PRIVILEGES OF CONTRIBUTORS.

Subscribers of a Guinea and upwards for more than one year are Governors as long as they maintain their subscriptions. Donors of ten guineas and upwards in one sum are Governors for life. Governors are entitled to send their own domestic servants for free treatment in the Hospital.

Firms, Clubs, and Hotels subscribing two guineas annually may send one of their employés for free treatment each year; four guineas, 2; and five guineas, 3 employés.

No Letters of Admission are issued. It will be sufficient for contributors to give their names to ensure the free treatment to which their servants or employés may be entitled.

Prompt Admission may be secured as follows:—A medical man should be asked to certify the disease the patient is suffering from, and this certificate should be sent to the Hospital together with the name of a person who will undertake to see that the fee of £3 3s.* (or £3 3s. a week, as the case may be) is paid. If the sufferer can be received, a brougham-ambulance with attendants, including a nurse when necessary, will be sent to convey the patient to Hospital. There is a charge, according to distance, for horse hire for the ambulance, to be paid in addition to the fee, except in the case of Governors residing within a radius of five miles of the Hospital. These are entitled to free conveyance for their servants as well as free treatment.

If the ambulances of the Hospital cannot be spared for the journey to a distant suburb, information will generally be given as to where to apply for a conveyance locally.

N.B.—Disregard of these instructions frequently causes delay and annoyance.

* Not required in cases where sufferers are entitled to free treatment.

REPORT OF THE COMMITTEE

FOR THE

Year ended December 31st, 1907.

The total number of patients under treatment in the year 1907 was 852, a larger number than in any year since 1901.

SCARLET FEVER.—The prevalence of Scarlet Fever in the Metropolis has been declining for many years; since 1890, the year in which the Act for the Compulsory Notification of infectious diseases came into force, the decline has been about 25 per cent., but there are still variations in its prevalence in individual years, and during the past year, 1907, there were 26,740 cases of Scarlet Fever notified in London, being more than in any year since 1893. The application for admission to the London Fever Hospital rose correspondingly, and though, owing to the rebuilding of the Hospital, many had to be declined, 440 cases were admitted, which, with 60 in Hospital when the year began, made a total of 500 cases of Scarlet Fever under treatment: of these 453 were discharged cured, 7 died, and 40 were still in Hospital on December 31st. The mortality from Scarlet Fever was 1·5 per cent., about the average in the Institution, and comparing favourably with a mortality of 2·3 per cent. of the cases notified generally throughout the London district. The severity of type as well as the prevalence of Scarlet Fever has been decreasing of late years, and there is good reason to believe that compulsory notification, and the very general removal of cases of Scarlet Fever from their homes to the London Fever Hospital and the Hospitals of the Metropolitan Asylums Board, has had much to do with the greatly diminished mortality from the disease.

MEASLES.—Sixty-five cases of Measles were admitted, which with 5 in Hospital when the year began made a total of 70 under treat-

ment; of this number 65 left the Hospital cured, 2 died, and 3 remained under treatment at the end of 1907. The mortality from Measles was 3.0 per cent.

RUBEOLA was very prevalent during the latter part of the year and, including 1 patient from 1906, there were 215 patients, suffering from it treated in the Hospital; all left the Hospital cured, except 3 still in on December 31st.

DIPHTHERIA.—Owing to the restriction of accommodation arising from the rebuilding, it was impossible to take in Diphtheria cases during a short period of the year; those admitted number 41, and there were already 4 in when the year began. Of the 45 under treatment 38 were cured, 3 died, and 4 were in Hospital when the year closed. The mortality was 7 per cent.

DISEASES OTHER THAN INFECTIOUS FEVERS.—Twenty-one cases of such were admitted during the year; their nature is noted in the tables appended to this report, drawn up by Mr. H. Corbin, Resident Medical Officer.

OFFICIALS OF THE INSTITUTION.—Three Wardmaids contracted Scarlet Fever; three Nurses contracted Rubeola and one Measles. All recovered.

The systematic reconstruction of the Hospital Buildings has been continued throughout the year, and a block for female Scarlet Fever patients, similar in all respects to that opened for male patients in 1906, was completed by the end of the year, and will be opened for occupation early in 1908.

A new administration block has also been constructed on the site of the old laundry buildings; it contains a dining-room and pantry for the nurses, a servants' hall and pantry for the servants, and much improved and increased storage room, including a mattress room with steam heating, and a new testing laboratory in place of original one. The building has been carried out by Messrs. Mark Patrick under the direction of Mr. Keith Young the Architect to the Hospital.

The electric lighting installation has now been completed, supplying electricity at a much lower rate than would be charged for the supply by the Borough Council.

The old "wing" of the Hospital now used for treatment of Measles cases is dark, ill-ventilated, and inadequate for our requirements. It has been unfavourably commented on by the visitors from King Edward's Fund, and the Committee trust that they may receive financial support from the public to complete the reconstruction of the Hospital by erecting a new block in its place for the treatment of Measles. The London Fever Hospital, alone of the London Hospitals, takes cases of Measles for treatment, and thereby removes many patients from business establishments and elsewhere who would otherwise serve as centres of infection.

The land at Winchmore Hill belonging to the Hospital was sold in August, the Committee having given up the intention of building and maintaining a Convalescent Home, arrangement having been made for the accommodation of convalescent patients elsewhere.

Dr. Ferriere resigned his appointment as Assistant Resident Medical Officer in June, and Dr. Clifford Beards, B.A. Oxon., M.B., B.Ch., was elected to succeed him.

Miss Ingall, the Matron, resigned her position as Matron on account of her health in July, and the Committee voted her a retiring allowance, at the pleasure of the Governors, of £75 a year in consideration of her twenty-one years of assiduous service to the Institution.

Miss Gregory, Assistant Matron at the Borough Infirmary and Hospital, Leeds, was elected as the new Matron.

The Committee record with much regret the death of Sir William Broadbent, Bart., F.R.S., a Vice-President and Consulting Physician, who for many years was Physician to the Hospital, and who was held in high honour in the profession, and had the esteem and regard of all who knew him.

Mr. Henry Bentinck retired from the Committee during the year.

The donations in 1907 were £1,397 12s. 10d., an increase of £623 6s. 11d. over the amount received in 1906.

The subscriptions amounted to £4,518 16s., an increase of £35 15s. 2d. over 1906.

A contribution of the same amount as in 1906, viz. £150, was received from King Edward's Fund, and £20 from Hospital Saturday Fund, the same amount as in 1906.

From the Hospital Sunday Fund £320 was received, as against £187 10s. in 1906.

The legacies received in 1907 amounted to £5,788, a sum exceeding that received from this source in 1906 by £4,390. A list of the larger legacies is given at the end of this report.*

Although the support thus given to the London Fever Hospital during the year 1907 has considerably exceeded that of the previous year, the extraordinary capital expenses of the rebuilding have compelled the Committee to realise all their available capital. The new buildings will enable a larger number of patients to be treated in future, and the increasing demands for admission testify to the usefulness of the Institution, which alone of the Fever Hospitals of London depends entirely upon voluntary support.

LONDON FEVER HOSPITAL,

LIVERPOOL ROAD, ISLINGTON.

LAWS AND REGULATIONS.

Reception of Patients.

1. The Hospital is intended for the reception of persons suffering from infectious fever other than small-pox, and more especially for such of those persons as may require isolation, in order to prevent the further spread or propagation of the disease from them to others.

2. Any person (not being a parochial pauper) labouring under such diseases shall, subject to the next rule, be considered a proper person for admission into the Hospital.

3. The Committee may from time to time make regulations for the admission of such persons as patients on payment of such sums as may be from time to time determined, provided always that—

(a) Domestic servants of governors shall be admitted gratuitously.

(b) The Committee may, if they think fit, at any time reduce or wholly remit the fees in the case of individual patients.

4. Applications for admission should be accompanied by a medical certificate stating the nature of the disease. The medical officers may, in the exercise of their discretion, refuse admission to any case which they deem unfit; but every refusal to admit a patient shall be reported at the next meeting of the Committee, together with the reason for the refusal.

Governors.

5. All subscribers of not less than one guinea per annum, who have subscribed for more than one year, and all donors of not less than ten guineas in one donation, shall be governors of the Hospital. This rule shall not be retrospective.

General Meeting and Election of Committee.

6. A general meeting of the governors, of which ten days' previous notice must be given in three morning newspapers, shall be held every year, on the second Friday in February, or as near thereto as may be convenient, for the purpose of approving or rescinding the proceedings of the Committee for the preceding year; for receiving the annual report of the state of the funds; and for electing a president, vice-presidents, treasurer, honorary secretary, and other members of the Committee for the ensuing year.

7. The Committee for the management of the Hospital shall consist of the president, the vice-presidents, the trustees, the treasurer, honorary secretary, and not less than fifteen nor more than twenty-five other governors.

8. A special general meeting of the governors may at any time be called by direction of the president or of the Committee; or on the requisition of any twelve governors, provided the requisition be made in writing to the secretary, and the purpose for which the same is summoned be published in three morning newspapers at least ten days prior to the meeting; but the proceedings of such special general meeting, though acted upon *pro tempore*, shall not be deemed final until confirmed by another general meeting.

9. No new rule or law shall be made, nor shall any existing rule or law be repealed or altered, until determined upon at a general meeting by a majority of governors present and voting, and until confirmed at a subsequent general or special meeting.

10. The presence of seven governors shall be necessary to constitute a quorum at general meetings, and without that number no business shall be transacted.

The Committee.

11. The Committee shall manage the Hospital. They shall meet on the second Friday, or on such other day of every month as they may appoint; and three members shall be necessary to constitute a meeting and to transact business. A special meeting of the Committee may be called by the direction of the honorary secretary, or by any three members of the Committee, on giving at least three days' notice of the same to the members of the Committee, and specifying the business for which it is called.

12. The Committee shall have authority to appoint sub-committees, whose reports shall be submitted to their consideration; and with the assistance of the medical officers shall, from time to time as may be expedient, form regulations and by-laws for the internal management of the Hospital.

13. The resolutions of one meeting of the Committee shall not be rescinded by another, unless it be specially summoned for that purpose.

14. The Committee shall yearly publish a report of the state of the Hospital.

15. All accounts, except such sums as may be comprised under the item of petty cash, shall be submitted to the Committee at the monthly meetings, after having been duly examined by the secretary, the resident medical officer, the house directors, and certified by the auditor; and such accounts, if approved, shall be paid by cheques, payable to order, signed by two members of the Committee, on production of the house directors' minutes relating to them, and countersigned by the secretary.

16. No member of the Committee shall furnish, otherwise than gratuitously, any goods, provisions, or other articles, for the use of, or on account of, the Hospital, or be concerned in any contract, directly or indirectly, for supplying the same, nor be employed for hire, fees, wages, or profit in any office or employment in connection with the Hospital.

Conduct of Meetings.

17. At all meetings a simple majority of the members present and voting shall bind the minority; and in case of equality of votes, the chairman shall have an additional or casting vote.

Treasurer.

18. The treasurer, if present, shall take the chair at all meetings of the Committee, in the absence of the president or vice-presidents. He shall keep an account at the bankers', and all moneys received for the use of the Hospital shall be paid to such account; he shall honour cheques signed, as provided in Rule 15.

Honorary Secretary.

19. In the absence of the Committee, the honorary secretary shall represent the Hospital with the public and with public bodies, reporting his action to the Committee.

Audit.

20. All accounts of the Hospital shall be audited by a professional auditor. The auditor shall certify the accounts, and it shall be his duty to report to the Committee anything in the books or accounts which in his opinion appear to call for comment.

21. At the meeting of the Committee in November, three gentlemen, one at least of whom shall not be a member of the Committee, shall be appointed to examine the accounts of the Hospital for the current year, and approve an abstract of all receipts and disbursements to be prepared by the secretary, and laid before the annual general meeting in February.

They shall in like manner appoint a chairman of house directors at their meetings in May, August, and November. The same person shall not, unless by special resolution of the Committee, be elected for two terms in succession. The Committee at each monthly meeting shall appoint two members of their body to be house directors for the ensuing month, one of whom, if possible, shall not have served during the previous month. If the same house directors are re-appointed, they shall only be so appointed by special resolution.

23. They shall from time to time cause the beds, clothes, and apparel belonging to the Hospital to be examined, and shall report thereon, if necessary, to the Committee. They shall inspect the tradesmen's bills, and take care that the provisions, bedding, clothing, furniture, and every article for the use of the Hospital be supplied on the most reasonable terms; they shall order in writing all permanent stores, and shall advise the Committee as to all larger requirements and structural alterations.

24. All articles required in large quantity shall, where practicable, be supplied by contract after public tender, and all considerable contracts for work or repairs be made after public tender or invitation to not less than three respectable firms, but the house-directors shall not be obliged to accept the lowest or any tender.

25. They shall be authorised in all respects to enforce the observance of the regulations of the Hospital; they shall notice and report to the Committee any irregularity or misconduct on the part of the officers, servants, or patients of the charity, and shall, at every meeting of the Committee, cause a statement of the house expenditure to be produced for the preceding month. They shall appoint and dismiss, or approve the appointment or dismissal, of all nurses, porters, and other servants, male or female.

26. The chairman of the house directors shall, during the intervals between their meetings, be authorised to exercise the functions of the house directors in any matter of urgency, reporting, at their next meeting, what he may have done under this authority.

shall be reported to the Committee. If the number of patients exceed 11, an assistant physician shall come on active duty.

30. The surgeon shall undertake the surgical charge of such patients as the physicians may deem necessary, and in case of emergency shall attend when summoned by the resident medical officer. Such attendances shall be reported to the Committee. If unable to attend, the surgeon shall substitute a duly qualified deputy.

36. He shall keep accurate registers of the patients and of their cases, which registers shall be the property of the Hospital; he shall produce a special report every month, to be laid before the Committee.

37.
