ALBANY, N. Y., 1880

MAY IT PLEASE YOUR ROYAL HIGHNESS,

MR. TREASURER, AND GENTLEMEN,

I beg to offer myself a Candidate for the office of Assistant Physician-Accoucheur to your Hospital.

For twelve years I have worked in the Wards of St. Bartholomew's, during the last seven of which I have devoted myself, especially, to the study of Midwifery, and the Diseases incidental to Women. I have availed myself of the vast opportunities for this, afforded by your Hospital, by filling the several offices of Clinical Clerk, Resident Obstetric Assistant, and Senior Obstetric Assistant, to the latter of which I was elected at the time it was instituted, and I retained it so long as the terms of the office permitted me to do so.

For two years, in the capacity of Surgeon-Accoucheur, I had charge of the whole of the patients in the largest Metropolitan Lying-in-Hospital. I was appointed, two and a half years since, Physician to the Samaritan Free Hospital for Women and Children, which office I still continue to hold. I trust that the Testimonials, which I have the honour to submit to your notice, may satisfy you as to my fitness for the appointment which I now seek, and I need scarcely add, that, should I be successful in obtaining it, I shall use my utmost endeavours to discharge its duties efficiently, and uphold the reputation of my Alma Mater.

I have the honour to be,

Your Royal Highness,

Mr. Treasurer, and Gentlemen,

Your most obedient servant,

CLEMENT GODSON, M.D.

FROM

PATRICK BLACK, M.D., F.R.C.P.

Senior Physician to St. Bartholomew's Hospital, &c.

DR. GODSON'S ability, and earnest cultivation of a special branch of medical science, have been well known to me for many years, and I have heard others, who are better qualified to judge, speak highly in his praise. I think, too, that Dr. Godson would have the power of conveying instruction to his juniors, which would greatly enhance his value in a great medical school.

JAMES ANDREW, M.D., F.R.C.P.

Physician to, and Lecturer on Medicine at, St. Bartholomew's Hospital.

I HAVE known Dr. Clement Godson for many years past, and have formed a high opinion of his ability and personal character. He has devoted himself specially to the study and practice of Midwifery and Diseases of Women, and

has already acquired no mean reputation in that branch of the profession.

I believe him to be in all ways well suited for the office of Assistant Physician-Accoucheur to St. Bartholomew's Hospital.

DR. CLEMENT GODSON has, by his prolonged and sedulous attention to the department of Midwifery at St. Bartholomew's Hospital, acquired an amount of information and practical skill which fully qualifies him for the appointment of Assistant Physician-Accoucheur. The papers, which he has at various times contributed to Medical Journals upon Obstetrical Subjects, show him to be an ingenious, as well as a careful practitioner, while the appointments he has held at other Hospitals, and the experience he is well known to have gained in the school where he was educated, are strong recommendations in his favour.

DURING the time that Dr. Godson was Senior Midwifery Assistant at St. Bartholomew's Hospital, I had frequently occasion to send casualty patients to him, and I was then much impressed by the heartiness with which he did his work, and the interest he displayed in it. Although I was never present in the Midwifery Out-patient Room, I have learned from those who were students at the time, when Dr. Godson was assisting there, that he was much liked by the students, as well as by the patients, and his

demonstrations were much appreciated. Should he be appointed Assistant Physician-Accoucheur to St. Bartholomew's Hospital, I have no doubt that his return to his old work will be hailed with pleasure, alike by students and patients.

Assistant Surgeon to St. Bartholomew's Hospital, &c.

Dr. CLEMENT GODSON has much experience of Obstetric Practice, and is known to be skilful, as well as highly cultivated, in this special branch of medicine. Dr. Godson already has filled the position of Senior Midwifery-Assistant in our Hospital, which entailed upon him duties of a like nature to those he would be called upon to undertake, should he be so fortunate as to receive appointment as Assistant Physician-Accoucheur to St. Bartholomew's. When holding the former office, Dr. Godson gave every satisfaction, and with his increased experience, his strong sense of duty, and from his gentlemanly disposition, I feel sure the new appointment would be very efficiently filled up, were the Governors pleased to elect Dr. Godson on to their staff.

I HAVE much pleasure in stating that, from an acquaintance of some years with Dr. C. I have had the opportunity of a close friendship with him during the last six years, and can only say that for straightforwardness, honourable and gentlemanly conduct in all professional matters, I have rarely found his equal. As to his special qualifications, his career at St. Bartholomew's, and Aberdeen, was characterised by great zeal, and earnestness of purpose, and, since he has paid special attention to Obstetrics, he has allowed no opportunity to escape of perfecting his knowledge in that subject. I consider, therefore, that he would be a very agreeable colleague, and highly qualified, professionally, for the office of Assistant Obstetric Physician to St. Bartholomew's Hospital, and, if elected, likely to prove an additional ornament to that already famous school.
