THE CASSEL HOSPITAL FOR FUNCTIONAL NERVOUS DISORDERS.

FIFTEENTH ANNUAL REPORT OF THE GENERAL COMMITTEE FOR
THE YEAR ENDED 31st DECEMBER, 1934.

COMMITTEE AND STAFF.

1. All friends of the Hospital will have learnt with profound regret that Sir Maurice Craig died on the 6th January, 1935. He had been connected with the Hospital since its inception and was taken into consultation by the late Sir Ernest Cassel, in connection with the founding of the Hospital. Ever since then he was a most active member of the General and Medical Committees, and he was untiring in his work for the Hospital, and his great knowledge and experience have been of inestimable value.

2. The Committee have lost yet another colleague through the death during the year of Dr. J. L. Birley whose expert advice and guidance have been a great help in the work of the Hospital. The Committee desire to place on record their deep appreciation of the great services of these two members of the Committee.

3. In May last, Dr. Ross, the Medical Director, was compelled to resign his appointment owing to ill-health. Dr. Ross was the first Medical Director, and continued to act in that capacity for fifteen years up to his resignation. The success which the Hospital has attained, is in a large measure due to his devotion to its interests, and to the skill, care and judgment, which he has displayed. The Committee are glad that, although compelled to resign the post of Medical Director, Dr. Ross has been able to accept appointment as a Consulting Physician and a Member of the Medical and General Committees, and that they will thus still have the benefit of his advice in these capacities. They hope that with a relaxation of his arduous duties, his health will improve and that he will still for many years be able to help the Hospital.

4. Since Dr. Ross's resignation, Dr. Shearer has been in charge and the Committee desire to place on record their appreciation of the able and successful manner in which she has carried on the work under the most trying and difficult circumstances.

5. The Committee have appointed Dr. E. W. Anderson, M.D., M.R.C.P., D.P.M., of the Maudsley Hospital as Medical Director in place of Dr. Ross and he assumes the duties of his office on the 18th February.

6. Dr. G. Riddoch, M.D., F.R.C.P., and Dr. R. D. Gillespie, M.D., F.R.C.P. have been appointed Consulting Physicians and Members of the General and Medical Committees. The Committee welcome them as colleagues and feel confident that their accession will be of great value to the Hospital.

7. Dr. Strauss resigned his post as Assistant Physician in November.

8. Dr. G. H. Davy was appointed Assistant Physician in May.

9. Dr. P. F. Clüver, Resident Medical Officer, resigned his post in May owing to ill-health.

10. Dr. G. R. Hargreaves was appointed as temporary Resident Medical Officer in June.

GENERAL.

11. The accommodation for patients consisted as in the previous year of 64 beds. The average number of beds occupied was 60.88 as compared with 61.82 in the previous year. This reduction was the result of the policy adopted of having a slightly reduced number of patients in the Hospital during the time that changes were occurring in the Medical Staff. The waiting lists continue as high as in previous years showing that the Hospital is filling a real need.

12. During the year general structural repairs and annual decorations have been carried out under the supervision of the Architect.

13. The games section continues to be popular. During the summer months weekly cricket matches against local villages and clubs, and in the winter frequent hockey matches, were played. Keen interest has been taken in the Golf, Tennis, Badminton and Billiards, and there have been many matches against local clubs as well as house competitions.

14. The Workshops and Outdoor Occupations Sections, which form an important part of the treatment, have been well attended during the year. The indoor workers are taught various arts and crafts by the Occupations Officer.

15. At Christmas there was the usual Christmas Tree, Dances and Staff Concert and a first class conjuror and entertainer gave an entertainment.

16. In place of the Annual Medical Report, Dr. Ross has prepared one on the work of the Hospital covering all the patients who have been treated since the opening of the Hospital. As this will be much longer than any previous Annual Report, and its contents may be of importance to the medical profession in general, it is hoped that it will be published shortly in book form.

FINANCE.

17. There was an excess of income over expenditure for the year of £265 0 3 as compared with £330 15 7 in the preceding year. Although the margin is small it is still on the right side and cannot be regarded as unsatisfactory having regard to the many difficulties and changes of staff during the year.

18. The book value of the quoted investments on the 31st December was £114,691 6 11, and it is satisfactory that their market value on the same date was £141,787 15 11. The income from investments was £5,531 18 8 which was £64 more than in the previous year.

19. The cost per patient during the year averaged £7 6 8 per week compared with £7 7 3 for the previous year. This does not include anything in respect of the original cost of the Land, Buildings and Equipment which were the gift of the Founder.

20. The Committee desire to express their most grateful thanks for a gift made by Mr. Bernard Temple Wrinch to the Hospital of £10,000 6% Debentures in Wrinch & Sons, Ltd. These Debentures have been sold and the proceeds, after providing for death duties, have been reinvested in 4% Consols.

21. The Committee desire once again to express their deep appreciation of the work done by the Medical, Nursing, Administrative, Domestic and Other Staffs.

By Order of the General Committee,

FELIX CASSEL,

Chairman.

26th February, 1935.
