OF

GEORGE EWART.

CHIMNEY POTS.

LONDON:

PRINTED BY GEORGE E. EYRE AND WILLIAM SPOTTISWOODE,
PRINTERS TO THE QUEEN'S MOST EXCELLENT MAJESTY :

PUBLISHED AT THE GREAT SEAL PATENT OFFICE,
25, SOUTHAMPTON BUILDINGS, HOLBORN.

Price 3d.

1857.

A.D. 1845 N° 10,915.

Chimney Pots.

EWART'S SPECIFICATION.

TO ALL TO WHOM THESE PRESENTS SHALL COME, I, GEORGE EWART, of the New Road, in the County of Middlesex, Zinc Manufacturer and Plumber, send greeting.

WHEREAS Her present most Excellent Majesty Queen Victoria, by Her
5 Royal Letters Patent under the Great Seal of Great Britain, bearing date at Westminster, the Third day of November, in the ninth year of Her reign, did, for Herself, Her heirs and successors, give and grant unto me, the said George Ewart, my exors, admors, and assigns, Her especial licence, full power, sole privilege and authority, that I, the said George Ewart, my exors, admors,
10 and assigns, or such others as I, the said George Ewart, my exors, admors, or assigns, should at any time agree with, and no others, from time to time and at all times during the term of years therein expressed, should and lawfully might make, use, exercise, and vend, within England, Wales, and the Town of Berwick-upon-Tweed, my Invention of "**IMPROVEMENTS IN THE MANUFACTURE OF**
15 **CHIMNEY Pots;**" in which said Letters Patent is contained a proviso, that I, the said George Ewart, shall cause a particular description of the nature of my said Invention, and in what manner the same is to be performed, to be inrolled in Her said Majesty's High Court of Chancery within six calendar months next and immediately after the date of the said in part recited Letters Patent,
20 as in and by the same, reference being thereunto had, will more fully and at large appear.

NOW KNOW YE, that in compliance with the said proviso, I, the said George Ewart, do hereby declare that the nature of my said Invention, and

Ewart's Improvements in the Manufacture of Chimney Pots.

the manner in which the same is to be performed, are fully described and ascertained in and by the following statement thereof, that is to say:—

The Invention consists of constructing chimney pots in such manner that each pot consists of a double tube, one portion sliding upon the other, and capable of being fixed at any desired height by the aid of thumb-screws and nuts, or by other convenient means. The material of which I prefer to construct them is zinc, which is at once the most durable, cheap, and light.

The advantages of this contrivance are very great; it gives the power of increasing at any time the draft of a chimney by increasing its height.

Having thus described the nature of my Invention, I would have it understood that the shapes of chimney pots may be varied when made according to my Invention; what I claim is, the mode herein described of constructing chimney pots, each composed of two parts or tubes, one sliding over the other.

In witness whereof, I, the said George Ewart, have hereunto set my hand and seal, this First day of May, in the year of our Lord One thousand eight hundred and forty-six.

GEORGE (L.S.) EWART.

HORNE. **AND BE IT REMEMBERED**, that on the First day of May, in the year of our Lord 1846, the aforesaid George Ewart came before our said Lady the Queen in Her Chancery, and acknowledged the Specification aforesaid, and all and every thing therein contained and specified, in form above written. And also the Specification aforesaid was stamped according to the tenor of the Statute made for that purpose.

Enrolled the Second day of May, in the year of our Lord One thousand eight hundred and forty-six.
