Bucks (to wit).—*To Her Majesty's Justices of the Peace assembled at the GENERAL QUARTER SESSION OF THE PEACE to be holden at AYLESBURY, in and for the said County, on MONDAY, the 5th Day of JANUARY, 1863.*

THE REPORT

OF

THE COMMITTEE OF VISITORS APPOINTED FOR THE PURPOSES OF THE LUNATIC ASYLUM AT STONE, FOR THE PAUPER LUNATICS OF THE COUNTY,

UNDER THE STATUTE 16TH AND 17TH VICTORIA, CAP. 97, SEC. 62

SH EWETH,—That your Committee report in the terms of the Statute that the “state and condition” of the Asylum have been satisfactory throughout the Year, and that the “accommodation” has been sufficient and proper for the number of Patients within it.

The conduct and efficiency of the several Officers and Servants continue to be satisfactory, and the only change which has taken place amongst the Officers during the past Year has been in the office of Matron. Amongst the Attendants and Servants of the Establishment no changes worthy of note have occurred.

The number of Patients admitted since the commencement of the Year has been 70, of which number 40 were Males and 30 Females; one of the Males is a Private Patient.

The number of Patients in the Asylum on the 20th of December last was—Males, 129; Females, 145; total, 274—of these 3 Males and 1 Female are Private Patients. The amount per head per week charged to the Parishes in this County having Patients during the four quarters has been respectively 10s. 6d., 10s., 9s. 6d., and 9s. 6d., being a trifling increase as compared with the rate of maintenance in the Year 1861.

A Table showing the Cost of Maintenance appears on the following page.

TABLE SHOWING THE COST OF MAINTENANCE.

Column 1 contains the Cost of the Provisions consumed by the Patients.

" 2 the Cost of the Fuel and other Necessaries.

" 3 the Cost of Clothing, Utensils, Surgery, Garden, and Miscellaneous Articles, after deducting the Receipts of the Establishment.

" 4 the Amount of Salaries of Officers and Servants, and Cost of Provisions consumed by them.

	3,329	6 2½	833	19 5½	146	6 3		2,359	18 0¾			6,668	17 4½								

NOTE.—The Receipts for the Quarter ending 20th September, 1862, exceeded the costs under column No. 3 by 12s. 6¾d.

Owing to the increase in the number of Patients in the Asylum, your Committee were obliged to require the Removal of 5 of the Oxfordshire Female Patients, who have since been admitted to the Bethnal Green Asylum; 4 Private Patients have been discharged, and on the Female Side your Committee are obliged now to refuse any more admissions of Private Patients.

MAINTENANCE OF LUNATICS FROM THE BOROUGH OF BUCKINGHAM.

It has been the practice in the Pauper Lunatic Asylum of this County, prior to the passing of the Statute 24 and 25 Vic., cap. 55, to make an extra charge for the maintenance of Lunatics in the Asylum sent from the Municipal Borough and Parish of Buckingham, which is one of the Parishes forming the Buckingham Union, but which is not assessed to the County Rate, and has therefore not contributed its quota towards the providing the Asylum in manner contemplated by the Statute 16 and 17 Vic., cap. 97, sec. 2 and seq.

The Borough has never been united with the County, pursuant to sec. 7 of this Statute, but the Visitors of the Asylum have charged the Borough in respect of their Patients 1s. 9d. per head per week beyond the current rate of maintenance.

The maintenance of Lunatics having now been thrown upon the Common Fund of Unions, the Guardians of the Buckingham Union seek to have the Borough Patients charged at no greater rate than other Patients.

It would be manifestly unjust, on the one hand, that the several other Parishes forming the Buckingham Union should contribute towards this extra charge in respect of the Borough Patients, and it would be equally unjust, on the other hand, that the Borough should be relieved of their fair share of the burden of providing the Pauper Lunatic Asylum.

The Justices of the Borough have never taken any steps for carrying out the provisions of secs. 3 and 7 of the Statute 16 and 17 Vic., cap. 97.

Under these circumstances the Committee of Visitors have directed an application to be made to the Commissioners in Lunacy requesting them to take such measures as may be necessary to obtain an order of the Secretary of State for annexing this Borough to the County for the purposes of and pursuant to sec. 10 of this lastly mentioned Statute.

Your Committee have the pleasure to refer to the very satisfactory Report

of the Commissioners in Lunacy upon the state of the Asylum made at their visit during the current year, a copy of which is appended to this Report.

WATER SUPPLY.

The Supply of Water continues abundant, and of excellent quality.

In the Appendix, No. 1, will be found an Abstract of the County Treasurer's Account as to the payment of instalments of the principal monies and of the interest thereof.

The amount expended in Repairs, Additions, Alterations, and Improvements, under sec. 38 of the statute, appears in the Appendix No. 2, which also contains a statement of the "Building and Repairs" Account.

In the Appendix No. 3 will be found a General Statement and Balance Sheet of the Maintenance Account.

It is now the province of the Court of Quarter Session to appoint a Committee of Visitors for the ensuing year, pursuant to the 22nd section of the statute.

(Signed)

THOS. RAYMOND BARKER,
Chairman.

MEDICAL SUPERINTENDENT'S REPORT.

TO THE COMMITTEE OF VISITORS OF THE PAUPER LUNATIC ASYLUM
FOR THE COUNTY OF BUCKINGHAM.

GENTLEMEN,

I beg to submit to you the Report of the Asylum for the past year, being the tenth since its opening.

On the 21st December, 1861, there remained under treatment 266 Patients—120 Men and 146 Women; during the year 40 Men and 30 Women were admitted, being 4 Males and 5 Females less than in the preceding year

Nine of the persons admitted had been under treatment in the Asylum previously. One had been in three times, four twice, and four once before.

The total number resident during the year was 336, or 14 more than in 1861. The statistics of the Asylum, showing that the number of persons requiring its assistance is steadily increasing, may be seen by referring to the subjoined table:—

Average daily number resident in			1853	135
			1854	167
"	"	"	1855	184
"	"	"	1856	187
"	"	"	1857	200
"	"	"	1858	225
"	"	"	1859	248
"	"	"	1860	249
"	"	"	1861	254
"	"	"	1862	270

The wards appropriated to the use of the Female Patients have been full throughout the year. In January, the Private Patients had to be sent away, and not any have since been received, although application has occasionally been made. In October, the Women's side was inconveniently crowded—153 being under treatment—but the removal of five of the Female Patients

belonging to the Oxford Asylum, and the death of four others, temporarily relieved the pressure. Of those now here there are only 7 who are not chargeable to parishes in this county, and thus it becomes extremely probable that before long the duty will devolve on you of making arrangements whereby an increased number can be received.

On the Men's side, 6 more Chronic Lunatics, from the Littlemore Asylum, were admitted, making a total of 24 now chargeable to that Institution.

Two Criminal Lunatics (both Males) have been received during the year, making a total of 4 Men and 1 Woman now under care and control. Of these Patients, one man having homicidal propensities has been recommended for removal to the New Criminal Asylum at Broadmoor.

On the 19th of March, a married woman, pregnant before admission, gave birth to a still-born child. After her confinement she slowly became convalescent, and was discharged on probation in August.

The health of many of the Patients on their admission was much enfeebled, while more than the usual proportion of cases were incurable, either from the length of time they had been insane or from the complication of Age, Epilepsy, General Paralysis, or Chronic Cerebral disease. This of necessity materially influences the number of recoveries—hence the importance of sending cases for treatment in the early and curable stage of the disease cannot be too strongly urged upon the local authorities.

Thirty-one Patients have been discharged during the year; of these 18 had recovered, 3 were improved, 1 unimproved, and 9 were removed to other Asylums.

The deaths number 30, viz., 13 Men and 17 Women, or nearly 9 per cent. of the total number under treatment. This increase in the mortality is partly owing to the diminished rate of the previous year (5.58 per cent.), and partly to the unfavourable condition as to health of many of those admitted during the present one. The causes of death were—General Paralysis, 3; Apoplexy, 2; Epilepsy, 6; Chronic Disease of the Brain, 2; Maniacal Exhaustion, 2; Phthisis, 3; Chronic Bronchitis, 3; Dropsy, 2; Diarrhœa, 1; Decay of Age, 3; Disease of the Hip Joint, 1; Strangulation of Sigmoid Flexure of Colon, 1; and Phlegmonous Erysipelas, 1.

Two inquests were held during the year. In each case the Patient—a

Female, subject to Epileptic attacks for many years—was found dead in bed, with every appearance of Asphyxia having occurred during an attack of Epilepsy.

Six escapes (all of Men) took place during the year. Two of these were by the same Patient, who at times is the subject of a sudden impulse to abscond. On the first occasion he was stopped by a policeman, and brought back within three hours of leaving; on the second, he reached his home, about sixteen miles distant, and was returned on the morning of the third day. Another Patient, J. V., usually fancies, after the Monthly Meetings of the Committee, that he has the Chairman's permission to run away, and being employed in the Flower Garden seized the opportunity to visit his friends; while a third, having formed one of a party allowed to go to see the steeplechase, eluded the care of the Attendants in charge, who were fined a portion of the expenses of his recapture. In another instance, the Patient succeeded in evading pursuit until the period allowed by the Statute had elapsed, when he found his way home, but being in a state of considerable excitement, he was re-admitted by fresh certificates eighteen days after escaping.

During the year but one slight casualty has occurred;—an old man, suddenly seized with Vertigo, fell off a pair of short steps on which he was standing and fractured his clavicle. He recovered quickly.

On the 9th of July, about 3 a.m., a fire was discovered in the paint-shop. It appeared to have arisen spontaneously among some canvas aprons that had been soaked with linseed oil for laundry purposes, and these, having been folded up closely,—hot, from exposure to the sun,—were, with an empty aquarium in which they had been placed, entirely destroyed. The early discovery of the fire fortunately prevented it from spreading to the carpenter's shop adjoining.

The Laundry, small even for the original number of Patients which the Asylum was intended to accommodate, is now quite inadequate to the wants of our increasing population, and much inconvenience occasionally ensues.

The employments of the inmates have not varied from those of former years, and the amusements have been continued regularly.

Restraint has not been employed in any instance since the opening of the Asylum, and the cases of seclusion have been unfrequent and confined almost entirely to dangerous Epileptics; this class having been augmented by the

admission of a Male Patient, who had been accustomed to wear a straight waistcoat almost constantly for the two previous years.

The Services in the Chapel have been performed by the Chaplain as usual. The number attending fill the Chapel, and their conduct is always attentive and pleasing.

Not more than the usual number of changes has occurred among the Servants of the Establishment, and the Attendants have, with very few exceptions, performed their duties in a satisfactory manner.

Sincerely thanking you for your kindness and consideration during the past year,

I am, Gentlemen,

Your obedient servant,

J. HUMPHRY.

MALE and **FEMALE** ALI LINDANIS and SER.

ALL ATTENDANCE IS, 2 P.M. TO 4 P.M. (except Sunday)

CHAPLAIN'S REPORT.

TO THE COMMITTEE OF VISITORS OF THE PAUPER LUNATIC ASYLUM
FOR THE COUNTY OF BUCKINGHAM.

GENTLEMEN,

At the close of another year, and in accordance with the Rules of your Institution, I beg to lay before you the Fourth Annual Report of those duties which I have fulfilled as your Chaplain.

In recording a summary of the entries in my Journal, I have little else to communicate than that the appointed religious services have been duly performed, and that my visits, during the week in the Galleries, are warmly and gratefully received, particularly by the better class of Patients. The only change that has taken place during the year has been the introduction of Novello's Hymns instead of those which were formerly in use. This change is appreciated by very many of the Patients, who readily and heartily join in the Hymns and Anthems which are sung, and in the parts of the service which are chanted. Since the purchase of the Harmonium, and the formation of the Choir from among the Attendants, I have noticed that some of the Patients appear to be more deeply impressed with the solemnity of the Service, and are more attentive and regular in making the responses. In consequence of the great increase in the number of Patients, the Chapel is usually quite full.

I have humbly endeavoured, in dependance on Divine Grace, faithfully to fulfil those duties which you have entrusted to me, and beg to assure you that the spiritual interests of every Patient in the Institution shall have my unwearied care and attention.

I remain, Gentlemen,
Your obedient servant,
CHARLES LOWNDES.

Hartwell Rectory, December 18th, 1862.

REPORT OF THE COMMISSIONERS IN LUNACY.

BUCKS COUNTY ASYLUM.

16th July, 1862.

The changes in the Patients since the last visit of our Colleagues, 29th November, 1861, have been as follows:—

	M.	F.	TOTAL.
Admitted	28	17	... 45
Discharged	11	3	... 14
„ of whom recovered...	10	1	... 11
Died (all from ordinary causes)	8	9	... 17
The present numbers on the Books are—			
Pauper	124	144	... 268
Private	3	1	... 4
Total	127	145	272

With the exception of two women absent on trial, we saw all the Patients, and have satisfaction in recording our opinion that their entire freedom from excitement, their orderly demeanour, and cleanliness and neatness in person and dress, were most creditable to the Institution and its Officers and Attendants.

The sanitary condition of the Asylum is good, the Patients registered as under medical treatment for bodily ailments being only 9 in the Male Division and 8 in the Female.

The instances of seclusion since the last visit have been few, the larger portion having occurred on the Male side, and mostly during paroxysms of Epileptic Mania.

The continued beneficial result of night attendance is shown by the fact that the numbers of wet beds do not average more than 4 in the Male Wards and 8 in the Female, the Patients being chiefly Epileptics; the night before our visit they were 7 and 4 respectively.

The Patients who attended Divine Service in the Chapel on Sunday, the 13th inst., were 77 Men and 82 Women.

The numbers employed, according to the last Ward Returns, were 70 in the Male and 88 in the Female Division. Of the men 38 were employed on the land and 11 in trades, and of the Women 25 were engaged in the Laundry Department.

About 50 Patients of each sex walk beyond the Grounds on Sundays, and on Wednesdays about 20 men play cricket, and 30 Women walk in parties in the neighbourhood.

We found the Asylum in its various departments in the best order, and the atmosphere throughout untainted.

The walls of two of the corridors and recesses in each Division are papered, and of three painted or coloured.

No part of the interior is whitewashed. All the sleeping rooms are coloured or painted.

The associated dormitories and single rooms generally are furnished with chairs and bedside carpets.

The Wards are rendered cheerful, amongst other means, by the introduction of Flowering Plants, Fern Cases, Aquariums, and Statuettes. Beds with Rockwork and Ferns, have also been formed on some of the landings.

Handrails have been fixed to all the Staircases, as recommended at the last visit.

We are glad to find that Strong Dresses of any kind, as a preventive of destructive propensities, are not employed in the Asylum.

Price's system of warming and ventilation not having proved satisfactory or convenient, Fireplaces, originally bricked up, have for some years been gradually opened.

We regret to learn that, in many parts, dry rot has appeared in the floors and other woodwork, which is attributed to Fox and Barrett's fireproof construction not admitting of proper circulation of air. As a remedy for this evil joists of Kyanised timber are in course of being introduced.

The Asylum, which is estimated to accommodate 145 Patients of each sex

is, as will be observed, nearly full, and it will shortly be necessary to discharge the Patients received temporarily from the Littlemore Asylum, 36 in number, viz., 24 Men and 12 Women.

The Workshops generally are of inadequate dimensions, and not well constructed in reference to ventilation. We recommend the subject to the consideration of the Committee.

R. W. S. LUTWIDGE, } Commissioners
ROBERT NAIRNE, } in Lunacy.

APPENDIX NO 1.

Abstract of the Account of the Receipts and Payments by the County Treasurer in respect of the Principal Monies borrowed on Security of the County Rates, and of the Interest thereof, pursuant to the 49th sect. of the Statute 16 & 17 Vict., cap. 97.
