ECZOLINE.

The Eczoline Treatment cures Eczema, Rashes, Spots on the Face, Sores, Pimples, Ringworms, Chilblains, Bad Legs, Rough Skin, Cracked or Chapped Hands, or any Skin Trouble.

There is no disease quite so painful or distressing as Eczema; for not only does the irritation which accompanies it become almost intolerable but the sufferer knows his appearance is distressing to those around and feels his best friends would rather not associate with him whilst the stamp of this loathsome disease is upon him.

The fact that this complaint hitherto has not been easily cured (sufferers from it nearly almost always having recurrent attacks) is sufficiently well-known to ensure sufferers trying a new remedy. Nor should the trial of any effective remedy be postponed when the first signs of the disease appear for more than half the pain and trouble that Eczema causes lies in the fact that careful and proper treatment has not been resorted to when the disease first made its appearance. A rash—a spot—that we say will go away in a few days, will in the majority of cases continue to irritate and spread so that the disorder which could have been cured by a simple remedy in a few days, requires both internal and external treatment, in some cases lasting weeks, to finally eliminate it from the system.

ECZOLINE:

We have studied these distressing disorders for years and have tried over and over again to get at its cause but it is only now, after years of experiment and study, that we are at last able to **offer sufferers a positive cure**, if our free instructions, (not contained in this booklet), but which originates for each individual particular case are clearly followed.

The Eczoline remedies have cured hundreds of cases, many of 4 and 5 and some even of 20 years standing. Over and over again, terrible cases where sufferers have been unable to use their hands, have yielded in a short time to the scientific Eczoline treatment.

This Eczoline cure is different from any other eczema treatment you have ever tried. It does not drive the evidences of the disease back into the system, so that you are likely after a short time to become the victim of a recurrent attack—it really kills the cause of the disease and drives it out of the system. What water is to fire so is Eczoline to sores, rashes and other skin troubles.

The Eczoline Cure consists of three things :—

Firstly : There are the Eczoline Tablets, which cool, purify and strengthen the blood and are necessary to a thorough cure, it generally being the case that victims of skin disease suffer from either poor or over-heated blood. A tablet or two taken occasionally for a few weeks will prove of the greatest benefit to all those whose blood is out of order or who feel the occasional need of a little spring or summer medicine. Be warned ; when Nature shows that your blood is out of order, remedy it at once—do not wait and let it get worse. These are the signs—if you suffer from headache or a feeling of heaviness and denseness in the head—if you lack appetite or have an unpleasant

A POSITIVE CURE FOR ECZEMA.

taste in your mouth after eating—if on dull days a tired, languid feeling takes possession of you and you find yourself at night unable to sleep—if you dream or are at all irritable, these are sure and certain signs that your system requires cooling and your blood purifying and strengthening.

Take Eczoline Tablets then—do not risk the tortures of Eczema.

Secondly : There is **Eczoline Ointment** to soothe and heal the sores, to stop skin irritation and bring back its original velvety softness. Eczoline Ointment is easily applied and with trifling inconvenience, being pleasant to use. It may be applied to a year-old child just as safely as to an adult. Keep it upon your toilet table and when there is the faintest appearance of a rash or spot use it, and the spot will at once disappear.

Thirdly : The **Eczoline Toilet Soap**—clears and cleanses the skin—removes secretions without inflaming open pores or causing pimples and spots. Eczoline Soap is a preventative of all skin eruptions and sores, besides being a perfect toilet soap for ordinary daily use.

These three articles, used in conjunction with each other, have a power over eczema or any other skin diseases, that is, as far as we, humanly speaking, can say, not possessed by any other discovered remedy.

At the back of this booklet will be found some testimonials, heart-felt letters of gratitude from patients, who have been cured of this dread, insidious disease. Mr. Hunter will be happy to furnish by permission the actual letters which are here quoted to prove the actuality of the many exceptional cures herein mentioned.

ECZOLINE:

and brought about by the Eczoline treatment. These remedies are only offered to Eczema sufferers in the legitimate belief that a few days will be quite sufficient to convince them that the virtue of the remedy offered is not in any way exaggerated and that it is prompt and effective in action.

The Eczoline treatment will also be found of great benefit to those who suffer from lumbago and rheumatism.

We are prepared to **guarantee a cure** for any given sum of money, to supply the Eczoline remedies until the patient is cured for that or any sum without extra charge, and should the cure not be effected to return the money. We make this offer because we are convinced that the Eczoline remedies will absolutely cure any sufferer of skin disease and restore to health and strength even those who have suffered a lifetime from this disease.

During the past few years we have spent a fortune in telling the news of this wonderful discovery to those who suffer from Eczema and had not found a cure, for we knew that by the vast number of recommendations we received we should be repaid for our trouble and expense.

To those who are not prepared to forward particulars of their case and take advantage of the cure or money back offer made above we have put up a special trial treatment of Ointment, Tablets and Soap, which will be sent anywhere in the United Kingdom for 3/-, carriage paid.

We originally gave away free samples of the Eczoline Preparations but were obliged to discontinue doing so as many cures were being effected free and our business was suffering.

A POSITIVE CURE FOR ECZEMA.

severe loss, for while numbers of grateful sufferers sent us their sincere thanks and offered us money for the good we had done them, a much larger number thought that they had done a good stroke of business in getting cured free.

Write us to-day enclosing a postal order for 3/- and let us send you on a trial treatment now. Carry out the instructions carefully and you will see, even before you have finished this trial treatment, an appreciable difference not only in your appearance but in your health. If your case is not severe, most likely further treatment will not be required.

In addition to the above remedies we have put up a delightful Shaving Soap, which should be used by all gentlemen who desire a clear healthy skin. It entirely prevents the formation on the throat and neck of those pimples and blotches from which so many men suffer and which are usually caused by the use of cheap soap, which irritates the skin and poisons the pores.

We also make a Veterinary Eczoline for the cure of mange, eczema, &c., in dogs and other animals. This has saved the life of many valuable dogs, and if you have one suffering don't delay, have him cured.

All the above articles can be obtained from any Chemist or Druggist, or direct by post from Mr. W. W. Hunter, 14, Regent Street, Swindon, Wilts, England.

A trial treatment of Ointment, Tablets and Soap, 3/-, carriage paid; or separately: Ointment, 1/1½, 2/9 and 4/6; Tablets same price; Soap, 6d. per cake; Shaving Soap, 9d. per stick. Veterinary Eczoline same price as ordinary, except Soap, which is 1/- per lb.

TESTIMONIALS.

LIVERPOOL.

Dear Sir,—Will you kindly send me per return a pot of your Eczoline. My sister was troubled for 20 years with what has been considered to be Eczema, but she only used half a pot before she was absolutely cured.

STAMFORD.

Dear Sir,—Would you send me two boxes of your Eczoline? I am so glad to tell you it has done me a great deal of good. I feel like a new woman. I have recommended it to a lady and she wishes for a box, so please send two separate boxes for which I enclose P.O.

E. CLIFTON.

W. W. HUNTER.

NEWMARKET.

Dear Sir,—Kindly send me as soon as convenient another 2/9 box of your Eczoline which I find is far superior to anything I have ever had; indeed it is a pleasure to use it. There is nothing equal to it for Eczema; it heals like magic and banishes all soreness and redness at once. I have had this complaint a little over 18 months and have used no end of so-called cures.

G. P.

A POSITIVE CURE FOR ECZEMA.

9, WOODLAND'S ROAD, ILFORD,
ESSEX.

Dear Sir,—Just a line to let you know that the Eczoline I bought of you last Tuesday has absolutely cured the rash on my neck. I shall have much pleasure in recommending it to my friends.

Yours truly,

E. H. LELLEN.

CROSSMAGLEN.

Dear Sir,—My mother suffered from Eczema for some 20 years, and I tried almost everything, but without effect until she got Eczoline which, I am glad to say, has almost cured her. Kindly send me another 3/- pot, for which I enclose value.

—, JEFFERIS.

W. W. HUNTER.

MARLBOROUGH.

Dear Sir,—In acknowledgment of the receipt of your letter, July 10th, I must apologise for not replying before. My wife was visiting her friends at a distance. She is now returned home. I have pleasure on my wife's behalf in stating that the troublesome disease called Eczema she had been suffering from for four months is perfectly cured by the two boxes of Eczoline Ointment that you sent her. The skin is now its natural colour. Hoping my wife may never be troubled with it again.

Yours truly,

J. B.

ECZOLINE :

73, CHURCH STREET,

LONDON, E

Dear Sir,—With regard to your Ointment you sent me, I must give it great praise. My wife, I am pleased to say, has not been troubled with Eczema since using it for the fourth time.

J. J. PAGE.

W. W. HUNTER.

WIMBLEDON.

Dear Sir,—Please forward at your earliest a box of Eczoline as before. It is the best ointment for Eczema that I have ever used and I have tried eight or nine.

Yours sincerely,

H. J. HALL.

Dear Sir,—You kindly sent me a sample of your Eczoline for human use some three weeks ago or so and I wish to testify to its efficacy in my particular case. I have been troubled with a kind of dry Eczema for about four years, which came out on my breast in small blotches something like ringworm and covered just about the size of your hand and was very itchy. I could not wear any woollen material next my skin it irritated it so. When I received your sample, I applied it at once and continued to do so for about four days at the end of which time all the spots had disappeared and have not returned since, an interval of about three weeks.

THEODORE MARTIN.

Mr. HUNTER.

A POSITIVE CURE FOR ECZEMA.

LONDON.

Dear Sir,—I enclose P.O. for 3/- for a 2/9 box of your Eczoline. I may mention that having tried various remedies exceeding over a series of years, nothing has been so beneficial as your Eczoline.

A. GISPERT.

12, ADAM'S TERRACE,
KELTY, FIFESHIRE.

Dear Sir,—I write to say that after eight years constant suffering I have at last been cured of that horrid Eczema. I had a doubt of the cure but I was glad to try anything to get rid of it and I am proud to say that after the first fortnight of the cure (which I followed up to the instructions) I was glad to feel that the itchiness had stopped and gradually the blemish left the skin, and now I can say without a doubt that I am positively cured. It is now fully four weeks since I saw any redness and when I say that, never in all the eight years that I have suffered have I been free so long of the itchiness or pain by turns. In closing I send my sincere thanks for the great relief which you have rendered me.

I am, yours truly,

JOHN WRIGHT.

RED HILL.

Dear Sir,—Trusting you will pardon me for not writing before to let you know the result of the use of your Eczoline. I am thankful to say it has cured my arms and I feel certain it is the best remedy known.

Yours truly,

H. SEYMOUR.

ECZOLINE :

SOMERSET.

Dear Sir,—I enclose Postal Order for 4/6 for a large sized tin of your animal Eczoline for my dog. I got a 2/9 tin on Saturday and although I have only dressed her with it three times she looks another animal. It is simply marvellous, I have been trying in vain every remedy I could hear of for 4½ months with hardly any success. Sometimes a slight improvement for a few days then a relapse. Now, there is no mistake, the dog's skin is clear and healthy, no redness or spots and she is brisk and lively. I will never be without Eczoline, for my kennel and calling it is simply invaluable. My dog was one mass of Eczema, head, neck, chest, legs and sides, a terrible object. I am truly grateful to you for the cure as she is a very dear friend to me.

Yours faithfully,

Mrs. L. SHIRLEY.

ADELAIDE ROAD,

SOUTH HAMPSTEAD.

Dear Sir,—I am writing to tell you the very excellent result of your Eczoline. When I sent for a sample my dogs were in an awful state, suffering from Eczema ; indeed they were so bad that people continually told me to have them destroyed, which I did not want to do. So I kept them shut up in the day and took them out at night time when their condition could not be seen. It is now 5 weeks since I used Eczoline, and there is not a sore of any kind about the dogs, only little smooth patches where the hair is growing again. Last week I took them out, much to my delight and the surprise of my friends. I am quite sure Eczoline would save a dog from unnecessary suffering in that bad disease, Eczema. Thanking you for the sample you sent me.

Yours gratefully,

N. SAVAGE.

A POSITIVE CURE FOR ECZEMA.

Dear Sir,—Will you kindly send me on one box of Ointment and two Tablets of Soap. It is a good thing and doing me a lot of good. Mine is not Eczema, but some 24 years ago, I had my neck lanced and the starch from the collar poisoned it and formed a large place in my neck, it could never be cured, but I am glad to say it is on the way thanks to yours.

GEORGE AYLING.

CARDIFF, 1900.

Dear Sir,—I have given your Eczoline a thorough trial on various dogs with most satisfactory results. A local fancier had a fox terrier in such a condition that, after trying numerous remedies, he gave it away to be destroyed. It was a prize winner, and the man thought he would try and cure it, and asked my help. I saw the dog and considered it a hopeless case. Having your remedy to try I thought if it would touch this case it would cure any dog of skin disease. To my astonishment, in one week the dog's body was healed over and in a month the terrier was fit to show. I find with my St. Bernards it is invaluable; a touch of it stops irritation on the instant, and so removes the cause of a lot of trouble. I have also seen it tried on an Irish terrier with wonderful effect, and I can recommend it thoroughly to my fellow fanciers.
