QUININE.

PEPSIN.

IRON.

EXTRACT OF ALOES.

PODOPHYLLIN.

TARAXACUM.

BLUE PILL.

BI-CARBONATES OF SODA

AND POTASH.

IPECAGUANHA.

NUX VOMICA.

CAMPHOR.

CAPSICUM.

COMP. RHUBARB.

COMP. COLOCYNTH.

COCA.

COD LIVER OIL.

ANTI-PYRIN, &C., &C.

WE PREPARE THESE MEDICINES BY AID OF
THE IMPROVED APPLIANCES OF MODERN PHARMACY,
IN THE BEST FORMS TO SECURE
EFFICIENCY, ACCURACY AND PORTABILITY,

And the most convenient for the purposes for which they are recommended, viz.:—TO SUPPLY THE NEEDS OF PERSONS TRAVELLING or Living Abroad, or in out-of-the-way places at home; ASYLUMS, MEDICAL MISSIONS, COTTAGE HOSPITALS and other like Institutions. They will be found INVALUABLE to CONTINENTAL TOURISTS, Yachtsmen, and others removed from the means of readily obtaining MEDICAL AID.

OUR PILOIDS OF SIMPLE COMPRESSED DRUGS & PEARL-COATED PILLS.

Are both EXTREMELY PORTABLE, a useful variety being packable in a very small compass (See page 8). The MEDICINES SELECTED are all OFFICIAL (PHARMACOPŒIAL), the composition and properties of which are well known. Unlike "Nostrums" and so-called "Patent Medicines" of mystical composition, the ingredients of which all the Pills and Piloids are composed are fully disclosed on the Labels, a safeguard against misapplication, and a guarantee of the genuineness of the Medicine. Their merits consist in the high quality of the Drugs of which they are composed, and their sufficiency for, and perfect adaptation to, the purposes for which they are made.

THE GLYCERINE LOZENGES

Are very superior to those made with Gum and Sugar. They are medicated according to the BRITISH PHARMACOPŒIA or to the FORMULÆ in use at the THROAT HOSPITAL and the HOSPITAL FOR CONSUMPTION.

These Lozenges are soft and palatable, consisting of more than half their weight of Glycerine. They dissolve slowly in the mouth, medicating and soothing all parts with which they come in contact. (See List, p. 6.)

THE CHILDREN'S PILOIDS are excellent Substitutes for Nauseous POWDERS.

Many of them are quite palatable—for example:—Carbonate of Iron,—and are readily taken as a Lozenge; while others—Laxative Cascara and the Alterative Grey Powder—if given in honey or preserve, very little taste can be discovered, owing to the Drug being firmly compressed together. The smaller kinds are easily administered in food without the medicine being detected. They are very easy to swallow.

THE PERFUME EUCALYPTUSINE & THE THYMOL POWDER (See page 7)

Will be found MOST DESIRABLE ADDITIONS TO THE TOILET, and especially serviceable in travelling in hot climates, both being powerfully Antiseptic as well as fragrant, and destructive to mosquitoes and other like pests.

ALL THE PREPARATIONS ON THIS LIST carry our Trade Mark and are guaranteed to be true to description. Every bottle or box is fully and correctly labelled, showing the action and dose of the Medicines. They may be obtained direct from our Laboratory. When cash is sent, we pay carriage on all Articles of the value of ONE SHILLING AND UPWARDS.

PURE PEPSIN PILLS AND PILOIDS.

These contain 3 grains of pure Pepsin Porci, equal to 10 grains of common Pepsin.

Pepsin, taken with meals, greatly assists the digestion of animal food. The popularity which it has acquired in chronic indigestion is due to its powerful solvent effects. In cases of slow digestion and discomfort after food, Pepsin is invaluable. It may be had either in pills or piloids. The latter are the most active and pleasant to take.—*Price per Bottle, 2s. 6d.; Double Size, 4s. 9d.*

COMPOUND PEPSIN PILLS.

Composed of Pepsin, Aloes, Rhubarb and Capsicum.

USE.—Largely prescribed as a dinner pill in cases of feeble and slow digestion. Operates mildly on the bowels, and is useful in habitual constipation.—*Price per Bottle, 1s. 8d.; Double Size, 3s.*

PILOIDS OF COMPRESSED DRUGS.*

In definite quantities, for general household use.

* 'Piloid' is a name given by us to signify small lenticular-shaped bodies like flattened pills, consisting wholly of compressed drugs, in definite weights. Owing to their extreme portability, it is the best form in which these drugs can be obtained for domestic use.

COMPRESSED BI-CARBONATE OF SODA.

In 5 or 10 grain Piloids.

The Alkaline Salts are used to correct acidity and flatulence, and promote liver and kidney action.—*6d. and 8d. per Bottle.*

COMPRESSED BI-CARBONATE POTASH.

In 5 or 10 grain Piloids.

Used by dyspeptics to correct flatulence, gouty pains, &c.—*6d. and 8d. per Bottle.*

COMPRESSED SODA, RHUBARB AND GINGER.

Composed of Turkey Rhubarb, Bi-carbonate Soda, and Essence Ginger.

Antacid, Stomachic, and Mild Aperient. Useful medicine to correct acidity and stomach derangements.—*Price, 1s. per Bottle of 18 Piloids.*

CARBONATE SODA AND RHUBARB (PILOIDS).

Containing 5 grains Carbonate Soda and 1 grain Extract Rhubarb.

Stomachic, given to correct acidity of the stomach, &c.—*Price, 1s. per Bottle of 18 Piloids.*

SODA AND PEPPERMINT PILOIDS.

Composed of Bi-carbonate Soda, and Finest Oil of Peppermint.

SUDORIFICS AND ANTI-PYRETICS.

Medicines given to induce Sweating, and to reduce febrile action after Chills.

The following Preparations supply the best Sudorifics for Domestic use:—

DOVER'S POWDER PILLS AND PILOIDS.

These Pills and Piloids contain 5 grains of the Compound Ipecacuanha Powder, equal to $\frac{1}{2}$ grain of Opium.

Employed as an Anodyne and Sweating Medicine in febrile attacks, to cut short a cold in the head, and in acute catarrhs and rheumatics; also as an Opiate to allay pain. It is used in dysentery and diarrhoea as a Night Pill to produce sleep. Its use should be followed by a Seidlitz Powder, or a dose of Sal Mineralis, to prevent constipation. The Piloids are very useful for persons who cannot take Pills.—*Price per Bottle, 1s. 6d.; Double Size, 2s. 9d.*

ANTIMONIAL POWDER PILOIDS.

A substitute for James's Powder. A very useful Sweating Medicine.—*2 grain Piloids. 1s. per Bottle.*

CAMPHOR AND NITRE (IN PILLS AND PILOIDS).

Antipyretic.—Employed to induce sweating in the treatment of colds, sore throat, and rheumatic pains,

from exposure to damp. Useful in all cases of catarrh arising from chill—checked perspiration.

DOSE.—Two Pills or Piloids every four hours, with warm drinks. *For Children*—One Pill or Piloid. The Piloids may be dissolved and taken in gruel.—*Price per Bottle, 1s.; Double Size, 1s. 10d.*

CAMPHOR PILOIDS.

Camphor is largely and very successfully given in Cholera and Diarrhoea; also to arrest a cold or catarrh.

These Piloids of pure compressed Camphor are quite as effectual as the strong essence known as "Rubini," and much more convenient to take about.—*In Bottles of 36 Piloids, 1s.*

CAMPHOR & PRUNELLE PILOIDS.

Each Piloid contains $\frac{1}{2}$ -grain Camphor.

Diaphoretic. Usually taken with Dover's Powders.—*Price, 1s. per Bottle of 36 Piloids.*

TONICS AND RESTORATIVES.

Medicines used to give Strength in Weakly States of the System, and to restore Failing Energy and Nerve Power.

SULPHATE OF QUININE PILLS AND PILOIDS.

USE.—QUININE is employed to give tone to the nervous and muscular systems; as a remedy in NEURALGIA, REMITTENT and INTERMITTENT FEVERS, and as a tonic in general debility. Is largely used in India as a prophylactic against ague and jungle fever. For persons living in, or passing through, malarious districts, it is necessary to take it daily.

THE PILLS AND PILOIDS are very soluble, and are more convenient to travellers and others than any other preparation of Quinine. The quantity and purity of this Quinine is guaranteed. The Piloids are especially recommended as being the most readily SOLUBLE, and producing the specific effects more rapidly. They dissolve readily in water, but taken in Orange or Sherry Wine, they make very pleasant tonic and appetising draughts, that may be taken before dinner to increase appetite.—*Price per 3 Dozen 1-grain Pills, 1s. 6d.; Double Size, 2s. 9d.; 3 Dozen 2-grain, 2s. 9d.; Double Size, 5s.*

QUININE, IRON & NUX VOMICA PILLS.

Composed of 1 grain each of the Sulphates of Quinine and Iron, with $\frac{1}{2}$ -grain Extract Nux Vomica.

USE.—Employed as a tonic for general purposes; agreeing well with most persons, and is given in many cases where Iron and Quinine are needed. Largely prescribed by Medical Men in general debility, in convalescence after fever, loss of appetite, and other disorders, and as a tonic for young women who are anæmic—pale and bloodless—with little or no appetite.—*Price per Bottle, 2s. 6d.; Double Size, 4s. 9d.*

QUININE AND IRON PILLS.

Composed of 1 grain each of the Sulphates of Iron and Quinine.

USE.—As a general tonic.—*Price per Bottle, 2s. 6d.; Double Size, 4s. 9d.*

QUININE AND PHOSPHORUS PILLS.

Containing 1 grain Quinine, $\frac{1}{3}$ grain Pure Phosphorus.

A powerful tonic in cases of Intellectual and Mental exhaustion.—*In Bottles, 3s., 5s. and 10s. each.*

REDUCED IRON PILLS AND PILOIDS.

USE.—This preparation of Iron is largely given to delicate children and young females suffering from the condition of ill-health called *Anæmia*, or bloodlessness.—*Price per Bottle, 1s.; Double Size, 1s. 10d.*

ALOES, MYRRH & IRON PILLS.

Each Pill contains Aloes, Myrrh and Sulphate of Iron.

Used to correct female derangements, hysteria and debility.—*Price per Bottle, 1s. 6d.; Double Size, 2s. 9d.*

IODIDE OF POTASSIUM & QUININE PILLS.

$\frac{1}{2}$ grain of Quinine and 3 grains of Potash.

USE.—Alterative and Tonic.—Given in muscular rheumatism, and in chronic cases of gout when Colchicum cannot be taken.—*Price per Bottle, 2s. 6d.; Double Size, 4s. 9d.*

CHILDREN'S MEDICINES.

See also Page 2.

COMPRESSED IRON & QUININE PILOIDS.

Tonic.—Given to weakly children and young persons. Easy to swallow.—*Price per Bottle, 1s. 6d.*

COMPRESSED CARBONATE OF IRON PILOIDS.

Tonic.—Given to improve the quality of the blood; general debility, &c.—*Price per Bottle of 36 Piloids, 1s.*

WINE OF COCA.*An Invigorating and Exhilarating Restorative.*

This Wine contains the active principle of the Leaves of the Coca Plant, which are well known to possess powerful stimulating properties, and are largely used by the natives of Bolivia and Peru to appease hunger and thirst, and to support them on long journeys. This wine is an exceedingly pleasant form in which to administer this powerful restorative. It will strengthen the mental and physical powers when exhausted by fatigue, assuage thirst, and to relieve the intense headache of nervous debility.

DOSE.—One or two tablespoons, or small wineglassful, twice or three times a day, repeated as may be required.—Price, in Wine Pints, 2s. 6d.; Quarts, 4s. 6d.

EMULSION OF COD LIVER OIL.*With the Hypophosphites of Lime and Soda.*

This is a very palatable preparation, and an exceedingly pleasant form of taking Cod Liver Oil. The taste of the Oil is covered; it does not repeat; and is easily assimilated. A valuable combination in all wasting diseases, and for delicate children. The best form for consumptive patients.—Price per 8 oz. Bottle, 2s.; 1 lb. Bottle, 3s. 6d.

PHOSPHORUS, IRON, QUININE, & NUX VOMICA.*The four great remedies for Neuralgia, Nervous Depression, &c.*

These Medicines, in their most active state, are prepared as "**COMPOUND PHOSPHORUS PILLS.**"

Each Pill contains a proper dose of each of the above; the phosphorus is in a free state, and its effects are very remarkable in all cases of Nervous Exhaustion, however induced, and is exceedingly beneficial in restoring health and vigour when other medicines fail.—In Bottles, 3s., 5s. and 10s. each.

The 10s. size is sufficient for a course of these valuable Tonics extending over four weeks.

BY ROYAL LETTERS PATENT, DATED JUNE 30TH, 1880.

KIRBY & CO.'S BEEF TABLETS,

For Invalids, Travellers, Tourists, Sportsmen, and others needing highly concentrated and sustaining food.

H. & T. KIRBY & Co., Ltd., beg to draw special attention to their newly-introduced **Beef Tablets**, prepared by their patented process. These Tablets are designed to meet a want long felt by the travelling public, viz.: that of having ready at hand, and in a portable form, a concentrated nutritious food, tasty to the palate, and having powerful sustaining properties.

Travellers, Tourists, Officers on the March, Huntsmen, as well as all those whose occupations necessitate long intervals between meals, will find them invaluable, not only in warding off the sense of hunger, but also in supplying a pleasant substitute in the absence of the usual meal.

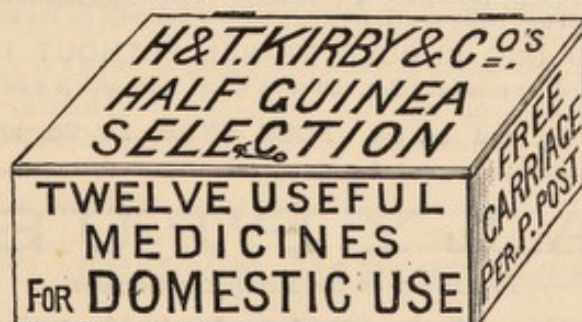

Invalids, Convalescents, and all persons of weak digestion, as well as all those suffering from poorness of blood or loss of appetite will find them highly beneficial. Two tablets are equivalent to a cup of beef tea.

The Tablets should be allowed to dissolve slowly in the mouth. The contents of one box alone being in most cases sufficient sustenance for ten or twelve hours.

May be had in Tins, 2s. each; three tins, 5s. 6d.; post free, on receipt of remittance.

IMPROVED COUGH AND THROAT LOZENGES.

MEDICATED according to the *Formula* of the British Pharmacopœia, and the *Formula* in use at the THROAT HOSPITAL. They are soft, very palatable, dissolve slowly in the mouth, and medicate all the parts they come in contact with.

It is well known that Glycerine has a remarkable soothing effect upon the mucous membrane; hence its great value in sore throats and loss of voice. These Glycerine Lozenges (or Pastilles, as they are called at the Throat Hospital) are largely prescribed by the leading physicians.

They are sold in Boxes, 1s., 2s. 6d., and 4s. 6d. each. Post free on receipt of remittance.

BENZOIC ACID VOICE LOZENGES.

BENZOIC ACID is used to strengthen the Vocal Cord, and as a stimulant in cases of nervo-muscular weakness. It is much appreciated by public speakers and singers, for giving power to the voice, and is prescribed for CLERGYMAN'S SORE THROAT and Hoarseness.

CHLORATE POTASH LOZENGES.

CHLORATE OF POTASH is used locally as an ANTISEPTIC in ULCERATIONS OF THE MOUTH, and as a general tonic to the mucous membrane. It is also employed to correct FOUL BREATH.

IPECACUANHA AND MORPHIA LOZENGES.

Each containing 1-36th gr. Morphia and 1-12th gr. Ipecacuanha.

Used as a sedative and expectorant in BRONCHITIC and CONSUMPTIVE COUGHS.

IPECACUANHA, SQUILL AND TOLU LOZENGES.

Each containing 1-12th grain Ipecacuanha, 1-12th grain Squill and 1-4 grain Balsam Tolu.

Used as Expectorants for BRONCHITIC COUGHS.

TANNIN AND BLACK CURRANT LOZENGES.

Made with Glycerine and the pure juice of the fruit, containing 1-4 grain of Tannin in each.

Used as an Astringent for RELAXED SORE THROAT and LOSS OF VOICE.

TANNIN AND CAPSICUM LOZENGES.

Each containing 1-4 grain Tannin, with Tincture of Capsicum and Glycerine.

Used for RELAXED SORE THROAT and LOSS OF VOICE.

TEREBENE AND TOLU LOZENGES.

Each containing 3 minims Pure Terebene, with 50 per cent. of Glycerine.

Terebene is used in the treatment of CHRONIC BRONCHITIS, CHRONIC PHTHISIS, and WINTER COUGH. Dr. MURRELL, who has recently reported numerous cases in which he has employed it, says that he has "rarely found it necessary to resort to any other remedy." It is said to be a powerful Expectorant, and to assist greatly in removing the thick viscid secretion which the aged and feeble find so difficult to expel.

COCAINE LOZENGES.

1-10th grain in each.

Cocaine in this form is found to be the best Preventive of SEA SICKNESS.

GLYCERINE GELATINE LOZENGES.

Containing 25 per cent. of Glycerine.

The Lozenges are pleasantly flavoured, soft, and very superior to the HARD GELATINE Lozenges sold by grocers and others.

SOFT GELATINE LOZENGES.

Containing half their weight of Pure Glycerine.

These are very suitable for elderly persons. They are pleasant in flavour, and, being always soft, are very agreeable to invalids.

SOFT BLACK CURRANT LOZENGES.

Made with Pure Glycerine and the fresh juice of the fruit.

In Boxes, 6d. and 1s., or 2s. 8d. per lb. Box. Post free on receipt of remittance.

H. & T. KIRBY & CO.'S

THYMOL POWDER.

THE BEST DUSTING POWDER FOR THE NURSERY AND TOILET.

PREVENTS REDNESS, ROUGHNESS AND CHAPPING. | FRAGRANT, ABSORBENT AND PURIFYING.

FOR TOILET PURPOSES.—THYMOL POWDER IS HEALTHFUL AND BEAUTIFYING TO THE COMPLEXION. It is perfectly harmless, and should supersede all other cosmetics. IT IMPROVES THE CONDITION OF THE SKIN, and, if properly used, no trace of the powder need remain visible. Used daily after washing, it renders the HANDS SOFT AND WHITE, removing all harshness and roughness, and PREVENTS CHAPS AND CRACKS SO COMMON IN WINTER.

FOR THE NURSERY.—THYMOL POWDER is both SANITARY and FRAGRANT, it possesses many advantages over the pernicious compounds sold as "VIOLET POWDER," and has valuable antiseptic qualities which render it especially desirable as a dusting powder for infants.

IN THE SICK ROOM.—THYMOL POWDER is destructive to all septic germs, and a preventive of contagion. It is invaluable as a disinfectant for personal use, being sanitary, refreshing, and healthful for the sick, and all who attend on them.

NO ONE SHOULD TRAVEL WITHOUT IT.

It instantly allays the irritation caused by mosquito, flea, and other insect bites, and is a deterrent to those troublesome pests of tropical countries.

IN TINS, 1s. and 1s. 6d. POST FREE, 1s. 2d. and 1s. 9d.

EUCALYPTUSINE.

Prepared from the *Eucalyptus Globulus*.

A New, Fragrant and Delicious Perfume, and an Invaluable Antiseptic for the Sick Room.

EUCALYPTUSINE possesses properties which render it particularly adapted for personal use, not only on account of its fragrance, but because of its peculiar refreshing and health-giving properties. It is superior to and more lasting than Eau de Cologne, Toilet Vinegar, and scents of all kinds.

Used freely in the sick room, by means of a spray, or sprinkled in the water before washing, it is not only refreshing and grateful but beneficial to the patient, nurse, and attendants.

It is particularly useful whenever exposure to infection is incurred, or a deodoriser desired. A small quantity sprinkled in the bath imparts to it a fragrance which is most agreeable and healthful, and will be found very invigorating.

A powerful deterrent to mosquitoes, flies, midges, and other annoying pests.

A GREAT LUXURY IN HOT WEATHER SPRINKLED IN THE BATH OR WATER BEFORE WASHING.

PRICE PER BOTTLE, 2s. 6d.; DOUBLE SIZE, 4s. 6d.

"I have found your Sal Mineralis a very useful remedy and much cheaper than the bottled waters."

COMPOUND THYMOL OINTMENT.

An antiseptic and healing salve. Used as a dressing for ulcers, open wounds, broken chilblains, and indolent sores.—In Jars, 1s. and 1s. 10d. each.

TEREBENE LINIMENT.

Stimulant used for sprains and bruises, rheumatic swellings of the joints, and muscular pains in the loins. It is also a useful embrocation for whooping cough, and for chilblains before they are broken.—In Bottles, 1s. and 1s. 10d. each.

PELLETS TO MAKE LEAD AND OPIUM LOTION.

Used for making cooling and anodyne lotions. One dissolved in $\frac{1}{2}$ pint of water forms a valuable cooling lotion for the eyes, and for bruises and inflammation of the skin.—In Bottles, 1s. 6d. and 2s. 9d. each.

PELLETS TO MAKE ZINC AND OPIUM LOTION.

Used for making an astringent and anodyne lotion. One dissolved in a $\frac{1}{2}$ pint of water forms a valuable collyrium in inflammation and weakness of the eyes. Five or six dissolved in a pint of water form an astringent lotion or injection, useful to arrest mucous discharges.—In Bottles, 1s. 6d. and 2s. 9d. each.
