ACTA

Destillatio Caponis. Destillatio per MB. per diem.

Pro decoctione Clyfteris.

Pro applicatione Clyfteris.

Confect. in Tabul. vel Morful.

Ein Cataplasma gumachen.

Per ein Tagreif / Clysmata, ober anders ju applicieren.

### ACTA ET DECRETA

Wegen der

Apotheckern und Materialisten.

Hochgeachte/2c.

Achdehme/zu gehorsamster Folg/Ewer Gnaden jüngsthin ergangener Erfantnuß/ die Visitation der Apothecken in Basel/ordentlich angestellt und vorgenommen/ und denen Apotheckern punctlich (wie die Benlag außweiset) angezeigt worden/ auff was Weiß die in einer oder der anderen Apotheck befindlichen Rehler/oder die wo noch ins funfftige einreissen konten/zu verbessern/ und ihnen best möglich vorzubauen und abzuhelffen sene; Als haben unferer Schuldigfeit gemaß/ Ewer Gn. wir folches in Unterthanig= keit referiren / zugleich auch unseren unmaßgeblichen Vorschlag/ wie es der Materialisten halben/fonte gehalten werden/hinderbrin= gen sollen. Benantlichen/es sollen die Materialisten/darunder Hr. Hieronymus Bernoulli auch begriffen/sich vorderist/alles Receptirens muffigen/feine falschen noch verdorbenen Waaren weder einkauffen noch verkauffen/ und dann solche Sachen/ so in denen Apothecken auch zu finden/als Theriae/Mithridat/Guajae und Sassafras-holk/ China und Sarsaparillen=wurkel/ Condita und dergleichen andere Stuck / nicht under einem Vierthelspfund / des stillirte Dehl nicht under einem Quintlein/ und gar pretiosa, als Bisam/ Ambra/Zibeth/ nicht under einem halben Quintlein ver= fauffen ben dero von Ew. Gn. bereits dictirten Straff der 50. fl. welche denen Verbrecheren / so wohl Materialisten als Apothes ckern/ ohn alle Gnad abgenommen werden solle.

#### Ewer Gnaden

Den 3. Octobris 1701.

Underthänig gehorsame Die hichzu Deputiete. H 3 PUN-

### PUNCTA

Welche denen Apotheckeren vorgetragen / und zu deren Observantz sie sollen gehalten werden.

1. Sprach verschriben / sollen die Herzen zu Verhütung vieler Fehteren / auff Diener und Junge bedacht senn/welche genugsahme dieser Sprach Wissenschafft haben.

2. Die Simplicia und andere Materialien/ sollen sie gut und ges

recht/ nicht aber nur der Wohlfeile nach einkauffen.

3. Was von Wurkeln/Kräutern/Blumen/Gaamen/2c. ist/soll von aller Unsauberkeit wohl gesäuberet/auff gebührende Weiß gedörzet/an behörigen Orten/vor Raken/Mäusen/Spinnen und allem Ungezisser wohl verwahret/auffbehalten/an die Säck ein Zedul/ worauff des Simplicis Nahme gezeichnet ist / gehefftet werden.

4. Ein jeder Apothecker / solle so wohl die Apotheck / als den Kräuter-boden und die Material-kammer alle Quartal einmahlen selbst visitiren/ und ordentlich durchgehen/ was schadhafft und unskräftig/ seinem Gewissen gemäß/abschaffen/ und was mangelbar ergänzen / damit ben künstigen offentlichen Visitationen alles in

einem guten Stand sich befinde.

5. Die Wurkel/ Kräuter/ Saamen/ ze. sollen nicht in zu großer Quantität/ sondern nach proportion des Abgangs pulverisit

werden/ damit ihre Krafft desto weniger verfliege.

6. Ingleichem sollen ste auff alle Composita sleistig acht haben/
so wohl daß sie recht præparirt und zubereitet / als auch daß ein jedwederes in behörigen Geschirzen und Orten benbehalten werde. Diers Hiermit zu verhüten/daß die destillirte Wasser nicht voller Mutter/ die Sässter/ Conserven/ Condita und Latwergen nicht jähren/ saur oder schimlicht/und die Dehl nicht ranzig werden.

7. Sie sollen auch alles in eine feine Ordnung stellen / damit nicht die Syrupi und Conserven under gekochte Dehl / Galbenen

oder dergleichen Schmuß gestellet werden.

8. Insonderheit sollen die Gifft einen besonderen Plas haben/
und eingeschlossen / auch niemanden als ehrlichen und bekandten Persohnen verkaufft werden. Sie sollen auch hierzu sonderbahre Mörsel/Stossel und Reibstein haben / damit alle Fehler verhütet mögen werden.

9. Es ware auch gut daß die Inscriptiones auff einer jedwedern Buren/Ranten/Glaß/zc. ausserhalb/ und nicht nur andem Schafft

notirt waren.

10. Alle Composita sollen/damit sich der Medicus darnach zu richten/auff einerlen Weiß in allen Apothecken / und zwar nach dem Dispensatorio Augustano zubereitet werden; es ware dann Sach/daß einer eine besondere Composition hätte / und auff solchen Fahl solle er einem Medico parte darvon geben / damit er in dem Vorschreiben sich darnach zu richten wisse.

11. In allen Apothecken solle einerlen Gewicht und Maaf fenn.

12. Die grossen Compositiones, als Theriac, Mithridat, Diascordium, sollen in Gegenwart eines oder des andern Medici de Collegio Medico præparirt werden.

13. Insgemein sollen sie embsig/fleissig und Gewissenhafft seyn/sich mit ihrem Beruff vernügen / und des practicirens mussig

gehen.

14. Endlichen gleich wie sie dem neuen Tax nachzukommen schuldig und verbunden sennd/also solle auch hingegen ihnen wider alle diesenige/ so ihnen mit stümplen und Verkauffung Medicinalien Eintrag thun/hülfsliche Hand gebotten werden.

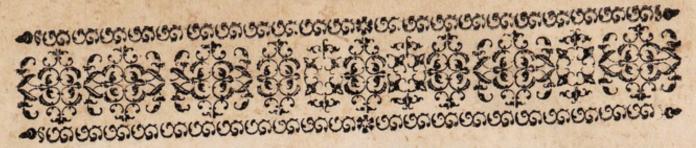

# EXTRACTUS Rahts-Protocolli vom 5. Octobris: 1701.

Bedencken wegen der Apotheckern und Materialisten/auch was die letstere für Waaren führen sollen/ist verlesen.

Fine Gnädig. Hersen lassens ben der Hersen Deputirten Bedencken und Relation, auch was specifice Hr. Bernoulli betrifft/ durchauß bewenden: Der Tax der Apothecker-Waaren soll getruckt/ und deme in fine so wohl die Relation, als die Puncten angehenckt/ auch wann alles in Truck versertiget/ alsdann den hiesigen Apotheckern und Materialisten zugestellt werden/ mit ernstlichem Befelch/dem Besinden der Hersen Deputirten in allem gehorsahme parition zu leisten/ ingleichem die Hersen Medici durch ismanden auß ihrem Collegio wenigst alle Jahr acht haben/ damit allem nachgeseht werde.

Cantzley Basel.
