Bucks (to wit).—To Her Majesty's Justices of the Peace assembled at the General Quarter Sessions of the Peace, to be holden at Aylesbury, in and for the said County, on Monday, the 31st day of December, 1877.

THE ANNUAL REPORT

OF THE COMMITTEE OF VISITORS ELECTED AT THE EPIPHANY SESSION, 1877, FOR THE PURPOSES OF THE LUNATIC ASYLUM AT STONE, FOR THE PAUPER LUNATICS OF THE COUNTY, UNDER THE STATUTE 16TH AND 17TH VICT., CAP. 97, ss. 22 and 62.

SHEWETH,—That your Committee report, in the terms of the Statute, that the "State and Condition" of the Asylum have been satisfactory throughout the year, and the accommodation is sufficient and proper for the number of Patients.

The conduct and efficiency of the several Officers and Servants are satisfactory.

The full number of Patients on the 20th of December, 1877, the day of the last meeting of your Committee, was as follows:—

			M.	F.	Г	OTAL.
County Patie	ents		145	239		384
Out County	Patients		30	3		33
Private Patie	ents		10	6		16
On Probatio	n, Pauper Patients	(County)	3	2		5
On Leave,	ditto	ditto	0	1		1
Gross	Total		188	251		439
			-		-	

The number of County Patients in the Asylum at the corresponding period of the year ending 14th December, 1876, was 361.

The number of Patients admitted since the commencement of the year has been:—

Gross Total	63	58	121
Private Patients	8	3	11
Out County Patients	4	3	7
County Patients	51	52	103
	M.	F.	TOTAL.

The amount per head per week charged to the Unions in the County having Patients in the Asylum during the four quarters has been a uniform charge of 10s. 6d., being a decrease of $1\frac{3}{4}$ d. per head per week as compared with the charge made for the year 1876.

The following is a Table showing the cost of maintenance :-

TABLE SHOWING THE COST OF MAINTENANCE.

Column 1 contains the Cost of Provisions consumed by the Patients.

2 the Cost of the Fuel and other Necessaries.

3 the Cost of Clothing, Utensils, Surgery, Garden, and Miscellaneous Articles, after deducting the Receipts of the Establishment.

4 the Amount of Salaries of Officers and Servants, and Cost of Provisions consumed by them.

Two of the Commissioners in Lunacy visited the Asylum on the 12th day of June last, and the following is a Copy of their Report upon that occasion:—

BUCKS COUNTY ASYLUM, 12th June, 1877.

Since the inspection of our colleagues on the 6th of last November, the following changes among the Patients are reported, viz.:—

	M.		
Admitted			
Discharged			
Died	7	6	 13

and the present numbers on the books are as follows:-

	M.		F.		OTAL.
County Patients			238		382
Out County					
Private	10	• • • • •	6	• • • • •	16
Total	184		244		428

Of these 3 women are absent on leave or probation, and were not seen by us, but during our present visit we saw and individually noticed all the rest, and made the usual statutory enquiries concerning them. Our report of their condition is a favourable one. They were quiet and orderly in conduct and clean in their persons and dress. As a rule they spoke favourably of their treatment by the attendants and nurses, but there was one exception to this in the male division, where one of the men said he had this morning been kicked by an attendant. The charge attendant was not in the ward at the time of the alleged assault, nor was any other person present, so that we failed to ascertain whether the patient's statement was true. There was very little injury, and the patient is said to be in the habit of making complaints. It would be well, nevertheless, that this attendant should be closely observed. According to our experience complaints of this description have in most cases some foundation in fact. As on former occasions the Asylum contains a large proportion of old and very feeble cases, but the general health is satisfactory. There are 12 men and 22 women under medical treatment, and 8 of the former and 5 of the latter were in bed. return of the causes of death in the 13 cases since the last visit has been furnished to us, from which it appears that no epidemic has prevailed, and that the diseases were all of an ordinary description. No casualties are reported and no inquests have been held. Post-mortem examinations were made in 8 instances.

There is little or no change to record as regards the arrangements

or working of the establishment, but we are glad to observe that the number of women attending the Chapel services has risen from 75, at the time of the last visit, to 166 at the present time. The proportion of men who are present remains about the same. The records of occupation show little change, and the associated entertainments are given as usual.

No cases of instrumental restraint are recorded, and seclusion has only been resorted to with 2 men for a total duration of 27 hours, and 6 females on 19 occasions for 190 hours.

We inspected all the Wards and found them very clean and the bedding throughout in the best order; some of the dormitories, however, are crowded with beds, owing to the necessity of giving up large dormitories on both sides whilst the building operations for the new wards for epileptics are in progress. Good advance has already been made in these works.

The Infirmary day rooms in both dormitories are overcrowded, and the tables do not afford sufficient space for all the Patients to dine at them. We were struck in these wards with the deficient means of ventilation, and have pointed out to Dr. Humphry a mode by which we think the lower portions of the windows might be made to admit air, an improvement which might advantageously be carried out in other parts of the old building.

Enquiring as to the existing means for the extinction of an accidental fire we were surprised to learn that there are none whatever. The only security being that the different floors are filled up under the boards with concrete. We hope this important matter will receive early attention.

We continue to entertain a very favourable opinion of the condition and management of this Asylum, and of the kind treatment of the inmates.

> (Signed) W. G. CAMPBELL, Commissioners ROBERT NAIRNE, in Lunacy.

TURRET CLOCK.

Mr. Humphry having informed your Committee that almost all the Clocks placed in the various Corridors and Rooms of the Asylum had become worn out, and that it would be necessary to have them replaced with new Clocks, your Committee thought it would be a good opportunity

to have a Turret Clock erected to regulate the time throughout the whole Building; they have therefore accepted the tender of Messrs. Gillett and Bland, of Croydon, clockmakers, to furnish a Turret Clock of the best description, which, with all requisites, will cost £225, and the cost of the Clock Tower, with Vane and Lightning Conductor, will be about £300.

Although this may appear a costly outlay the Clock will be of great utility; the cost of purchasing new Clocks for use in the various Galleries and other parts of the Estabishment will be avoided, and a saving of about £8 per annum will be effected, which is now paid to a clockmaker in Aylesbury for cleaning and regulating the various Clocks throughout the Buildings.

SUICIDAL AND EPILEPTIC PATIENTS .- The plans for providing associated dormitories for suicidal and epileptic Patients, alluded to in the last Report of your Committee, and which were approved of by the Court at the Michaelmas Sessions, 1876, have been completed and are now in use.

OXFORDSHIRE PATIENTS.—An application has been made by the Committee of Visitors of the Littlemore Asylum to your Committee to take in a limited number of Female Patients from that Asylum, to which they assented, upon the condition that the County of Oxford will pay for the maintenance of such Patients at the rate of 15s. per head per week, and that these Patients be liable to be removed from the Asylum of this County at the expiration of three months notice given at any period of the year, either by the sending or the receiving authority; by this arrangement the County will make a profit approaching a sum of £200 per annum.

In the Appendix No. 1 will be found an abstract of the Treasurer's Accounts as to the Loan raised for providing Associated Dormitories for Epileptic and Suicidal Patients.

In the Appendix No. 2 will be found an abstract of the Treasurer's accounts as to the re-payment of instalments of the principal monies

borrowed, and the interest thereon.

In the Appendix No. 3 is shown the amount expended in repairs, and also the additions, alterations, and improvements under sec 38 of the statute.

In the Appendix No. 4 will be found a general statement and balance

sheet of the Maintenance Account.

And in the Appendix No. 5 will be found an abstract of the Garden

and Farm Account for the year 1877.

It is now the province of the Court of Quarter Session to appoint a Committee of Visitors of the Asylum for the ensuing year, pursuant to the 22nd sec. of the Statute.

(Signed) PETER THOMAS OUVRY, CHAIRMAN.

MEDICAL SUPERINTENDENT'S REPORT.

To the Committee of Visitors of the Pauper Lunatic Asylum for the County of Buckingham.

GENTLEMEN,

I have the honour to lay before you my report for the year just closed, accompanied by the usual statistical tables.

On the 16th of December, 1876, there were in the Asylum 413 patients—viz., 181 men and 232 women—and on the 15th of December, 1877, there were 438—viz., 187 men and 251 women. The average daily number resident was 428—viz., 185 men and 243 women—an increase over the previous year of 26 patients. The total number under treatment was 534.

The number of patients admitted chargeable to Unions in this county was 103. This number is rather higher than in any previous year except 1853, when the Asylum was opened. In addition to these we have received 11 private patients, and 7 from other counties, making a total of 121.

A large proportion of the cases admitted were of a very unpromising character; in 37 the disease had existed for more than 12 months, while in several of the others it was evident that they had only come to die in the Asylum. Thirty-nine of the patients admitted were about 60 years of age, 14 of them being more than 70 years old.

Thirty-three patients have been discharged recovered—18 men and 15 women,—or in the proportion of 29 per cent. on the admissions. Ten patients were discharged improved, and 17 as not improved, of whom 11 were transferred to other Asylums.

Nineteen men and 17 women have died; the proportion of deaths to the average number resident being 8.41 per cent., and to the total number of patients under treatment 6.74 per cent.

The mean age at death was for men 60 years, and for women 53 years.

In Table VI. the several causes of death are enumerated, from which it will be seen that cerebral disease carried off 17 patients, 2 died of pulmonary consumption, and 3 of disease of the heart.

Two inquests were held during the year, one on the body of an epileptic, whose death resulted from suffocation by turning on her face when in a fit, and the other on a female who accidentally set her sleeve on fire, and died from the injuries she received. No other serious casualty occurred.

The attempts at escape have been more numerous than usual, and one man has, by his persistent endeavours to get away, given us considerable trouble. All were retaken within a short time of leaving the Asylum, except one man, who was absent for 3 days.

The principal structural improvement during the past year has been the enlargement of two dormitories on the men's side, and two on the women's side, and the addition of 4 single rooms to each dormitory. In these night wards all the suicidal and nearly all the epileptic cases are collected each night, and an attendant sits up in each ward watching them. This special night supervision has now been in operation since last September, and the system has so far answered very satisfactorily.

The addition of a central clock-tower, which is now nearly completed, will be of great utility in aiding the regular working of the Institution. The health of the patients generally has been good, the sanitary condition of the Asylum has been satisfactory, and there has been an entire freedom from diseases of an epidemic character.

The associated amusements have been continued regularly through the past year, as usual, and in addition concerts and theatrical entertainments have been given. To our Clerk and Steward, Mr. Sherman, my thanks are due, for his ready assistance in promoting the in-door recreation of the residents.

Miss Carter, who had filled the office of head attendant for the last eleven years, resigned her appointment in April, being about to be married. She has been succeeded by Miss Mackenzie, who has had considerable experience in asylums, and who manifests much zeal and intelligence in the performance of her duties.

I have much pleasure in expressing my appreciation of the services of those associated with me in the management of the Asylum. To my medical colleague, Mr. Dodsworth, my acknowledgements are due for many acts of assistance cheerfully rendered, as well as for his attention to the well-being of the patients.

The nurses and attendants have on the whole performed their duties faithfully. The night attendants on the men's side, not realizing the responsibility of their situation, have had to be changed. The introduction of Dent's night clocks will in future test their vigilance.

In conclusion, permit me to thank you for the continued confidence you repose in me in the discharge of my duties.

I have the honour to be, Gentlemen,
Your obedient Servant,
J. HUMPHRY.

JOSEPH MEAD, Tailor.

CHAPLAIN'S REPORT.

To the Committee of Visitors of the Pauper Lunatic Asylum of the County of Buckingham.

GENTLEMEN,

Quickly as the years roll by, so quickly has the end of another year arrived, when I have, in accordance with your rules, to lay before you a statement of my duties as your Chaplain.

A record of the performance of the appointed religious services which go on without change throughout the year, has been regularly laid before you at your monthly meetings. It affords me great satisfaction to be able to bear fresh testimony to the attention which many of the Patients pay to and the interest they feel in these religious services. I beg to assure you I have endeavoured humbly and faithfully to perform them, and trust the year has not passed without some good result to myself and those under my charge. In making a general statement that the ministrations of religion in this Asylum have been blessed to many of its inmates, I do so, believing, on the one hand, that there have been instances of the sick and dying strengthened by the power of religion, who have borne their sickness patiently, and met death, trusting in God's mercy through Christ, that it would be to them the entrance to eternal life, while, on the other hand, there have been others who, having been happily restored to reason and led to serious thoughts in religion, have expressed their gratitude for the blessings they had received, and assured. me they were resolved, through God's grace, to avoid all old habits of sin and live henceforward in the faith and fear of God.

I feel bound to acknowledge with humble gratitude the measure of Divine blessing which would seem to have attended my labours during the past year, and to offer thanksgiving and praise to him who has given the will to desire and the power to accomplish what has been done. May the great Head of the Church continue to bless the work to the furtherance of His glory, for the sake of Him whose we are and whom we serve.

I remain, GENTLEMEN,

Yours obediently,

Hartwell Rectory, December 19th, 1877. CHARLES LOWNDES.
