SPECIFICATION

OF

EVELINE HUNGERFORD.

LINIMENTS.

LONDON:

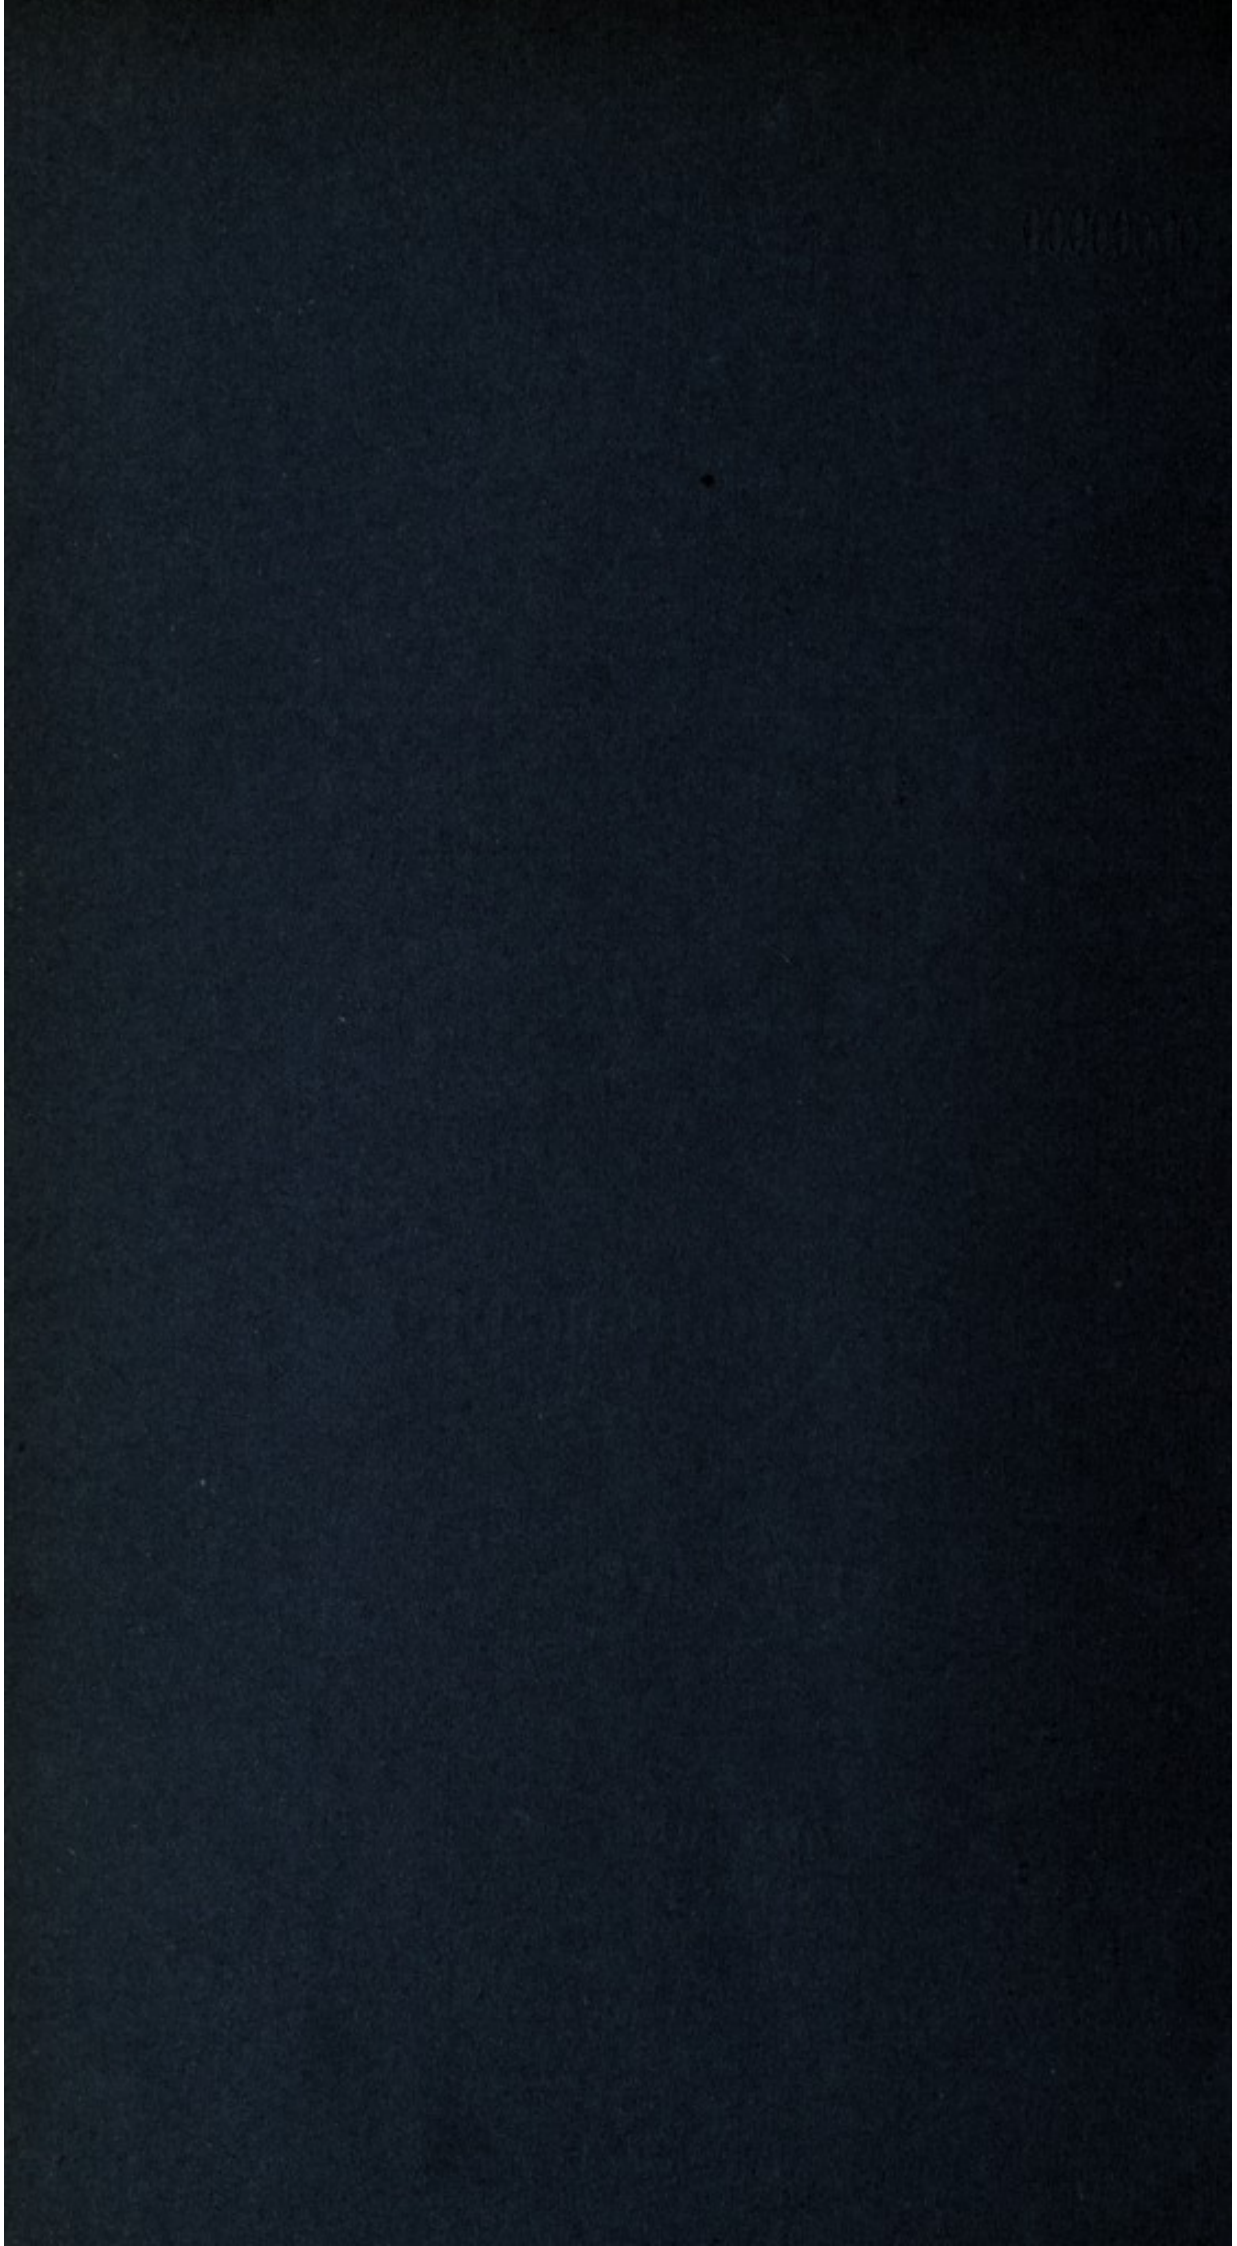

PRINTED BY GEORGE E. EYRE AND WILLIAM SPOTTISWOODE,

PRINTERS TO THE QUEEN'S MOST EXCELLENT MAJESTY:

PUBLISHED AT THE GREAT SEAL PATENT OFFICE,

25, SOUTHAMPTON BUILDINGS, HOLBORN.

1874.

A.D. 1874, 29th MAY. N° 1876.

Liniments.

LETTERS PATENT to Eveline Hungerford, of San Francisco, California, but at present of 23, Southampton Buildings, in the County of Middlesex, for the Invention of "**IMPROVEMENTS IN MEDICAL COMPOUNDS OR LINIMENTS.**"

Sealed the 24th July 1874, and dated the 29th May 1874.

PROVISIONAL SPECIFICATION left by the said Eveline Hungerford at the Office of the Commissioners of Patents, with his Petition, on the 29th May 1874.

I, **EVELINE HUNGERFORD**, of San Francisco, California, but at present
5 of 23, Southampton Buildings, in the County of Middlesex, do hereby declare the nature of the said Invention for "**IMPROVEMENTS IN MEDICAL COMPOUNDS OR LINIMENTS,**" to be as follows:—

My Invention has for its object improvements in medical compounds or liniments. For this purpose I mix belladonna oil, croton oil,
10 turpentine, naphthaline, camphor, white wax, and spermaceti in about the quantities of the following formula:—Belladonna oil, twenty grains;

Hungerford's Improvements in Liniments.

croton oil, twenty grains; turpentine, twenty grains; naphthaline, twenty grains; camphor, twenty grains; white wax, twenty grains; spermaceti, twenty grains. These quantities may be slightly varied with reference to each other without departing from the peculiar character of my Invention. 5

The compound is made into an ointment or pomade, and applied to the parts affected for the treatment of lumbago, neuralgia, gout, and kindred diseases.

SPECIFICATION in pursuance of the conditions of the Letters Patent filed by the said Eveline Hungerford in the Great Seal Patent Office on the 27th November 1874. 10

TO ALL TO WHOM THESE PRESENTS SHALL COME, I, EVELINE HUNGERFORD, of San Francisco, California, but at present of 23, Southampton Buildings, in the County of Middlesex, send greeting.

WHEREAS Her most Excellent Majesty Queen Victoria, by Her Letters Patent bearing date the Twenty-ninth day of May, in the year of our Lord One thousand eight hundred and seventy-four, in the thirty-seventh year of Her reign, did, for Herself, Her heirs and successors, give and grant unto me, the said Eveline Hungerford, Her special license that I, the said Eveline Hungerford, my executors, administrators, and assigns, or such others as I, the said Eveline Hungerford, my executors, administrators, and assigns, should at any time agree with and no others, from time to time and at all times thereafter during the term therein expressed, should and lawfully might make, use, exercise, and vend, within the United Kingdom of Great Britain and Ireland, the Channel Islands, and Isle of Man, an Invention for "**IMPROVEMENTS IN MEDICAL COMPOUNDS OR LINIMENTS,**" upon the condition (amongst others) that I, the said Eveline Hungerford, my executors or administrators, by an instrument in writing under my, or their, or one of their hands and seals, should particularly describe and ascertain the nature of the said Invention, and in what manner the same was to be performed, and cause the same to be filed in the Great Seal Patent Office within six calendar months next and immediately after the date of the said Letters Patent. 15

Hungerford's Improvements in Liniments.

NOW KNOW YE, that I, the said Eveline Hungerford, do hereby declare the nature of the said Invention, and in what manner the same is to be performed, to be particularly described and ascertained in and by the following statement thereof, that is to say:—

- 5 My Invention has for its object improvements in medical compounds or liniments. For this purpose I mix belladonna oil, croton oil, turpentine, naphthaline, camphor, white wax, and spermaceti in about the quantities of the following formula:—Belladonna oil, twenty grains; croton oil, twenty grains; turpentine, twenty grains; naphthaline, twenty
10 grains; camphor, twenty grains; white wax, twenty grains; spermaceti, twenty grains. These quantities may be slightly varied with reference to each other without departing from the peculiar character of my Invention.

- The compound is made into an ointment or pomade and applied to
15 the parts affected for the treatment of lumbago, neuralgia, gout, and kindred diseases.

- Having thus described the nature of my said Invention, and the mode in which I carry the same into effect, I would have it understood that what I claim is, the medical compound herein described for the purpose
20 set forth.

In witness whereof, I, the said Eveline Hungerford, have hereunto set my hand and seal, this Seventeenth day of October, in the year of our Lord One thousand eight hundred and seventy-four.
