OF

ROBERT CHARLES FURLEY.

—
COATING PILLS.
—

LONDON:

PRINTED BY GEORGE E. EYRE AND WILLIAM SPOTTISWOODE,
PRINTERS TO THE QUEEN'S MOST EXCELLENT MAJESTY:

PUBLISHED AT THE GREAT SEAL PATENT OFFICE,
25, SOUTHAMPTON BUILDINGS, HOLBORN.

Price 3d.

1861.

A.D. 1861, 15th APRIL. N^o 925.

Coating Pills.

(This Invention received Provisional Protection only.)

PROVISIONAL SPECIFICATION left by Robert Charles Furley at the Office of the Commissioners of Patents, with his Petition, on the 15th April 1861.

I, ROBERT CHARLES FURLEY, of Edinburgh, in the County of Mid Lothian,
5 do hereby declare the nature of the said Invention for "RENDERING PILLS TASTELESS BY MEANS OF A COATING OF ALBUMEN," to be as follows:—

The pills, after being made in the usual way are covered or to be covered by albumen (the substance above-mentioned), which substance is found in all animal matter, although not always in such a condition as, without a process
10 of extraction or preparation, to be capable of being used as the applicant has been using it, in the coating of pills. More particularly the Petitioner has been using the said albumen as it is found and appears in the white of an egg; but his diffinition or Specification is to be understood as including all matters whatever in which albumen may be found.

A.D. 1861, 16th April, No. 925.

Coating Pills.

(This Invention relates to Pills.)

PROVISIONAL SPECIFICATION for Robert Charles Lister of the Office of the Commissioners of Patents with his Petition on the 15th April 1861.

I, ROBERT CHARLES LISTER, of Edinburgh, in the County of Midlothian, do hereby declare the nature of the said Invention for "Medicinal Pills" to be as follows:—
The pills, after being made in the usual way are covered or to be covered by albumen (the substance above-mentioned), which substance is found in all animal matter, although not always in such condition as without a process of extraction or preparation, to be capable of being used as the applicant has been using it in the coating of pills. More particularly the albumen has been used the acid albumen as it is found and appears in the white of an egg; but the albumen or specification is to be understood as including all matter whatever in which albumen may be found.
