to 6-0 p.m. Female and

Children

Saturday 10-0 a.m. to 12 noon. By appointment

Sheffield—held at the Royal Hospital.

Monday 9-30 a.m. to 12 noon. Male

Tuesday 9-30 a.m. to 12 noon. Female

4-30 p.m. to 6-30 p.m. Male

Wednesday 9-30 a.m. to 12 noon. Male

Thursday 9-30 a.m. to 12 noon. Female

Friday 9-30 a.m. to 12 noon. Female

4-30 p.m. to 6-30 p.m. Male

Saturday 9-30 a.m. to 12 noon. By appointment

Sheffield-held at the City General Hospital.

Tuesday 2-0 p.m. to 4-0 p.m. Female and Children

Public Health Department,

Council Offices,

Highfield House,

Carlton Road,

Worksop.

SANITARY INSPECTION OF THE AREA.

Report made to the Medical Officer of Health in pursuance of Article 25 of the Public Health Officers Regulations, 1959.

C. J. PHILLIPS,

Chief Public Health Inspector.

1. INFECTIOUS DISEASE.

The home conditions and possible sources of infection of all cases of infectious diseases notified during the year have been investigated. Where necessary the rooms occupied by the patient are fumigated and the householders are given instructions on the cleansing of the houses and effects, disinfectant fluid is supplied by the Council, free of charge, for this purpose.

Seven visits were made in connection with six cases of Scarlet Fever and one case of Meningitis notified during the year.

868 visits were also made in connection with cases of suspected food poisoning, dysentery, contacts, etc.

2. WATER SUPPLIES.

Public Supplies.

The greater part of the district has continued to be supplied from six public sources, only one of these—Blyth Waterworks—being under the direct control of the Worksop Rural District Council. The six public sources are as follows:—

		Source of Supply.	Distribution.	Parishes.
1.	Worksop Corporation	Deep boreholes, Sunnyside, Worksop	Gravity Supply from Reservoir, Peaks Hill, Carlton-in- Lindrick	 Carlton-in- Lindrick Hodsock Oldcotes Walling- wells
2.	Blackwell Rural District Council	Three deep boreholes, Budby	Direct from main at Whaley Thorne from reservoirs at Stoney Houghton	1. Nether Langwith
3.	Don Valley Water Board	Three deep boreholes at Austerfield	Gravity supply from reservoir Bawtry	1. Part of Harworth
4.	National Coal Board	Deep borehole, South Carr, Harworth	Gravity supply from elevated tank at Harworth	1. Harworth (major part) 2. Styrrup
5.	Welbeck Estates	Deep borehole, Carburton	Gravity supply from storage tank at Clumber and Cuckney	 Carburton Norton Holbeck Welbeck Cuckney
6.	Worksop Rural District Council	Deep borehole, Blyth	Gravity supply from storage tank, Blyth	Parish of Blyth

In addition to the parish of Blyth, the Rural District Council is the responsible authority for the distribution of the supplies in their area for the parishes of Carlton-in-Lindrick, Hodsock, Styrrup-with-Oldcotes, Nether Langwith and part of Harworth. The National Coal Board undertake distribution of the water to Bircotes Colliery village; and Welbeck Estates Co. Ltd. is responsible for the parishes of Carburton, Norton, Holbeck, Welbeck and Cuckney.

Worksop Corporation Supply.

The quantity of water obtained from the Worksop Borough Council, derived from their bore-holes at Sunnyside, for use in the parishes of Carlton-in-Lindrick, Hodsock, Wallingwells and Oldcotes, has proved to be inadequate during the past twelve months and is causing some concern. It would appear that the consumption in both the Worksop Borough and Worksop Rural area has increased appreciably during the past twelve months with the result that there is insufficient pressure on the trunk main from Sunnyside Waterworks to this Council's reservoir at Peaks Hill, Carlton, to replenish this reservoir as necessary.

Following discussions with the Borough Council it became apparent that there was no prospect of the supply of water to the rural area being increased in the near future and it was therefore decided to proceed with the construction of two boreholes to supplement the supply from the Borough Council. The sinking of one of the boreholes is proceeding at the present time.

(a) Bacteriological Examination.

Samples of water from the six public supplies were taken regularly throughout the year and the results indicate that a high standard of bacteriological purity was generally maintained.

Sixty-two samples were taken for bacteriological examination; the reports on all the samples were satisfactory.

(b) Chemical Analysis.

Six samples were taken for chemical analysis from the public supplies during the year.

The reports on all the samples were satisfactory and the following is a copy of the Analyst's reports on samples from each of the six public supplies:—

(c) Water Main Extensions.

Fifty-seven additional houses have been supplied with water from the public mains during the year.

Seven water main extensions were carried out during the year as follows:—

- (1) A 3-in. cast iron water main extended for a distance of 297 yards to supply a group bungalow scheme in course of erection by the Council in Main Street, Harworth.
- (2) A 3-in. cast iron water main extension was commenced during the year to supply a group bungalow scheme in course of erection by the Council in Dadley Road, Carlton-in-Lindrick, by the end of the year 114 yards had been laid.
- (3) A 3-in. cast iron water main extended for a distance of 161 yards to supply houses in course of erection by private enterprise in Retford Road, Blyth.
- (4) The water main in Retford Road, Blyth, was also extended for a distance of 57 yards in 3-in. cast iron pipes to supply a further scheme of houses in course of erection by private enterprise.
- (5) The water main in Rotherham Baulk, Carlton-in-Lindrick, was extended for a distance of 91 yards in 3-in. cast iron pipes, to supply houses in course of erection by private enterprise.
- (6) A 3-in. cast iron water main was extended for a distance of 40 yards to supply houses in course of erection by the Air Ministry off Martin Lane, Bawtry.
- (7) A water main was laid in 3-in. cast iron pipes for a distance of 1,200 yards to supply a ready-mixed concrete plant in the Carlton Forest area.

Except for the excavation, all the above works were carried out by direct labour.

(d) Dwellinghouses supplied from the public mains.

3. DRAINAGE AND SEWERAGE.

The following extensions of foul and surface water sewers were completed during the year:—

- 100 yards of foul water sewer in 6-in. earthenware pipes were constructed to serve houses in course of erection by private enterprise in Long Lane, Carlton-in-Lindrick.
- (2) 130 yards of foul water sewer in 6-in. earthenware pipes were constructed to serve houses in course of erection by private enterprise in Rotherham Baulk, Carlton-in-Lindrick.
- (3) 41 yards of foul water sewer in 6-in. earthenware pipes were constructed to serve houses in course of erection by private enterprise in Retford Road, Blyth.
- (4) 314 yards of foul water sewer in 6-in. earthenware pipes were constructed to serve a group bungalow scheme in course of erection for aged persons by the Council in Main street, Harworth; 216 yards of surface water sewer in earthenware 6-in. pipes were also laid on this site.
- (5) 27 yards of surface water sewer in 6-in. earthenware pipes were constructed to serve a group bungalow scheme in course of erection by the Council, in Dadley Road, Carlton-in-Lindrick.
- (6) 273 yards of foul water sewer in 6-in. earthenware pipes were constructed to serve houses in course of erection by the Council off Queens Walk, Nether Langwith; 170 yards of surface water sewer in earthenware pipes were also laid on this site.

Harworth Sewage Disposal Works.

The scheme to provide new settlement tanks, dosing tank, filter beds, humus tanks, sludge pumping station, with sludge drying beds, sludge digestion tanks, and other ancilliary works at Harworth Sewage Disposal Works, was nearing completion towards the end of the year.

Oldcotes Sewerage Scheme.

The scheme for the laying of sewers throughout the village of Oldcotes, the erection of a pumping station with ancilliary works, and the construction of one additional filter bed at the Hodsock Sewage Works, was nearing completion at the end of the year.

4. CLOSET CONVERSIONS.

The Council continued to approve a grant to owners of dwelling-houses of 50% of the total cost, but not exceeding £15 per dwelling-house, towards the cost of converting sanitary conveniences of the conservancy type into water closets where application was made and a contribution recommended under Section 47 of the Public Health Act, 1936.

Applications for contributions towards the cost of conversions were approved under this Act in respect of four dwellinghouses during the year.

Conversions were also carried out with aid of grant under the House Purchase & Housing Act, 1959, and the Housing (Financial Provisions) Act, 1958.

A total of 16 conversions were completed during the year, 2 in the parish of Blyth, 9 in the parish of Carlton-in-Lindrick, 2 in the parish of Hodsock, and 3 in the parish of Styrrup-with-Oldcotes.

5. PUBLIC CLEANSING.

Scavenging services were operated by direct labour throughout the district.

The service consisted of the weekly emptying of dustbins and pail closets and the cleansing of privies and ashpits every six weeks.

The number and type of these receptacles is as follows :-

Dustbins			5,840
Pail closets			220
Privy middens			69
Ashpits			38

Controlled tipping was carried out as far as possible.

Routine treatments of refuse tips were carried out during the year to prevent nuisance from rats etc.

The Council maintained and operated one Austin refuse collection vehicle, one Shelvoke & Drewry vehicle of 16/18 cubic yards capacity and two Shelvoke & Drewry vehicles, each of 13 cubic yards capacity.

21 men were employed on an average throughout the year on refuse collection and disposal.

The following work was carried out by the Cleansing Department during the year :—

Population served in all parishes 1	8,060
Total number of premises given regular service	5,395
Total number of dustbins emptied during the year 29	8,472
Total number of pail closets emptied during the year 1	2,170
Total number of ashpits emptied during the year	390
Total number of privy middens emptied during the year	796
Mileage travelled by the four vehicles	9,559
Cost of operation of the cleansing service by direct labour for the year ended $31/3/63$ £1 (including £1,000 lorry reserve	
Cost of operation of the cleansing service by direct labour for the year ended 31/3/62 £1,000 lorry reserve	

6. INFESTATION.

(a) Bed Bugs.

No cases of infestation of bed bugs came to the notice of the Department during the year.

(b) Rodent Control.

The refuse tips, sewage disposal works, and other lands and premises owned or occupied by the Council were kept under observation, and treatment carried out when necessary.

41 minor infestations of rats and 1 infestation of mice were also dealt with in connection with dwellinghouses.

7. MEAT AND OTHER FOOD.

The Slaughterhouse (Hygiene) Regulations (Appointed day No. 4) Order, 1961.

The Slaughter of Animals (Prevention of Cruelty) Regulations (Appointed day No. 4) Order, 1961.

Copies of the above-mentioned Orders which appointed the 1st January, 1962, as the date from which certain of the principal regulations came into force for existing slaughterhouses in the Worksop Rural Area were received by the Council from the Ministry of Agriculture, Fisheries & Food.

The owners of the slaughterhouses in the district had previously decided not to bring their slaughterhouses up to the required standards and as a result the slaughter of animals for food is no longer permitted in any slaughterhouses in the Council's area, the butchers obtaining their meat wholesale or by using licensed slaughterhouses in adjoining districts.

Licences to slaughter or stun animals outside the Council's district were renewed in respect of six slaughtermen.

Particulars of foods (other than raw meat) surrendered or seized during the year:—

		e of F		Reason for Condemnation.	Ç	Quantity.
Fruit			 	Tins blown, pierced or crushed	29	tins
Tomato	es		 	do	12	tins
Meat	****		 	do.	9	tins
Fish				do.	1	tin
Vegetal	oles	*****	 	do.	5	tins
Miscella	neous			Contamination	12	lbs.

Total weight—97 lbs.

8. FOOD & DRUGS ACT, 1955—SECTION 16.

The number of premises registered at the end of the year under Section 16 of the Food & Drugs Act, 1955, was as follows:—

For	the	storage	and	sale o	of ice	cream	1		44
