MDCCCLXVI.

REPORT OF THE VISITORS TO THE LUNATIC ASYLUM.

The Visitors of the Salop, Montgomery, Wenlock, Shrewsbury and Oswestry Lunatic Asylum, report that the number of Patients remaining in the Asylum on the 11th day of October, 1865, was—

	Males.	Females.	Total.
Admitted from Unions and Parishes since that date	210	230	440
	<u>6</u>	<u>13</u>	<u>19</u>
	216	243	459
DISCHARGED.—	<u>19</u>	<u>16</u>	<u>35</u>
	197	227	424
Patients chargeable to Salop and Wenlock	123	158	281*
„ „ Montgomery	44	38	82
„ „ Shrewsbury	22	26	48
„ „ Oswestry	6	5	11
„ „ Other Unions	2	0	2

*38 of these are chargeable to Madeley Union.

The expenditure of the past quarter has been as follows.—

	£.	s.	d.
Maintenance and Necessaries	1547	10	9
Salaries	480	12	5
Clothing and Bedding	263	16	9
Repairs	281	6	3†
Sundries	147	12	4
And the present balance due from the Treasurer is on the Maintenance Account	2420	16	9
And to the Treasurer on the Building Account	41	19	10

† Of this sum £129. 2s. 4d. is extra charge for Maintenance of Patients at Prestwich and Denbigh.

The number of Patients in the Asylum on December 27th, is 424; in December of last year the number was 430, shewing a decrease of six Patients.

The Asylum Buildings are generally in good repair. In compliance with an order from the Home Secretary, the proposed enlargement of the Asylum has been completed, and there is now accommodation for at least 460 Patients.

The enlargement has been carried out at an expenditure of £3578. 3s. 3d. this sum includes Contracts, Furniture, Architect's and Clerk of the Work's commission, and all other expenses chargeable to the Building Fund. The additional Buildings will accommodate 75 Patients, at an average expense of £47. 14s. 2d. per head.

The Visitors, during the erection of the new Buildings, were forced to send to Prestwich and Denbigh Asylums, 70 Male and Female Patients. All these Patients were reported at the October Sessions as returned.

The late Medical Superintendent, Mr. Bayley, in consequence of his election as Superintendent of the Northampton Lunatic Hospital, sent in his resignation, which was accepted on the 20th September, and the usual advertisements were issued for a new Superintendent, and on the 21st October, Mr. Rooke Ley was elected Superintendent, from 43 Candidates. Mr. Rooke Ley, at the time of his election, was Assistant Medical Officer at Prestwich Asylum, where the number of Patients is 1000. Mr. Ley entered upon his duties on the 11th December. On the 20th September, the Matron, Mrs. Oliver, sent in her resignation, which was accepted. Mrs.

Oliver, the wife of our late Superintendent, Dr. Oliver, had held the office of Matron for 21 years, from the establishment of the Institution. In consideration of her long and faithful Services, the Visitors granted her an annuity, by way of Superannuation, of two-thirds her Salary, namely £66. 13s. 4d. and the Court of Quarter Sessions confirmed the grant.

Advertisements were issued for a new Matron, and on the 21st October, Miss Ann Jones was elected Matron. Miss Jones had held a similar office for some time in the Wolverhampton General Hospital, and she entered upon her duties at the Asylum on the 9th December.

The quantity of land in cultivation has frequently been reported to the Court as insufficient to supply room for labour to all those Patients who might be employed with advantage. The Visitors have done all they can to remedy this defect, during the last year, cultivating the land rather as a garden than as a farm as hitherto, and considerable advantage has arisen from this course, but still the Visitors consider more land necessary.

During the last year seven Attendants have been dismissed for misconduct.

During the year the charge to the Unions and Parishes for maintenance of Patients has remained 8s. 9d. notwithstanding the higher price of provisions, and that exceptional expenses have been incurred by boarding 70 Patients at Prestwich and Denbigh.

On the 5th April in this year the Commissioners in Lunacy visited the Asylum. Their Report will be printed with the Accounts. In the two last years in their reports, the Commissioners have called the attention of the Visitors to the inadequate size of the Chapel. The Visitors agree with the Commissioners, and probably this question will receive the early attention of your new Committee.

(Signed)

JOHN BATHER,

CHAIRMAN.

THE COMMISSIONERS IN LUNACY REPORT.

SALOP COUNTY ASYLUM,

5th APRIL, 1865.

We have officially inspected this Asylum, and examined all the inmates, who are now 353 in number, viz; 158 Men, and 195 Women. There are besides two Patients of each sex who are absent on leave. In addition to these, 37 Males and 8 Females, are boarded at the Prestwich Asylum, in Lancashire, and 20 Female Patients are at Denbigh; making a total of 418 Patients now chargeable to the united Counties and Boroughs.

Since our Colleagues' visit in May, 1864, 113 Patients of both sexes have been admitted, 57 have been discharged, of whom 50 were recovered, and 49 have died. Fifty Patients were removed to Prestwich and 20 to Denbigh.

Of the Patients who were discharged, 3 were removed at the instance of the Visitors as not being chargeable to any parish; 3 others were sent to Counties in which they were chargeable; and 1 was removed to the Criminal Asylum at Broadmoor, by order of the Secretary of State.

Although the mortality has been somewhat large, we observe nothing in the alleged causes of death to call for special observation. It may be stated, however, that of the 49 Deaths, 14 are attributed to General Paralysis; and we are sorry to find, from entries in the Register of Admissions, that a large proportion of the Patients brought from Workhouses are admitted in a very feeble state of health. To-day we found some very feeble cases in the Infirmary Wards, but no epidemic disorder prevails, and the general state of the Inmates is healthy.

We had reason to be satisfied with the personal condition of the Patients of both sexes, and with very few exceptions they were

remarkably quiet and orderly. Two men and two women were in seclusion, locked in their rooms.

It seems that when Patients are in bed, although they may be locked in their rooms, they are not considered to be secluded. We must however state our opinion, that whenever a Patient is locked up alone in a room during the day, he or she must be considered to be in seclusion ; and the law requires that such seclusion shall be reported in the Medical Journal. Two Patients are entered as having been restrained for surgical reasons.

The arrangements for exercise, occupation, and recreation are the same as before reported, and the average numbers usefully employed are about the same as usual.

With regard to the performance of Divine Service, we find that Prayers are read twice daily. There are two full Services on Sunday, a Service in Welsh on Friday, and an English Service on Wednesday. About 94 Men and 74 Women are usually present on Sunday, but these numbers would be larger if adequate accommodation were provided in the Chapel, which is much too small for the wants of the Institution.

The Attendants and Nurses seem to us to be sufficiently numerous, and they are apparently attentive to their duties. We had no complaints of harshness or ill-treatment from any of the Patients. By the care of the Night Attendants the average number of wet or dirty beds in each division has been reduced to 4 or 5.

The Male Head Attendant, Mr. Edwards, informed us that owing to failing health, after a service here of 19 years, he had very recently tendered his resignation.

We are glad that under the powers conferred by the 12th Section of the Lunacy Act Amendment Act, 1862, the Visitors will be enabled to grant him an annuity by way of superannuation.

We found the Wards clean and in good order. The alteration previously made in No. 1 Ward in the Women's division, has now also been effected in the corresponding Ward on the Male side, to the manifest improvement of the accommodation.

The walls of the new cross Wards have been raised to the first floor, and the buildings are being rapidly proceeded with. When

completed, these buildings will so greatly overshadow, and enclose the inner courts, as entirely to unfit them for use as airing grounds; but they may still be planted and improved, so as to present a cheerful aspect from the windows of the Wards.

The new Male Ward will be in close proximity to the Gasometer and Gas Works. These works are very ill-placed, and are at times a perfect nuisance to the surrounding Wards. To the new Male Wards they will be still more offensive, and we very strongly recommend their removal with as little delay as possible. Were the neighbouring Brewhouse, &c. removed at the same time it would no doubt be a great improvement.

A much larger Carpenter's shop is wanted, and this might easily be formed of the shed which is now partly occupied by the foul washhouse.

The lower Ward on the Women's side is still used, notwithstanding the removal of so many Patients to Prestwich and Denbigh; indeed there are now only about four vacant beds in each Division, and in several of the Wards the beds are far too crowded for health or comfort.

Two inquests have been held in the past year. In one case the Patient committed suicide, in the other, death was caused by suffocation during a fit. The particulars of these cases have already been submitted to our Board.

The very satisfactory state in which we find the Asylum, reflects much credit upon Mr. Bayley, who is ably assisted by Mr. Davies and Mrs. Oliver.

W. G. CAMPBELL,	} COMMISSIONERS
ROBERT NAIRNE.	
	IN
	LUNACY.

TWENTY-FIRST ANNUAL REPORT
OF THE
MEDICAL SUPERINTENDENT
OF THE
LUNATIC ASYLUM,
FOR THE
COUNTIES OF SALOP & MONTGOMERY,
AND FOR THE
BOROUGH OF WENLOCK,
1865.

GENTLEMEN,

I have the honor to lay before you the Annual Report of the Asylum, for the year 1865, accompanied with the usual statistical tables.

At the commencement of the year, there were 392 Patients in the Asylum, of whom 178 were Men, and 214 Women.

During the year, 52 Males, and 47 Females, were admitted, and in addition to these, 51 Males, and 37 Females, were re-admitted, and of the latter, 36 Males, and 26 Females, came from the Prestwich and Denbigh Asylums.—The aggregate number therefore

under treatment, was 579, viz: 281 Males, and 298 Females, of these, 29 Males, and 27 Females, were discharged recovered; 16 Males, and 22 Females, were discharged relieved; and 43 Males and 20 Females, died.

The Discharges and Deaths, amounting to 157, are 30 below the admissions, so that the number remaining in the Asylum, on the 31st December, was 422, viz: 193 Males, and 229 Females.

The mean daily number resident was 390, viz: 180 Males, and 210 Females.

The admissions during the year, excluding the Patients re-admitted from the Prestwich and Denbigh Asylums, have been 13 less than in the previous year.

The recoveries, calculated on the admissions, were 44.8 per cent. viz. 23.1 per cent. amongst the Men, and 21.4 per cent. amongst the Women.

The re-admissions (excluding the Prestwich and Denbigh cases) have not been numerous, and in most cases, the intervals had extended over 12 months.

The mortality during the year, calculated on the mean daily population, was 16.15 per cent. viz. 11.2 per cent. on the Male side, and 5.12 per cent. on the Female; but calculated on the total number under treatment, the mortality is Males 7.42, Females, 3.45, total, 10.87. Upon referring to the obituary table, it will be perceived that General Paralysis and Senile Decay have been the main causes in producing these results. The average Age at Death was $48\frac{1}{2}$ years.

The condition of the Patients, upon admission, was as follows.

58 were admitted in good health.

81 „ „ indifferent health.

48 „ „ in bad health.

There are six criminal Patients remaining in the Asylum.

The bodily health of the Patients continues good; there are at present 359 chronic Lunatics in the Asylum, including 43 epilep-

tics and 17 general Paralytics. The cases which present any reasonable ground for hope of their recovery number only 63.

Coroner's Inquests have been held in three cases, in two of which Death resulted from Epilepsy, the third, a Male Patient, died during the night from an apoplectic seizure.

No suicides have taken place during the year, and the Asylum has been free from all epidemic and contagious diseases.

The escapes on the whole were few, and no Patient succeeded in remaining away longer than 12 days.

Table 18 and 19 shew the number of Patients of each sex employed, and the mode of their occupation. A large majority of our Male Patients being derived from the agricultural class, no kind of occupation is so suitable to them as that furnished by the Farm, and certainly no other could be more satisfactory; I am therefore pleased to view that the whole of the land has been withdrawn from farm husbandry, and brought under garden cultivation.

The recreation of the Patients during the past year has not been neglected,—in addition to the usual weekly Balls, Concerts, Private Theatricals, Readings, &c. have been frequently given, all of which have been much enjoyed and highly appreciated by large audiences.

Experience has now shown that amusements of this kind may be very justly regarded as constituting a very essential part of the moral treatment of the insane. The Asylum band has recently been increased, and rendered more efficient, and will doubtless become a valuable source of recreation, both by its service at the evening amusements and practice in the airing Courts.

Divine Service has been performed twice on every Sunday, and in addition, a Service in English and one in Welsh, is given every Wednesday and Friday evenings.

The attendance has been regular, and the behaviour of the Patients attentive and satisfactory. The proposed addition to the existing chapel, will be a great boon to a large number, who are now on account of the smallness of the present building debarred from regular attendance.

I regret to state that during the past year there have been several causes of complaint against the Attendants, 7 Attendants were dismissed for misconduct, 5 were discharged after a month's notice, 18 left of their own accord, and 8 after the expiration of the probationary month.

It only remains for me now to acknowledge the cordial co-operation and assistance which Mr. Davies has given me since I entered upon my duties, and in conclusion, I beg most respectfully and sincerely to return my thanks to the Committee for the confidence they have placed in me, by electing me their Superintendent; and to assure them that I shall devote my best energies to the welfare of the Patients under my care, and for the maintenance of the credit of this Institution.

I have the honor to be,

GENTLEMEN,

Your most obedient Servant,

H. ROOKE LEY.
