REPORT  
OF  
THE COMMITTEE OF VISITORS  
OF THE  
SURREY LUNATIC ASYLUM,  
FOR THE YEAR 1862,  
PRESENTED TO THE  
COURT OF QUARTER SESSION,  
HELD AT REIGATE, on the 7th day of APRIL, 1863.

---

THE Committee of Visitors in presenting their Twenty-first Annual Report have to state, that at the commencement of the year 1862 there were 904 Patients in the Asylum, and that during the year 95 additional Patients were

admitted, making a total of 999; of these, 20 males and 15 females were discharged cured; 3 males and 3 females were discharged uncured; and 32 males and 16 females died; leaving in the Asylum at the close of the year 910 patients, of whom 409 were males and 501 females.

Of those discharged cured, 12 were presented with gratuities from the Benevolent Fund, varying from ten to forty shillings each.

Of the deaths, 2 occurred under circumstances requiring Coroner's inquests. The particulars of these cases will be found in the annexed Report of the Chief Resident Physician.

The average number attending Chapel was 370, and an average of 377 was in daily employment.

The charge for maintenance of each Patient was nine shillings per week throughout the year; and the Committee regret they are not in a position to make any reduction.

In October last, Dr. BIGGS, who had held the office of Senior Assistant Medical Officer of the Asylum for several years, to the entire satisfaction of the Committee, was appointed Chief Resident Physician in the place of Dr. MEYER, who had undertaken the superintendence of the Government Asylum for Criminal Lunatics at Broadmoor, in the County of Hampshire.

The Committee cannot report this change without expressing their regret at the loss the County has sustained in the departure of Dr. MEYER, and their sense of the manner in which he discharged his very important and arduous duties during a period of four years.

Mr. WILLIAM ORANGE, the Junior Assistant Medical Officer, was appointed Senior Assistant Medical Officer, in the place of Dr. BIGGS, but he held the appointment only a short time. He was succeeded by Mr. G. W. GRABHAM, who was elected at the close of the year.

Mr. H. W. JACKSON was also elected Junior Assistant Medical Officer.

During the year many important and expensive improvements were made in the Asylum, and are specially referred to in the Report of the Chief Physician.

The settlements of the Patients chargeable to the County were investigated. Several of them having been clearly ascertained, the necessary Orders were made for their transfer, and various amounts were received for their past maintenance. These investigations will be continued from time to time, and there is reason to believe that the attendance of the Clerk of the Peace, or some one on his behalf, at every Petty Session at which any application is intended to be made for adjudging a Pauper Lunatic to be chargeable to the County, will have the effect of checking the increase of Patients of this class.

With respect to the number of Patients for whom admission into the County Asylum is

required, the Committee regret to report that it continues to increase beyond the usual average.

In the Report of the Clerk to the Committee of Visitors of the Asylum, respecting the Pauper Lunatics in the County, which is appended; it will be seen that their total number at the close of 1862, was 1,951, of whom 409 were in licensed houses; whilst at the close of the preceding year, it was 1,815, and at the close of 1849 it was only 843.

For further information respecting the management of the Asylum and the treatment of the Patients during the year, as well as respecting the Receipts and Expenditure of the Committee, and the Statistics of the Asylum, during the same period, reference is made to the Reports of the Chief Resident Physician and the Chaplain, and to the Accounts and the numerous Tables, all of which are appended as usual.

In conclusion, the Committee have great pleasure in reporting their confidence in the

staff of the Asylum, especially in Dr. BIGGS, the Chief Resident Physician, who is performing his duties with great zeal and ability.

REPORT  
OF  
THE RESIDENT PHYSICIAN  
OF THE  
SURREY LUNATIC ASYLUM.

---

THE SURREY COUNTY ASYLUM,  
31st December, 1862.

GENTLEMEN,

I have the honor to submit the following Report, shewing the general condition of the Patients, and the state and management of the Asylum.

The annexed Table gives the number of Patients remaining on the 31st December, 1861; together with the Admissions, Discharges, Removals, and Deaths, during the present year, and the numbers now remaining in the Asylum.

*Statistics :--*

Remaining 31st December, 1861.		Since Admitted		Discharged Recovered.		Removed.		Died.		Remaining 31st December, 1862.	
M.	F.	M.	F.	M.	F.	M.	F.	M.	F.	M.	F.
414	490	50	45	20	15	3	3	32	16	409	501
904		95		35		6		48		910	

The total numbers treated were 999; the average number resident has been 906.

*Rate of Mortality.*—The rate of mortality is low, being for the whole establishment 4.8 upon the total numbers treated; 5.29 upon the average number resident. The average age at death was 50 years. Table No. 25 gives the post-mortem appearances representing the immediate cause of death.

*Admissions.*—Of the 95 patients admitted during the year, 15 have been discharged cured, and one died exactly one month after his admission from extensive disease of the heart and old age.

*Inquests.*—Inquests have been held upon two male patients; in one case death was caused by the accidental impaction of food in the windpipe; in the other case, by effusion of blood on the brain.

*Immunity from sudden death.*—It is a matter of congratulation that no death from Asphyxia has occurred amongst the epileptic patients. I attribute this immunity from sudden death, in a great measure, to the vigilance of the night attendants in charge of the Infirmary and Epileptic Wards.

The Asylum has been free from Epidemic disease.

*Escape.*—One male patient succeeded in getting away, but was brought back immediately.

*General Condition of the Patients.*—In the Male Division, the Epileptics, and those who are the subjects of the disease known as General Paralysis, are very numerous; both classes are helpless, and require constant supervision.

A few cases of Erysipelas have occurred, generally in the wards which are most crowded: no case has terminated fatally. Very great attention is bestowed upon the sick; there are at present but few patients absolutely bed ridden, and not one with bed sores. There are not many capable of active employment, and the difficulty in providing laborers for the Garden, Farm, and Laundry, increases year by year.

*Amusements.*—During the winter, the Rev. G. STANHAM, the Chaplain, devotes an hour on three evenings of the week to the Reading Classes. The Singing Class continues to meet for practice twice a week; a considerable addition has been made to the stock of music. The female patients have one evening in the week for Dancing, and a new Piano has been provided. A considerable number of the men played at Cricket regularly throughout the season. Walking parties take exercise in the grounds as often as possible.

*Medical Staff.*—The following changes have

been made in the Medical Staff. Upon the resignation of Dr. MEYER, I was appointed Resident Physician and Superintendent, and took charge on the 1st of October. Mr. ORANGE at the same time became Senior Assistant Medical Officer. Mr. H. W. JACKSON joined as Junior Assistant Medical Officer on the 15th of November.

*Attendants.*—The general conduct of the Attendants has been satisfactory. There are many in the service who do their duty faithfully and well, and to whom the Patients are evidently much attached.

Greater leave of absence, in a systematic way, has been granted to the Attendants; and facilities were given to them for visiting the International Exhibition.

*Additions and Alterations.*—Boarded floors have been laid down in all the Dormitories.

Increased Lavatory accommodation has been given to Wards 3 and 6 in the Female Division.

The Dormitories erected over the Store rooms at the back of the Kitchen, are in occupation by the House Porter and his wife, by the Kitchen and Laundry Maids, and by the female patients, for the most part employed in the kitchen.

A well sheltered gravelled road, ten feet wide and nearly half a mile in length, has been made round the field in front of the Building, as an additional walk for the patients.

The Chapel has been ventilated by Mc KIN-  
NELL's patent ventilator.

Means have been taken to facilitate the escape of vapour from the Laundry. Pictures and Curtains have been supplied to the Wards in the Female Division. The curtains have been made by the patients, and many of the pictures were drawn and painted by a patient.

*Works in progress.*—Three additional Washing Machines and a Wringing Machine have been placed in the Laundry; these are to be

worked by steam power and will be in use very shortly.

I desire to express my sense of the uniform kindness of Dr. MEYER during the period of nearly four years. My hearty thanks are due to Mr. ORANGE for his efficient assistance. I regret that the Asylum will soon lose his valuable services. I wish also to acknowledge the habitual courtesy and good feeling of Mr. BRIDGLAND and the other Officers of the Establishment.

To the Committee of Visitors I would respectfully express my gratitude for the confidence they have placed in me.

I have the honor to be,

Gentlemen,

Your obedient humble Servant,

J. STRANGE. BIGGS.

REPORT  
OF  
THE REV. GEORGE STANHAM,  
CHAPLAIN  
OF THE  
SURREY LUNATIC ASYLUM.

---

CAMBRIDGE LODGE,  
NEAR TOOTING, S.

*February 12th, 1863.*

GENTLEMEN,

I have great pleasure in stating that during the past year I have had much to encourage me in my ministerial labours for the spiritual good and happiness of the inmates of the Asylum.

The various Services in the Chapel have been regularly attended by the patients, many of whom manifest a growing interest and gratitude for the means of grace.

The number of communicants has increased, and although it is still comparatively small, yet I have great satisfaction in those patients who partake of the Sacrament, believing that they do so intelligently, and thus derive divine strength and comfort.

The ventilation of the Chapel building has been greatly improved through a ventilator having been placed in the roof, from which all who attend the Chapel must feel the benefit.

At some of the services chanting has been introduced with great advantage. At present we have to sing the chants without an instrument to lead, and can therefore only do so occasionally. As this want can be easily remedied by an alteration being made in the organ, I beg respectfully to recommend this improvement to your favourable consideration.

The Thursday Morning Service in the day-room of the Infirmary is still well attended and much valued by the patients, many of whom are incapable of being present at the services in the Chapel.

The Reading Classes for both male and female patients are carried on as usual, and with satisfactory results.

My visits to the patients in the wards, infirmaries, and at their sick beds, continue to be gladly received by them. Several upon their death beds have expressed deep thankfulness for my ministrations.

The circulation of tracts, interesting books, newspapers, and periodicals is much appreciated. Many already avail themselves of the addition lately made to the Library, of nearly one hundred volumes, through the grant kindly sanctioned by you.

The kind interest shown by yourselves, the Medical and other Officers, and by Mr. BRIDG-

LAND, in all that tends to promote the real welfare of my afflicted flock, is a source of much encouragement to me in my work.

I beg also to acknowledge with gratitude the confidence which I have received on all occasions at your hands, and trust that I may always continue to enjoy the same.

I have the honor to remain,

Gentlemen,

Your very obedient servant,

GEORGE STANHAM.

To the Committee of Visitors of the  
Surrey County Lunatic Asylum.

REPORT  
OF  
MESSRS. W. H. & M. SMALLPEICE,

---

GUILDFORD,

*February 19th, 1863.*

*To the Committee of the Visiting Justices of the County  
Lunatic Asylum.*

GENTLEMEN,

We beg to Report to you that we attended at the Asylum in June last and took the Examinations of a number of Lunatics chargeable to the County, and have since made enquiries with reference to the Settlements of the majority of these Lunatics, and have obtained Orders of Adjudication in nine cases, viz., in the cases of Charles Barrett, Reuben Searle, William Saunders, Charles Baker, James Smith, Benjamin Beasley, Eliza Twit-chen, Elizabeth Harrison, and Robert Jennings; and in two other cases, namely, in the cases of Mary Grimwood and Mary Daniells, the Unions in which the Settlement Parish is comprised, have consented to acknowledge them and pay for their future maintenance without formal Orders.

Of the cases in which these Orders have been obtained, the first *six* are *Criminal Lunatics*, and the remaining three *Pauper Lunatics*. There is no provision contained in the Acts of Parliament regulating the maintenance of Criminal Lunatics, enabling the County to recover anything for past maintenance, and, consequently, in the first six cases the Orders obtained were only for the payment of future maintenance; but in the case of Pauper Lunatics the County can recover one year's past maintenance and the expense of conveying the Lunatic to the Asylum, in addition to the future maintenance.

Accordingly, in the three Pauper Cases the Unions upon which the Orders have been made were ordered to refund to the Treasurer of the County the following sums, viz., in the case of Eliza Twitchen the sum of £24. 17s. 4d., in the case of Elizabeth Harrison the sum of £26. 3s. 10d., and in the case of Robert Jennings the sum of £27. 16s. 2d.

Six of the Orders were made on Unions situate within the County of Surrey, and the

remaining three Orders, being those for the maintenance of Eliza Twitchen, James Smith, and Robert Jennings, were made on Unions in other Counties, viz., on the Petersfield Union in the County of Hants, on the Halstead Union in the County of Essex, and on the Risbridge Union in the County of Suffolk.

The Settlements set up by the Orders of Adjudication were admitted by the respective Unions in the cases of Charles Barrett, Reuben Searle, William Saunders, Charles Baker, and Eliza Twitchen, without any appeal being made against them; and the sum of £24. 17s. 4d. ordered to be refunded to the County Treasurer by the Guardians of the Petersfield Union on account of the past maintenance of the lunatic Eliza Twitchen has been duly paid to him.

In the case of James Smith, the Parish of Halstead, in which Parish the Lunatic was adjudged to be settled, gave notice of Appeal against the Order of Adjudication and pending the Appeal the Lunatic was discharged as cured from the Asylum, but the Solicitor of the

Parish was previously satisfied that he could not support the Appeal, and consented to pay the County the costs incurred respecting the Appeal, and which have since been duly paid.

In the cases of Elizabeth Harrison, Benjamin Beasley, and Robert Jennings, the time has not yet elapsed in which notice of Appeal against the Orders of Adjudication can be given.

With reference to the two Cases in which as we have mentioned, the Unions agreed to pay for the future maintenance of the Lunatics without an Order, these Unions were both situate in other Counties, the one in the case of Mary Grimwood being the Sudbury Union in the County of Suffolk, and the Union in the case of Mary Daniells being the Abingdon Union in the County of Berks. In these two Cases, although the Settlements of the Lunatics were pretty clear, still from the length of time that had elapsed since they had gained their settlement, it would have been both difficult and *very* expensive to have brought up witnesses to have proved them. We accordingly

agreed with the Guardians of the respective Unions to forego the claim for the expense of one year's past maintenance on their giving us an undertaking to pay the expense of the future maintenance of the Lunatics. We may mention that, with regard to the Lunatic, Mary Grimwood, the Parish of Saint Saviour's, Southwark, from which Parish the Lunatic was sent to the Asylum, had, previous to making the Lunatic chargeable to the County, obtained an Order on the same Union, which has now agreed to take her without an Order; but the evidence the Parish had obtained was not sufficient to support their Order and it was quashed on trial at the Quarter Sessions.

We have also found out a very clear Settlement in the case of another Lunatic now chargeable to the County, who was admitted into the Asylum by the name of Mary Woods, but whose proper name appears to be Mary Woodin; and we had everything ready to obtain an Order on a Union in Buckinghamshire for her maintenance when we were at the Asylum at the end of last month, but in consequence

of a witness to whom we had written to attend, who resides in Bucks, not arriving, we were then unable to obtain an Order, but we shall endeavour to get the witness up on our next attendance at the Asylum, and we shall then obtain an Order.

There are yet a few remaining cases which we have not enquired into. These cases we intend immediately to take up, and obtain Orders of Adjudication in such of them in which we can ascertain the Settlements of the Lunatics, and as soon as we have finished these we purpose again to attend at the Asylum and take the examinations of such Lunatics chargeable to the County Funds as have been admitted since we were at the Asylum in June last.

Before closing this Report, we think it right to draw the attention of the Committee to a case which has recently been decided in the Court of Queen's Bench, of great importance to all Counties, with reference to Pauper Lunatics chargeable on their funds. It has been a matter of doubt whether a Pauper Lunatic who

was born in a Parish in Scotland or Ireland, of parents natives of those Countries, and who had gained no Settlement in England, could be made chargeable to the County by the Parish in which he was found. This point has now been decided by the case of "The Clerk of the Peace of the County of Somerset *v.* Overseers of the Parish of Shipham," in which a Pauper Lunatic, the wife of a Scotchman who was born in Scotland of Scotch parents and had gained no settlement in England, became chargeable to the Parish of Shipham in the County of Somerset; the Lunatic was sent to the Asylum, and the Parish of Shipham applied for an Order making the Lunatic chargeable to the County of Somerset, which was granted, the Clerk of the Peace objecting on the ground that the 98th Section of the 16 & 17 Victoria c. 97. extended only to cases where the Settlement of the Pauper could not be ascertained, and that in this case the Settlement of the Pauper was ascertained to be in Scotland. But on a special case being stated for the opinion of the Court, it was decided that the Order was rightly made and that the Lunatic was chargeable to

the County of Somerset, she having gained no Settlement in England. This case would of course equally apply if the Pauper Lunatic had been a native of Ireland instead of Scotland, as well as to all Foreigners.

The effect of this decision will be to continue chargeable to the County Funds a considerable number of Irish, Scotch, and Foreign Lunatics, who have gained no settlement in England; but on the other hand, the admission of new cases into the Asylum, chargeable to the County Funds, will be very much checked by the effect of the 16 & 17 Victoria c. 97, and the 24th & 25th Victoria c. 55, and by the arrangements we sometime since ventured to suggest, that some one should attend on behalf of the Clerk of the Peace on every occasion of applications to Justices for Orders of Maintainance of Lunatics to be made on the County Treasurer.

We have the honor to be,  
Gentlemen,  
Your faithful and obedient Servants,  
W. H. & M. SMALLPEICE.

REPORT  
OF THE  
CLERK TO THE COMMITTEE OF VISITORS  
OF THE  
SURREY COUNTY LUNATIC ASYLUM.

---

SPRINGFIELD,  
28th February, 1863.

*To the Committee of Visitors.*

GENTLEMEN,

The Clerks to the Boards of Guardians of the several Unions and Parishes in the County of Surrey have made their Annual Returns to the Committee of Visitors, as required by the 64th Section of the Lunatic Asylum Act of Parliament, and I have made an Abstract therefrom, which is hereto annexed; from which it appears that 1806 pauper patients are chargeable to Parishes, and 145 vagrant lunatics are chargeable to the County Treasurer; making a grand total of 1951; they are described as follows, viz :—

In the County Asylum, Chargeable to Parishes	763
Ditto ditto ditto to the County	141
Ditto ditto ditto to other Counties	6
	<hr/>
	910
In other County Asylums .....	23
In Licensed Houses .....	405
Vagrants in Licensed Houses .....	4
In Workhouses .....	495
Residing with Friends .....	114
	<hr/>
Grand Total .....	1951
	<hr/>

The numbers returned in each year, commencing in 1849, are as follows:—

	Parish Patients.	County Patients.	Total.
In 1849....	817	26	843
1850....	907	39	946
1851....	926	48	974
1852....	977	66	1043
1853...	1005	71	1076
1854....	1132	70	1202
1855....	1157	75	1232
1856...	1181	71	1252
1857.. .	1223	84	1307
1858....	1303	104	1407
1859....	1359	115	1474
1860....	1486	117	1603
1861....	1550	118	1668
1862....	1655	160	1815
1863....	1806	145	1951

I have the honor to be,

Gentlemen,

Your obedient humble Servant,

**STEPHEN BRIDGLAND,**

*Clerk to the Committee of Visitors.*
