This magnetic plate carried on the body (usually suspended over the chest) has the effect of curing hemorrhoids.

- 5 The accumulation of the magnetic fluid or magnetization of the plate is proportioned to the intensity of the disease.

The use of this anti-hemorrhoidal plate is not inconvenient, and while curing hemorrhoids is rather beneficial than prejudicial to the general health of the wearer.

- 10 In witness whereof, I, the said François Dupuy, have hereunto set my hand and seal, this Seventeenth day of November, in the year of our Lord One thousand eight hundred and seventy.

THEORY OF THE MAGNETIC PLATE

The magnetic plate consists of a thin layer of the best quality magnetic material.

This magnetic plate is placed on the body (usually suspended over the head) in the position of a magnetic plate.

The accumulation of the magnetic fluid or magnetism of the plate is proportional to the intensity of the disease.

The use of this anti-magnetic plate is not inconvenient, and while during hemorrhoids is rather beneficial than prejudicial to the general health of the patient.

In witness whereof, I, the said Francis Dupuy, have hereunto set my hand and seal, this seventeenth day of November, in the year of our Lord One thousand eight hundred and seventy.
