REPORT OF THE VISITORS TO THE QUARTER SESSIONS.

NORTHUMBERLAND.

To Her Majesty's Justices of the Peace for the County of Northumberland, in Quarter Sessions assembled.

16 & 17 Vic.,
c. 97, sec. 62.

IN pursuance of this section of the Act, it becomes the duty of the Committee of Visitors of the Pauper Lunatic Asylum for this County, to present their Annual Report, upon the points set forth in the Statute.

1. STATE AND CONDITION OF THE ASYLUM.—Your Committee have to state that the House and Grounds and every part of the Asylum premises are in a satisfactory condition; the new Buildings referred to in our last Report, by which accommodation has been provided for 65 Males and 65 Females, are finished and in occupation.

2. AS TO THE SUFFICIENCY OF THE ASYLUM.—From the former accommodation of the number of Lunatics, your Committee are enabled to reply to this enquiry, in a satisfactory manner. The Buildings are quite sufficient for the requirements of the County.

3. AS TO THE MANAGEMENT DURING THE PAST YEAR.—Your Committee are satisfied it has been well attended to.

4. THE CONDUCT OF THE OFFICERS AND SERVANTS.—Their conduct has been satisfactory to the Committee during the last year.

5. THE CARE OF THE PATIENTS.—They have been well and properly attended to.

6. AS TO ANY OTHER MATTER CONNECTED WITH THE ASYLUM.

Upon this last head, your Committee have to report as follows:—

The numbers have been upon the increase—there were last year (21st December, 1867) in the Asylum, 143 Males and 150 Females—total 293. While this year (21st December, 1868) there are 166 Males and 158 Females—total 324. Without the increase to the building, this number could not have been accommodated. All the Pauper Lunatics for whom admission has been applied for, have been received into this Asylum.

The cost of maintenance had been, owing to the high price of provisions in 1867, 9s. 11d. per week, and since April 1868, it was 10s 6d., but from 1st January, 1869, your Committee will be able to reduce it to 9s. 4d. per week, a saving to the Unions of nearly £1000 a year.

The Commissioners in Lunacy visited the Asylum on the 31st January, 1868, and made several suggestions for the comfort of the inmates; most of which have been carried out by your Committee; they again reported most favourably as to the condition of the Asylum, and of the quiet and orderly demeanor of the Patients generally, whose personal condition as to clothing and otherwise they state was very satisfactory.

The Asylum has been visited by Members of most of the Unions of the County, and they have recorded their opinions in a very satisfactory manner in the Visitors Book. Your Committee highly approve of the Guardians of each Union making periodical visits—this should be done at least once a year and oftener if possible—any suggestion of theirs would always receive the immediate attention and consideration of the Committee.

With respect to Patients from Berwick-upon-Tweed Union, those who belong to the parishes of that Union, which have contributed to the erection of the Asylum will be charged 9s. 4d. per week, but those Patients which belong to other places, not part of the County, are charged at the rate of 14s. per week, according to the provisions of the Statute, as they have not so contributed.

At present these latter Patients consist of—

Berwick-upon-Tweed, and Tweedmouth and Spital, (Parish)	-	-	-	19
West Riding of York	-	-	-	2

Your Committee beg to mention that not less than 7 Members of the Bench must be elected Visitors for next year by the Justices at the next Quarter Sessions—the present Committee may be re-elected—a list of them is annexed hereto.

(Signed)

M. W. RIDLEY,
Chairman.

CONFIRMATION OF COMMITTEE'S REPORT.

County of
Northumberland.

1869.

At the General Quarter Sessions of the Peace of our Lady the Queen, held at the Moot Hall, in and for the said County, on the Sixth Day of January, in the Thirty-second Year of the Reign of our Sovereign Lady Victoria, by the Grace of God, of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith, before Her Majesty's Justices of the Peace assigned to keep the Peace in the said County, and also to hear and determine divers Felonies, Trespasses, and other Misdemeanors done and Committed therein.

PAUPER LUNATIC ASYLUM, (Annual Report and Election of Visitors.)

The Visitors of the Pauper Lunatic Asylum for this County having presented their Annual Report, according to the Statute (16 & 17 Victoria, cap. 97, sec. 62), which was read and considered; Ordered that the same be and it is hereby approved of, and that it be entered upon the Records of this Court immediately after this Order; and it is further Ordered, pursuant to the Statute (16 & 17 Victoria, cap. 97, sec. 22), that the following Justices of the Peace be, and they are hereby appointed Visitors of this Asylum for the ensuing year, namely:—

1. ADDISON JOHN BAKER CRESSWELL, Esquire.
2. RALPH CARR, Esquire.
3. THOMAS ANDERSON, Esquire.
4. SIR MATTHEW WHITE RIDLEY, Baronet.

SUPERINTENDENT'S ANNUAL REPORT.

NORTHUMBERLAND COUNTY ASYLUM,

COTTINGWOOD, MORPETH, *January 14th, 1869.*

GENTLEMEN,

At the end of another year, it is again my privilege and duty to present to you the Annual Report of this Asylum, along with the Statistical Information usually supplied.

The number of Patients remaining in the Asylum on the first of January, 1868, was 293, viz: 141 men and 152 women. The number admitted during the year, was 107, (62 men and 45 women,) making a total under treatment of 400.

The changes have been as follows:—21 men and 24 women, total 45, have been discharged recovered; 5, viz., 2 men and 3 women, discharged relieved, and 34, (20 men and 14 women) have died, leaving in the Asylum on the first of January, 1869, 316, viz.—160 men 156 women.

The daily average number resident during the year, was 311,—156 males and 155 females.

The following Tabular Statement sent to the Commissioners in Lunacy, at the commencement of each year, furnishes some particulars not given elsewhere.

(a)—Patients confined under Secretary of State's Warrant.

(b)—Pauper Patients, whose settlements cannot be ascertained.

Of the admissions, 7 of each sex had been previously inmates of the Asylum, while nine (viz. 5 men and 4 women) were received from Leeds and other places in the West Riding of Yorkshire, in consequence of a deficiency of accommodation in the Wakefield Asylum. Of these two only are now left in the Asylum, the others having been either removed or discharged recovered.

The general character of the admissions has been much the same as in former years, many (especially among the females) being in a very weak state of health, and two, (one of each sex,) died within a month. Eight were also returned as Epileptic, and sixteen as Paralyzed. Thirty-four (an equal number of each sex) were likewise stated to be Suicidally disposed, one case being admitted with an incised wound of the throat. Four cases of Idiocy were likewise received. As already alluded to in my previous reports, all these cases are gradually adding to a permanent stock of incurables, only in most cases to terminate in death, and which necessitated in this Asylum, further provision to be made for others, clamorous for admission, and for whom there might be hope of recovery.

There seems but little doubt that Insanity has been, of late years, gradually on the increase, owing as I imagine, to the state of the period in which we live, (a high-pressure state,) which necessitates among rich and poor alike, a quicker development and increased activity of mental power, along with, in many cases, a more weakened condition of bodily frame; sapped as the latter also too frequently is, (especially in our Towns,) by early indulgence in every vice and depravity.

There are however many cases of Insanity which are now openly brought to light, since Hospitals or Asylums for their especial treatment are provided, and the same amount of Medical skill and care is displayed, to advance recovery, or alleviate suffering, which had been long bestowed on purely bodily diseases. Even the claims of the Idiot, are now brought forward throughout the length and breadth of the land and especial Asylums erected, showing how much also may be done for him, by kindness and proper care and culture, however small the germ of intellect may be.

The foregoing remarks remind me that the chief event of the year to be recorded, has been the building and full completion of the additions required for increased accommodation, long urgently needed, and which, I trust, will increase the usefulness of the Asylum. Since my first report for the year 1859, it will be found on reference to the Statistical Tables, that altogether 855 Patients have been admitted. Of these 335 have been able to be discharged to their homes, (25 relieved, and 310 entirely recovered;) of course subject to relapses, as in many bodily ailments. The result however, together with the better care and condition of the poor insane, and the expressions of thankfulness for benefits conferred, so frequently expressed here to the Committee, must I feel sure be ample tribute to the County which provides a suitable house of refuge, and, in so many cases, recovery for them. A great portion of the New Buildings has already been occupied, and now accommodation is altogether provided for about 430 inmates.

The Recoveries during the past year, were at the rate of 42 per cent upon the admissions, and on the numbers under treatment 11·2. The per-centage of Deaths was 8·5. For particulars of the causes of Death, I would beg refer you to Table 5 in the Appendix.

Two Inquests were held during the year, in the cases of two females found dead in bed from Epileptic Seizures, and verdicts accordingly returned. With these exceptions, I am thankful to have to record no untoward

circumstance connected with the welfare of the Asylum, or its inmates, but that on the contrary all has gone on smoothly and harmoniously, and with, I trust also, satisfactory progress.

The occupation of the Patients has continued much the same as in previous years, the men chiefly upon the Farm Lands and Grounds attached to the Asylum, more especially in levelling and rendering available for cultivation a considerable piece of waste ground adjoining the old Race-course, near the Brick-pond. For other work, and that of the women, I would beg to refer you to the Extracts from the Employment Books; given in Table 16, and others in the Appendix.

The Amusements have continued as heretofore, varied on three or four occasions, by the kindness of neighbours, with Theatrical Performances.

Divine Service has continued to be held in the Chapel twice on the Sunday, and Morning Prayers daily at half-past eight. The same decorum prevails, and the Patients seem to appreciate the daily, equally with the Sunday Service, and I would here beg to record my sense of the Chaplain's zeal and punctuality in the performances of his duties in all weathers.

The commissioners in Lunacy visited the Asylum in January last, and left the following report:—

NORTHUMBERLAND COUNTY ASYLUM,

31st January, 1868.

“We have this day visited the Asylum, inspected its several Wards, Offices and Workshops, including the additions and alterations in progress, and with the exception of one man absent on trial, have seen all the Patients.

“The material Statistics we have to record, are as follows:—

	M.	F.	Total.
Admitted since last visit, 27th February, 1867 ...	34	39	73
Discharged, all but one of each sex recovered ...	16	22	38
Died, all from ordinary causes ...	16	7	23
Present numbers on Books ...	145	149	294

“The sanitary state of the Asylum is good, the Patients last registered as under Medical treatment being 7 only in each Division.

“According to the Medical Journal, the instances of seclusion since the last visit have been 50 in the Male Division, and 133 in the Female, applicable, respectively, to 10 and 25 Patients.

“The attendance at Church, averages on Sundays about 70, and on week days 40, of each sex. The Daily services were commenced in April last. We strongly recommend the purchase, without further delay, of a good Harmonium, as essential for the due celebration of Divine Service. The Instrument now periodically in use, and for that purpose carried to the Church, is the private property of Mr Wilson.

“The aspect of the Church has, since the last visit, been much improved by the introduction into the East Window of “Diaphanie” imitation stained glass.

“We have to report most favourably of the quiet and orderly demeanour of the Patients generally, whose personal condition, as to clothing and otherwise, was very satisfactory.

“The Ward Returns of Patients employed, shew the following results :—

MALES.			FEMALES.	
Land and Gardens	-	32	Needlework and Knitting -	42
Trades	- - -	15	Laundry Department	- 26
Cleaning Wards, &c.	-	36	Kitchen and Wards	- 29

“We have nothing upon this occasion specially to report, in reference to exercise and recreation, excepting that for the amusement of the Male Patients, a Bagatelle Board has been purchased, and another is in process of being made in the Asylum.

“Referring to the last Report, we have to state as follows :—

“(1.) A good external Meat Larder has been constructed, and proves of great benefit.

“(2.) A new and convenient Clothes Store has been provided, by the conversion thereto of a fair-sized room over a Pantry, and accessible by a staircase from the old Store, which is now available as a second sitting room for the Steward.

(3.) The upper parts of the Walls of nearly all the Corridors have been coloured.

(4.) Attention has been given to the condition of the Water-closets, noticed as not in complete order.

(5.) Rules for the guidance of the attendants are suspended in every Bath-room and Thermometers have been provided, and are used to test the temperature of the water, which is changed for every Patient. Such are the general arrangements, and will be the system in future, so soon as a temporary interruption in the supply of water shall have ceased. This interruption, which has, for some months, occasioned great inconvenience, has arisen from the infiltration of tar-gas into the old well, and has rendered necessary the sinking of a new well near the lodge, which has been in partial operation for about a fortnight.

(6.) In accordance with the suggestion of the Commissioners, a window has been made over the urinal in No. 2 Male Ward. Doors also, with glass above, have been placed between the Lavatories and Water-closets in Nos. 1 2 and 3 Male Wards, and in Female Ward, No. 2.

“(7.) The additional Buildings, of which the plans had been duly approved, are nearly ready for occupation.

“(8.) The consideration of the question of detached Infirmaries has been for the present postponed.

“ Amongst other improvements since the last visit, we may mention the following:—

“(1.) Much painting and papering. The Attendants’ Rooms are now all papered.

“(2.) The general Recreation and Working-room has been papered, painted, and decorated, and the ceiling coloured, and the room has thus been rendered very cheerful.

“(3.) The appearance of the Laundry has been much improved by the colouring of the walls.

“ We found all the Wards and Rooms, Beds and Bedding, clean and in creditable order. The condition generally of the Asylum, and its inmates is very satisfactory. The Patients appeared to be contented, and no one made any complaint.

“ We noticed that the boiled beef at dinner, of which there was abundance, was very hard and tough, a defect which was by the Steward attributed to insufficient cooking, caused by the accidental absence of the Stoker, but we are disposed to think that the meat had not been kept for a sufficient time.

“ We now submit for the consideration of the Committee, the following recommendations:—

“(1.) The enlargement of the dark confined Sculleries in Nos. 2 Ward, male and female.

“(2.) Additional fireplaces in the large New Dormitories.

“(3.) The division into compartments of the Dormitories referred to, by dwarf partitions.

“(4.) The extension of the Wash-house by adding thereto the existing Boiler-room, and the construction of a range of Building, corresponding to the new Workshops on the male side, for the purpose of a Sorting and Store-room, which are much required.

“(5.) Mantle-pieces in the Day-rooms and Dormitories.

 } *Lunacy.*”

Necessity was found during the year for the appointment of an Assistant to the Clerk and Steward—Mr. Robert Stonehouse was elected to the post, and during the illness of Mr. Kent for some months past, has proved himself an efficient Officer.

In consequence of the price of Provisions and Clothing being lessened, the rate of maintenance has been able to be reduced from 10s. 6d. to 9s. 4d. per week.

In conclusion, I would beg to express my acknowledgments as heretofore to my Colleague Mr. Shute for his able assistance to me in the management of the Asylum, and to the Clerk and Steward, the Matron—and other Officers generally, for zeal in their several duties and earnest co-operation in every thing which would tend to advance the welfare of the Institution.

I have the honour to remain,

GENTLEMEN,

Your obedient Servant,

RICHARD WILSON.

(A) As a great part of the Farm Labour is performed by the Patients, it was agreed by the Committee that this produce should be set against that Labour, and the Asylum and Farm treated as one concern.

(B) And (as in other Asylums) the wages of those three parties are paid by the County, being less costly to the County as Landlords than to employ Tradesmen. The Asylum gives Board and Lodging in consideration of occasional services as Assistant Attendants.
