- 578 *A fine and complete portable microscope, rack, coarse and long lever fine adjustment, mechanical stage, rack adjusting supplementary stage, fitted with achromatic condenser, with stops, etc., 1 in. $\frac{1}{2}$ in., $\frac{1}{4}$ in., $\frac{1}{8}$ in., N.A. 90 ; $\frac{1}{2}$ in., with both dry and immersion fronts, $\frac{1}{16}$ in., N.A. 95 ; 3 lieberkuhns, stage bull's-eye, stage prism, lid box, 2 eyepieces, etc. ; in polished mahogany case*
- 579 A fine elbow polariscope for table or lantern use, extra spring crystal stage, 5 specimens ; and a very fine Nicol prism analyser, $\frac{3}{4}$ in. by 2 in. length, in brass mount
- 580 Five beautiful and brilliant selenite designs, viz., a church window and 4 flower subjects, in frames
- 581 Eight ditto, various designs, all in frames
- 582 Eight ditto, sections of rocks, or crystals
- 583 Two mounted selenites, showing macle quartz with cross crystallisation ; and 2 fine chilled glasses
- 584 A large plate of amethyst showing Airy's spirals, double selenite wedge, one rotating ; rotating $\frac{1}{4}$ in. wave plate in metal frame, and 2 fine concave selenite slides showing Newton's rings
- 585 *A very fine and rare set of 8 mica designs, viz., Fox wedge, ditto bands, stars and other designs of superposed micas ; this fine set was formerly the property of the late Lillie Mitchell, Esq.*
- 586 A high grade combined graphoscope and stereoscope, with rack adjustments, fitted with under drawer, containing slides
- 587 An antique ivory single opera glass, and a 2-draw telescope by Davies

- 588 A 4-draw telescope, and a folding opera glass
- 589 A projection microscope with fine adjustment rack, fitting faulty, and a focusing glass in case
- 590 *A Newton's science lantern, front fitted with powerful direct vision spectroscope, rack adjusting achromatic lantern objective, and a projection microscope, fitted with adjustable substage condenser*
- 591 A microscope by Chevalier, eyepiece, objective, etc., in mahogany case
- 592 A spectroscope for binocular microscope, with prism, slit, etc., in case, by Collins
- 593 A prismatic compass with clinometer, patent No. 1926, in case, by Steward
- 594 A small heliostat by Browning, a double nose-piece, and a small mounted prism
- 595 A case of 6 and 9 odd absorption tubes by Browning, a prism with cells for refraction in liquids, and a condenser mount
- 596 A jewel kaleidoscope on stand, by the London Stereoscope Co.
- 597 *An astronomical telescope, 2 $\frac{7}{8}$ -in. object glass with centering screws, achromatic finder, 2 steadying rods, slow motion with 2 Hooke's joints; equatorial head with divided circles reading by Vernier, 4 astronomical eyepieces with sun caps, terrestrial eyepiece and compass; the instrument mounted on a substantial mahogany garden tripod stand with brass stretcher, and contained in 2 mahogany cases, by Troughton & Simms*
- 598 Triple revolving nosepiece for telescope, by Browning, standard size
- 599 A spectroscopic camera fitted with fine grating, on prism dark slide, and ground glass filling, by Penrose & Co.
- 600 Comet eyepiece, Ramsden astro eyepiece, and 2 other astro eyepieces; all standard size, 3 with sun caps
- 601 Astro eyepiece with sun cap, achromatic negative lens, eyepiece with slot, Kellner achromatic eyepiece, and 3 others
- 602 A 5-in. Universal sundial and compass, with latitudes of towns, levelling screws, in case (2 levels)

- 603 Pair of 12-lens Lumiere field-glasses, in solid pigskin case with strap
- 604 Huyghen's apparatus of 2 fine double-image calcite prisms, and a prism of chilled glass
- 605 Large liquid prism fitted by Browning, and another, empty
- 606 A direct vision prism, a quartz eyepiece for ultra violet light, a mounted prism, small mirror, and brass press to show strain in glass cubes
- 607 Fine triple prism, 3 kinds of glass ; a yellow glass prism, and 12 other prisms, etc.
- 608 Forty lenses, various foci, some achromatic, quartz, and cylindrical
- 609 Two flats for telescope, 4 chilled glasses, 2 levels 3 small mirrors, and 7 other items for light study
- 610 Four fine right and left handed quartzes, large mounted selenite, small polariscope, and 13 other items
- 611 Very fine direct-vision spectroscope prism, $1\frac{1}{4}$ by $\frac{7}{8}$ by 4in.
- 612 Four fine plates of amethyst, 3 tourmalines, and a quartz
- 613 *A fine table polariscope, inclining by arc with clamping screw, rack adjustment to stage, oval polarising bundle, rotating ground glass, screen, Nicol analyser ; made by C. & F. Darke ; instruments of this class by these makers are now very rare*
- 614 A number of useful negatives—Natural history, etc., double dark slides ; and photo sundries
- 615 A camera, 3 slides ; a hand camera, and other photo sundries
- 616 A number of tubes and fillings for telescope, and 3 tripod stands
- 617 A large number of castings and fittings for astro. telescope, and a microscope table by Jung
- 618 Russian iron science lantern, 4-in. condenser, diagonal reflector for same, and a few slides
- 619 Cash box containing flanges, mounted lenses, etc.
- 620 Eleven small telescope eyepieces, 7 mounted lenses, and other scientific items

- 621 Two finders, achromatic objective (no eyepiece), and a large number of telescope fittings
- 622 A large box of electrical sundries, and a box of chemicals and glass
- 623 Seven fine polariscope objects, viz., Babinet's compensatuer, concave selenite showing Newton's rings, quartz plate, 1 m/m., fine bi-quartz, quartz prismatic, and 2 others by Hoffman
- 624 Professor S. P. Thompson's double $\frac{1}{4}$ -wave, a rack rotating the plane of polarisation, selenite wedge, 1st to 3rd order, ditto 3rd to 5th order, and a larger wedge by Steege & Reuler, and 2 others
- 625 Three achromatic lenses, $1\frac{8}{10}$ -in. diam. ; 5 ditto, $1\frac{1}{2}$ -in., and 10 others—18 in all
- 626 Seven lenses, 2-in. diam., and 37 others including 6 fine quartz lenses for ultra violet light
- 627 A worked quartz, $1\frac{1}{2}$ in. by $\frac{8}{10}$ in. ; a plate of smoky quartz, $1\frac{8}{10}$ in. diam. ; a plate of clear quartz, $1\frac{1}{4}$ in. ; and a number of unmounted crystals, micas, etc.
- 628 A revolving selenite slide, a diffraction grating, box of 15 rare elements, and 4 fine axis cut crystals
- 629 Twelve rare axis cut crystals, viz., calcite with natural slipping planes, ditto artificial, and 10 others
- 630 Eight fine quartz giving fringes, Airy's spirals, movable hyperboles, fringes and rings, Savart's bands and 2 others, and 3 mounted $\frac{1}{4}$ -wave micas
- 631 Five selenite and mica combinations after Norremberg, a calcite cut $22\frac{1}{2}^\circ$ to axis and crossed, and a rare sapphire from Siam
- 632 Seven fine axis cut crystals, mounted in brass caps to fit over microscopic eyepiece, for convergent polarised light ; all by Beck
- 633 *A set of 5 Senarmont's combinations, $24/8$ to $\frac{1}{8}$ in. ; and a ditto, Norremberg's mica combinations, set of 5. These in the polarising apparatus exhibit the most splendid phenomena*
- 634 *Reusch combinations : 24 plates right, 24 ditto left, 30 right, 30 left, 24 plates, $16\frac{1}{4}$ in., and $8\frac{1}{8}$ in. ; and 2ft. calcite plates with $\frac{1}{4}$ -wave for use between them ; a fine set*

- 635 A quartz plate mounted, a Fresnel bi-prism, a small Iceland spa prism, 2 small quartz ditto, a Fraunhofer grating, 2 other gratings, 4 selenites, and 3 axis-cut crystals
- 636 A fine kaleidoscope on stand, with moving liquids in tubes, by the London Stereoscopic Co.
- 637 Three micro objectives in cases, and a front for $\frac{1}{2}$ -in., by Powell & Lealand
- 638 Mahogany micro cabinet to hold 14 dozen slides, containing slides, slips, and mounting sundries
- 639 Ditto, to hold 6 dozen, containing 4 dozen slides, polariscopic diatoms, etc.
- 640 Moller's test slide in case, with list
- 641 *A beautiful slide of arranged butterfly scales in the form of a bouquet of flowers, wheat, etc.; 2 humming birds, and insects; several hundred scales quite perfect*
- 642 Student's microscope (A.F.), and a number of other micro fittings
- 643 A micro objective with lieberkuhn, and 3 others; and other micro sundries
- 644 Polariscopes and revolving analyser for binocular microscope, standard size; a light modifier, and other micro oddments
- 645 Best quality polished oak microscope case, $12\frac{1}{4}$ by $7\frac{1}{2}$ by 8 in.
- 646 Large microscope case, $18\frac{1}{2}$ by 10 in., and contents, and a small printing press
- 647 Large Nicol prism in mount, 2 selenite stages, and other micro fittings
- 648 Micro eyepiece with cross hairs, small condenser and 2 diaphragms in case, 8 quartz lenses, and other sundries
- 649 Two achromatic objectives, standard size
- 650 Projection objective, and other micro fittings, adapters, etc.
- 651 Draw tube fitted with B eyepiece, 3 other eyepieces, and sundries
- 652 A pair of beam scales, 6-in. pans, a smaller pair of scales, a flute, and other sundries
- 653 A fine square-end Nicol analyser fitted with divided goniometer

- 654 Achromatic substage condenser with stops, by Ross, 2 live boxes, frog plate, and 4 other fittings
- 655 Graduated draw tube, fitted with eyepiece and adjustable erector, micro. stage, pond life holder, live box, and sundries
- 656 Brass level, optical square, flat for telescope, 9 eyepieces, and a diagonal ditto
- 657 Two microscope body tubes, both with eyepieces, 5 small telescopes (no lenses), live box, etc.
- 658 One A eyepiece, a pair of C, and a D E and F, best quality with caps, latter by Powell & Lealand
- 659 One B eyepiece, C Kellner with indicator, 2 petrological eyepieces, 1 with slot, and 4 others
- 660 Two diagonal eyepieces, A eyepiece with scale, and 8 other eyepieces
- 661 Two polariscope tubes to show rotation in fluids, 2 lamps with reflector for same, 2 adjustable slits, 2 stages for spectroscopes, 10 glass screens, etc.
- 662 Seven small hand magnifiers, a Nicol prism, a horizontal reflector, and other sundries
- 663 Fine 4-in. reflecting telescope (both mirrors in perfect condition), 2 eyepieces, and sun caps, in case (latter broken)
- 664 A $15\frac{1}{2}$ by $8\frac{1}{2}$ fitted mahogany microscope case, by Powell & Lealand, a case for X-ray work, and two tall stands
- 665 Polished mahogany microscope case, $14\frac{1}{2}$ by $7\frac{1}{2}$ by 7, and another ditto, smaller
- 666 Webb's diamond writings, the 2nd Chapter of St. John, The Creed, the Lord's Prayer (test), and another, now rare
- 667 Test slide by Klonne & Muller, with names; a ditto with 80 forms, and 10 other test diatoms in case
- 668 Diamond writing by Webb, the Lord's Prayer; ditto printed from an engraved plate, and other micro. photos, etc., 2 dozen. in all
- 669 Four anatomy slides, viz. butterfly, garden spider, another spider, a leaf, and 2 grouped diatoms, in pocket case

- 670 Two stage micrometers, an eyepiece micrometer, 3 selenite slides, and other micro. sundries
- 671 A number of lenses, clear selenite and mica, etc., for the study of light
- 672 *An antique armillary sphere, with all movements, reading by Vernier, a few parts loose, but all there*
- 673 A $\frac{1}{8}$ -in. objective, in case, by Leitz
- 674 A pair of 6x prismatic field glasses, by Hensolat, 24mm. object glasses, central focusing, in case
- 675 Fitted chest, containing chemicals, etc., 3 retort stands, and other fittings
- 676 *A fine heliostat, 6 by 4 $\frac{1}{2}$, mirror with rack, adjustment for altitude, reading by Vernier, adjustment for latitude, base plate with levelling screws and level, best quality clock with jewelled movement, in case, by Fuess, of Berlin; perfect condition*
- 677 A stereoscope, and a box of transparent slides
- 678 A case containing 30 fine transparent stereoscopic slides
- 679 A 4 $\frac{1}{4}$ -in. speculum, unpolished, 3 flats for Newtonian telescope, 5 other flats unmounted, and other fittings
- 680 Twelve very fine hand-painted magic lantern slides, all by Carpenter & Westley
- 681 A very fine set of rack adjusting and revolving astronomical lantern slides, by Carpenter & Westley
- 682 *An expensive binocular microscope, "The Wenham," by Ross, with 3 pairs A, B, and C eyepieces, 6 objectives, and a number of other accessories, in mahogany case; also about 6 dozen well-mounted slides, in 3 boxes*
- 683 A student's microscope by Crouch, with $\frac{2}{3}$ and $\frac{1}{6}$ -in. objectives, 2 eyepieces, stand condenser, and double nosepiece, in mahogany case
- 684 Two surgical syringes, in cases
- 685 A chemical balance by Becker, under glass case
- 686 A pair of Aitchison's 12x prismatic binoculars, in leather case
- 687 Pair of prismatic opera glasses, in leather case

- 688 Leitz monocular microscope, inclinable stand, fine focusing adjustment, objectives—Nos. 3 and 7, focusing swing-out substage, condenser, iris, double nosepiece, eyepiece, and case
- 689 Zeiss 6x prismatic binoculars
- 690 Afsa 7x prismatic binoculars
- 691 A $\frac{1}{4}$ -plate rapid rectilinear lens, landscape lens, and Taylor, Taylor & Hobson level
- 692 Two camera cases, 8 lens caps, 2 combination plate backs, and 4 view-finders
- 693 Box of British birds' eggs, side blown
- 694 Cadet telescope, pancratic eyepiece, 26x magnification
- 695 Cadet telescope, pancratic eyepiece, leather case
- 696 Three cardboard cabinets of trays, containing a series of pathological microscope slides
- 697 Fifteen syringe boxes (some fitted), and a quantity of hypodermic needles, etc.
- 698 Set of silver-plated mathematical instruments, in mahogany case
- 699 Four human skulls
- 700 Forceps, bougies, inhalers, and a large number of surgical instruments various
- 701 Two cases silver catheters
- 702 Aspirator in case, 2 forceps (tooth), 2 forceps (midwifery), eye hook instrument in case, ear syringe and tonsilitome
- 703 Two sponge holders, ovarian forceps, uterine curette, Gestetner's curette, vaginal speculum, annal, gag, sterilizer, director, scoop, 7 pairs forceps, trephine in case, and 3 hypodermic syringes

WIRELESS APPARATUS, &c.

- 704 Two Townshend wavemeters, calibrated
- 705 Two ditto, uncalibrated
- 706 Mark III. tuner, new and in perfect condition
- 707 A ditto lot
- 708 A second-hand Vaucanson dynamo
- 709 Two 4-volt accumulators (Tudor)
- 710 Two ditto, ditto

- 711 Power buzzer, containing a 3-valve C. mark III. amplifier, milliamperemeter, double throw-over switch, Morse key, single switch, three 2-mfd. condensers, power buzzer, and all connections
 - 712 A ditto lot
 - 713 Transformer (brand new)
 - 714 A ditto lot
 - 715 A 3-valve amplifier, C. mark II.
 - 716 Box containing various electrical apparatus
 - 717 D ditto lot
 - 718 A ditto lot
 - 719 A ditto lot
 - 720 Trench set, W.T. 50 watt, brand new, and complete, except Morse key contacts
 - 721 Box containing large quantity of telephone leads and wires
 - 722 A ditto lot
 - 723 A ditto lot
 - 724 Box containing quantity new electric light, 70/40 flex, 8ft. lengths
 - 725 Fifteen ammeters and volt-meters
 - 726 Two linesman galvanometers
 - 727 Two ditto
 - 728 Three 3-in. Stirling coils
 - 729 Three ditto
 - 730 Twelve electro magnets
 - 731 Box of telephone instruments
 - 732 A ditto lot
-
- 733 A $\frac{1}{2}$ -h.p. electric motor, D.C., 110-volt, by Marryatt & Place; as new
 - 734 A 12-volt motor-car dynamo, 10-amp., complete with cut-out; as new
 - 735 A 4-h.p. water-cooled Humber engine, single-cylinder, complete less timing gear, magneto and carburetter
 - 736 An Autovac petrol tank complete
 - 737 A motor-car jack, hand smoothing plane, and a jack plane
 - 738 A pair of brass and black oil side lamps
 - 739 Two lathe chucks, and 3 stands for drills
 - 740 A dozen solid walnut 3-in. nickel-plated gong bells

- 741 Two 440-yard coils, 1/20 4-core V.I.R. heavy-steel armoured cable
- 742 A cashier's mahogany desk with glass panels (faulty)
- 743 A harmonium in mahogany case, with 12 stops
- 744 Well-made solid mahogany cashier's desk with plate-glass panels and drawer under
- 745 A ditto
- 746 A set of instantaneous shutters for operating room, a large motor regulator, and 4 spool boxes

PICTURES, &c.

- 747 A pair of water-colour drawings, by Paul H. Ellis
- 748 A large oil painting—Blue Tarn and Langdale Pikes, by the late Wm. Ellis, of Birmingham
- 749 A ditto—Evening landscape
- 750 A ditto—Haymaking, landscape (above unframed, and about 36 by 24in.)
- 751 An oil painting—Evening
- 752 A ditto landscape (French school)
- 753 A ditto (French school)—Woman gathering wood
- 754 Speculative oil painting—Head of a girl in fancy dress, in gilt frame
- 755 A large coloured engraving, by Lewis—Calvary, in oak frame, glazed
- 756 Engraving by Greatbach—An Episode in the Peninsula War, framed
- 757 Engraving after Riviere—Imprisoned, in oak frame
- 758 Signed proof engraving by Millais, in gilt frame
- 759 A coloured print—January, skating subject (published 1788)
- 760 A portfolio of engravings and photographs, and box of sundries
- 761 A fine oil painting—Farmyard Scene, by Thomas W. Morley

POSTAGE STAMPS, &c.

- 762 A collection of Foreign and Colonial stamps
- 763 A box of old postage stamps
- 764 A collection of postage stamps in Strand Album
- 765 Three South Molton stamp albums
- 766 A collection of postage stamps in Lincoln Album

- 767 Box containing quantity of British stamps, many
imperf.
- 768 Box containing quantity stamps (some good)
- 769 A collection of stamps, upwards of 1,000, in book
- 770 A nice collection of stamps in Lincoln Album
- 771 A collection of stamps in Lincoln Album
- 772 A collection of 100 rare stamps in small book
- 773 Various old postage stamps in book
- 774 A collection of 500 selected specimens
- 775 A very nice collection in loose-leaf album
- 776 A collection of about 2,000 stamps, very rare
- 777 A collection in oblong album, circa 1650 stamps,
including many old issues
- 778 500 various in 2 books, many rare
- 779 500 of Great Britain, and many others
- 780 A collection of series of India
- 781 A collection of stamps, about 300, in book
- 782 A collection in Lincoln Album
- 783 A fine lot of U.S.A., various, many rare
- 784 500 various good copies in approval book
- 785 Interesting collection of Great Britain, and
others (500)
- 786 Small collection in book, selected copies, over 100
- 787 Collection on leaves
- 788 Small album containing over 600 odd stamps
- 789 Fine lot British, Colonial, etc., on sheets
- 790 Book of 300 nice copies
