THE MESSENGER OF HEALTH

THE MESSENGER OF HEALTH

PUBLISHED BY WORLD'S DISPENSARY MEDICAL ASSOCIATION, 3, NEW OXFORD STREET, LONDON, W. C., ENGLAND.

Open Publicity The Truest Guaranty of Merit.

OPEN TO EVERYBODY is the fullest information as to the properties and uses of the several ingredients entering into Dr. Pierce's Family Medicines. Not only are all the ingredients printed in plain English on each bottle-wrapper, but a little book of extracts from numerous standard authorities of all the different schools of medical practice, extolling these several ingredients and giving their properties and uses, has been compiled by Dr. R. V. Pierce, and will be mailed free by him to the address of any one sending a post card or letter to him, at No. 3, New Oxford Street, London, W. C., and requesting a copy of the same.

In this way the afflicted, who may think favourably of using these non-secret medicines, are taken into Dr. Pierce's full confidence and are informed as to the properties and uses of each of the several vegetable ingredients of which they are composed.

Thus you do not have to rely upon Dr. Pierce's recommendation alone as to the marvelous curative properties possessed by his "Golden Medical Discovery" for the cure of weak stomachs, dyspepsia, torpid liver, or biliousness, impure blood and kindred ailments, nor of his "Favorite Prescription" for the cure of weak, nervous, invalid women, for you have in addition the strongest kind of endorsement of each and every ingredient entering into the composition of these world-famed medicines by numerous leading medical writers of the several schools of practice.

In fact nothing which Dr. Pierce has ever said in recommendation of these medicines is quite so strong and laudatory of their merits as what has indirectly been said of them through the numerous unqualified endorsements and recommendations of each of their several ingredients by the leading writers on *Materia Medica*.

Of course these endorsements were written from entirely disinterested motives and are therefore the more valuable. They were written to instruct medical practitioners in the properties and uses of the several ingredients which enter into Dr. Pierce's medicines, the writers not being aware that they were extolling and endorsing ingredients which are used in these medicines. Hence the great value of these highest possible endorsements, coming, as they do, from leaders of the medical profession in the matter of *Materia Medica*.

Among the well-known authorities will be found Drs. Bartholow, Hare, Johnson, Wood, King, Scudder, Hale, Coe, Ellingwood & many others.

The ingredients are all medicinal roots, found growing in the depths of the American forest. Dr. Pierce believes that medicine can cure disease only as it assists Nature to overcome the abnormal or diseased conditions. For thus assisting Nature in throwing off disease, Dr. Pierce believes the best and only *real* remedies are to be found in Nature's Laboratory. In the roots of medicinal plants found in the American virgin forests, Providence has stored up most valuable, active, curative principles, which, when scientifically extracted and combined in just the right proportions, as in Dr. Pierce's Golden Medical Discovery, are most efficient in curing a long list of chronic or lingering and most obstinate diseases.

In chronic, bronchial, throat and lung affections, accompanied with hoarseness or loss of voice, cough, profuse expectoration and even bleeding from lungs, "Golden Medical Discovery" has proven a sovereign remedy.

In case of weak stomach, indigestion, dyspepsia, ulceration of stomach or bowels, torpid liver, or biliousness, the "Golden Medical Discovery" has never been excelled as a tonic and invigorator which puts the affected organs "in tune" and enables them to perform their proper functions. It purifies and enriches the

blood, curing all manner of "humours," blood taints, scrofulous and skin affections.

In all irregularities and painful periods to which women are subject, also in pelvic drains, or "female weakness," displacements, as prolapsus, anteversion and retroversion of the uterus, ulceration of uterus, inflammation of ovaries, and kindred maladies, Dr. Pierce's Favorite Prescription has more real cures to its credit than any other medicine put up and sold through chemists for the cure of this class of weaknesses and diseases.

When a woman takes "Favorite Prescription," she knows just what she is using. Dr. Pierce takes his patients into his full confidence. His medicines are not secret compounds, are not patent medicines, but the favourite prescriptions of a regular, graduated physician of large experience in actual practice.

You can not afford to experiment with your health by accepting and taking free "trial bottles" of Cheap John, Fake Medicines, so freely given away in this country. Health is a heritage too sacred to be trifled with in that way. Take only medicines of known composition—those made after formulas so choice that the makers take you fully into their confidence and feel that they can afford to tell you just what you are using when you employ their medicines.

AN IMPORTANT DISCOVERY.

Dr. Pierce never believed it necessary or advisable to use alcohol in the preparation of either his "Favorite Prescription" for weak women, or his "Golden Medical Discovery," the well-known alterative tonic, which is so largely used as a remedy for indigestion, torpid liver, bad blood and kindred ailments. Over forty years ago, he discovered that chemically pure, triple-refined glycerine is a far better solvent of most of the active principles residing in medicinal plants, when used at a proper and sustained temperature, than is alcohol; and, furthermore, he found that a glyceric extract kept much better than an alcoholic one, and that the glycerine possessed intrinsic remedial value, being demulcent, nutritive and an effective antiseptic and antiferment. Although costing somewhat more, Dr. Pierce predicts that glyceric medicinal extracts will, in the not distant future, largely replace alcoholic ones so generally prescribed by physicians and put out by proprietary or "patent medicine" manufacturers, as being more efficient and entirely free from the serious objection of making inebriates when used in lingering or chronic cases, where a somewhat protracted use of medicine is necessary, no matter how good or well adapted to the case it may be, in order to obtain permanent results.

Dr. Pierce's Pleasant Pellets cure biliousness, sick and bilious headache, dizziness, costiveness, or constipation of the bowels, loss of appetite, coated tongue, sour stomach, windy belchings, "heartburn," pain and distress after eating, and kindred derangements of the liver, stomach and bowels. Put up in glass vials, tightly corked, therefore always fresh and reliable. One little "Pellet" is a laxative, two are cathartic. They regulate, invigorate and cleanse the liver, stomach and bowels.

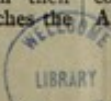

A good medical book, written in plain English, and free from technical terms is a valuable work for frequent consultation. Such a work is Dr. Pierce's Common Sense Medical Adviser. It's a book of 1008 pages, profusely illustrated. It is given away now, although formerly sold in cloth binding for 6s. Send rod. in stamps, to pay cost of posting only for paper-covered copy; or 1s. 3d., for an elegant cloth-bound copy. Address, World's Dispensary Medical Association, 3, New Oxford St., London, W. C.

The above cut illustrates the several American forest plants, extracts from the medicinal roots of which enter into the composition of DR. PIERCE'S GOLDEN MEDICAL DISCOVERY.

The above cut illustrates the several American forest plants, extracts from the medicinal roots of which enter into the composition of DR. PIERCE'S FAVORITE PRESCRIPTION.

A SCIENTIFIC MEDICINE.

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate organism. It is purely vegetable in its composition and perfectly harmless in its effects in any condition of the system. For "morning sickness" or nausea, weak stomach, indigestion, dyspepsia, and kindred symptoms, its use will prove very beneficial.

CURES OBSTINATE CASES.

"Favorite Prescription" cures the most complicated and obstinate cases of pelvic drain, or catarrhal discharges, excessive flow, painful periods, unnatural suppressions and irregularities, prolapsus or falling of pelvic organs, weak back, "female weakness," anteversion, retroversion, bearing-down sensations, chronic congestion, inflammation and ulceration, inflammation, pain and tenderness of the ovaries, accompanied with "internal heat."

AS A REGULATOR OF THE "MONTHLY COURSES,"

and promoter of functional action at that critical period of change from girlhood to womanhood, "Favorite Prescription" is a perfectly safe remedial agent and can produce only good results. It is equally efficacious and valuable in its effect when taken for those disorders and derangements incident to that later and most critical period, known as "The Change of Life."

"FAVORITE PRESCRIPTION,"

when taken in connection with the use of Dr. Pierce's Golden Medical Discovery, and small laxative doses of Dr. Pierce's Pleasant Pellets, cures Liver, Kidney and Bladder diseases. Their combined use also removes blood-taints and abolishes scrofulous humours from the system.

In all cases of Female Weakness, attended by a pelvic drain or, offensive discharge, in addition to a persistent use of Dr. Pierce's Favorite Prescription as a constitutional, tonic and supportive treatment, do not fail to use a solution of these "Lotion Tablets" with approved female syringes—for local strengthening and healing effects.

The cleansing, antiseptic and tonic effects of this lotion are particularly beneficial and curative in all obstinate and long-standing cases. In prolapsus, or falling of the uterus, do not fail to use this valuable aid to the treatment. If your dealer does not have the "Tablets" in stock as most of them have, order direct from London and you will receive them by return post.

If ulceration is suspected, from the persistence of the discharge and its failure to yield, in due time, to the use of the "Favorite Prescription" and the "Purifying and Strengthening Lotion Tablets" solution, do not fail to apply one of

Pressing the Suppository well up against the mouth of the uterus, first having cleansed the parts thoroughly with hot water and soap. This application should be repeated every second or third night. The use of the "Lotion Tablet" solution may be omitted on nights when "Suppositories" are applied.

The "Antiseptic and Healing Suppositories" can do no harm in any case. They are an efficient part of the treatment in all cases of ulceration about the mouth or neck of the uterus. They are also very useful in prolapsus or falling of the internal feminine organs.

If your chemist does not have them in stock, send 1s. 10d. in stamps to World's Dispensary Medical Association, No. 3, New Oxford Street, London, W. C., and receive them by return post.

THINKS DR. PIERCE'S FAVORITE PRESCRIPTION THE BEST REMEDY IN THE WORLD.

33, Cannon Street, St. Heliers, Jersey.
WORLD'S DISPENSARY MEDICAL ASSOCIATION,
3, New Oxford Street, London, W. C.

Gentlemen—I am happy to be able to tell you that I am in better health than I have been for years. I cannot speak too highly of Dr. Pierce's Favorite Prescription: it has quite cured me of female weakness, which seemed to taunt all treatment; it also cured me of nervous, hysterical, pain in the legs, extending to the soles of the feet which was aggravated by the standing position, and other troublesome complaints. I think it the best medicine in the world, as it soothes the nerves and invigorates the system. Hoping that others will be benefited as I have been, I remain, Gratefully yours, MISS JOSLIN.

Three years after receipt of above we received the following letter:
Dear Sirs—Thanking you for your kind enquiry I am glad to be able to tell you that I am quite

well. Dr. Pierce's Favorite Prescription has quite cured me of a very severe uterine disease and pains in the head as if I were really going mad. I gave it a fair trial and have been rewarded for my patience with sound health.

I will be delighted to answer anybody by return of post if they write to me, telling them how I suffered and how Dr. Pierce's Favorite Prescription cured me.

My sister has also derived great benefit from it. She was suffering from nervous debility, and that uncomfortable feeling of blushing for the least thing, and suffering from groundless fears. After taking four bottles of "Favorite Prescription" she is quite healthy, happy, and pretty again, and glad that she took my advice.

Thanking you for your kind attention and courtesy, I remain, Yours sincerely,
Emily Joslin.

UTERINE DISEASE, WITH DYSPEPSIA, CURED.

Red Street, Southsea, Nr. Gosport, Kent.
WORLD'S DISPENSARY MEDICAL ASSOCIATION:

Gentlemen—Ten years ago I had my last child, and have been troubled with my womb since, and have worn three supporters but was worse afterwards. I was under several doctors and in the hospital. I had a Memorandum Book, which came by post, and in it I read many cases like mine and I may say I feel like a new woman. I am most thankful to you for your kindness to me and advice. If anyone wishes to know if this is true, they can write me.

Yours very respectfully,
MR. JOHN SAXBY.

MRS. SAXBY.

FEMALE WEAKNESS AND INFLAMMATION OF THE BLADDER OF LONG STANDING, CURED.

40, King Street, Droughty Ferry, N. B.
WORLD'S DISPENSARY MEDICAL ASSOCIATION:

Gentlemen—Appreciation of your medical skill prompts me to make a statement of my case. I am fifty-seven years of age. Three years previous to treatment I had been a great sufferer from female weakness. I had irritation of the bladder, and could only retain the urine for a short time. I had indigestion and constipation and appetite gone. I had tried different doctors, but they failed to effect a cure in my case, and I had also tried many advertised remedies without receiving any benefit. I was in despair of ever getting any better, when, as a last resource as it were, and as a drowning person would clutch at a straw, I wrote to your Institution. You requested me to send you a vial of the urine for analysis. Previous to that I had described the symptoms as well as I could. After receiving your kind letter in reply, I commenced the home-treatment. My case was a very obstinate one, but I had made up my mind to persevere. I had nine bottles of Dr. Pierce's Golden Medical Discovery, and also nine of Dr. Pierce's Favorite Prescription alternately. I recovered gradually. I also used five vials of your "Pleasant Pellets." The line of treatment was outlined by your Specialist, which I followed closely for four months. I continued taking the medicines fourteen months, and at the end of that time I felt like a new woman. I find your medicines to be all you claim for them, and should I need more treatment I will write to you as before. I attribute my cure to the use of your medicines, and I heartily thank you for the kind attention given me.

Yours with gratitude,
MRS. MARGARET SCOTT.

Two years after receiving the above, Mrs. Scott writes:
Dear Doctors—In reply to your favour of the 5th inst. I am happy to say my general health is excellent. I will have pleasure in answering any letters of inquiry regarding my case. I desire to thank you for your kindness, and will do all I can to make your medicines known. I am, Yours truly,
MRS. MARGARET SCOTT.

FEMALE WEAKNESS, Cured by "Favorite Prescription."
160, Tudhoe Colliery, Spennymoor, Durham.
WORLD'S DISPENSARY MEDICAL ASSOCIATION:

Gentlemen—I have much pleasure in sending my testimonial. When I first commenced using your medicine I suffered from female weakness. I had one of your Memorandum Books given to me, and after reading about your medicines and the good they had done to others, I sent for three bottles of Dr. Pierce's Favorite Prescription, but before I had used the first bottle I began to feel a great benefit. I have had five bottles in all, and we have had a fine baby girl born since taking your medicine, and I feel quite strong and well again. I am glad to recommend your "Favorite Prescription" to all friends. Thanking you sincerely for the great benefit I have received.

Yours truly,
MRS. SOPHIA GUEST.

MRS. GUEST.

FEMALE COMPLAINT CURED.

Shave Top Roaches, Upperholme, Leek, Staffs.

WORLD'S DISPENSARY MEDICAL ASSOCIATION,
3, New Oxford Street, London, W. C.

Gentlemen—I have great pleasure in making known to you the benefit I have received from your medicines in so short a time. I was very irregular in my courses, and they were very painful. It was of a chronic nature. I felt depressed in every way, but I had four bottles of "Favorite Prescription" and I feel like a new woman. I have had a chronic nature. I felt depressed in every way, but I had four bottles of "Favorite Prescription" and I feel like a new woman. I have had a chronic nature. I felt depressed in every way, but I had four bottles of "Favorite Prescription" and I feel like a new woman.

MRS. MELLOR.

Yours faithfully,
MRS. SARAH SOPHIA MELLOR.

FEMALE WEAKNESS OF LONG STANDING, CURED.

Ale House Farm, Bodle Street, Nr. Haslem, Sussex.

WORLD'S DISPENSARY MEDICAL ASSOCIATION,
3, New Oxford Street, London, W. C.

Gentlemen—I think it is my duty to inform you of the benefit I have received from your medicine. Dr. Pierce's Favorite Prescription. I have had bearing-down sensations for twenty years, which have prevented me from walking any long distance. I fell from a chair last November and hurt my back. I found the displacement was worse after the fall, so I could scarcely walk or stand for any time without pains in my back. Your little book came to me at the time by post, in which I read of cures and wrote to you for your advice, which you kindly sent me. I have had four months' treatment and twelve bottles of the "Favorite Prescription," and I am happy to say that I feel better now than I have for years; feel quite a different woman and am able to do my work. The pains in my back are gone; have a good appetite, no bearing-down, nor pains unless I stand for a long time, and then I feel a little bearing-down. I think the "Favorite Prescription" a great blessing to women, and am very thankful that I came across your little book. I find also my nerves are much stronger. I cannot speak too highly of your medicine, as it was a God-send to me, and I shall be pleased for you to publish my case in some of your pamphlets.

Yours respectfully,
(Mrs.) John Reid.

UTERINE DISEASE AND ULCERATION, Cured by the use of Dr. Pierce's Favorite Prescription and "Golden Medical Discovery."

23, Hoole St., Hasland, Chatterfield, Derbyshire.

WORLD'S DISPENSARY MEDICAL ASSOCIATION,
3, New Oxford Street, London, W. C.

Gentlemen—Your medicines have my greatest praise, as they have done me good, and I feel better and stronger. I strongly recommended your very valuable medicines to my friends, and they are taking them with good effect. I have also sent the Common Sense Medical Adviser to a friend of mine to study. Your valuable medicine has been worth a lot to me, for the miserable pain is gone, my appetite and strength returned. I give your medicine a high recommendation to all suffering women, and shall recommend it wherever I can. Please accept my heartfelt thanks for your medicines. I was afflicted for a long time with womb trouble, and suffered great pain. I was an Out-patient at the hospital for three months and received no benefit from the medicine, but got worse every day. I read one of your little books and wrote to you; had a kind letter in reply, and began taking your medicines. When I had taken three bottles of Dr. Pierce's Favorite Prescription and three of the "Golden Medical Discovery," also three vials of his "Pleasant Pellets," I felt quite well. My friends say it is nothing short of a miracle to see the difference in me.

Gratefully yours,
MRS. H. BRIDDON.

CURED BY "FAVORITE PRESCRIPTION" AND "LOTION TABLETS."

After Doctor Had Failed.

Oshtleigh, Albert Road, Ashford, Kent.

WORLD'S DISPENSARY MEDICAL ASSOCIATION,
3, New Oxford Street, London, W. C.

Gentlemen—I have great pleasure in forwarding you my testimonial, that others may know what your wonderful medicine has done for me. For about three years I suffered from leucorrhoea, which made me very weak. Finally, I had an abscess form, and had a doctor for months, but he did me no good. Some one told me of your wonderful cures. I got some of your "Favorite Prescription" and "Lotion Tablets," and in three months I felt a different person, and am now enjoying good health. Thanking you for the kind attention you have shown me, and wishing you every success, I am, Yours respectfully,
MISS E. V. CRUST.

MISS CRUST.

"How to Be Happy Though Married"

THE MARRIAGE PROBLEM.

That such a problem should ever have been a subject of serious debate among the maids, wives and mothers of the land points clearly to the existence of some wide spread cause of dissatisfaction among women, who have entered upon the relation of marriage. The mistake, in the whole discussion opened up by the problem proposed, is this: It never touches the real issue in woman's life. Happiness is a flower and it grows up from the root of health. The real marriage problem is,

HOW TO BE HEALTHY THOUGH MARRIED.

Solve that problem; give health to women and happiness will bud and blossom in every married life.

Thousands of women have declared this problem of health and happiness in marriage solved once and for all by the use of Dr. Pierce's Favorite Prescription, and to these thousands may be added other thousands of

UNMARRIED WOMEN

who have found in "Favorite Prescription" a present cure for maladies peculiar to their sex, and a preventive of the ills which so often result from the functional changes which follow marriage and motherhood.

Thousands of testimonials received from patients and from physicians who have tested

DR. PIERCE'S FAVORITE PRESCRIPTION

in the more aggravated and obstinate cases which had baffled their skill, prove it to be the most wonderful remedy ever devised for the relief and cure of suffering women. It is not recommended as a "cure-all," but a most perfect specific for woman's peculiar ailments.

AN INVALUABLE INVIGORATING TONIC.

It communicates strength to the entire system, and markedly to the uterus and its appendages, to which it gives the vigour of perfect health. For women whose occupation necessitates many hours of standing or walking, for teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers, and all women who are overworked, run-down, tired out and deficient in vitality, Dr. Pierce's Favorite Prescription is a priceless boon, and has well been named by grateful friends, "A God-send to women." As an appetizing cordial and restorative tonic it is unexcelled.

NERVE SOOTHING & STRENGTHENING,

as "Favorite Prescription" is, it owes none of its restful results to the use of opiates. It is absolutely as free from opium, cocaine and other narcotics as it is from alcohol in every form. It stops the outery of the nerves by nourishing them as the mother stops the outery of the child, by giving it food. This same process of nourishment also strengthens while it soothes. Indeed, the soothing effect is just the natural result of the strengthening process. As the child when it has been fed full and sleep, so the nourished nerves soon become quiet when strengthening food is given them. Thus "Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea, or St. Vitus's dance, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the womb. It induces refreshing sleep and relieves mental anxiety and despondency.

TREATING THE WRONG DISEASE.

Many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous exhaustion or prostration, another with pain here and there, and in this way they all present alike to themselves and their easy-going and indifferent, or over-busy doctor, separate and distinct diseases, for he, assuming them to be such, prescribes his pills and potions. In reality they are all only symptoms caused by some womb disease. The physicians, ignorant of the cause of suffering, encourages this practice until large bills are made. The suffering patient gets no better, but probably worse, by reason of the delay, wrong treatment and consequent complications. A proper medicine like Doctor Pierce's Favorite Prescription, directed to the cause would have entirely removed the disease, thereby dissipating all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said that "a disease known is half cured."

Weak Lungs, Coughs, Spitting of Blood.

For Weak Lungs, Spitting of Blood, Shortness of Breath, Nasal Catarrh, Bronchitis, Severe Coughs, Asthma, and kindred affections, "Golden Medical Discovery" is a sovereign remedy. While it promptly cures the severest coughs, it strengthens the system and purifies the blood. The nutritive properties of nasty Cod liver oil and its emulsions are trifling when compared with those possessed by "Golden Medical Discovery." It rapidly builds up the system, and increases the flesh and weight of those reduced below the usual standard of health by "wasting diseases." When diseases of the Lungs are complicated with other maladies, the patient can write direct to World's Dispensary Medical Association, 3, New Oxford Street, London, W. C., stating carefully the exact symptoms, and our specialists will give the case careful consideration and furnish such advice as may be necessary. Often the hygienic rules which we give are a great aid in bringing about an ultimate cure.

LUNGS BADLY AFFECTED.

White Horse Hotel, Mucknilleth.

World's Dispensary Medical Association,
3, New Oxford Street, London, W. C.:

MRS. JONES.

I owe my recovery to Dr. Pierce's Golden Medical Discovery. Respectfully yours,
MRS. AMY JONES.

A GRATEFUL PATIENT WRITES:

Langfield Road, Wimbledon, S. W., London.

DR. R. V. PIERCE:

Dear Sir—I have felt for some time that it is only your due that I should send you my testimonial. Although fourteen months have passed since I discontinued your treatment, I am glad to say I have had no return of the complaint. Your special treatment has thoroughly built up my constitution, and I have had excellent health ever since.

I shall always feel grateful to you for what you have done for me. Also for your kind consideration and promptness in despatching supplies of medicine. With many grateful thanks, I remain,
Sincerely yours,
(Miss) *J. Gregory*

ECZEMA,

Cured by "Golden Medical Discovery."

Langley Marsh, Winclescombe, Som.

World's Dispensary Medical Association,
3, New Oxford Street, London, W. C.:

Gentlemen—I am thankful to be able to say that after taking six bottles of Dr. Pierce's Golden Medical Discovery, I am perfectly cured of the disease. Many thanks for your valuable medicine and advice. The reason why I have not written you before is, that I have been waiting to see if there should be any recurrence of the old trouble, but fortunately I am as well now as ever. I was, in fact, feeling better. I do not know how to thank you for your advice as I feel a different man.

MR. STONE.

Yours very truly,
H. STONE.

CURE OF A CASE OF NERVOUS EXHAUSTION.

New Algh, Perthshire.

World's Dispensary Medical Association,
3, New Oxford Street, London, W. C.:

Gentlemen—After taking two months' treatment I may tell you that I have experienced better health and calmness of mind than I ever remember in my life before, in fact I feel I could not be better. I deferred writing you to report the effects of your treatment of my case, but I am glad to say I feel the same still. Should any relapse threaten I shall apply to you for the same treatment as last.

With every hearty good wish, hoping you may be spared to confer such boons to suffering humanity.

I am yours, very sincerely,

John M. Donald

A CASE OF ECZEMA,

Cured by Dr. Pierce's Golden Medical Discovery.

17, Lilybank Gardens, Glasgow, W.

LIZZIE URQUHART.

Yours very respectfully,

LIZZIE URQUHART.

CURE OF GASTRIC ULCER.

4, Playoffs Rd., Lower Cascaham,

Nr. Reading, Oxon.

World's Dispensary Medical Association,
3, New Oxford Street, London, W. C.:

Gentlemen—I am sending you these few lines to say how pleased I am with the results of your treatment. After using it for one month it has done me a great deal of good. I was suffering from an ulcer in my stomach. I felt better after taking the first day's medicine, and believe it to be worthy of great praise.

You are at liberty to use this letter as you think fit, and I shall be pleased to recommend your medicines to anyone suffering from any chronic ailment.

I beg to remain, Gentlemen,
Yours respectfully,

William Parsons

ENCOURAGING AND HOPEFUL

Words from a Mother at the Restoration of Her Child to Health by the use of Dr. Pierce's Golden Medical Discovery.

Peakirk, Peterboro.

World's Dispensary Medical Association,
3, New Oxford Street, London, W. C.:

Gentlemen—I am writing to tell you that my little boy keeps mending, and he is not like the same child—he has been so greatly benefited by the use of your medicines. He is a lot brighter, and sleeps and eats better, and takes more interest in things.

I shall take pleasure in recommending your medicines to all my friends.

Yours truly,

Mrs. J. GREEN.

PREVENTS PREMATURE BIRTHS.

1, Overy Street, Whitep. York.

World's Dispensary Medical Association,
3, New Oxford Street, London, W. C.:

Dear Sir—I beg to state that I consider your "Favorite Prescription" an excellent remedy in cases like mine. My two eldest children were both prematurely born, and were weak and delicate from birth. I was advised to try your "Favorite Prescription" before my third child was born. I took two bottles, the result being I went my full time, and had a fine healthy child and quickly mended. I have since taken the medicine. I nurse my baby, and as I have not sufficient milk for her, I think it helps to promote it.

I shall not fail to recommend it to others.

(Mrs.)

Yours truly,

J. R. Linay

CHRONIC ULCER CURED.

Gl. Fairwood, Tedburn St. Mary, Devon.

To DR. R. V. PIERCE:

Dear Sir—I am writing these few lines to you with the greatest pleasure and thanks for your advice in recommending me to try your "Golden Medical Discovery" and "All-Healing Salve" as treatment for the open ulcer on my leg. Before I had taken the contents of one bottle there was a vast improvement, and after the use of the second bottle (only about two months' treatment) my leg was as sound as ever it was.

Yours obediently,
CARYL CLARKE.

C. CLARKE, ESQ.

A CASE OF CHRONIC NASAL CATARRH,

Cured by Dr. Sage's Catarrh Remedy.

Mass Side, Baska, Nr. Southport.

World's Dispensary Medical Association,
3, New Oxford Street, London, W. C.:

Dear Sir—Just a line to let you know that you have quite cured my wife of Catarrh. She is in perfect health now. I am very thankful that I came across one of your "Messengers of Health," and if ever we need treatment I shall consult you at once.

I think that your cure has been a good, safe, and cheap one, and I thank you very much.

Yours very truly,

Albert Ball

CURE OF A CASE OF EPILEPTIC FITS.

8, Richardson Terrace, Chappell,
Via Eborac, Co. Durham.

World's Dispensary Medical Association,
3, New Oxford Street, London, W. C.:

Gentlemen—I have great pleasure in giving my consent to your publication of the following testimonial. I have received great benefit from your medicines, and after one month's special treatment I got clear of the fits, which had been so frequent I could get no sleep.

I can now eat well and sleep well, and have been working for over a month.

Thanking you for the care and interest which you have taken in my case, I remain,
Yours truly,

THOMAS DIXON.

SEVERE CASE OF ECZEMA,

Cured by Dr. Pierce's Golden Medical Discovery.

28, Wisbech Road, Thorney, Nr. Peterboro.

World's Dispensary Medical Association,
3, New Oxford Street, London, W. C.:

Dear Sir—I am pleased to tell you that I believe I am cured of my complaint, "Eczema." I beg to thank you for your kindness and attention to my case, as I feel quite a different person to what I did twelve months ago.

I shall always recommend your medicines to anyone suffering from the same disease, for I have been turned out of the hospital three times as cured, but the trouble always reappeared in about two months time. However, I have never felt so well in all my life as I do now. My hands and arms have completely healed, and they look quite healthy and different from what they have ever looked before.

Thanking you again for your treatment from which I have derived such benefit,
I remain, Yours sincerely,

a Pickering

CURE OF CASE OF NERVOUS EXHAUSTION.

Prickney, S. O., Lines.

World's Dispensary Medical Association,
3, New Oxford Street, London, W. C.:

Gentlemen—I am with great pleasure I write to tell you I am still enjoying good health. It is two months since I took two bottles of Doctor Pierce's Golden Medical Discovery, and I now feel I can do any amount of work without feeling any worse, thanks to your medicines. I ought to have written to you before, but I thought I would wait and see if there was any return of the old complaint, as I thought I had all the diseases that flesh is heir to.

I had taken all sorts of pills and medicines which did me more harm than good, and until I procured your special medicine I thought I should not get over my trouble.

You can use my letter to warn my fellow men the danger there is in delaying, and to take your medicines in time.

Thanking you for your kind attention, I remain,
Respectfully yours,

FRED DOURNE.

F. BOURNE, ESQ.

PRONOUNCED CONSUMPTION,

Cured by Dr. Pierce's Golden Medical Discovery.

8, South View, Wincley, Bradford.

World's Dispensary Medical Association,
3, New Oxford Street, London, W. C.:

Gentlemen—I am glad to tell you that your "Golden Medical Discovery" has quite cured me. My home physician was quite surprised when I told him I gained 9 lbs. in about twelve weeks. I only took about three bottles of your medicine. You must know that my doctor told me my case was consumption, brought on by neglected colds, and my system being run-down at the time. He says he is glad I have got better. Your valuable medicine soon put me all right. You may make whatever use of this testimonial you like, as it is true. I have seen people about here use it for dyspepsia and heart trouble with the kind of complaints with the most beneficial results.

Wishing you every success,
I remain, yours truly,

Mrs. A. Greenough

Three years after receipt of above, we received the following letter:

Dear Sir—I beg to state I am in the best of health, and have been ever since I took your medicines. I am never tired of recommending them, and I suffer the broken across, for I know that they have saved my life. I shall be glad to answer any letters sent on enquiry about my case.

Yours truly,
MRS. A. GREENOUGH.

CURED BY "GOLDEN MEDICAL DISCOVERY."

Physicians Discouraged its Use.

Lily Cottages, Great Marlow, Bucks.

World's Dispensary Medical Association,
3, New Oxford Street, London, W. C.:

Gentlemen—I am pleased to testify to the benefit I have received from the "Golden Medical Discovery." In the spring of 1883, I felt that work was a very great burden to me. I could eat very little, and could get little rest. I was spitting up much phlegm for some time, until one morning I was entirely broken down. I was shivering and staggering, home to bed. The next morning I began to spit blood, mixed with phlegm, and was in great pain. My wife sent for the doctor, and I was under his treatment for five weeks, when I felt I was able to work. I went back to work, and had been back but nine weeks when I was again broken down much worse than before. I was under the doctor's care again for some few weeks. I may here say that my father asked the doctor if he thought Dr. Pierce's Golden Medical Discovery would be any good. He would not entertain the thought; I must go to a hospital. Well, I went and stayed three weeks. I was glad to get home again, though I would like to get used to the cold air before I started work. I had been back to work a few weeks when I began spitting blood again. I thought I would try the "Golden Medical Discovery" this time. I am happy to tell you that I have had five months' treatment, been at work the whole time, and now feel strong. I can eat well, rest well, and enjoy life as well as ever I did. I have no fear of the disease again returning. I advise every sufferer to try these means.

Yours truly,
WILLIAM HARRIS.

WM. HARRIS, ESQ.

BLEEDING FROM LUNGS.

Cured by Dr. Pierce's Golden Medical Discovery and "Pleasant Pellets."

Sandbach Heath, Nr. Sandbach, Cheshire.

World's Dispensary Medical Association,
3, New Oxford Street, London, W. C.:

Gentlemen—I wrote to you in November, asking you if you could do me any good, or cure me of a complaint I had been afflicted with ten years. I had given up hope and wrote you as a last resource, as all the doctors here told me I was incurable. I had not been able to do anything for my family. I had to be waited on hand and foot, and I was getting worse every day with all that was being done for me. I could not get my breath; I had a bad cough and had no appetite. I could not go down at night. I had to sit up in bed to get my breath. I could hardly walk. I was always shivering and yet I was hot. My eyesight had failed me, and I had spit blood for seven months. The doctor said I had hemorrhage of the lungs. One day there came one of your advertisements to my house and I considered some time before I wrote. I had spent so much money in trying to see if anything could be done for me. I have had five bottles and people hardly believe I am the same woman. All the neighbors and friends could not believe I could become so well; they say I am a miracle, and they all want to know how it is. I have people coming to me from miles around for consumption, wanting to know what has done me good, and I have recommended them to you, and there are many of them sending to you for your "Golden Medical Discovery." My friends smile when they see me working because they thought I should never work again. You can make any use of this you wish, as I hope I will be the means of doing good. I sincerely thank you for your consideration and attention.

Yours truly,

Mrs. J. Lincon

All testimonials are bona-fide and from prominent and well-known people in their respective localities and they will be glad to answer all questions of enquiry.

KIDNEY AND BLADDER DISEASES.

Bright's Disease, Inflammation of the Bladder, Gravel, Stone in the Bladder, Enlarged Prostate, Stricture of the Urethra (water passage) and kindred maladies, have been largely treated by our specialists and cures effected in thousands of cases which had been pronounced beyond hope. Many of these diseases are readily diagnosed, or determined, by chemical analysis of the urine, without a personal examination of the patients, who can, therefore, generally be successfully treated at their homes. The study and practice of chemical analysis and microscopic examination of the urine in our consideration of cases, with reference to correct diagnosis, in which our institutions long ago became famous, has naturally led to a very extensive practice in diseases of the urinary organs. Probably no other institution in the world has been so largely patronized by sufferers from this class of maladies as the old World's Dispensary Medical Association. Our specialists have acquired, through a vast and varied experience, great expertise in determining the exact nature of each case, and, hence, have been successful in nicely adapting their remedies for the cure of each individual case.

GENERAL DEBILITY WITH IRRITATION OF BLADDER, CURED.

301, New Colney Road, New Town, Dartford, Kent.

World's Dispensary Medical Association, London.

Gentlemen—Just a line to thank you for the medicine that I received from your Association. About twelve months ago I was suffering with pain in my back, and it seemed as if there was some trouble with the bladder. I had medicine from a doctor which did me no good, and I tried some medicine and lotion from London hospitals; they told me I should be all right, but it only seemed to patch me up a bit, and did not last long. Then I heard of your medicine through my brother-in-law that it had done him good. I had three bottles of "Golden Medical Discovery" about last September, and three more in November; then I had three more in January, but did not take any more of them. For I found that the backache, which used to be worse when I was not at work, was gone, and the hazy feeling that I had suffered was also well; in fact, they told me that I look different, and I feel a lot better than I did twelve months ago. I am sending you my photo, and you may use it as you please, as I feel that it is my duty to send my humble testimony, and I am sure that I wish you every success, and I shall recommend you to everybody that I think it will do good to.

A. WHIFFIN, ESQ.

Two years after writing the above, we received from Mr. Whiffin the following letter: "I want to tell you that my daughter used to have bad bilious attacks, and would lie in bed for a week, and not take anything but soda and milk. Had her at home about three months from school last summer, but now she has not had an attack for twelve months, so that speaks a lot for Doctor Pierce's Golden Medical Discovery, and my wife has been taking Dr. Pierce's Pleasant Pellets for indigestion, and has found great benefit from them. I shall be glad to answer any letters sent to me, as I think it is only my duty to do so, and a pleasure to do it. Wishing you every success, I remain, Yours very truly, ALBERT WHIFFIN."

STAFF OF PHYSICIANS AND SURGEONS.

Only men who are by thorough education and experience especially fitted to fill their respective positions, have been chosen to serve as physicians and surgeons in these institutions. With such a staff of Physicians and Surgeons, efficient and trained nurses, and with all the most approved sanitary, medical and surgical appliances which study, experience, invention and the most liberal expenditure of money can produce and bring together in one institution, the Invalids' Hotel and Surgical Institute affords the afflicted unusual opportunities for relief.

OUR FIELD OF SUCCESS.

Abandoning the treatment of all diseases except those in which we have attained the greatest success, we are enabled to assign each case to an expert specialist.

NOT ALWAYS NECESSARY TO SEE PATIENTS.

By our original system of diagnosis, we can treat many chronic diseases successfully without a personal consultation. The perfect accuracy with which scientists are enabled to deduce the most minute particulars in their several departments, appears almost miraculous, if we view it in the light of the early ages. Take, for example, the electro-magnetic telegraph, the greatest invention of the age. Is it not a marvelous degree of accuracy which enables the operator to exactly locate a fracture in a submarine cable nearly three thousand miles long? Our venerable "clerk of the weather" has become so thoroughly familiar with the most wayward elements of nature that he can accurately predict their movements. He can sit in Greenwich and foretell what the weather will be in Belfast or Glasgow as well as if several hundred miles did not intervene between him and the places named. And so in all departments of modern science, what is required is the knowledge of certain signs. From these scientists deduce accurate conclusions regardless of distance. So, also, in medical science, diseases have certain unmistakable signs, or symptoms, and by reason of this fact, we have been enabled to originate and perfect a system of determining, with the greatest accuracy, the nature of chronic diseases, without seeing and personally examining our patients.

ALL CHRONIC DISEASES.

While we enumerate a few of the special diseases in which our Faculty of Specialists has been particularly successful, yet our institutions abound in skill, facilities, and apparatus for the cure of all chronic diseases.

All letters of inquiry, or of consultation, should be addressed to

World's Dispensary Medical Association,
No. 3, New Oxford Street,
LONDON, W. C.

KIDNEY TROUBLE, CURED.

81, Ashbourne Grove, Wynn Street, Lincoln.

World's Dispensary Medical Association,
3, New Oxford Street, London, W. C.

Dear Sirs—Since I last wrote you I have been gradually but surely improving in health and strength. My appetite is better than ever. I sleep well and rise thoroughly refreshed, and, generally speaking, feel like a new man. I am sure I owe my complete cure of my kidney trouble to my carefully following the hygienic advice, as given in your valuable book, the "Common Sense Medical Adviser," and the "Three months' course of medicines that you prescribed for me. I shall do all I can to recommend you to all my friends, and you are at liberty to make use of this if you feel so disposed. I remain, Yours very respectfully, H. ROBERTS.

H. ROBERTS, ESQ.

CASE OF KIDNEY TROUBLE AND PILES CURED.

Bottom House, Back House E. St. Ives, Cornwall.

World's Dispensary Medical Association,
3, New Oxford Street, London, W. C.

Dear Sirs—Some time ago I consulted you concerning my health. I had a severe illness caused by kidney trouble, and was in bed a long time. Then I got well enough to be able to get about without getting fatigued, and was like that for more than a year. Taking cold I got intermittent fever, which followed me if I got damp or put my hands in cold water, and left me very weak. I had other complaints, such as piles trouble, but, to-day, thanks to your valuable medicines, I am all right and can do my own work, and am better than I have been for years.

I have recommended the "Golden Medical Discovery" and "Favorite Prescription" to several of my friends with the greatest satisfaction. Yours gratefully, MRS. M. W. STEVENS.

URINARY TROUBLE—CATARRH OF THE BLADDER,

Cured After Physicians Had Failed.

City Anglin, Mapperley Hill, Notts.

World's Dispensary Medical Association,
3, New Oxford Street, London, W. C.

Dear Sirs—I give you great pleasure to send you this testimonial. When I wrote to you I was suffering from urinary discharge, burning and scalding, frequent urination; dull and heavy feeling on rising in the morning and attacks of headache; nervousness, polluting dreams, sleeplessness, appetite poor, indigestion at times, costiveness, etc.

As you know I have been under two different doctors for treatment and derived very little benefit from them. I was not satisfied so I wrote to you and received medicine, and after being under your treatment for three months, I am pleased to say that I am quite well and strong again.

I shall be glad to recommend your treatment to anyone suffering the same as I was. Thanking you kindly for the prompt attention and speedy cure, and wishing you every success, I remain, Very truly yours, GEORGE WILLIAM FROW.

G. W. FROW, ESQ.

A CHRONIC CASE OF NERVOUS EXHAUSTION CURED.

96, Priory Street, Tonbridge, Kent.

World's Dispensary Medical Association,
3, New Oxford Street, London, W. C.

Gentlemen—In answer to your kind enquiry as to my health, I am most happy to say that I am very well and fit in every way, and that your medicines acted like magic. My symptoms were nervous debility, a weak back, I was nervous with pains all over my body; falling and staggering sensations, loss of energy and strength. Now I can eat, drink, work, sleep, walk, and enjoy life. Other medical men said they could do no more, and that I should always suffer more or less. I have taken your medicines, and can faithfully say I am cured, for all my weakness has turned to strength. All my bad feelings are gone, and I feel proud of my happy state, thanks to your treatment and consideration which enabled me to have your medicines. Bad health, and being in a hopeful condition for over twelve months by local doctors to no purpose, brought me to the verge of poverty.

I am always glad and proud to show others my "Common Sense Medical Adviser," which I had from you. Please accept my very best thanks for what you have done for me. Believe me, ever very well-wisher, ALEXANDER COPPARD.

A. COPPARD, ESQ.

LOCOMOTOR ATAXIA CURED.

Swains Building, Terrace, Street, Blackheath, Nr. Dudley, Staffs.

World's Dispensary Medical Association,
3, New Oxford Street, London, W. C.

Gentlemen—In the beginning of May, 1897, I was struck down with locomotor ataxia, and many members of the medical profession considered it to be an incurable disease. My family doctor and others declared nothing could be done for me, but for satisfaction I went into the General Hospital, at Birmingham, and was under treatment for fourteen weeks. I was then told by the doctors that they could do nothing for me, as I was incurable. I started to take a Dr. Pierce's Golden Medical Discovery. The symptoms were first in my head, and they nearly drove me mad, then numbness in my hands and feet set in, which soon extended as far as the thighs, accompanied with the most intense cold feeling, impossible to imagine. For eight months I felt as though I stood in ice up to my thighs. I soon became unable to walk or stand, and had to crawl upstairs on my hands and knees. I had given myself up to die. I sent to you, and you said the "Golden Medical Discovery" would do for my case. The happy result was I gradually improved in health, and on the 22nd August, 1899, I was able to call on you in London, and you advised me to continue with the treatment. I now feel quite well, and walk six miles in one hour and a half, and feel no harm.

I am sending this testimonial, and you can make what use of it you like. I shall make your institution known to others for what it has done for me. It has plucked me from the grave from where I should have gone. If anyone would like to write to me on my case, I will answer their letter. It is three years now since I started work from my illness, and I feel as well as I ever did. Thanking you for your kindness, I am, Yours very truly, ALFRED PARSONS.

A. PARSONS, ESQ.

PROLAPSUS UTERI,

Cured by Favorite Prescription.

19, Northland Street, Camberwell, London, S. E.

World's Dispensary Medical Association,
3, New Oxford Street, London, W. C.

Gentlemen—I am writing to thank you for your kindness and attention to my case, and to tell you that I am feeling stronger in myself, and have lost the bearing down sensation. I cannot speak too highly of the medicine for what it has already done for me. Again thanking you for your kindness in my case, believe me, Sirs, Yours very respectfully, (Mrs.) Alice Lindwood.

P. S.—I might add that my mother cured herself eight years ago of Ulceration of the neck of the Uterus through following your directions in the "Medical Adviser." She is now 73 years of age. A. U.

INFLAMMATION OF THE BLADDER,

Cured by Special Home-Treatment.

Albion Hyatt, Castleford.

World's Dispensary Medical Association,
3, New Oxford Street, London, W. C.

Gentlemen—Excuse me for not reporting to you sooner. I should certainly have done so, but I thought I would see if the cure lasted. I only took one-half of the last month's treatment; feeling no need of the other I discontinued it, and can now say I am happy, healthy and well. I am now realizing that life is worth living, for whereas previous to your treatment I had lost all ambition in life, life being simply miserable, although I had every comfort and everything to live for, excepting good health. This I am having at present, I believe entirely due to your treatment.

I shall be ever grateful for the benefits I have received. Believe me to remain, Yours ever grateful, Thos. Durbam.

KIDNEY DISEASE, DYSPEPSIA, AND NERVOUSNESS CURED.

London Road, Tushmore Cottage, Crawley, Sussex.

World's Dispensary Medical Association,
3, New Oxford Street, London, W. C.

Gentlemen—I am pleased to say that I improved wonderfully while taking the Special Medicines. I have not felt so well for a long time as I do now. Many thanks for the kind interest you have taken in my case. I shall surely recommend you to my friends, and shall be quite willing for you to publish my case for the benefit of other sufferers, and will always be willing to answer any letters concerning my case. Yours respectfully, Mr. J. White.

P. S.—My symptoms were: Dyspepsia; for over twelve months faint feelings, tongue coated, palpitation of the heart, stomach bloated, cough, raised thick white matter, the urine was highly coloured, and deposited a sediment on standing. I was nervous and easily irritated.

DR. PIERCE'S Anodyne Pile Ointment

Cures Piles, or Hemorrhoids, no matter whether internal or external, blind or protruding. It stops itching almost instantly, allays inflammation and gives ease at once to the affected parts.

Dr. Pierce's Anodyne Pile Ointment is a soothing, cooling, healing, antiseptic application and will cure all cases amenable to medical treatment. Of course, it will be understood that in very old and obstinate cases, and when the tumors are very large and have become hard or calloused, nothing but personal treatment, applied by a specialist, for these affections will permanently cure them. Our Specialists annually cure hundreds of such bad cases where Dr. Pierce's Ointment or any other medical treatment, self-applied, would not be sufficient to make a perfect and permanent cure. The Anodyne Ointment is a very soothing and healing application for Anal Fissures, or Cracks, and kindred troubles.

Sold at 2s. 3d. by chemists, or sent post-paid to any address on receipt of above price in stamps.

World's Dispensary Medical Association,
No. 3, New Oxford Street, LONDON, W. C.

SEVERE PILES CURED.

30, Brooklands Terrace, Victoria St., Mansfield, Notts.
World's Dispensary Medical Association:

Dear Sirs—For about ten years I have been suffering with pile tumors more or less severe, but I was looking at your "Messenger of Health" and was persuaded to try your ointment. I tried it, and I suffered with severe pain; sometimes I was unable to sit or for days without suffering much severely, and sometimes I thought my end was coming; but, after having had two months of your ointment, I am cured and am now able to do my work with pleasure. I send my thanks, and wish you every success in your work.
Yours truly, Mrs. HOULDSWORTH.

PILES WITH FISSURE, CURED.

Board School, Shute, Axminster, Devon.
World's Dispensary Medical Association:

Gentlemen—I shall be 87 years of age soon. I had been suffering from piles and fissure over five years. At times the pain was most excruciating. I scarcely ever left my room for months together. I could not go to church for years. During that long period I had medical attendance several times; sometimes I seemed a little better but soon as bad as ever. I saw your advertisement in a paper, I wrote once, and without delay I received excellent advice as well as a bottle of Dr. Pierce's Golden Medical Discovery. As soon as I received it I read the directions carefully and commenced at once to carry them out. The next day the pain was not so severe, and in a few days there was a decided change for the better. I continued the medicine until I had taken five bottles, and at the same time was taking your "Pleasant Pellets," which I think invaluable. I have not had any trouble with the piles since. The cure was long in healing, I hope it also is cured. I had one box of your "Pile Ointment;" I think it very good. I delayed writing to you, as I ought to have done, fearing the piles might return. I hope to be able to go to church on Easter Sunday and remain throughout the service. I have not taken any other medicine since I commenced with yours. I have suffered from constipation for many years. I have used your "Pleasant Pellets" regularly ever since I began with them, and have to commend them as doing; they are excellent; they do me great good. Gentlemen, I feel it my duty to thank you for the great benefit I have derived from taking Dr. Pierce's Golden Medical Discovery and "Pleasant Pellets." My friends are quite surprised and think it is a wonderful cure, especially at my age, the piles and fissure being of long standing.
Your grateful servant,
(Mrs.)

A Webster.
SEN.

PILE TUMOURS.

48, Boston Place, Finsbury, Coventry.
World's Dispensary Medical Association:

Dear Sirs—I am most happy to add to your list of testimonials. Also to send my photograph, hoping many will profit by it. I have been suffering from what I find are pile tumors, and at this time last year was unable to be on my feet one hour at a time; so I was thinking of going under some operation or other, when my sister sent me a paper which said that "Piles could be cured at home." This put new life into me. I was very poor, but I was determined to write to Dr. Pierce, which I did, with the best results, for now I can say I could walk two or three miles, or could stand and do my washing for my family with ease. I cannot be too grateful to the doctors. I think everyone should know that relief is to be had from those distressing things, pile tumors, and you are at full liberty to publish this statement. I took three bottles of "Golden Medical Discovery" and two of "Pleasant Pellets," and I can safely say up to the present time I am cured. In fact I have not felt so well for years, and if anyone wants to know anything from me, you have my address. I wish to remain, Sir,
Yours very gratefully,
Mrs. HANNAH DEWIS.

Mrs. DEWIS.

CATARRH.

A great many medicines "relieve" Catarrh in the head. That means that it's driven from the head into the throat and lungs, but Dr. Pierce's Golden Medical Discovery, used with Dr. Sage's Catarrh Remedy, as a local application, permanently cures the worst cases of Nasal Catarrh, no matter of how long standing.

AFFORDED INSTANT RELIEF.

Saddlers, Salford, Nr. Lincoln.
World's Dispensary Medical Association,
3, New Oxford St., London, W. C.

Gentlemen—I take much pleasure in forwarding you my photograph. I am also delighted to inform you, the nasal catarrh from which I suffered for three months has been completely cured, thanks to your wonderful medicine. The same week that I was recommended to try I wrote to your Institute for Dr. Sage's Catarrh Remedy and one of Dr. Pierce's Nasal Douches, received by return of post and used it the same night. I was surprised, for it afforded me instant relief, besides being soothing to the head. I used only two bottles, and am quite well again. Thanking you for the cure your medicine effected, believe me to be,
Yours truly,
Mrs. K. C. THOMPSON.

Mrs. THOMPSON.

Three years after receipt of above, we received the following letter:
Dear Sirs—I cannot say enough for your valuable medicine for catarrh, for I have not had a return of the complaint. I have recommended it to friends far and near, and one told me they had received a cure for it after trying others of different kinds, from which they received no benefit. I am glad to recommend your medicines to all sufferers. Believe me to be,
Yours truly,
Hatherton & Thompson

Hatherton & Thompson

CHRONIC NASAL CATARRH,

Cured by Dr. Sage's Catarrh Remedy.
117, Neville St., Platt Bridge, Nr. Wigan, Lancs.
World's Dispensary Medical Association,
3, New Oxford Street,
London, W. C.

Gentlemen—Having been a sufferer from Nasal Catarrh for about two years, and seeing some of the wonderful cures in your "Messenger of Health," I resolved to try your Dr. Sage's Catarrh Remedy, and after using it thoroughly for eight weeks, I can gratefully say I feel cured. I can also bear quite well, and this I am especially thankful for. Hoping you will prosper in your work, and that my fellow sufferers will receive the same benefit as I have, believe me,
Yours faithfully,
Miss M. J. DRAPER.

MISS DRAPER.

CHRONIC CATARRH.

6, Holland Road, Charnwood Street, Leicester.
World's Dispensary Medical Association,
3, New Oxford Street, London, W. C.

Gentlemen—I feel it my duty to write and tell you of the wonderful curing properties of your Catarrh Remedies. For eighteen months I was a great sufferer from catarrh in the head. After spending and wasting much time and money with local doctors, I read of others being cured by you. I wrote to you, and at once received a reply, recommending your proprietary medicines. Purchased five bottles of Dr. Sage's Catarrh Remedy and two of Dr. Pierce's Golden Medical Discovery, and am pleased to say I am now completely cured. I remain, yours very sincerely,
WILLIAM ALFRED PERKINS.

W. A. PERKINS, Esq.

Varicocele or Enlarged Veins of the Scrotum.

(FALSE RUPTURE.)
This condition commonly results from long continued fatiguing exercise in an upright position, heavy lifting, jumping, straining, chronic constipation, injuries from horseback riding, bicycle riding, or any other influence producing weakness or obstruction to the free circulation of blood through the spermatic veins. When the spermatic veins are over-distended for some time, a slowly increasing enlargement and tortuosity results. It affects the left side more than the right because the spermatic veins on this side are longer, more dependent and twisted. The enlarged veins feel like a bundle of earthworms, and sometimes resemble a tumour.

VARICOCELE CURED BY ABSORPTION, WITHOUT OPERATION.

We have the latest and most improved method of treatment for the cure of this ailment, without operation, that is by treatment by absorption. We invite anyone afflicted in this way to write us describing his case, and we make no charge for consultation. To write to us is to take the first step on the road to strength and health.

Address World's Dispensary Medical Association, No. 3, New Oxford Street, London, W. C.

DON'T DESPAIR!

AN ARMY OF MEN HAVE RECOVERED VIRILITY BY OUR TREATMENT.

Whatever touches the natural vigour of the man touches his health, his happiness, and his usefulness. The term man is synonymous with strength. To speak of a weak man is really a contradiction of terms, and peculiarly so when the weakness relates to the special organs and functions of the masculine sex. Yet it is unfortunately true that owing to indiscretions, practiced in ignorance, many men are victims of organic weakness or nervous exhaustion. Their manly strength is impaired by involuntary losses which they are now powerless to prevent.

THE CRY FOR HELP

from these sufferers long ago induced us to create a special department for their treatment and cure. The success of this department has been wide spread and wonderful. This success is due to the perfect understanding of every variety of weakness and debility, by the expert specialists of our staff of physicians and surgeons who have devoted themselves to the cure of these diseases with deep scientific ardour and sincere human sympathy.

A LESSON FOR LIFE.

Said a physician of extended practice and wide observation, concerning the indiscreet solitary practices which drain the vital forces and deplete both body and mind: "If I knew a young man addicted to such practices I would take him by the hand and lead him through the great hospitals and asylums of the country, crowded with the wrecked bodies and ruined minds of those who indulged in the secret vice. I would show him the epileptic with foaming mouth and convulsed body. I would show him the paralytic in his living death. I would bid him listen to the gibbering of the idiots, the muttering of the mad men in the cells and corridors of their asylums. Then I would stand him before the mirror, bid him note his own dull eye, his haggard face, his trembling limbs. I would remind him that memory forecasts loss of mind, and that lapse of memory forecasts loss of life. And I would adjure him by all that man counts best in life, to seek a cure of the practices which, if persisted in, must blast the body and blot the mind, sinking the man lower than the beasts that perish."

HOPE AND HELP.

There is hope and help for every one who will take proper treatment faithfully and fully. Dependancy is one of the conditions consequent on the solitary vice. Irresolution is another. Put them both under foot. Act! Take the first step! Put yourself under proper treatment and you will soon find dependancy giving place to hope, irresolution giving place to firmness, and strength of will supplanting indolence of purpose. Of all other maladies which afflict mankind there are probably none about which physicians, in general practice, know so little.

We shall, therefore, continue, as heretofore, to treat with our best consideration, sympathy, and skill, all applicants who are suffering from any of these delicate diseases.

STARTLING WEAKNESS.—By reason of a false modesty, the youth of the land are kept in ignorance of the baneful and ruinous results which certain solitary, indiscreet practices produce. These vices when persisted in eventually undermine the constitution, induce debility and loss of power. Among the earliest manifestations which they occasion, is a desire on the part of the sufferer to avoid society—solitude being preferred. The most common symptoms are languor, mental anxiety, gloomy forebodings, impaired memory, physical debility, nervous exhaustion and indigestion. A drain of the most delicate and debilitating character is made upon the system.

In many cases the loss occurs unobserved by the sufferer. To this may be attributed the cause of many diseases of the nerves, stomach, heart, kidneys, and bladder. Thus we can account for a large proportion of all cases of epilepsy, palsy or paralysis, apoplexy, softening of the brain, insanity, loss of nervous and muscular power, and similar affections.

Symptoms.—The patient experiences languor and melancholy, has an irritable disposition, often cold, dry, scurfy skin, blotches, and other cutaneous eruptions. He has a downcast look, absence of will-power, unfounded suspicions, feeble, trembling limbs, weakness in the back, night-sweats, horrible dreams, offensive smell about the person, haggard and blanched complexion, derangement of the sight, lack of self-confidence, impaired memory, want of energy, and many other symptoms which are indicative of the disease. No one suffering from the diseases induced by these evils will, at any one stage, experience more than a small part of the symptoms enumerated.

Married Men who are suffering from flagging of their powers, or, in other words, from premature old age, consult our specialists by hundreds and thousands for relief. Knowing that these diseases are sadly overlooked and neglected by the great mass of the medical profession, these gentlemen have given special attention to them, and have developed and perfected a series of the most positive remedies for such cases. These remedies restore the wrecked and debilitated organs to perfect vigour, arrest premature exhaustion, impart tone and energy to the whole system, and, like rejuvenating elixirs, fully restore the flagging powers and dormant energies.

POSITIVELY CERTAIN.—So positively certain are these remedies in producing the desired effect, that we regard this class of diseases as being more easily cured than almost any other chronic or lingering affection. We prescribe them not only with assurance, but with the same confidence that we would give bread and beef to a starving man to satisfy his hunger. They act as rejuvenating elixirs. The

patient is subjected to no operating or experimenting, and he can safely and accurately follow the directions given, while the treatment does not interfere with any ordinary occupation in which he may be engaged. These delicate diseases should not be entrusted to physicians who advertise under fictitious names, or to those of ordinary qualifications. The general practitioner may be thoroughly read in these cases, but he cannot acquire the skill of a specialist who annually treats thousands of cases, while the former seldom, if ever, has occasion to prescribe for them. Our medical and surgical staff, famous graduates from some of the most famous medical colleges and universities, and the vast experience which they have had in such diseases, together with the discovery of the new remedies and modes of cure, has enabled them to succeed in thousands of cases in which others have failed.

Cured at Home.—Most of these cases can be treated by us when at a distance just as well as if they were here in person. Since our experience has enabled us to judge of the nature and extent of the disease from a written description of the symptoms, and from answers to questions which we ask, we can, therefore, adapt remedies to suit each individual case. Not one out of five hundred of those whom we have cured have we ever seen.

All communications are regarded as *strictly confidential*. Since many are very sensitive lest such knowledge should know that they are afflicted with such diseases, great precaution is always taken by us to send all letters and medicines in plain packages carefully sealed, so that no one can even suspect the contents, or by whom sent. Those persons who desire further information upon this subject, or in regard to the diseases incident to men, are referred to our large, illustrated Treatise, entitled "PART VII," which will be sent *securely sealed from observation in a plain envelope*, to any address, on receipt of three one-penny stamps, to pay postage.

The medicines which we employ in our private practice, as well as the few proprietary or "put-up" remedies manufactured by us for sale through chemists, are all made in our great Laboratory, at Buffalo, N. Y., U. S. A., which is under the direct supervision of a most competent chemist and pharmacist.

All letters of inquiry, or of consultation, should be addressed to

World's Dispensary Medical Association,
No. 3, New Oxford Street, LONDON, W. C.

GENERAL DEBILITY.

6, Glashtule, Kingstown, Dublin, Ireland.
World's Dispensary Medical Association,
3, New Oxford Street, London, W. C.

Gentlemen—I thank you from the bottom of my heart for curing me so quickly of my terrible disease, with which I was afflicted. I was first applied to you for relief. I was nearly gone out of existence, for I was as weak as I could be. I always had to go and rest in solitary confinement when I had finished my work, but, thank God and thanks to your medicines which you sent me, I am a new man, and can go anywhere I like. I thank you again for all the kindness which you have shown to me. If I hear of any young man complaining of the same complaint as I had, I will endeavour my utmost to persuade him to try your medicine. I got your "Medical Adviser" all right, and want you to send me one of your illustrated treatises—Part VII. I remain, yours faithfully,
WILLIAM FERRIS.

NERVOUS WEAKNESS.

World's Dispensary Medical Association,
3, New Oxford Street, London, W. C.

Gentlemen—I am happy to say that as a result of five months of your treatment, I find myself cured of one of the worst habits that has been the lot of man to fall into. My whole system is invigorated, I have no more weak back and legs, no more night emissions. The dull, heavy feeling in my head has entirely gone, and I can truly say I feel a new man. Thanking you for your services, I am, Respectfully yours,
W. M.

NERVOUS EXHAUSTION CURED.

Hull, Yorkshire.
World's Dispensary Medical Association,
3, New Oxford Street, London, W. C.

Gentlemen—I feel I should not be acting fair to you if I did not write to thank you for the way you have cured me. I feel now as though I have begun life afresh. Before I commenced your treatment I took little or no interest in anything. I was unable to say to my wife, "I am cured of a habit which is easily acquired, but, not so easily abandoned, and I believe practised by hundreds in ignorance of the terrible effect it speedily has upon the nervous system. I often felt tired and out of sorts, and one day came across your "Common Sense Medical Adviser" which told me the cause and nature of my complaint. I started your treatment in January. I took the first month's treatment, and did not feel much improved, but after taking the second month's treatment there was a decided improvement in me. In seven months I was completely cured. It is now three months since I took the last of your medicine, and to-day I feel quite well.

I hope the above will be a warning to young men, and should they need medical advice, feel they cannot do better than put their case into your hands. Should I at any time need medical assistance I shall either write or come for you with the utmost confidence. Thanking you for past favours, I remain,
Yours gratefully,
W. F. T.

[If any one wishes to communicate with W. F. T. they can do so as we have his permission to furnish full name and address. We will furnish full address if you write to us.—W. D. M. A.]

CHRONIC NASAL CATARRH

is a disease so common, that hawking, blowing and expectorating meet us at every turn. Few diseases are less understood, or more unskillfully treated by physicians.

SYMPTOMS.—Frequent headache, lassitude, lack of ambition or energy; discharge falling into the throat, sometimes profuse, watery, acrid, thick and tenacious, mucous, purulent, offensive, etc.; in others a dryness; watery, weak or inflamed eyes; obstruction of nasal passages, ringing in ears, deafness, hawking and coughing to clear the head and throat, ulcerations, death and decay of bones, scabs from ulcers, voice altered, nasal twang, offensive breath, impaired or total deprivation of senses of smell, taste, and hearing, dizziness, mental depression, loss of appetite, indigestion, dyspepsia, enlarged tonsils and sometimes tickling cough.

All the above symptoms are common to the disease in some of its stages or complications, yet thousands of cases actually terminate in serious throat and lung affections, and end in the grave, without even having manifested one-third of the symptoms above enumerated. As a local application for healing the diseased condition in the head

DR. SAGE'S CATARRH REMEDY

is very efficient. It is mild and pleasant to use, producing no smarting or pain. It is guaranteed to contain no harmful, poisonous, or habit-forming drugs. Dr. Pierce's Golden Medical Discovery should be taken to correct the blood—which is always at fault in these cases—and to act specifically upon the diseased glands and lining membrane of the nose. The Catarrh Remedy fluid should be used *internally* and, preferably, with Dr. Pierce's Nasal Douche—by which it can be perfectly applied to all the affected passages.

Dr. Sage's Catarrh Remedy promptly subdues acute attacks of "cold in the head," which would otherwise often result in Chronic Catarrh. Its cleansing, antiseptic, soothing, and healing properties are very pronounced. Sold by chemists.

A CASE OF NASAL CATARRH.

Cured by Sage's Catarrh Remedy.

25, Oxford Street, Grantham.

WORLD'S DISPENSARY MEDICAL ASSOCIATION:
Gentlemen—I am sorry not to have written before, but I am very pleased to say that the medicine that I have been taking, which you recommended to me—Dr. Pierce's Golden Medical Discovery and Dr. Sage's Catarrh Remedy—have made a different man of me, and I do not think I shall need any more.

I am very pleased that I wrote to you, and I shall certainly tell my friends about you.

Wishing you all success, I remain, yours truly,

Geo. E. Vinson

INFLUENZA AND NASAL CATARRH.

Jessamine Cottage, West St., Wrentham, I. of W.

Gentlemen—Last winter I had a severe attack of influenza, leaving me with continual spitting, and noise in my ears, and my nose and throat were very much affected; but, after using one bottle of Doctor Pierce's Golden Medical Discovery and one bottle of Doctor Sage's Catarrh Remedy, I found great relief, and after using them for two months I am pleased to say I am now enjoying good health owing to your medicines, which I will not fail to recommend.

Mrs. Carr.

Remaining yours respectfully,
Mrs. VIOLET CARR.

CATARRH FOR TWO YEARS.

Shannon Park, Carrigrohane, Co. Cork, Ireland.

WORLD'S DISPENSARY MEDICAL ASSOCIATION:
Gentlemen—For two years I had been suffering from catarrh. I wrote to you, and after receiving your courteous reply I began taking your "Golden Medical Discovery" and "Catarrh Remedy." I soon began to improve, and at the end of six weeks I was completely restored to my previous good health.

Heartily thanking you for your advice, I remain,
Yours faithfully,

Mrs. Mary Hogan

CATARRH, IMMEDIATE RELIEF.

22, Duncombe Street, Bitchley, Bucks.

WORLD'S DISPENSARY MEDICAL ASSOCIATION:
Gentlemen—It gives me very great pleasure to say I have derived great benefit from the use of Dr. Sage's Catarrh Remedy, and Dr. Pierce's Golden Medical Discovery. I feel a great relief from the first bottle of "Catarrh Remedy," and a complete cure after using the second, taking with it the "Golden Medical Discovery."

Should ever I have the same complaint again, I should not hesitate a minute as to what to use.

Yours truly,

J. W. Shorsell

CHRONIC CATARRH.

20, Grafton Street, Blackpool.

WORLD'S DISPENSARY MEDICAL ASSOCIATION,

3, New Oxford Street, London, W. C.

JOHN J. TERRY, Esq.

I advise all who suffer from this disease to try your invaluable medicines. Wishing you every success,
Yours faithfully,

JOHN J. TERRY.

Will It Be A Burden or a Blessing?

The answer to that question depends chiefly on the condition of the mother. If she is weak and nervous, shrinking from the coming trial the child she bears will be feeble and fretful. It will be a burden, even for love to bear. But if she is strong of body and cheerful of mind the mother will look forward to the baby's advent with happy anticipation. Her child will share her physical health and mental cheerfulness, and come into the home as a blessing, its presence increasing every joy and lessening every sorrow.

"A TRUE MOTHER'S FRIEND"

is a name grateful women have given to Dr. Pierce's Favorite Prescription, because it has given to many a mother help in her hour of need and happiness in bringing a healthy child into the world. The beneficial effects following the use of "Favorite Prescription" are truly wonderful. It makes childbirth easy and practically painless by preparing the system for parturition. It tones up the nervous system. Strengthened by it the mother awaits her hour in comfort, and with a cheerful confidence. The period of confinement is also greatly shortened, the mother strengthened and built up, and an abundant secretion of nourishment for the child promoted. We have received the heartfelt praise of hundreds of mothers for the inestimable benefits thus conferred. In cases of

THREATENED MISCARRIAGE,

or when it is feared from having before occurred, the "FAVORITE PRESCRIPTION," taken in small doses for a considerable time, will fortify the system against such a calamity.

IN MORNING SICKNESS,

or nausea arising from pregnancy, the "Favorite Prescription" should be taken in doses of a teaspoonful three or four times a day. It will seldom fail to give complete relief.

NERVOUS DISEASES.

In all cases of nervous exhaustion, nervous prostration, or debility, in either sex, insomnia or inability to sleep, neuralgia, and spasms, or convulsions, the "Favorite Prescription" is invaluable.

In all protracted, or chronic, diseases, perseverance in the use of treatment is necessary, no matter how good the medicine employed. Do not expect entire relief from maladies that have existed for months in as many days. Give "Favorite Prescription" a fair and reasonable trial and it will not disappoint you.

FREE CONSULTATION.

An invitation is extended by Dr. Pierce to every sick and ailing woman to consult him by letter. There is absolutely no charge or fee for this consultation. Every letter is carefully considered, fully answered, and its statements held as strictly private and sacredly confidential. The escape which this offers from the disagreeable questionings, indecate examinations and local treatments, generally so unnecessary and so offensive to the modest, sensitive woman, has led a vast army of ailing women to take the first step to health by opening a correspondence with Dr. Pierce. Write with perfect freedom, as

every letter received is given careful consideration and a fatherly, and sympathetic answer is promptly returned, securely sealed in a plain envelope.

RELIABLE DEALERS

recommend "Favorite Prescription." With tricky ones, something else that pays them better will probably be urged upon you as "just as good." Perhaps it is, for them, but it can't be for you. Some savings may be made by purchasing our medicines in half-dozen quantities.

If you are convinced that the "Favorite Prescription" is the medicine you need, do not be cajoled into accepting something else. The attempt to induce you to do so is an insult to your intelligence. Turn your back on the one who offers the affront.

A BEAUTIFUL BABY.

East End, Northleigh, Nr. Witney, Oxon.

WORLD'S DISPENSARY MEDICAL ASSOCIATION,
3, New Oxford Street, London, W. C.

Gentlemen—I have delayed answering your kind inquiry about my health after taking your medicines, but am at last trying to do so. I truly believe I have to thank you for benefit received from your medicines, the "Favorite Prescription," "Golden Medical Discovery" and free use of the "Pleasant Pellets" for a good time at my confinement, and a beautiful, fat baby girl, after being so many years delicate myself. My husband heard Dr. Pierce lecture in Garrettsville, O., about thirty years ago, and remembers him curing a blacksmith's wife there whom the doctors had given up. We tell every one about your medicines, and those who have tried them at our recommendation have told us they have been benefited. (Mrs.) I am, yours truly,

A. E. Horton

CHILDBIRTH MADE EASY,

By the use of Dr. Pierce's Favorite Prescription.

Holly Cottages, Derby Lane, Derby.

WORLD'S DISPENSARY MEDICAL ASSOCIATION,
3, New Oxford Street, London, W. C.

Dear Sirs—I am pleased to tell you of the benefit I have derived from the use of Dr. Pierce's Favorite Prescription. In reading one of your small books I came across Dr. Pierce's Favorite Prescription, and as I was pregnant at the time, I made up my mind to give it a trial, and I must certainly say I gained benefit from it. I had four bottles, and on November 22nd, gave birth to a son, a fine healthy looking boy. I had as good a time as anyone could wish to have, as my labour was simply nothing. I felt so strong and well whilst pregnant, I certainly believe it was due to my having taken the "Favorite Prescription," as before I used to feel I had so little life in me.

My husband is also taking your "Pleasant Pellets" and he finds nothing to compare with them for headache and biliousness, which he suffers from a great deal.

We both have great faith in your medicines, and wish you every success in your work. You can use this letter as you wish.

Yours truly,
Mrs. E. G. MILLINGTON.

Mrs. MILLINGTON.

Verde Prescription," as before I used to feel I had so little life in me.

Treating Patients at a Distance.

Such is the success attending our system of determining the nature of chronic diseases without seeing the patient, that it is only in very rare and complicated cases, or in those of a surgical character, that we require a personal examination, of those consulting us. But as our practice annually embraces the treatment of a very large number of cases of the most complicated and inveterate forms of chronic affections, which have resisted the treatment of other physicians and surgeons, we have, therefore, at all times a large number of patients, coming from a distance, and it is best for those intending to call for consultation, to notify us in advance, that we can appoint a time and save all delay.

IF YOU DESIRE TO CONSULT US, write out a complete history of your case and send it to us by post. If it is not sufficient to enable us to get a complete and accurate idea of your case, we will instruct you in our methods of attaining such perfect knowledge of cases without personally examining them, as will enable you to place all necessary facts before us. We never prescribe until we are sure we have ascertained the real disease from which our patient is suffering. We make no charge for consultation, either in person or by correspondence, and all communications are considered sacredly confidential.

All correspondence should be addressed to
World's Dispensary Medical Association,
No. 3, New Oxford St., LONDON, W. C.

THE PEOPLE'S Common Sense Medical Adviser

IN PLAIN ENGLISH; or MEDICINE SIMPLIFIED.

By R. V. PIERCE, M. D.

Chief of the Staff of Consulting Physicians to the Invalids' Hotel and Surgical Institute.

Newly Revised and Greatly Enlarged Edition!
OVER 2,220,000 Copies Issued!

Contains over 1000 Large Illustrations, over 100 Wood-Cuts, Half Tones and Coloured Plates. Bound in Extra French Marbled, Embossed Covers, and is the Most Complete, as well as the Cheapest Medical work ever published in this or any other country.

Guaranteed to be a better and more comprehensive medical book for general reading than any other work selling for twice its price. It contains more than 300 prescriptions for acute and chronic diseases; it gives explicit directions for self-treatment of all diseases that can be successfully and safely managed in that way. Contains careful directions how to manage in all cases of accidents and emergencies, such as Drowning, Scalds and Burns, Fainting, Dangerous Bleeding from Wounds, Poisoning, Bites, and Stings from Venomous Snakes, etc. Contains important information for the young and old, both male and female, single and married, not heretofore published for the non-professional reader. Men and Women are many times tempted to ask their family physicians questions on delicate matters, but are deterred from so doing from their sense of modesty. This work answers just such questions so fully and plainly as to leave no one in doubt.

Anatomy, Physiology, Hygiene, the Human Temperaments, The Origin and Transmission of Life, are treated in an original and comprehensive manner in harmony with the latest scientific discoveries.

The chapter on Nursing the sick, a subject on which everyone should be informed, is alone devoted to the subjects of Reproduction, Prevention of Conception or Pregnancy, Abortion or Miscarriage, Impediments to Marriage, Abuse of the Reproductive Organs, and the terrible diseases that arise therefrom, should be read by all.

The chapters on Medicinal Plants and Herbs, illustrated with numerous wood-cuts, as well as those treating on all acute and chronic diseases, and giving their best-known remedies, can be relied upon, since the remedies recommended have all been well tried in an extensive practice.

As a book of ready reference, and for those not within easy reach of professional aid at critical times, and in cases of emergency or dangerous accidents, it is invaluable. Many long hours of mental anxiety and bodily suffering have been saved by this work. The book will pay for itself in a very short time in doctors' bills saved. It is thoroughly practical, and intended for every-day use.

The price of the above work, in cloth binding, is 1s. 3d.; in strong flexible paper covers, 10d. Sent to any address, post-paid, on receipt of price. Address:
