Bucks (to wit).—To Her Majesty's Justices of the Peace assembled at the General Quarter Session of the Peace, to be holden at Aylesbury, in and for the said County, on Monday, the 2nd day of January, 1865.

THE REPORT

OF THE COMMITTEE OF VISITORS ELECTED AT THE EPIPHANY SESSION, 1864, FOR THE PURPOSES OF THE LUNATIC ASYLUM AT STONE, FOR THE PAUPER LUNATICS OF THE COUNTY, UNDER THE STATUTE 16th & 17th VIC., CAP. 97, SS. 22 AND 62.

SHEWETH,—That your Committee report, in the terms of the Statute, that the "State and Condition" of the Asylum have been as satisfactory throughout the year as the very limited accommodation for the too great number of Patients on the Female side would admit of.

The conduct and efficiency of the several Officers and Servants continues to be satisfactory, and no change has taken place amongst the Officers during the past year; amongst the Attendants and Servants of the Establishment the only change worthy of note has been the dismissal of the late Head Attendant.

The number of Patients admitted since the commencement of the year has been 61, viz., 33 Males and 28 Females.

The full number of Patients on the 17th December was 279, viz., Males 129 and Females 150. The amount per head per week charged to the Unions in this County having Patients during the four Quarters has been respectively 9s. 6d., 8s. 9d., 8s. 9d., and 9s. 4d., being a small decrease as compared with the rate of maintenance in the year 1863, amounting to 3½d. per head per week.

A Table showing the Cost of Maintenance appears on the following page.

NOTE.-The Receipts for the Quarter ending 18th June, 1864, exceeded the cost under column No. 3, by £32 19s. 8d.

Your Committee subjoin a summary shewing the number of Patients at the end of each year since the opening of the Asylum to the present time:—

YEAR.	MALES.	FEMALES.	TOTAL.
1853	62	. 95	157
1854	73	. 97	170
1855	82	. 113	195
1856	80	. 115	195
1857	95	. 118	213
1858	116	. 134	250
1859	112	. 143	255
1860	108	. 135	243
1861	120	. 146	266
1862	129	. 145	274
1863	133	. 153	286
1864	129	. 150	279

The number of actual Female Inmates has decreased, from the fact that the enlargement of the Female Wing has necessarily during the progress of the works so curtailed the accommodation as to occasion the temporary rejection of upwards of 20 Female Patients, for whom provision in Private and other Asylums has been made by the Guardians of the Unions to which such Patients belong, all of whom, however, can be received immediately upon the completion of the enlargement of this wing.

ENLARGEMENT OF THE ASYLUM.

Referring to the Report of your Committee to the Court at the last Midsummer Quarter Session, and to the Orders of the Court thereupon, when it was determined that the Asylum was inadequate for the proper accommodation of the Pauper Lunatics of the County, and that the Female Wing should be enlarged so as to afford accommodation for 50 additional Patients, according to Plans of Mr. Brandon, the Architect, which were then submitted to and approved by the Court, your Committee took immediate measures to obtain Tenders for the execution of the Works by public competition, and on the 18th August last they accepted that of Mr. Giles Holland, of Thame, Builder, for the sum of £2,406, which was the lowest Tender, the highest one amounting to £3,334.

Your Committee refer the Court to the Report of the Architect upon

the progress of the Works, stating that, although the Contractor was bound to complete the whole by the 1st of January, 1865, which has not been effected, they are upon the whole satisfied with the progress made, and they hope that at the end of the current Quarter the new parts of the Building will be fit for occupation by Patients.

Your Committee have the satisfaction to state that the new Apparatus in the Laundry, to which allusion was made in the last Report, continues to prove most efficient, not only in an economical point of view as regards the consumption of both Fuel and Soap, but also in relieving many of the enfeebled Female Patients from the performance of much of the laborious work at the Wash-tub, which is now accomplished by the Machinery of the Apparatus.

Two of the Commissioners in Lunacy (Mr. R. W. S. Lutwidge and Mr. S. Gaskell) visited the Asylum on the 11th June, 1864, and the following is a copy of their Report upon that occasion:—

BUCKS COUNTY ASYLUM,

11TH JUNE, 1864.

The following Tabular Statement shews the changes in the Patients since the 7th May, 1863, the date of the last visit of the Commissioners, and their present numbers:—

In all cases of death under circumstances appearing to call for special enquiry Inquests are held. This course was adopted in reference to a Male Patient whose death was consequent upon the fracture of a rib, the cause of which was not discovered. He was in a very feeble state. The particulars were duly reported to our Board.

According to the Medical Journal, 12 Patients of each sex have since the last visit been placed in seclusion, the Males altogether on 46 and the Females on 26 occasions during paroxysms of Epileptic Mania or violent excitement. On the Male side, 18 of the instances of seclusion occurred in the case of a Patient in a state of Mania, who has for some time past been tranquil and orderly.

The Patients last registered as under Medical treatment for bodily ailments were 6 in the Male and 10 in the Female Division.

We observe that, although the particulars required to be entered in the Medical Journal are fully set forth, the Form, as respects the Headings of the Columns, is not according to the Act, and would not necessitate proper records.

We have nothing special on this occasion to report in reference to Religious Worship, Exercise, Occupations, or Amusements, or otherwise as to the general arrangements and system of the Asylum.

According to the present arrangement of the seats in the Chapel, it will not accommodate more than 160 Patients—a very inadequate number. We hope ultimately to see a detached Chapel erected.

As respects the question of accommodation, we find that there are actually only 13 vacant Beds in the Male and 2 in the Female Division. Two Female Patients are daily expected, one from the Colney Hatch Asylum and the other from her Union, so that the Female Division must be considered as full.

It will be seen by the above Tabular Statement that 18 of the Male Patients could be removed as not being Buckinghamshire Paupers, which would increase the vacant Beds in that Division to about 30. The necessity for the extension of the Female Division is one of urgency, and is, as we are informed, about to be brought under the consideration of the Justices at the approaching Quarter Sessions. The extension is rendered the more necessary by the fact that the Beds in the Female Division now exceed by at least twenty the number which the Dormitories will properly accommodate, the average cubic space per Bed being below 450, and in many cases not more than 430.

The present ordinary weekly charge for Patients is 8s. 9d. An additional weekly sum of 1s. 9d. is charged for Paupers from other Counties or Boroughs.

We have satisfaction in reporting most favourably as heretofore of the condition and management of the Asylum, the cleanliness and good order of the several Wards, and the generally quiet and creditable personal state of the Patients.

We have made some suggestions for the better laying out and planting of the two walled Airing Courts, which are at present somewhat bare in aspect.

R. W. S. LUTWIDGE, Commissioners S. GASKELL, in Lunacy.

WATER SUPPLY.

The Supply of Water, even during the past year of unprecedented drought, has been ample, and your Committee have been able to make an arrangement with the Contractor for the Works in progress to supply him with Water at the rate of 10s. per day. This payment is to accrue from the day on which he commenced to use it, and to continue payable

without intermission of a day until the Brickwork of the new Buildings has been completed. Your Committee have also put up at the Willow Spring a self-acting Water-Ram, which, even under the present circumstances of a decreased supply, when the Reservoir is full and the Horse Pump not at work, will deliver 60 Gallons of Water per hour at the Asylum; and your Committee expect that the total cost of this Machine will be fully repaid by the sum which the Contractor will be charged for his supply of Water. Consequent upon this appliance, the labour of the Horse and Man in pumping will in some degree be saved, thus rendering the services of both the one and the other frequently available for other purposes of the Establishment.

In the Appendix No. 1 will be found an Abstract of the County Treasurer's Account as to the payment of Instalments of the Principal Monies and of the Interest thereof.

In the Appendix No. 2 is shewn the amount expended in Repairs, Additions, Alterations, and Improvements, under sec. 38 of the statute; it also contains a Statement of the "Building and Repairs" Account.

In the Appendix No. 3 will be found a General Statement and Balance Sheet of the Maintenance Account.

It is now the province of the Court of Quarter Session to appoint a Committee of Visitors for the ensuing year, pursuant to the 22nd section of the statute. Your Committee, however, desire, before closing their Report, to draw the attention of the Magistracy to the loss which they have sustained during the last year by the death of the late William Lowndes, Esq., of Chesham, who, in addition to the discharge of various other public duties, was most assiduous and constant in his attention to the business of this Committee.

(Signed)

THOS. RAYMOND BARKER,

Chairman.

MEDICAL SUPERINTENDENT'S REPORT.

To the Committee of Visitors of the PAUPER LUNATIC ASYLUM for the COUNTY OF BUCKINGHAM.

GENTLEMEN,

It again becomes my duty to submit to you the Annual Statement upon the condition and management of your Asylum, being my Report for the year 1864.

There remained under treatment at the beginning of the year 132 men and 152 women. One of each sex was absent on probation. Sixty-one Patients have been admitted, 22 have been discharged recovered, 1 had improved, 5 whose mental condition had not improved were removed by their friends, and 7 were sent to other Asylums. During the year 33 Patients have died, leaving 279 resident at the close of the year. The highest number on the books was 293, the lowest number 278, and the daily average number 286—133 men and 153 women.

Of the cases admitted 33 were males and 28 were females; while in consequence of the crowded state of the women's wards, and the necessity for giving up, during the latter part of the year, some portion of the Building for the purpose of alteration and addition, applications for the admission of 16 more females, chargeable to the various Unions in this County, could not be entertained.

Of those admitted, 33 were at once found to be in an incurable state. Among them were, 4 cases of General Paralysis, 4 of Congenital

Imbecility, 5 of Mania with Epilepsy, 2 of partial Paralysis, 11 were cases of Chronic Mania, the duration of which had exceeded two years, and two were in a very exhausted state of bodily health from Cancer, while 5 others were suffering from the impairment of mind, met with at advanced periods of life.

Forty-four of the admissions laboured under a first attack of Insanity, 13 had been insane once before, 2 had had two previous attacks, 1 had been insane three times, and 1 five times. Fifteen of the Patients were certified to have suicidal propensities, but happily no serious attempts at self-destruction within the Asylum have been made during the past Year.

The general condition of the Inmates has been satisfactory, but notwithstanding, the deaths have considerably exceeded the average, being 33 in number,—15 men and 18 women. Of these 17 were from 60 to 80 years of age. In 1863 there were only 20 deaths, or 5.60 per cent. of the total number under treatment, while for the past Year it has been nearly double that amount, or 9.51 per cent. One third of the deaths occurred from various diseases of the Brain and cerebro-spinal system; another third were due to disease of the Heart and organs of Respiration, while of the remaining eleven, three deaths were caused by Diarrhæa, three were owing to Cancer, three were the result of exhaustion consequent on their mental state, and two from the decay of old age. The average age at the time of death was 49 for Males and 55 for Females.

The new Wards on the Women's side, which will afford day and sleeping accommodation for 50 Patients, will, it is expected, be ready for occupation early in the Summer. Inasmuch, however, as the existing dormitories are over-crowded and beds are placed along a passage, where it is not at all desirable that they should be retained, the ultimate number of vacancies in the additional buildings will probably not much exceed thirty.

The introduction of Steam Machinery into the Laundry in 1863 has proved of considerable benefit. In order to reduce the outlay as much as possible, an existing chimney was made use of, but it was found that in consequence of the length of the horizontal flue leading to it, steam

could not be generated so rapidly as required, you, therefore, sanctioned a new chimney being built, and no difficulty on that score has since arisen.

During the past year, Mr. H. Graves, of Pall-Mall, kindly presented to the Asylum—upon the application of the Rev. P. T. Ouvry—twenty engravings. These have been framed and mounted, and are now ornamenting the walls of some of the galleries. The "Society for Distributing Scripture Truth" also sent us a quantity of "Cards, Rolls, and Handbooks of Scripture Truths and Prayers," which have proved very acceptable.

The Commissioners in Lunacy, on their visit in 1863, suggested that the Committee of Visitors should sanction the temporary absence of some of the Patients on a visit to their friends; this has been done, and permission granted in several instances for periods varying from one to seven days.

To the Committee I beg to express my thanks, for the unvarying kindness and consideration with which they have received any suggestions I have thought it my duty to offer.

I am,

GENTLEMEN,

Your obedient Servant,

J. HUMPHRY.

CHAPLAIN'S REPORT.

To the Committee of Visitors of the Bucks County Pauper Lunatic Asylum.

GENTLEMEN,

In compliance with the 35th Rule of your Institution, that the Chaplain "shall present a Report to the Visitors at their Monthly Meeting in December annually," I beg to lay before you the result of my labours during the year now closing.

The Sunday Service and the Weekly Visits have been regularly The Chapel is usually quite full. The better class of Patients, who are generally present at Divine Service, appear to take a lively interest in the whole of it; and the devout manner in which they make the responses, and join in the singing and those parts of Morning Prayer which are chanted, cannot but be listened to with much satisfaction In my weekly visits I have observed a far greater and thankfulness. appreciation of my ministrations amongst the Women than amongst the Men, and have found in several instances that many, from a better acquaintance, open their minds more freely. Upon the whole, there is a marked improvement in their conduct, and they are sensible of the great advantages they derive from kind treatment and attention to their temporal and eternal wants. Though my visits amongst the same people from week to week afford little scope for variety in an Annual Report, I trust what I have stated will be considered a sufficient summary of those duties, the performance of which is recorded for your inspection at your Monthly Meetings.

In conclusion, I beg to express my earnest desire to promote, in every way, the best and highest interests of your valuable Institution.

Believe me to remain,

GENTLEMEN,

Your obedient and faithful Servant,
CHARLES LOWNDES.
