MINUTES

OF THE

PROCEEDINGS OF THE GENERAL MEETING

OF THE MEMBERS AND FRIENDS OF THE JUVENILE ASSOCIATION,

Held in the Botanic Gardens, on Easter Monday, the 20th of April, 1840.

REV. HENRY COOKE, D.D. LL.D. in the Chair.

At half-past nine o'clock, 130 Collectors and Friends assembled at breakfast, in the new Conservatory, the use of which was kindly granted for the occasion; after breakfast, the collections were paid in to the Treasurer.

At twelve o'clock the meeting adjourned to a marquee erected for the purpose on the lawn in front of the Conservatory, when the chair was taken by Rev Dr Cooke; and the meeting having been opened by prayer, and a hymn sung by some of the blind pupils, the Rev John Martin, Principal of the Institution, proceeded to examine the Deaf and Dumb Children elected and supported by the Association.

After the examination was ended, the Secretary read the Report of the proceedings of the Committee since the Annual Meeting in November, 1839; when it was moved by Master GEORGE HILL, seconded by Master JAMES BRISTOW, and

Resolved Unanimously—That the Report now read be received and printed, with such appendix as may be deemed necessary.

Moved by Mr JAMES GIBSON, seconded by Mr BURNS, and

Resolved Unanimously—That this Association desire to express their gratitude to Almighty God, for the measure of success which has hitherto attended their feeble efforts, and would go forward in humble reliance upon his promised blessing.

Moved by Mr JAMES SHAW, seconded by Rev I. STEEN—

That the thanks of the Meeting are due, and hereby presented, to the Managers of the Botanic Gardens, for their great kindness in so liberally granting access to their grounds on the present occasion; and to the Horticultural Society, for the use of their elegant marquee.

Moved by Mr H. OULTON, seconded by Mr G. SHAW, and

Resolved Unanimously—That the Committee and Office Bearers for the past half year do constitute the Committee and Office Bearers for the ensuing year and that the next General Meeting of the Association shall be held at or about this season of the year 1841.

The meeting was closed with a doxology and benediction; after which the Collectors retired to the Conservatory, and proceeded to vote for the admission of two pupils, when Robert Knowles and Charles Doherty were declared duly elected.

The following was the state of the poll:—

	Votes.		Votes.
Charles Doherty.....	326	John Black.....	53
Robert Knowles.....	256	Robert Gray.....	2
David Kennedy.....	134	William J. Whiteside.....	1

Thomas H. Scott had been previously nominated by the Auxiliary in Fisherwick-Place School.

After the election was over, it was stated that a gentleman had promised five pounds per annum in addition to the two pounds and clothing offered by his mother, if David Kennedy could be admitted; and some ladies present having agreed to raise the additional sum required, he also was admitted—so that four new pupils were thus added to those previously provided for.

REPORT.

THE Committee of the Juvenile Association desire to render to their constituents the following Report:

The short time which has elapsed since the last General Meeting of members in November, when a full report of proceedings was received, and has since been published, precludes the necessity of entering into any lengthened detail on this occasion, as the simple occurrences of the brief interval are easily narrated.

The two children last elected were admitted into the Institution—Eliza Ingram and John M'Namara. They are both amiable and intelligent, and understand the one-handed and two-handed alphabet, being able so spell some words, and are commencing to write; they also understand some of the signs for numbers, and other things which they did not know on their arrival. Eliza entered on the 3d, and John on the 16th day of January last. Of course, you cannot expect that they should have made such progress in writing as would show their proficiency, although they can both write a little.

Your other pupils have proceeded in their usual course, which, being now worn smooth, admits more rapid progress. But, with the most advanced among them, there are yet many obstacles, which their intelligent countenances and readiness of communicating what they have language sufficient to express, conceal from ordinary observers.

Often does the difficulty of communicating to them useful knowledge, urge upon their instructors the sad question—"Who is sufficient for these things?" And we mention the fact, that the prayers of the faithful may ascend on high, pleading that both teachers and scholars may learn to say, in assured reliance upon God's holy word, "Our sufficiency is of God."

Louisa M'Connell, whose parents live in town, was one of your favourite pupils; she has been removed, agreeably to her mother's desire, to a home that is now much more comfortable than when she left it. She had acquired such a knowledge of things natural and revealed, as may enable her to make sufficient progress at the Sabbath and day school, which her parents promise that she shall regularly attend.

We did not lose any time in carrying into effect the recommendation of our predecessors, to prepare and issue collecting boxes; 109 of them have been distributed, of which about 80 have been returned, containing the total sum of £28 16s.

A branch of your Association has been formed in the Collegiate School, under the patronage of the Rev. Osborne Reynolds, and one also in Mr Wilson's School, Fisherwick Place. We have much pleasure in stating that in the latter School a sum has been raised, in the short period of five months, sufficient to pay for the support of one of the candidates in the Institution. Under these circumstances, Mr Wilson made a request that the branch in his school might proceed to the election of one applicant, voting on the funds raised by themselves, for whose support they would feel in a measure pledged. As the application appeared to be proper, from the reasons assigned, leave was accordingly given. Thomas H. Scott having been thus elected, must no longer be considered on the list of candidates this day.

As regards the general funds of your Association, we may report the amount of collections paid in this morning, to be £195 7s. 0d. After providing for the support of the pupils already elected, up till the 1st June, 1841, there remains a sufficient balance on hand to warrant your proceeding to the election of two new pupils.

In giving up our trust for the past five months, we would remind the members of your Association that we are again called upon to lift the voice of thanksgiving to Him who has hitherto so graciously fostered and blessed your infant society. The Lord has indeed prospered your labours, and the result of this day's receipts affords fresh encouragement to go forward in this holy and benevolent enterprise. You may meet with some discouragements, which might tend to damp your ardour; but ever bear in mind, that, while endeavouring to bring the deaf mute to the knowledge of eternal things, you have the high honor of being co-workers with God. These poor children cannot thank you with the living voice; but do not their happy and intelligent countenances afford you sincere gratification; and may not we hope that their subsequent lives on earth, and, we trust, their joy in heaven, will bring to you a rich and abundant reward.
